(1) **The trust fund records, including all trust fund accounting records, shall be maintained in the state of Missouri at all times or shall be electronically stored so that the records may be made available in the state of Missouri within fifteen business days of receipt of a written request. The operator of an endowed care cemetery shall maintain a current name and address of the trustee and the records custodian for the endowed care trust fund and shall supply such information to the office, or its representative, upon request;**

(2) **Missouri law shall control all endowed care trust funds and the Missouri courts shall have jurisdiction over endowed care trusts regardless of where records may be kept or various administrative tasks may be performed.**

2. **An endowed care trust fund shall be administered in accordance with Missouri law governing trusts, including but not limited to the applicable provisions of chapters 456 and 469, except as specifically provided in this subsection or where the provisions of sections 214.270 to 214.410 provide differently, provided that a cemetery**

operator shall not in any circumstances be authorized to restrict, enlarge, change, or modify the requirements of this section or the provisions of chapters 456 and 469 by agreement or otherwise.

(1) Income and principal of an endowed care trust fund shall be determined under the provisions of law applicable to trusts, except that the provisions of section 469.405 shall not apply.

(2) No principal shall be distributed from an endowed care trust fund except to the extent that a unitrust election is in effect with respect to such trust under the provisions of section 469.411.

(3) No right to transfer jurisdiction from Missouri under section 456.1-108 shall exist for endowed care trusts.

(4) All endowed care trusts shall be irrevocable.

(5) No trustee shall have the power to terminate an endowed care trust fund under the provisions of section 456.4-414.

(6) A unitrust election made in accordance with the provisions of chapter 469 shall be made by the cemetery operator in the terms of the endowed care trust fund agreement itself, not by the trustee.

(7) No contract of insurance shall be deemed a suitable investment for an endowed care trust fund.

(8) The income from the endowed care fund may be distributed to the cemetery operator at least annually on a date designated by the cemetery operator, but no later than sixty days following the end of the trust fund year. Any income not distributed within sixty days following the end of the trust's fiscal year shall be added to and held as part of the principal of the trust fund.

3. The cemetery operator shall have the duty and responsibility to apply the income distributed to provide care and maintenance only for that part of the cemetery designated as an endowed care section and not for any other purpose.

4. In addition to any other duty, obligation, or requirement imposed by sections 214.270 to 214.410 or the endowed care trust agreement, the trustee's duties shall be the maintenance of records related to the trust and the accounting for and investment of moneys deposited by the operator to the endowed care trust fund.

(1) For the purposes of sections 214.270 to 214.410, the trustee shall not be deemed responsible for the care, the maintenance, or the operation of the cemetery, or for any other matter relating to the cemetery, or the proper expenditure of funds distributed by the trustee to the cemetery operator, including, but not limited to, compliance with environmental laws and regulations.

(2) With respect to cemetery property maintained by endowed care funds, the cemetery operator shall be responsible for the performance of the care and maintenance of the cemetery property.

5. If the endowed care cemetery fund is not permanently set aside in a trust fund as required by subsection 1 of this section, then the funds shall be permanently set aside in an escrow account in the state of Missouri. Funds in an escrow account shall be placed in an endowed care trust fund under subsection 1 if the funds in the escrow account exceed three hundred fifty thousand dollars, unless otherwise approved by the division for good cause. The account shall be insured by the Federal Deposit Insurance Corporation or comparable deposit insurance and held in a state or federally chartered financial institution authorized to do business in Missouri and located in this state.

(1) The interest from the escrow account may be distributed to the cemetery operator at least in annual or semiannual installments, but not later than six months following the calendar year. Any interest not distributed within six months following the end of the calendar year shall be added to and held as part of the principal of the account.

(2) The cemetery operator shall have the duty and responsibility to apply the interest to provide care and maintenance only for that part of the cemetery in which burial space shall have been sold and with respect to which sales the escrow account shall have been established and not for any other purpose. The principal of such funds shall be kept intact. The cemetery operator's duties shall be the maintenance of records and the accounting for an investment of moneys deposited by the operator to the escrow account. For purposes of sections 214.270 to 214.410, the administrator of the office of endowed care cemeteries shall not be deemed to be responsible for the care, maintenance, or operation of the cemetery. With respect to cemetery property maintained by cemetery care funds, the cemetery operator shall be responsible for the performance of the care and maintenance of the cemetery property owned by the cemetery operator.

(3) The division may approve an escrow agent if the escrow agent demonstrates the knowledge, skill, and ability to handle escrow funds and financial transactions and is of good moral character.

6. The cemetery operator shall be accountable to the owners of burial space in the cemetery for compliance with sections 214.270 to 214.410.

7. Excluding funds held in an escrow account, all endowed care trust funds shall be administered in accordance with an endowed care trust fund agreement, which shall be submitted to the office by the cemetery

operator for review and approval. The endowed care cemetery shall be notified in writing by the office of endowed care cemeteries regarding the approval or disapproval of the endowed care trust fund agreement and regarding any changes required to be made for compliance with sections 214.270 to 214.410 and the rules and regulations promulgated thereunder.

8. All endowed care cemeteries shall be under a continuing duty to file with the office of endowed care cemeteries and to submit for prior approval any and all changes, amendments, or revisions of the endowed care trust fund agreement, at least thirty days before the effective date of such change, amendment, or revision.

9. If the endowed care trust fund agreement, or any changes, amendments, or revisions filed with the office, are not disapproved by the office within thirty days after submission by the cemetery operator, the endowed care trust fund agreement, or the related change, amendment, or revision, shall be deemed approved and may be used by the cemetery operator and the trustee. Notwithstanding any other provision of this section, the office may review and disapprove an endowed care trust fund agreement, or any submitted change, amendment, or revision, after the thirty days provided herein or at any other time if the agreement is not in compliance with sections 214.270 to 214.410 or the rules promulgated thereunder. Notice of disapproval by the office shall be in writing and delivered to the cemetery operator and the trustee within ten days of disapproval.

10. Funds in an endowed care trust fund or escrow account may be commingled with endowed care funds for other endowed care cemeteries, provided that the cemetery operator and the trustee shall maintain adequate accounting records of the disbursements, contributions, and income allocated for each cemetery.

11. By accepting the trusteeship of an endowed care trust or accepting funds as an escrow agent pursuant to sections 214.270 to 214.410, the trustee or escrow agent submits personally to the jurisdiction of the courts of this state and the office of endowed care cemeteries regarding the administration of the trust or escrow account. A trustee or escrow agent shall consent in writing to the jurisdiction of the state of Missouri and the office in regards to the trusteeship or the operation of the escrow account and to the appointment of the office of secretary of state as its agent for service of process regarding any administrative or legal actions relating to the trust or the escrow account, if it has no designated agent for service of process located in this state. Such consent shall be filed with the office prior to accepting funds pursuant to sections 214.270 to 214.410 as trustee or as an escrow agent on a form provided by the office by rule.

214.335. 1. Any endowed care cemetery may require a contribution to the endowed care fund or to a separate memorial care fund for each memorial or monument installed on a grave in the cemetery. Such contribution, if required by a cemetery, shall not exceed twenty cents per square inch of base area, and shall be charged on every installation regardless of the person performing the installation. Each contribution made pursuant to a contract or agreement entered into after August 28, 1990, shall be entrusted and administered pursuant to sections 214.270 to 214.410 for the endowed care fund. Each contribution made pursuant to a contract or agreement entered into before August 28, 1990, shall be governed by the law in effect at the time the contract or agreement was entered into.

2. If the deposits to any endowed care trust fund are less than the total sum required to be set aside and deposited since the effective date of such sections, the cemetery operator shall correct such deficiency by depositing not less than twenty percent of such deficiency each year for five years and shall file, on the form provided by the division, a statement outlining the date and amount such deposits were made. If the cemetery operator fails to correct the deficiency with respect to funds maintained under section 214.330, the cemetery operator shall thereafter not represent the cemetery as an endowed care cemetery. Any funds held in the cemetery's endowed care trust shall continue to be used for endowed care for that cemetery. The cemetery operator shall remain subject to the provisions of sections 214.270 to 214.410 for any cemetery or any section of the cemetery for which endowed care payments have been collected, subject to the penalties contained in section 214.410, and civil actions, as well as subject to any regulations promulgated by the division. For purposes of this section, the term "deficiency" shall mean a deficiency in the amount required to be deposited pursuant to subsection 1 of this section, or a deficiency created by disbursements in excess of what is permitted under section 214.330 and shall not include or be affected by deficiencies or shortages caused by the fluctuating value of investments.

214.340. 1. Each operator of an endowed care cemetery shall maintain at an office in the cemetery or, if the cemetery has no office in the cemetery, at an office within a reasonable distance of the cemetery, the reports of the endowed care trust fund's operation for the preceding seven years. Each report shall contain, at least, the following information:

(1) Name and address of the trustee of the endowed care trust fund and the depository, if different from the trustee;

- (2) Balance per previous year's report;
- (3) Principal contributions received since previous report;
- (4) Total earnings since previous report;
- (5) Total distribution to the cemetery operator since the previous report;
- (6) Current balance;
- (7) A statement of all assets listing cash, real or personal property, stocks, bonds, and other assets, showing cost, acquisition date and current market value of each asset;
- (8) Total expenses, excluding distributions to cemetery operator, since previous report; and
- (9) A statement of the cemetery's total acreage and of its developed acreage.

2. Subdivisions (1) through (7) of the report described in subsection 1 above shall be certified to under oath as complete and correct by a corporate officer of the trustee. Subdivision (8) of such report shall be certified under oath as complete and correct by an officer of the cemetery operator. Both the trustee and cemetery operator or officer shall be subject to the penalty of making a false affidavit or declaration.

3. The report shall be placed in the cemetery's office within ninety days of the close of the trust's fiscal year. A copy of this report shall be filed by the cemetery operator with the division of professional registration as condition of license renewal as required by subsection 4 of section 214.275. [The report shall not be sent to the state board of embalmers and funeral directors.]

4. Each cemetery operator who establishes [a segregated] **an escrow or trust** account pursuant to [subsection 1 of section 214.385] **section 214.387** shall file with the report required under subsection 1 of this section [a segregated] **an escrow or trust** account report that shall provide the following information:

- (1) The [number of monuments, markers and memorials] **total face value of all contracts for burial merchandise and services** that have been deferred for delivery by purchase designation; **and**
- (2) [The aggregate wholesale cost of all such monuments, markers and memorials; and
- (3)] The amount on deposit in the [segregated] **escrow or trust** account established pursuant to section [214.385] **214.387**, and the account number **in the case of an escrow account**.

214.345. 1. Any cemetery operator who negotiates the sale of burial space in any cemetery located in this state shall provide each prospective owner of burial space a written statement, which may be a separate form or a part of the sales contract, which states and explains in plain language that the burial space is part of an endowed care cemetery; that the cemetery has established and maintains the endowed care **trust** fund required by law; and that the information regarding the fund described in section 214.340 is available to the prospective purchaser. If the burial space is in a nonendowed cemetery, or in a nonendowed section of an endowed care cemetery, the cemetery operator shall state he has elected not to establish an endowed care **trust** fund.

2. The operator of each endowed care cemetery shall, upon request, give to the public for retention a copy of the endowed care **trust** fund annual report prepared pursuant to the provisions of subsection 1 of section 214.340.

214.360. No cemetery operator, nor any director, officer or shareholder of any cemetery may borrow or in any other way make use of the endowed care **trust** funds for his own use, directly or indirectly, or for furthering or developing his or any other cemetery, nor may any trustee lend or make such funds available for said purpose or for the use of any operator or any director, officer or shareholder of any cemetery.

214.363. In the event of a cemetery's bankruptcy, insolvency, or assignment for the benefit of creditors, the endowed care **trust** funds shall not be available to any creditor as assets of the cemetery's owner or to pay any expenses of any bankruptcy or similar proceeding, but shall be retained intact to provide for the future maintenance of the cemetery.

214.365. Prior to any action as provided in subsection 2 of section 214.205, and when the division has information that a [public] cemetery is not providing maintenance and care, has been abandoned, or has ceased operation, the division may investigate the cemetery to determine the cemetery's current status. If the division finds evidence that the cemetery is abandoned, is not conducting business, or is not providing maintenance and care, the division may apply to the circuit court for appointment as receiver, trustee, or successor in trust.

214.367. 1. **Prior to selling or otherwise disposing of a majority of the business assets of a cemetery, or a majority of its stock or other ownership interest, if a corporation or other organized business entity, the cemetery operator shall provide written notification to the division of its intent at least thirty days prior to the date set for the transfer, or the closing of the sale, or the date set for termination of its business. Such notice is**

confidential and shall not be considered a public record subject to the provisions of chapter 610 until the sale of the cemetery has been effectuated. Upon receipt of the written notification, the division may take reasonable and necessary action to determine that the cemetery operator has made proper plans to assure that trust funds or funds held in an escrow account for or on behalf of the cemetery will be set aside and used as provided in sections 214.270 to 214.410, including, but not limited to, an audit or examination of books and records. The division may waive the requirements of this subsection or may shorten the period of notification for good cause or if the division determines in its discretion that compliance with its provisions are not necessary.

2. A cemetery operator may complete the sale, transfer, or cessation if the division does not disapprove the transaction within thirty days after receiving notice. Nothing in this section shall be construed to restrict any other right or remedy vested in the division or the attorney general.

3. A prospective purchaser or transferee of [any endowed care] **endowed or unendowed** cemetery, with the written consent of the cemetery operator, may obtain a copy of the cemetery's most recent audit or inspection report from the division. The division shall inform the prospective purchaser or transferee, within thirty days, whether the cemetery may continue to operate and be represented as [an endowed care] a cemetery.

214.387. 1. [Upon written instructions from the purchaser of burial merchandise or burial services set forth in a cemetery prearranged contract, a cemetery may defer delivery of such burial merchandise or a warehouse receipt for the same under section 214.385, or performance of services, to a date designated by the purchaser, provided the cemetery operator, after deducting sales and administrative costs not to exceed twenty percent of the purchase price, deposits the remaining portion of the purchase price into an escrow or trust account as herein provided, within sixty days following receipt of payment from the purchaser. Funds so deposited pursuant to this section shall be maintained in such account until delivery of the property or the performance of services is made or the contract for the purchase of such property or services is canceled. The account is subject to inspection, examination or audit by the division. No withdrawals may be made from the escrow or trust account established pursuant to this section except as herein provided.

2. Upon written instructions from the purchaser of an interment, entombment, or inurnment cemetery service, a cemetery may defer performance of such service to a date designated by the purchaser, provided the cemetery operator, within forty-five days of the date the agreement is paid in full, deposits from its own funds an amount equal to eighty percent of the published retail price into a trustee account. Funds deposited in a trustee account pursuant to this section and section 214.385 shall be maintained in such account until delivery of the service is made or the agreement for the purchase of the service is canceled. No withdrawals may be made from the trustee account established pursuant to this section and section 214.385 except as provided herein. Money in this account shall be invested utilizing the prudent man theory and is subject to audit by the division. Names and addresses of depositories of such money shall be submitted with the annual report.

3. Upon the delivery of the interment, entombment, or inurnment cemetery service agreed upon by the cemetery or its agent, or the cancellation of the agreement for the purchase of such service, the cemetery operator may withdraw from the trustee account an amount equal to (i) the market value of the trustee account based on the most recent account statement issued to the cemetery operator, times (ii) the ratio the service's deposit in the account bears to the aggregate deposit of all services which are paid in full but not delivered. The trustee account may be inspected or audited by the division.

4. The provisions of this section shall apply to all agreements entered into after August 28, 2002.] **With the exception of sales made pursuant to section 214.385, all sales of prearranged burial merchandise and services shall be made pursuant to this section.**

2. Upon written instructions from the purchaser of burial merchandise or burial services set forth in a cemetery prearranged contract, a cemetery may defer delivery of such burial merchandise or a warehouse receipt for the same under section 214.385, or performance of services, to a date designated by the purchaser, provided the cemetery operator, after deducting sales and administrative costs associated with the sale, not to exceed twenty percent of the purchase price, deposits the remaining portion of the purchase price into an escrow or trust account as herein provided, within sixty days following receipt of payment from the purchaser. Funds so deposited pursuant to this section shall be maintained in such account until delivery of the property or the performance of services is made or the contract for the purchase of such property or services is cancelled, and fees and costs associated with the maintenance of the trust or escrow arrangement shall be charged to these funds. The account is subject to inspection, examination or audit by the division. No withdrawals may be made from the escrow or trust account established pursuant to this section except as herein provided.

3. Each escrow arrangement must comply with the following:

(1) The escrow agent shall be located in Missouri, authorized to exercise escrow powers, and shall maintain the escrow records so that they may be accessed and produced for inspection within five business days

of the agent's receipt of a written request made by the office or its duly authorized representative. A cemetery operator shall not serve as an escrow agent for the cemetery operator's account nor shall the escrow agent be employed by or under common ownership with the cemetery operator. The cemetery operator shall maintain a current name and address for the escrow agent with the office, and shall obtain written approval from the office before making any change in the name or address of the escrow agent. Notwithstanding any other provision of law, information regarding the escrow agent shall be deemed an open record;

(2) The escrow account funds shall be maintained in depository accounts at a Missouri financial institution that provides Federal Deposit Insurance Corporation or comparable deposit insurance;

(3) The escrow arrangement shall be administered by the escrow agent pursuant to an agreement approved by the office under the same filing and approval procedure as that set forth for endowed care trust fund agreements in section 214.330;

(4) The operator shall establish a separate depository account for each cemetery prearranged contract administered pursuant to this subsection;

(5) The division may promulgate by rule a form escrow agreement to be used by a cemetery operator operating pursuant to this section.

4. Each trust must comply with the following:

(1) The trustee shall be a state or federally chartered financial institution authorized to exercise trust powers in Missouri, provided that a foreign financial institution must be approved by the office;

(2) The trust fund records, including all trust fund accounting records, shall either be maintained in the state of Missouri or shall be electronically stored so that the records may be made available within fifteen business days of the trustee's receipt of a written request made by the office or its duly authorized representative. The cemetery operator shall maintain a current name and address of the trustee and the records custodian and shall supply such information to the office or its representative upon request;

(3) The principal of such funds shall be appropriately invested pursuant to the prudent investor rule under chapter 469, provided that no trust funds shall be invested in any term insurance product;

(4) Payments regarding two or more cemetery prearranged contracts may be deposited into and commingled in the same trust, so long as adequate records are made available to the trustee to account for cemetery prearranged contracts on an individual basis with regard to deposits, earnings, distributions, and any taxes;

(5) Trust instruments shall be subject to the same filing and approval procedure as that set forth for endowed care trust fund agreements under section 214.330;

(6) A trustee may commingle the funds from trusts of unrelated cemetery operators for investment purposes if the trustee has adequate accounting for the allocations, disbursements, payments, and income among the participating trusts.

5. The income from escrow accounts, after payment of expenses associated with the arrangement, shall be distributed to the cemetery operator. All other distributions from trusts and escrow accounts shall be made pursuant to forms approved by the office. For performance of a cemetery prearranged contract, a certificate of performance form signed by the cemetery operator shall be required for distribution. For cancellation of a cemetery prearranged contract, a certificate of cancellation form signed by the cemetery operator and the purchaser shall be required for distribution.

6. A cemetery prearranged contract is subject to cancellation as follows:

(1) At any time before the final disposition of the deceased, or before the services or merchandise described in this section are provided, the purchaser may cancel the contract without cause by delivering written notice thereof to the operator. Within fifteen days after its receipt of such notice, the cemetery operator shall pay to the purchaser a net amount equal to eighty percent of all payments made under the contract. The cemetery operator shall be entitled to keep one-half of the interest earned on trust funds. Upon delivery of the purchaser's receipt for such payment to the escrow agent or trustee, the escrow agent or trustee shall distribute to the cemetery operator from the escrow account or trust an amount equal to all deposits made into the escrow account or trust for the contract;

(2) Notwithstanding the provisions of subdivision (1) of this subsection, if a purchaser is eligible, becomes eligible, or desires to become eligible, to receive public assistance under chapter 208 or any other applicable state or federal law, the purchaser may irrevocably waive and renounce his right to cancel the contract pursuant to the provisions of subdivision (1) of this section, which waiver and renunciation shall be made in writing and delivered to the cemetery operator;

(3) Notwithstanding the provisions of subdivision (1) of this subsection, any purchaser, within thirty days of receipt of the executed contract, may cancel the contract without cause by delivering written notice thereof to the cemetery operator, and receive a full refund of all payments made on the contract;

(4) Notwithstanding the provisions of subdivision (1) of this subsection, once any purchase order is entered for the production or manufacture of burial merchandise, per the purchaser's written request, the purchaser's obligation to pay for said burial merchandise shall be noncancellable;

(5) No funds subject to a purchaser's right of cancellation hereunder shall be subject to the claims of the cemetery operator's creditors.

7. Burial merchandise sold through a contract with a cemetery or cemetery operator which is entered into after the death of the individual for whom the burial merchandise is intended shall not be subject to any trusting or escrow requirement of this section.

8. This section shall apply to all agreements entered into after August 28, 2010.

214.389. 1. The division may direct a trustee, financial institution, or escrow agent to suspend distribution from an endowed care trust fund or escrow account if the cemetery operator does not have a current and active cemetery operator license, has failed to file an annual report, or if, after an audit or examination, the division determines there is a deficiency in an endowed care trust fund or escrow account maintained under section 214.330 and the cemetery operator has failed to file a corrective action plan detailing how the deficiency shall be remedied. For purposes of this section, a deficiency shall only be deemed to exist if, after an audit or examination, the division determines a cemetery operator has failed to deposit the total aggregate of funds required to be deposited in trust or an escrow account pursuant to section 214.320 or subsection 1 of section 214.335, or has received disbursements from the trust or escrow account in excess of what is permitted under section 214.330. No deficiency shall be deemed to be created by fluctuations in the value of investments held in trust or escrow.

2. The division shall provide written notification to the cemetery operator and the trustee, financial institution, or escrow agent within fourteen days of discovering a potential violation as described in this section. Upon receipt of written notification from the division, the cemetery operator shall have sixty days to cure any alleged violations or deficiencies cited in the notification without a suspension of distribution. If, after the sixty-day time period, the division feels the cemetery has not cured the alleged violations or deficiencies cited in the notification, the division may send a notice of suspension to the cemetery operator that the division is ordering a suspension of distribution as described in this section. In the event of a suspension of distribution, the amount of any distribution suspended shall become principal, with credit against the deficiency, unless the cemetery operator files an appeal with a court of competent jurisdiction or with the administrative hearing commission, as provided herein. In the event of an appeal, a cemetery operator may request the court or administrative hearing commission stay the suspension of distribution after a showing of necessity and good cause or authorize payment from the endowed care trust fund or escrow account for necessary expenses from any amount subject to distribution.

3. Upon receipt of an order from the division suspending distribution pursuant to this section, a trustee, financial institution, or escrow agent shall immediately suspend distribution as required by the order. A trustee, financial institution, or escrow agent shall be exempt from liability for failure to distribute funds as ordered by the division.

4. A cemetery operator may appeal an order suspending distribution pursuant to this section to the administrative hearing commission. The administrative hearing commission shall receive notice of such appeal within thirty days from the date the notice of suspension was mailed by certified mail. Failure of a person whose license was suspended to notify the administrative hearing commission of his or her intent to appeal waives all rights to appeal the suspension. Upon notice of such person's intent to appeal, a hearing shall be held before the administrative hearing commission pursuant to chapter 621.

5. A cemetery operator may apply for reinstatement of distributions upon demonstration that the deficiencies or other problems have been cured or that the operator has otherwise come into compliance.

6. The division may promulgate rules to implement the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2010, shall be invalid and void.

214.392. 1. The division shall:

(1) Recommend prosecution for violations of the provisions of sections 214.270 to 214.410 to the appropriate prosecuting, circuit attorney or to the attorney general;

(2) Employ, within limits of the funds appropriated, such employees as are necessary to carry out the provisions of sections 214.270 to 214.410;

(3) Be allowed to convey full authority to each city or county governing body the use of inmates controlled by the department of corrections and the board of probation and parole to care for abandoned cemeteries located within the boundaries of each city or county;

(4) Exercise all budgeting, purchasing, reporting and other related management functions;

(5) **Be authorized, within the limits of the funds appropriated to conduct investigations, examinations, or audits to determine compliance with sections 214.270 to 214.410;**

(6) The division may promulgate rules necessary to implement the provisions of sections 214.270 to 214.516, including but not limited to:

(a) Rules setting the amount of fees authorized pursuant to sections 214.270 to 214.516. The fees shall be set at a level to produce revenue that shall not substantially exceed the cost and expense of administering sections 214.270 to 214.516. All moneys received by the division pursuant to sections 214.270 to 214.516 shall be collected by the director who shall transmit such moneys to the department of revenue for deposit in the state treasury to the credit of the endowed care cemetery audit fund created in section 193.265, RSMo;

(b) Rules to administer the inspection and audit provisions of the endowed care cemetery law;

(c) Rules for the establishment and maintenance of the cemetery registry pursuant to section 214.283.

2. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2001, shall be invalid and void.

214.400. Sections 214.270 to 214.410 shall be known as the "Cemetery Endowed Care **Trust** Fund Law".

214.410. 1. Any cemetery operator who shall willfully violate any provisions of sections 214.270 to 214.410 for which no penalty is otherwise prescribed shall be deemed guilty of a misdemeanor and upon conviction thereof shall be fined a sum not to exceed five hundred dollars or shall be confined not more than six months or both.

2. Any cemetery operator who shall willfully violate any provision of [section] **sections** 214.320, 214.330, 214.335, 214.340, 214.360 [or], 214.385, **or 214.387** shall be deemed guilty of a class D felony and upon conviction thereof shall be fined a sum not to exceed ten thousand dollars or shall be confined not more than five years or both. This section shall not apply to cemeteries or cemetery associations which do not sell lots in the cemetery.

3. Any trustee who shall willfully violate any applicable provisions of sections 214.270 to 214.410 shall have committed an unsafe and unsound banking practice and shall be penalized as authorized by chapters 361 and 362, RSMo. This subsection shall be enforced exclusively by the Missouri division of finance for state chartered institutions and the Missouri attorney general for federally chartered institutions.

4. Any person who shall willfully violate any provision of section 214.320, 214.330, 214.335, 214.340, 214.360 or 214.385 or violates any rule, regulation or order of the division may, in accordance with the regulations issued by the division, be assessed an administrative penalty by the division. The penalty shall not exceed five thousand dollars for each violation and each day of the continuing violation shall be deemed a separate violation for purposes of administrative penalty assessment. However, no administrative penalty may be assessed until the person charged with the violation has been given the opportunity for a hearing on the violation. Penalty assessments received shall be deposited in the endowed care cemetery audit fund created in section 193.265, RSMo.

For the purposes of this section, the percentage of time a physician assistant provides patient care with the supervising physician on-site shall be measured each calendar quarter. The supervising physician must be readily available in person or via telecommunication during the time the physician assistant is providing patient care. The board shall promulgate rules pursuant to chapter 536, RSMo, for documentation of joint review of the physician assistant activity by the supervising physician and the physician assistant. The physician assistant shall be limited to practice at locations where the supervising physician is no further than thirty miles by road using the most direct route available, or in any other fashion so distanced as to create an impediment to effective intervention and supervision of patient care or adequate review of services. Any other provisions of this chapter notwithstanding, for up to ninety days following the effective date of rules promulgated by the board to establish the waiver process under subsection 2 of this section, any physician assistant practicing in a health professional shortage area as of April 1, 2007, shall be allowed to practice under the on-site requirements stipulated by the supervising physician on the supervising physician form that was in effect on April 1, 2007.

The rule shall establish a process by which the public is invited to comment on the application for a waiver, and shall specify that a waiver may only be granted if a supervising physician and physician assistant demonstrate to the board's satisfaction in accordance with its uniformly applied criteria that:

- (1) Adequate supervision will be provided by the physician for the physician assistant, given the physician assistant's training and experience and the acuity of patient conditions normally treated in the clinical setting;
- (2) The physician assistant shall be limited to practice at locations where the supervising physician is no further than fifty miles by road using the most direct route available, or in any other fashion so distanced as to create an impediment to effective intervention and supervision of patient care or adequate review of services;

However, the board shall be able to void a current waiver after conducting a hearing and upon a finding of fact that the physician-physician assistant team has failed to comply with such federal act or either member of the team has violated a provision of this chapter;**

(7) A physician assistant shall only be required to seek a renewal of a waiver every five years or when his or her supervising physician is a different physician than the physician shown on the waiver application or they move their primary practice location more than ten miles from the location shown on the waiver application.

"Physician assistant supervision agreement" means a written agreement, jointly agreed-upon protocols or standing order between a supervising physician and a physician assistant, which provides for the delegation of health care services from a supervising physician to a physician assistant and the review of such services.

8. When a physician assistant supervision agreement is utilized to provide health care services for conditions other than acute self-limited or well-defined problems, the supervising physician or other physician designated in the supervision agreement shall see the patient for evaluation and approve or formulate the plan of treatment for new or significantly changed conditions as soon as practical, but in no case more than two weeks after the patient has been seen by the physician assistant.

9. At all times the physician is responsible for the oversight of the activities of, and accepts responsibility for, health care services rendered by the physician assistant.

10. It is the responsibility of the supervising physician to determine and document the completion of at least a one-month period of time during which the licensed physician assistant shall practice with a supervising physician continuously present before practicing in a setting where a supervising physician is not continuously present.

11. No contract or other agreement shall require a physician to act as a supervising physician for a physician assistant against the physician's will. A physician shall have the right to refuse to act as a supervising physician, without penalty, for a particular physician assistant. No contract or other agreement shall limit the supervising physician's ultimate authority over any protocols or standing orders or in the delegation of the physician's authority to any physician assistant, but this requirement shall not authorize a physician in implementing such protocols, standing orders, or delegation to violate applicable standards for safe medical practice established by hospital's medical staff.

12. Physician assistants shall file with the board a copy of their supervising physician form.

13. No physician shall be designated to serve as supervising physician for more than three full-time equivalent licensed physician assistants. This limitation shall not apply to physician assistant agreements of hospital employees providing inpatient care service in hospitals as defined in chapter 197, RSMo."; and

“208.215. 1. MO HealthNet is payer of last resort unless otherwise specified by law. When any person, corporation, institution, public agency or private agency is liable, either pursuant to contract or otherwise, to a participant receiving public assistance on account of personal injury to or disability or disease or benefits arising from a health insurance plan to which the participant may be entitled, payments made by the department of social services or MO HealthNet division shall be a debt due the state and recoverable from the liable party or participant for all payments made [in] **on** behalf of the participant and the debt due the state shall not exceed the payments made from MO HealthNet benefits provided under sections 208.151 to 208.158 and section 208.162 and section 208.204 on behalf of the participant, minor or estate for payments on account of the injury, disease, or disability or benefits arising from a health insurance program to which the participant may be entitled. **Any health benefit plan as defined in section 376.1350, third party administrator, administrative service organization, and pharmacy benefits manager, shall process and pay all properly submitted medical assistance subrogation claims or MO HealthNet subrogation claims using standard electronic transactions or paper claim forms:**

(1) **For a period of three years from the date services were provided or rendered; however, an entity:**

(a) **Shall not be required to reimburse for items or services which are not covered under MO HealthNet;**

(b) **Shall not deny a claim submitted by the state solely on the basis of the date of submission of the claim, the type or format of the claim form, failure to present proper documentation of coverage at the point of sale, or failure to provide prior authorization;**

(c) **Shall not be required to reimburse for items or services for which a claim was previously submitted to the health benefit plan, third party administrator, administrative service organization, or pharmacy benefits manager by the health care provider or the participant and the claim was properly denied by the health benefit plan, third party administrator, administrative service organization, or pharmacy benefits manager for procedural reasons, except for timely filing, type or format of the claim form, failure to present proper documentation of coverage at the point of sale, or failure to obtain prior authorization;**

(d) **Shall not be required to reimburse for items or services which are not covered under or were not covered under the plan offered by the entity against which a claim for subrogation has been filed; and**

(e) **Shall reimburse for items or services to the same extent that the entity would have been liable as if it had been properly billed at the point of sale, and the amount due is limited to what the entity would have paid as if it had been properly billed at the point of sale; and**

(2) **If any action by the state to enforce its rights with respect to such claim is commenced within six years of the state's submission of such claim.**

2. The department of social services, MO HealthNet division, or its contractor may maintain an appropriate action to recover funds paid by the department of social services or MO HealthNet division or its contractor that are due under this section in the name of the state of Missouri against the person, corporation, institution, public agency, or private agency liable to the participant, minor or estate.

3. Any participant, minor, guardian, conservator, personal representative, estate, including persons entitled under section 537.080, RSMo, to bring an action for wrongful death who pursues legal rights against a person, corporation, institution, public agency, or private agency liable to that participant or minor for injuries, disease or disability or benefits arising from a health insurance plan to which the participant may be entitled as outlined in subsection 1 of this section shall upon actual knowledge that the department of social services or MO HealthNet division has paid MO HealthNet benefits as defined by this chapter promptly notify the MO HealthNet division as to the pursuit of such legal rights.

4. Every applicant or participant by application assigns his right to the department of social services or MO HealthNet division of any funds recovered or expected to be recovered to the extent provided for in this section. All applicants and participants, including a person authorized by the probate code, shall cooperate with the department of social services, MO HealthNet division in identifying and providing information to assist the state in pursuing any third party who may be liable to pay for care and services available under the state's plan for MO HealthNet benefits as provided in sections 208.151 to 208.159 and sections 208.162 and 208.204. All applicants and participants shall cooperate with the agency in obtaining third-party resources due to the applicant, participant, or child for whom assistance is claimed. Failure to cooperate without good cause as determined by the department of social services, MO HealthNet division in accordance with federally prescribed standards shall render the applicant or participant ineligible for MO HealthNet benefits under sections 208.151 to 208.159 and sections 208.162 and 208.204. A [recipient]

participant who has notice or who has actual knowledge of the department's rights to third-party benefits who receives any third-party benefit or proceeds for a covered illness or injury is either required to pay the division within sixty days after receipt of settlement proceeds the full amount of the third-party benefits up to the total MO HealthNet benefits provided or to place the full amount of the third-party benefits in a trust account for the benefit of the division pending judicial or administrative determination of the division's right to third-party benefits.

5. Every person, corporation or partnership who acts for or on behalf of a person who is or was eligible for MO HealthNet benefits under sections 208.151 to 208.159 and sections 208.162 and 208.204 for purposes of pursuing the applicant's or participant's claim which accrued as a result of a nonoccupational or nonwork-related incident or occurrence resulting in the payment of MO HealthNet benefits shall notify the MO HealthNet division upon agreeing to assist such person and further shall notify the MO HealthNet division of any institution of a proceeding, settlement or the results of the pursuit of the claim and give thirty days' notice before any judgment, award, or settlement may be satisfied in any action or any claim by the applicant or participant to recover damages for such injuries, disease, or disability, or benefits arising from a health insurance program to which the participant may be entitled.

6. Every participant, minor, guardian, conservator, personal representative, estate, including persons entitled under section 537.080, RSMo, to bring an action for wrongful death, or his attorney or legal representative shall promptly notify the MO HealthNet division of any recovery from a third party and shall immediately reimburse the department of social services, MO HealthNet division, or its contractor from the proceeds of any settlement, judgment, or other recovery in any action or claim initiated against any such third party. A judgment, award, or settlement in an action by a [recipient] **participant** to recover damages for injuries or other third-party benefits in which the division has an interest may not be satisfied without first giving the division notice and a reasonable opportunity to file and satisfy the claim or proceed with any action as otherwise permitted by law.

7. The department of social services, MO HealthNet division or its contractor shall have a right to recover the amount of payments made to a provider under this chapter because of an injury, disease, or disability, or benefits arising from a health insurance plan to which the participant may be entitled for which a third party is or may be liable in contract, tort or otherwise under law or equity. Upon request by the MO HealthNet division, all third-party payers shall provide the MO HealthNet division with information contained in a 270/271 Health Care Eligibility Benefits Inquiry and Response standard transaction mandated under the federal Health Insurance Portability and Accountability Act, except that third-party payers shall not include accident-only, specified disease, disability income, hospital indemnity, or other fixed indemnity insurance policies.

8. The department of social services or MO HealthNet division shall have a lien upon any moneys to be paid by any insurance company or similar business enterprise, person, corporation, institution, public agency or private agency in settlement or satisfaction of a judgment on any claim for injuries or disability or disease benefits arising from a health insurance program to which the participant may be entitled which resulted in medical expenses for which the department or MO HealthNet division made payment. This lien shall also be applicable to any moneys which may come into the possession of any attorney who is handling the claim for injuries, or disability or disease or benefits arising from a health insurance plan to which the participant may be entitled which resulted in payments made by the department or MO HealthNet division. In each case, a lien notice shall be served by certified mail or registered mail, upon the party or parties against whom the applicant or participant has a claim, demand or cause of action. The lien shall claim the charge and describe the interest the department or MO HealthNet division has in the claim, demand or cause of action. The lien shall attach to any verdict or judgment entered and to any money or property which may be recovered on account of such claim, demand, cause of action or suit from and after the time of the service of the notice.

9. On petition filed by the department, or by the participant, or by the defendant, the court, on written notice of all interested parties, may adjudicate the rights of the parties and enforce the charge. The court may approve the settlement of any claim, demand or cause of action either before or after a verdict, and nothing in this section shall be construed as requiring the actual trial or final adjudication of any claim, demand or cause of action upon which the department has charge. The court may determine what portion of the recovery shall be paid to the department against the recovery. In making this determination the court shall conduct an evidentiary hearing and shall consider competent evidence pertaining to the following matters:

(1) The amount of the charge sought to be enforced against the recovery when expressed as a percentage of the gross amount of the recovery; the amount of the charge sought to be enforced against the recovery when expressed as a percentage of the amount obtained by subtracting from the gross amount of the recovery the total attorney's fees and other costs incurred by the participant incident to the recovery; and whether the department should, as a matter of fairness and equity, bear its proportionate share of the fees and costs incurred to generate the recovery from which the charge is sought to be satisfied;

(2) The amount, if any, of the attorney's fees and other costs incurred by the participant incident to the recovery and paid by the participant up to the time of recovery, and the amount of such fees and costs remaining unpaid at the time of recovery;

(3) The total hospital, doctor and other medical expenses incurred for care and treatment of the injury to the date of recovery therefor, the portion of such expenses theretofore paid by the participant, by insurance provided by the participant, and by the department, and the amount of such previously incurred expenses which remain unpaid at the time of recovery and by whom such incurred, unpaid expenses are to be paid;

(4) Whether the recovery represents less than substantially full recompense for the injury and the hospital, doctor and other medical expenses incurred to the date of recovery for the care and treatment of the injury, so that reduction of the charge sought to be enforced against the recovery would not likely result in a double recovery or unjust enrichment to the participant;

(5) The age of the participant and of persons dependent for support upon the participant, the nature and permanency of the participant's injuries as they affect not only the future employability and education of the participant but also the reasonably necessary and foreseeable future material, maintenance, medical rehabilitative and training needs of the participant, the cost of such reasonably necessary and foreseeable future needs, and the resources available to meet such needs and pay such costs;

(6) The realistic ability of the participant to repay in whole or in part the charge sought to be enforced against the recovery when judged in light of the factors enumerated above.

10. The burden of producing evidence sufficient to support the exercise by the court of its discretion to reduce the amount of a proven charge sought to be enforced against the recovery shall rest with the party seeking such reduction. **The computerized records of the MO HealthNet division, certified by the director or his designee, shall be prima facie evidence of proof of moneys expended and the amount of the debt due the state.**

11. The court may reduce and apportion the department's or MO HealthNet division's lien proportionate to the recovery of the claimant. The court may consider the nature and extent of the injury, economic and noneconomic loss, settlement offers, comparative negligence as it applies to the case at hand, hospital costs, physician costs, and all other appropriate costs. The department or MO HealthNet division shall pay its pro rata share of the attorney's fees based on the department's or MO HealthNet division's lien as it compares to the total settlement agreed upon. This section shall not affect the priority of an attorney's lien under section 484.140, RSMo. The charges of the department or MO HealthNet division or contractor described in this section, however, shall take priority over all other liens and charges existing under the laws of the state of Missouri with the exception of the attorney's lien under such statute.

12. Whenever the department of social services or MO HealthNet division has a statutory charge under this section against a recovery for damages incurred by a participant because of its advancement of any assistance, such charge shall not be satisfied out of any recovery until the attorney's claim for fees is satisfied, [irrespective] **regardless** of whether [or not] an action based on participant's claim has been filed in court. Nothing herein shall prohibit the director from entering into a compromise agreement with any participant, after consideration of the factors in subsections 9 to 13 of this section.

13. This section shall be inapplicable to any claim, demand or cause of action arising under the workers' compensation act, chapter 287, RSMo. From funds recovered pursuant to this section the federal government shall be paid a portion thereof equal to the proportionate part originally provided by the federal government to pay for MO HealthNet benefits to the participant or minor involved. The department or MO HealthNet division shall enforce TEFRA liens, 42 U.S.C. 1396p, as authorized by federal law and regulation on permanently institutionalized individuals. The department or MO HealthNet division shall have the right to enforce TEFRA liens, 42 U.S.C. 1396p, as authorized by federal law and regulation on all other institutionalized individuals. For the purposes of this subsection, "permanently institutionalized individuals" includes those people who the department or MO HealthNet division determines cannot reasonably be expected to be discharged and return home, and "property" includes the homestead and all other personal and real property in which the participant has sole legal interest or a legal interest based upon co-ownership of the property which is the result of a transfer of property for less than the fair market value within thirty months prior to the participant's entering the nursing facility. The following provisions shall apply to such liens:

(1) The lien shall be for the debt due the state for MO HealthNet benefits paid or to be paid on behalf of a participant. The amount of the lien shall be for the full amount due the state at the time the lien is enforced;

(2) The MO HealthNet division shall file for record, with the recorder of deeds of the county in which any real property of the participant is situated, a written notice of the lien. The notice of lien shall contain the name of the participant and a description of the real estate. The recorder shall note the time of receiving such notice, and shall record and index the notice of lien in the same manner as deeds of real estate are required to be recorded and indexed. The director or the director's designee may release or discharge all or part of the lien and notice of the release shall also be

filed with the recorder. The department of social services, MO HealthNet division, shall provide payment to the recorder of deeds the fees set for similar filings in connection with the filing of a lien and any other necessary documents;

(3) No such lien may be imposed against the property of any individual prior to the individual's death on account of MO HealthNet benefits paid except:

(a) In the case of the real property of an individual:

a. Who is an inpatient in a nursing facility, intermediate care facility for the mentally retarded, or other medical institution, if such individual is required, as a condition of receiving services in such institution, to spend for costs of medical care all but a minimal amount of his or her income required for personal needs; and

b. With respect to whom the director of the MO HealthNet division or the director's designee determines, after notice and opportunity for hearing, that he cannot reasonably be expected to be discharged from the medical institution and to return home. The hearing, if requested, shall proceed under the provisions of chapter 536, RSMo, before a hearing officer designated by the director of the MO HealthNet division; or

(b) Pursuant to the judgment of a court on account of benefits incorrectly paid on behalf of such individual;

(4) No lien may be imposed under paragraph (b) of subdivision (3) of this subsection on such individual's home if one or more of the following persons is lawfully residing in such home:

(a) The spouse of such individual;

(b) Such individual's child who is under twenty-one years of age, or is blind or permanently and totally disabled;

or

(c) A sibling of such individual who has an equity interest in such home and who was residing in such individual's home for a period of at least one year immediately before the date of the individual's admission to the medical institution;

(5) Any lien imposed with respect to an individual pursuant to subparagraph b of paragraph (a) of subdivision (3) of this subsection shall dissolve upon that individual's discharge from the medical institution and return home.

14. The debt due the state provided by this section is subordinate to the lien provided by section 484.130, RSMo, or section 484.140, RSMo, relating to an attorney's lien and to the participant's expenses of the claim against the third party.

15. Application for and acceptance of MO HealthNet benefits under this chapter shall constitute an assignment to the department of social services or MO HealthNet division of any rights to support for the purpose of medical care as determined by a court or administrative order and of any other rights to payment for medical care.

16. All participants receiving benefits as defined in this chapter shall cooperate with the state by reporting to the family support division or the MO HealthNet division, within thirty days, any occurrences where an injury to their persons or to a member of a household who receives MO HealthNet benefits is sustained, on such form or forms as provided by the family support division or MO HealthNet division.

17. If a person fails to comply with the provision of any judicial or administrative decree or temporary order requiring that person to maintain medical insurance on or be responsible for medical expenses for a dependent child, spouse, or ex-spouse, in addition to other remedies available, that person shall be liable to the state for the entire cost of the medical care provided pursuant to eligibility under any public assistance program on behalf of that dependent child, spouse, or ex-spouse during the period for which the required medical care was provided. Where a duty of support exists and no judicial or administrative decree or temporary order for support has been entered, the person owing the duty of support shall be liable to the state for the entire cost of the medical care provided on behalf of the dependent child or spouse to whom the duty of support is owed.

18. The department director or the director's designee may compromise, settle or waive any such claim in whole or in part in the interest of the MO HealthNet program. Notwithstanding any provision in this section to the contrary, the department of social services, MO HealthNet division is not required to seek reimbursement from a liable third party on claims for which the amount it reasonably expects to recover will be less than the cost of recovery or for which recovery efforts will not be cost-effective. Cost-effectiveness is determined based on the following:

(1) Actual and legal issues of liability as may exist between the [recipient] **participant** and the liable party;

(2) Total funds available for settlement; and

(3) An estimate of the cost to the division of pursuing its claim.”; and

Further amend the title and enacting clause accordingly.

(c) Unless the member's interest is distributed in the form of an annuity purchased from an insurance company or in a single sum on or before the required beginning date, as of the first distribution calendar year distributions shall be made in accordance with subdivisions (3), (4), and (5) of this subsection. JOURNAL OF THE HOUSE

Second Regular Session, 95th GENERAL ASSEMBLY

SIXTY-SEVENTH DAY, MONDAY, MAY 10, 2010

The House met pursuant to adjournment.

Speaker Pro Tem Pratt in the Chair.

Prayer by Reverend James Earl Jackson.

The heavens proclaim Your glory, Lord God. The skies display Your craftsmanship. Be exalted in Your strength and we will speak of Your power.

Your laws are perfect, Lord God. They protect us, make us wise, and give us joy and light. Your laws are pure, eternal, just, and clear, giving insight for living. Reverence for You is pure, lasting forever. Your laws are true; each one is fair.

Lord God, as we draw to the end of another Session, we are mindful of the grace, mercy and wisdom You so liberally showered upon us. We boast not in our own ingenuity, intellect or wisdom. But we boast in the name of the Lord our God Who sustained, guided and protected us through this Session. We also give thanks for Your watchful eye and loving hand upon our families during the period of time we were absent from them.

We commit the remaining days of this Session to You that Your plans and purposes may be established. As we continue in our work for this week, we count on You to direct our thoughts, words and actions. May our thinking be clear and accurate. Show us what is good; not just what looks good.

Now, may the words of our mouth and the meditation of our heart be pleasing to You, O LORD, our Rock and our Redeemer.

I ask these things, in the name of Your Son. Amen.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Jenna Darr, Alex Forrest, Maggie Parker and Sam Avery.

The Journal of the sixty-sixth day was approved as printed by the following vote:

The commission and any commissioner may also advise any member of the general assembly or other governmental official of the issues or factual allegations that are the subject of a pending case, provided that the commission or commissioner does not express an opinion as to the merits of such issues or allegations, and may discuss in a public agenda meeting with parties to a case in which an evidentiary hearing has been scheduled, any procedural matter in such case or any matter relating to a unanimous stipulation or agreement resolving all of the issues in such case.

6. The commission may enter into and establish fair and equitable cooperative agreements or contracts with or act as an agent or licensee for the United States of America, or any official, agency or instrumentality thereof, or any public utility or similar commission of other states, that are proper, expedient, fair and equitable and in the interest of the state of Missouri and the citizens thereof, for the purpose of carrying out its duties pursuant to section 386.250 as limited and supplemented by section 386.030 and to that end the commission may receive and disburse any contributions, grants or other financial assistance as a result of or pursuant to such agreements or contracts. Any contributions, grants or other financial assistance so received shall be deposited in the public service commission utility fund or the state highway commission fund depending upon the purposes for which they are received.

The commission may make joint investigations, hold joint hearings within or without the state, and issue joint or concurrent orders in conjunction or concurrence with any railroad, public utility or similar commission, of other states or the United States of America, or any official, agency or any instrumentality thereof, except that in the holding of such investigations or hearings, or in the making of such orders, the commission shall function under agreements or contracts between states or under the concurrent power of states to regulate interstate commerce, or as an agent of the United States of America, or any official, agency or instrumentality thereof, or otherwise.

8. The commission may appear in any proceeding at the Federal Energy Regulatory Commission, the Nuclear Regulatory Commission, the Federal Communications Commission, or any other federal administrative agency that has jurisdiction over a utility that is regulated by the commission or whose decisions may affect utility rates or service in Missouri. 8. Senate Amendment No. 1

AMEND Senate Committee Substitute for House Committee Substitute for House Bill No. 1316, Page 8, Section 137.355, Line 50, by inserting after all of said line the following:

"138.431. 1. To hear and decide appeals pursuant to section 138.430, the commission shall appoint one or more hearing officers. The hearing officers shall be subject to supervision by the commission. No person shall participate on behalf of the commission in any case in which such person is an interested party.

2. The commission may assign such appeals as it deems fit to a hearing officer for disposition.

(1) The assignment shall be deemed made when the scheduling order is first issued by the commission and signed by the hearing officer assigned, unless another hearing officer is assigned to the case for disposition by other language in said order.

(2) A change of hearing officer, or a reservation of the appeal for disposition as described in subsection 3 of this section, shall be ordered by the commission in any appeal upon the timely filing of a written application by a party to disqualify the hearing officer assigned. The application shall be filed within thirty days from the assignment of any appeal to a hearing officer and need not allege or prove any cause for such change and need not be verified. No more than one change of hearing officer shall be allowed for each party in any appeal.

3. The commission may, in its discretion, reserve such appeals as it deems fit to be heard and decided by the full commission, a quorum thereof, or any commissioner, subject to the provisions of section 138.240, and, in such case, the decision shall be final, subject to judicial review in the manner provided in subsection 4 of section 138.470.

[3.]4. The manner in which appeals shall be presented and the conduct of hearings shall be made in accordance with rules prescribed by the commission for determining the rights of the parties; provided that, the commission, with the consent of all the parties, may refer an appeal to mediation. The commission shall promulgate regulations for mediation pursuant to this section. No regulation or portion of a regulation promulgated pursuant to the authority of this section shall become effective unless it has been promulgated pursuant to the provisions of chapter 536, RSMo. There shall be no presumption that the assessor's valuation is correct. A full and complete record shall be kept of all proceedings. All testimony at any hearing shall be recorded but need not be transcribed unless the matter is further appealed.

[4.] 5. Unless an appeal is voluntarily dismissed, a hearing officer, after affording the parties reasonable opportunity for fair hearing, shall issue a decision and order affirming, modifying, or reversing the determination of the board of equalization, and correcting any assessment which is unlawful, unfair, improper, arbitrary, or capricious. The commission may, prior to the decision being rendered, transfer to another hearing officer the proceedings on an appeal determination before a hearing officer. The complainant, respondent-assessor, or other party shall be duly notified of a hearing officer's decision and order, together with findings of fact and conclusions of law. Appeals from decisions of hearing officers shall be made pursuant to section 138.432.

[5.] 6. All decisions issued pursuant to this section or section 138.432 by the commission or any of its duly assigned hearing officers shall be issued no later than sixty days after the hearing on the matter to be decided is held or the date on which the last party involved in such matter files his or her brief, whichever event later occurs."; and

Further amend the title and enacting clause accordingly.

Senate Amendment No. 4

AMEND Senate Committee Substitute for House Committee Substitute for House Bill No. 1316, Page 27, Section 140.420, Line 11, by inserting immediately after all of said line the following:

"141.535. 1. In any county with a charter form of government and with more than six hundred thousand but fewer than seven hundred thousand inhabitants, the court shall stay the sale of any tax parcel to be sold under execution of a tax foreclosure judgment obtained under this chapter, which is the subject of an action filed under sections 447.620 to 447.640, provided that the party which has brought such an action has paid into the circuit court the principal amount of all land taxes then due and owing under the tax foreclosure judgment, exclusive of penalties, interest, attorney fees, and court costs, prior to the date of any proposed sale under execution. The party bringing such action shall provide written notice of the filing of the action to the court administrator and file with the circuit court in which the action is pending a certificate that such notice has been provided to the court administrator.

2. Upon the granting by the court of temporary possession of any property under section 447.632 and again upon the approval by the court of a sheriff's deed under section 447.625, the circuit court shall direct payment to the county collector of all principal land taxes theretofore paid into the circuit court. In addition, in any order granting a sheriff's deed under section 447.625, the court shall also order the permanent extinguishment of liability against the grantee of the sheriff's deed, and all successors in interest; excepting however, any defendant in such action, for penalties, interest, attorney fees, and court costs arising from actions to collect delinquent land taxes due on the subject property. The funds paid into the court for land taxes shall then be paid to the county collector. If an owner of such a property moves the court for restoration of the subject property under section 447.638, the owner shall pay into the circuit court all land tax amounts currently due and owing on the property, including all statutory penalties, interest, attorney fees, and court costs retroactive to the date of accrual.

3. If the party which brought the action under sections 447.620 to 447.640 dismisses its action prior to gaining temporary possession of the property, it shall recover any amounts paid into the circuit court prior to that date for principal land taxes.

4. In the event that an owner of the tax parcel regains possession under section 447.638, the party which brought the action under sections 447.620 to 447.640 shall recover from that owner an amount equal to that paid into the court by said party and paid to the county collector under this section, and shall be granted judgment thereon."; and

Further amend the title and enacting clause accordingly.

Senate Amendment No. 5

AMEND Senate Committee Substitute for House Committee Substitute for House Bill No. 1316, Page 5, Section 55.190, Line 15, by inserting immediately after all of said line the following:

"67.110. 1. Each political subdivision in the state, except counties and any political subdivision located at least partially within any county with a charter form of government or any political subdivision located at least partially within any city not within a county, shall fix its ad valorem property tax rates as provided in this section not later than September first for entry in the tax books. Each political subdivision located, at least partially, within a county with a charter form of government or within a city not within a county shall fix its ad valorem property tax rates as provided in this section not later than October first for entry in the tax books for each calendar year after December 31, 2008. Before the governing body of each political subdivision of the state, except counties, as defined in section 70.120, RSMo, fixes its rate of taxation, its budget officer shall present to its governing body the following information for each tax rate to be levied: the assessed valuation by category of real, personal and other tangible property in the political subdivision as entered in the tax book for the fiscal year for which the tax is to be levied, as provided by subsection 3 of section 137.245, RSMo, the assessed valuation by category of real, personal and other tangible property in the political subdivisions for the preceding taxable year, the amount of revenue required to be provided from the property tax as set forth in the annual budget adopted as provided by this chapter, and the tax rate proposed to be set. Should any political subdivision whose taxes are collected by the county collector of revenue fail to fix its ad valorem property tax rate by [September first] **the date provided under this section for such political subdivision**, then no tax rate other than the rate, if any, necessary to pay the interest and principal on any outstanding bonds shall be certified for that year.

2. The governing body shall hold at least one public hearing on the proposed rates of taxes at which citizens shall be heard prior to their approval. The governing body shall determine the time and place for such hearing. A notice stating the hour, date and place of the hearing shall be published in at least one newspaper qualified under the laws of the state of Missouri of general circulation in the county within which all or the largest portion of the political subdivision is situated, or such notice shall be posted in at least three public places within the political subdivision; except that, in any county of the first class having a charter form of government, such notice may be published in a newspaper of general circulation within the political subdivision even though such newspaper is not qualified under the laws of Missouri for other legal notices. Such notice shall be published or posted at least seven days prior to the date of the hearing. The notice shall include the assessed valuation by category of real, personal and other tangible property in the political subdivision for the fiscal year for which the tax is to be levied as provided by subsection 3 of section 137.245, RSMo, the assessed valuation by category of real, personal and other tangible property in the political subdivision for the preceding taxable year, for each rate to be levied the amount of revenue required to be provided from the property tax as set forth in the annual budget adopted as provided by this chapter, and the tax rates proposed to be set for the various purposes of taxation. The tax rates shall be calculated to produce substantially the same revenues as required in the annual budget adopted as provided in this chapter. Following the hearing the governing body of each political subdivision shall fix the rates of taxes, the same to be entered in the tax book. Failure of any taxpayer to appear at such hearing shall not prevent the taxpayer from pursuit of any other legal remedy otherwise available to the taxpayer. Nothing in this section absolves political subdivisions of responsibilities under section 137.073, RSMo, nor to adjust tax rates in event changes in assessed valuation occur that would alter the tax rate calculations.

3. Each political subdivision of the state shall fix its property tax rates in the manner provided in this section for each fiscal year which begins after December 31, 1976. New or increased tax rates for political subdivisions whose taxes are collected by the county collector approved by voters after September first of any year shall not be included in that year's tax levy except for any new tax rate ceiling approved pursuant to section 71.800, RSMo.

4. In addition to the information required under subsections 1 and 2 of this section, each political subdivision shall also include the increase in tax revenue due to an increase in assessed value as a result of new construction and improvement and the increase, both in dollar value and percentage, in tax revenue as a result of reassessment if the proposed tax rate is adopted."; and

Further amend said bill, Section 137.180, Page 7, Line 78, by inserting immediately after all of said line the following:

"137.243. 1. To determine the "projected tax liability" required by subsections 2 and 3 of section 137.180, subsection 2 of section 137.355, and subsection 2 of section 137.490, the assessor, on or before March first of each **odd-numbered** tax year, shall provide the clerk with the assessment book which for this purpose shall contain the real estate values for that year, the prior year's state assessed values, and the prior year's personal property values. On or before

March fifteenth, the clerk shall make out an abstract of the assessment book showing the aggregate amounts of different kinds of real, personal, and other tangible property and the valuations of each for each political subdivision in the county, or in the city for any city not within a county, entitled to levy ad valorem taxes on property except for municipalities maintaining their own tax or assessment books. The governing body of each political subdivision or a person designated by the governing body shall use such information to informally project a nonbinding tax levy for that year and return such projected tax levy to the clerk no later than April eighth. The clerk shall forward such information to the collector who shall then calculate and, no later than April thirtieth, provide to the assessor the projected tax liability for each real estate parcel for which the assessor intends to mail a notice of increase pursuant to sections 137.180, 137.355, and 137.490.

2. Political subdivisions located at least partially within two or more counties, which are subject to divergent time requirements, shall comply with all requirements applicable to each such county and may utilize the most recent available information to satisfy such requirements.

3. Failure by an assessor to timely provide the assessment book or notice of increased assessed value, as provided in this section, may result in the state tax commission withholding all or a part of the moneys provided under section 137.720 and all state per-parcel reimbursement funds which would otherwise be made available to such assessor.

4. Failure by a political subdivision to provide the clerk with a projected tax levy in the time prescribed under this section shall result in a twenty percent reduction in such political subdivision's tax rate for the tax year, unless such failure is a direct result of a delinquency in the provision of, or failure to provide, information required by this section by the assessor or the clerk. If a political subdivision fails to provide the projected tax rate as provided in this section, the clerk shall notify the state auditor who shall, within seven days of receiving such notice, estimate a nonbinding tax levy for such political subdivision and return such to the clerk. The clerk shall notify the state auditor of any applicable reduction to a political subdivision's tax rate.

5. Any taxing district wholly within a county with a township form of government may, through a request submitted by the county clerk, request that the state auditor's office estimate a nonbinding projected tax rate based on the information provided by the county clerk. The auditor's office shall return the projected tax rate to the county clerk no later than April eighth.

6. The clerk shall deliver the abstract of the assessment book to each taxing district with a notice stating that their projected tax rates be returned to the clerk by April eighth."; and

Further amend the title and enacting clause accordingly.

Senate Amendment No. 6

AMEND Senate Committee Substitute for House Committee Substitute for House Bill No. 1316, Page 5, Section 55.190, Line 15, by inserting after all of said line the following:

"92.715. 1. The collectors of cities operating under the provisions of sections 92.700 to 92.920 shall proceed to collect the taxes contained in the back tax book or [record] **recorded** list of the delinquent land and lots in the collector's office as herein required.

2. Any person interested in or the owner of any tract of land or lot contained in the back tax book or in the recorded list of delinquent lands and lots in the collector's office may redeem such tract of land or town lot, or any part thereof, from the state's or such city's lien thereon, by paying to the proper collector the amount of the original taxes, together with interest from the date of delinquency at the rate of [one] **two** percent per month with a maximum rate of [ten] **eighteen** percent per annum and the costs. [For any delinquency occurring after January 1, 2000, the rate shall not exceed the prime rate, which shall mean the average predominant prime rate quoted by commercial banks to large businesses, as determined by the board of governors of the Federal Reserve System.]

3. If suit shall have been commenced against any tract of land or town lot for the collection of taxes, the person desiring to redeem any such land before judgment, in addition to the original tax, interest and costs including attorney's fee accruing under this law, shall pay to the city collector all necessary costs incurred in the court where the suit is pending, and the city collector shall account to the clerk of the court in which said suit is filed for the court costs so collected.

4. The provisions of the law with reference to the compromise of taxes shown on the back tax book or recorded list of delinquent land and lots in the collector's office shall apply to and shall also authorize the compromise of any judgment for taxes after the same had been rendered therefor and up to that time when the property shall be sold under execution issued on said judgment; such compromise to be authorized by the same officials and under the same conditions as set forth under existing law for the compromise of taxes. The comptroller of any city operating under the

provisions of sections 92.700 to 92.920 shall serve in lieu of the county commission. The comptroller shall also have the right to correct manifest errors."; and

Further amend said bill, Page 14, Section 140.080, Line 7, by inserting after all of said line the following:

"140.100. 1. Each tract of land in the back tax book, in addition to the amount of tax delinquent, shall be charged with a penalty of eighteen percent of each year's delinquency except that the penalty on lands redeemed prior to sale shall not exceed two percent per month or fractional part thereof. [In any city not within a county which elects to operate under the provisions of this chapter pursuant to section 141.970, RSMo, the maximum penalty on any delinquency occurring after January 1, 2000, shall not exceed the prime rate, which shall mean the average predominant prime rate quoted by commercial banks to large businesses, as determined by the Board of Governors of the Federal Reserve System.]

2. For making and recording the delinquent land lists, the collector and the clerk shall receive ten cents per tract or lot and the clerk shall receive five cents per tract or lot for comparing and authenticating such list."; and

A clean energy development board shall not enter into an assessment contract or levy or collect a special assessment for a project without making a finding that there are sufficient resources to complete the project and that the estimated economic benefit expected from the project during the financing period is equal to or greater than the cost of the project.

2. An assessment contract shall be executed by the clean energy development board and the benefitted property owner or property owners and shall provide:

(1) A description of the project, including the estimated cost of the project and details on how the project will either reduce energy consumption or create energy from renewable sources;

(2) A mechanism for:

(a) Verifying the final costs of the project upon its completion; and

(b) Ensuring that any amounts advanced or otherwise paid by the clean energy development board toward costs of the project will not exceed the final cost of the project;

(3) An acknowledgment by the property owner that the property owner has received or will receive a special benefit by financing a project through the clean energy development board that equals or exceeds the total assessments due under the assessment contract;

(4) An agreement by the property owner to pay annual special assessments for a period not to exceed twenty years, as specified in the assessment contract;

(5) A distribution of assessment amounts among all parcels of real property subject to the assessment contract;

(6) A statement that the obligations set forth in the assessment contract, including the obligation to pay annual special assessments, are a covenant that shall run with the land and be obligations upon future owners of such property; and

(7) An acknowledgment that no subdivision of property subject to the assessment contract shall be valid unless the assessment contract or an amendment thereof divides the total annual special assessment due between the newly subdivided parcels pro rata to the special benefit realized by each subdivided parcel.

3. The total special assessments levied against a property under an assessment contract shall not exceed the sum of the cost of the project, including any required energy audits and inspections, or portion thereof financed through the participation in a property assessed clean energy program or clean energy conduit financing, including the costs of any audits or inspections required by the clean energy development board, plus such administration fees, interest, and other financing costs reasonably required by the clean energy development board.

4. The clean energy development board shall provide a copy of each signed assessment contract to the local county assessor and county collector and shall cause a copy of such assessment contract to be recorded in the real estate records of the county recorder of deeds.

5. Special assessments agreed to under an assessment contract shall be a lien on the property against which it is assessed on behalf of the applicable clean energy development board from the date that each annual assessment under the assessment contract becomes due. Such special assessments shall be collected by the county collector in the same manner and with the same priority as ad valorem real property taxes. Once collected, the county collector shall pay over such special assessment revenues to the clean energy development board in the same manner in which revenues from ad valorem real property taxes are paid to other taxing districts. Such special assessments shall be collected as provided in this subsection from all subsequent property owners, including the state and all political subdivisions thereof, for the term of the assessment contract.

6. Any clean energy development board that contracts for outside administrative services to provide financing origination for a project shall offer the right of first refusal to enter into such a contract to a federally insured depository institution with a physical presence in Missouri upon the same terms and conditions as would otherwise be approved by the clean energy development board. Such right of first refusal shall not be applicable to the origination of any transaction that involves the issuance of bonds by the clean energy development board.

67.2820. 1. Any clean energy development board may establish a property assessed clean energy program to finance energy efficiency improvements or renewable energy improvements. A property assessed clean energy program shall consist of a program whereby a property owner may apply to a clean energy development board to finance the costs of a project through annual special assessments levied under an assessment contract.

2. A clean energy development board may establish application requirements and criteria for project financing approval as it deems necessary to effectively administer such program and ration available funding among projects, including but not limited to requiring projects to meet certain energy efficiency standards.

3. A clean energy development board may require an initial energy audit as defined in subdivision (4) of subsection 1 of section 640.153, as a prerequisite to project financing through a property assessed clean energy program as well as inspections to verify project completion.

67.2825. 1. In lieu of financing a project through a property assessed clean energy program, a clean energy development board may seek to finance any number of projects to be installed within a single parcel of property or within a unified development consisting of multiple adjoining parcels of property by participating in a clean energy conduit financing.

2. A clean energy conduit financing shall consist of the issuance of bonds under section 67.2830 payable from the special assessment revenues collected under an assessment contract with the property owner participating in the clean energy conduit financing and any other revenues pledged thereto.

67.2830. 1. A clean energy development board may issue bonds payable from special assessment revenues generated by assessment contracts and any other revenues pledged thereto. The bonds shall be authorized by resolution of the clean energy development board, shall bear such date or dates, and shall mature at such time or times as the resolution shall specify, provided that the term of any bonds issued for a clean energy conduit financing shall not exceed twenty years. The bonds shall be in such denomination, bear interest at such rate, be in such form, be issued in such manner, be payable in such place or places, and be subject to redemption as such resolution may provide. Notwithstanding any provision to the contrary under this section, issuance of the bonds shall conform to the requirements of subsection 1 of section 108.170.

2. Any bonds issued under this section shall not constitute an indebtedness of the state or any municipality. Neither the state nor any municipality shall be liable on such bonds, and the form of such bonds shall contain a statement to such effect.

67.2835. The director of the department of economic development is authorized to allocate the state's residual share, or any portion thereof, of the national qualified energy conservation bond limitation under Section 54D of the Internal Revenue Code of 1986, as amended, for any purposes described therein to the authority, any clean energy development board, the state, any political subdivision, instrumentality, or other body corporate and politic."; and

JOURNAL OF THE HOUSE

Second Regular Session, 95th GENERAL ASSEMBLY

SIXTY-NINTH DAY, WEDNESDAY, MAY 12, 2010

The House met pursuant to adjournment.

Speaker Pro Tem Pratt in the Chair.

Prayer by Reverend James Earl Jackson.

LORD, O Lord, how excellent is Your name in all the Earth. God, You look down from Heaven and see the whole human race. From Your throne You observe all who live on the Earth. You made our hearts, so You understand everything we do. We depend on You; You are everything we need.

Father God, these last days signal the drawing to a close, a special chapter in the life of many of these Representatives. Thank You for their time, sacrifices, commitments and faithful service rendered on behalf of this State. Grant them a moment to breathe, enjoy family, reflect and receive counsel before embarking upon the next phase of life. As they seek You, give them clear guidance concerning their next assignment and may they be assured of Your presence each step of the way.

As the last days of this Session swiftly approach and a flurry of activities ensue, may each member be wise and not rushed in their discussions. May their final decisions be made based on sound research, reasoned thought, wise counsel and a clear understanding of the times in which we live and the best course of action. Give them success this day and show kindness to each one.

Now may the God of hope fill You with all joy and peace in believing, that You may abound in hope by the power of the Holy Spirit.

In the name of Your Son, I pray. Amen.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Rachel Mann, Nick Santangelo, Austin Becherer, Shannon Patricia-Grace Dickson, Ryan Taylor Dickson, Lilyana Schafer, Logan Schafer, Noah Alan Sandidge, Emma Rose Sandidge, Drew Dodd, Delaney Dodd, Blake Fuchs, Ava Brickner, Drew Gingerich, Lauren Gingerich, Trey Rouse, Sophia Dominguez-Heithoff, Christian Holferty, Reilly Scott, Natalie Shively, Catalin Shively, Joshua Thompson, Hunter Schwent, Caitlin Decker-Pohlman and John Andrew Acker.

MESSAGES FROM THE SENATE

Mr. Speaker: I am instructed by the Senate to inform the House of Representatives that the Senate has taken up and adopted the Conference Committee Report on **SCS HCS HBs 1311 & 1341**, and has taken up and passed **CCS SCS HCS HBs 1311 & 1341**.

Mr. Speaker: I am instructed by the Senate to inform the House of Representatives that the Senate has taken up and passed **HB 1559**.

Mr. Speaker: I am instructed by the Senate to inform the House of Representatives that the Senate has taken up and passed **HCS HB 2070**, entitled:

An act to repeal section 321.243, RSMo, and to enact in lieu thereof one new section relating to taxes for joint central fire and emergency dispatching services.

With Senate Amendment No. 1.

Senate Amendment No. 1

AMEND House Committee Substitute for House Bill No. 2070, Page 1, Section A, Line 2, by inserting immediately after said line the following:

"190.335. 1. In lieu of the tax levy authorized under section 190.305 for emergency telephone services, the county commission of any county may impose a county sales tax for the provision of central dispatching of fire protection, including law enforcement agencies, emergency ambulance service or any other emergency services, including emergency telephone services, which shall be collectively referred to herein as "emergency services", and which may also include the purchase and maintenance of communications and emergency equipment, including the operational costs associated therein, in accordance with the provisions of this section.

2. Such county commission may, by a majority vote of its members, submit to the voters of the county, at a public election, a proposal to authorize the county commission to impose a tax under the provisions of this section. If the residents of the county present a petition signed by a number of residents equal to ten percent of those in the county who voted in the most recent gubernatorial election, then the commission shall submit such a proposal to the voters of the county.

3. The ballot of submission shall be in substantially the following form:

Shall the county of (insert name of county) impose a county sales tax of (insert rate of percent) percent for the purpose of providing central dispatching of fire protection, emergency ambulance service, including emergency telephone services, and other emergency services?

☐ YES

☐ NO

If a majority of the votes cast on the proposal by the qualified voters voting thereon are in favor of the proposal, then the ordinance shall be in effect as provided herein. If a majority of the votes cast by the qualified voters voting are opposed to the proposal, then the county commission shall have no power to impose the tax authorized by this section unless and until the county commission shall again have submitted another proposal to authorize the county commission to impose the tax under the provisions of this section, and such proposal is approved by a majority of the qualified voters voting thereon.

4. The sales tax may be imposed at a rate not to exceed one percent on the receipts from the sale at retail of all tangible personal property or taxable services at retail within any county adopting such tax, if such property and services are subject to taxation by the state of Missouri under the provisions of sections 144.010 to 144.525, RSMo. The

sales tax shall not be collected prior to thirty-six months before operation of the central dispatching of emergency services.

5. Except as modified in this section, all provisions of sections 32.085 and 32.087, RSMo, shall apply to the tax imposed under this section.

6. Any tax imposed pursuant to section 190.305 shall terminate at the end of the tax year in which the tax imposed pursuant to this section for emergency services is certified by the board to be fully operational. Any revenues collected from the tax authorized under section 190.305 shall be credited for the purposes for which they were intended.

7. At least once each calendar year, the governing body shall establish a tax rate, not to exceed the amount authorized, that together with any surplus revenues carried forward will produce sufficient revenues to fund the expenditures authorized by this act. Amounts collected in excess of that necessary within a given year shall be carried forward to subsequent years. The governing body shall make its determination of such tax rate each year no later than September first and shall fix the new rate which shall be collected as provided in this act. Immediately upon making its determination and fixing the rate, the governing body shall publish in its minutes the new rate, and it shall notify every retailer by mail of the new rate.

8. Immediately upon the affirmative vote of voters of such a county on the ballot proposal to establish a county sales tax pursuant to the provisions of this section, the county commission shall appoint the initial members of a board to administer the funds and oversee the provision of emergency services in the county. Beginning with the general election in 1994, all board members shall be elected according to this section and other applicable laws of this state. At the time of the appointment of the initial members of the board, the commission shall relinquish and no longer exercise the duties prescribed in this chapter with regard to the provision of emergency services and such duties shall be exercised by the board.

9. The initial board shall consist of seven members appointed without regard to political affiliation, who shall be selected from, and who shall represent, the fire protection districts, ambulance districts, sheriff's department, municipalities, any other emergency services and the general public. This initial board shall serve until its successor board is duly elected and installed in office. The commission shall ensure geographic representation of the county by appointing no more than four members from each district of the county commission.

10. Beginning in 1994, three members shall be elected from each district of the county commission and one member shall be elected at large, such member to be the chairman of the board. Of those first elected, four members from districts of the county commission shall be elected for terms of two years and two members from districts of the county commission and the member at large shall be elected for terms of four years. In 1996, and thereafter, all terms of office shall be four years.

11. Notwithstanding the provisions of subsections 8 to 10 of this section to the contrary, in any county of the first classification with more than two hundred forty thousand three hundred but fewer than two hundred forty thousand four hundred inhabitants, any emergency telephone service 911 board appointed by the county under section 190.309 which is in existence on the date the voters approve a sales tax under this section shall continue to exist and shall have the powers set forth under section 190.339.

12. (1) Notwithstanding the provisions of subsections 8 to 10 of this section to the contrary, in any county of the second classification with more than fifty-four thousand two hundred but fewer than fifty-four thousand three hundred inhabitants that has approved a sales tax under this section, the county commission shall appoint the members of the board to administer the funds and oversee the provision of emergency services in the county.

(2) The board shall consist of seven members appointed without regard to political affiliation. Each member shall be one of the following:

- (a) The head of any of the county's fire protection districts, or a designee;
- (b) The head of any of the county's ambulance districts, or a designee;
- (c) The county sheriff, or a designee;
- (d) The head of any of the police departments in the county, or a designee; and
- (e) The head of any of the county's emergency management organizations, or a designee.

(3) Upon the appointment of the board under this subsection, the board shall have the power provided in section 190.339 and shall exercise all powers and duties exercised by the county commission under this chapter, and the commission shall relinquish all powers and duties relating to the provision of emergency services under this chapter to the board.

13. Provisions of this section to the contrary notwithstanding, in any county with a charter form of government and with more than one million inhabitants which imposes a sales tax authorized under the provisions of this section, such tax shall not apply to sales at retail of "food", as such term is defined under section 144.014."; and

Further amend the title and enacting clause accordingly.

In which the concurrence of the House is respectfully requested.

Mr. Speaker: I am instructed by the Senate to inform the House of Representatives that the Senate has taken up and passed **SCS HB 2285**, entitled:

“32.070. 1. The director of the department of revenue shall enter into the streamlined sales and use tax agreement with one or more states to simplify and modernize sales and use tax administration in order to substantially reduce the burden of tax compliance for all sellers and for all types of commerce. In furtherance of the streamlined sales and use tax agreement, the director of the department of revenue may act jointly with other states that are members of the streamlined sales and use tax agreement to establish standards for certification of a certified service provider and certified automated system and establish performance standards for multistate sellers.

2. The director of the department of revenue may take other action reasonably required to implement the provisions set forth in the streamlined sales and use tax administration act, including, but not limited to, the promulgation of rules and the joint procurement, with other member states, of goods and services in furtherance of the streamlined sales and use tax agreement.

3. The director of the department of revenue or the director's designee may represent this state before the other states that are signatories to the streamlined sales and use tax agreement.

4. The department of revenue shall promulgate rules necessary to implement the provisions of the streamlined sales and use tax agreement. Any rule or portion of a rule, as that term is defined in section 536.010 that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after January 1, 2012, shall be invalid and void.

32.086. Notwithstanding any other provision of law, for all local sales and use taxes collected by the department and remitted to a political jurisdiction or taxing district, the department shall remit one percent of the amount collected to the general revenue fund to offset the cost of collection, unless a greater amount is specified in the local sales and use tax law. The department shall not commingle the remaining amounts collected with general revenues and shall remit the remaining amounts collected to the political jurisdiction or taxing district less any credits for erroneous payments, overpayments, and dishonored checks.

32.087. 1. Within ten days after the adoption of any ordinance or order in favor of adoption of any local sales tax authorized under the local sales tax law by the voters of a taxing entity, the governing body or official of such taxing entity shall forward to the director of revenue by United States registered mail or certified mail a certified copy of the ordinance or order. In the event a retailer has more than one place of business in this state which participates in the sale, the sale shall be deemed to be consummated at the place of business of the retailer where the initial order for the tangible personal property is taken, even though the order must be forwarded elsewhere for acceptance, approval of credit, shipment or billing. A sale by a retailer's agent or employee shall be deemed to be consummated at the place of business from which he works] **sourced as provided by sections 144.1034 and 144.1037.**

[14.] 13. The proceeds from such sale shall first be applied to all sums due the state, and the remainder, if any, shall be applied to all sums due such taxing entity.

[18.] **17.** If a local sales tax has been in effect for at least one year under the provisions of the local sales tax law and voters approve reimposition of the same local sales tax at the same rate at an election as provided for in the local sales tax law prior to the date such tax is due to expire, the tax so reimposed shall become effective the first day of the first calendar quarter after the director receives a certified copy of the ordinance, order or resolution accompanied by a map clearly showing the boundaries thereof and the results of such election, provided that such ordinance, order or resolution and all necessary accompanying materials are received by the director at least thirty days prior to the expiration of such tax. Any administrative cost or expense incurred by the state as a result of the provisions of this subsection shall be paid by the city or county reimposing such tax.

Every issue of such bonds, notes, or other obligations shall be payable out of property and revenues of the district and may be further secured by other property of the district, which may be pledged, assigned, mortgaged, or a security interest granted for such payment, without preference or priority of the first bonds issued, subject to any agreement with the holders of any other bonds pledging any specified property or revenues. Such bonds, notes, or other obligations shall be authorized by resolution of the district board, and shall bear such date or dates, and shall mature at such time or times, but not in excess of thirty years, as the resolution shall specify. Such bonds, notes, or other obligations shall be in such denomination, bear interest at such rate or rates, be in such form, either coupon or registered, be issued as current interest bonds, compound interest bonds, variable rate bonds, convertible bonds, or zero coupon bonds, be issued in such manner, be payable in such place or places, and be subject to redemption as such resolution may provide, notwithstanding section 108.170, RSMo. The bonds, notes, or other obligations may be sold at either public or private sale, at such interest rates, and at such price or prices as the district shall determine;

(5) To acquire, transfer, donate, lease, exchange, mortgage, and encumber real and personal property in furtherance of district purposes;

(11) To have and exercise all rights and powers necessary or incidental to or implied from the specific powers granted by this section.

9. There is hereby created the "Exhibition Center and Recreational Facility District Sales Tax Trust Fund", which shall consist of all sales tax revenue collected pursuant to this section. The director of revenue shall be custodian of the trust fund, and moneys in the trust fund shall be used solely for the purposes authorized in this section. Moneys in the trust fund shall be considered nonstate funds pursuant to section 15, article IV, Constitution of Missouri. The director of revenue shall invest moneys in the trust fund in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the trust fund. All sales taxes collected by the director of revenue pursuant to this section on behalf of the district, less one percent for the cost of collection which shall be deposited in the state's general revenue fund after payment of premiums for surety bonds as provided in section 32.087, RSMo, shall be deposited in the trust fund. The director of revenue shall keep accurate records of the amount of moneys in the trust fund which was collected in the district imposing a sales tax pursuant to this section, and the records shall be open to the inspection of the officers of each district and the general public. Not later than the tenth day of each month, the director of revenue shall distribute all moneys deposited in the trust fund during the preceding month to the district. The director of revenue may authorize refunds from the amounts in the trust fund and credited to the district for erroneous payments and overpayments made, and may redeem dishonored checks and drafts deposited to the credit of the district.

10. The sales tax authorized by this section is in addition to all other sales taxes allowed by law. **After the effective date of any tax imposed under the provisions of this section, the director of revenue shall perform all functions incident to the administration, collection, enforcement, and operation of the tax and collect, in addition to the sales tax for the state of Missouri, the additional tax authorized under the authority of this section. The tax imposed under this section and the tax imposed under the sales tax law of the state of Missouri shall be collected together and reported upon such forms and under such administrative rules and regulations as may be prescribed by the director of revenue.**

11. Except as modified in this section, all provisions of sections 32.085 and 32.087, RSMo, apply to the sales tax imposed pursuant to this section.

[11.] 12. Any sales tax imposed pursuant to this section shall not extend past the initial term approved by the voters unless an extension of the sales tax is submitted to and approved by the qualified voters in each county in the manner provided in this section. Each extension of the sales tax shall be for a period not to exceed twenty years. The ballot of submission for the extension shall be in substantially the following form:

Shall the (name of district) extend the sales tax of one-fourth of one percent for a period of (insert number of years) years to fund the acquisition, construction, maintenance, operation, improvement, and promotion of an exhibition center and recreational facilities?

☐ YES

☐ NO

If you are in favor of the question, place an "X" in the box opposite "YES". If you are opposed to the question, place an "X" in the box opposite "NO".

If a majority of the votes cast favor the extension, then the sales tax shall remain in effect at the rate and for the time period approved by the voters. If a sales tax extension is not approved, the district may submit another sales tax proposal as authorized in this section, but the district shall not submit such a proposal to the voters sooner than twelve months from the date of the last extension submitted.

[12.] 13. Once the sales tax authorized by this section is abolished or terminated by any means, all funds remaining in the trust fund shall be used solely for the purposes approved in the ballot question authorizing the sales tax. The sales tax shall not be abolished or terminated while the district has any financing or other obligations outstanding; provided that any new financing, debt, or other obligation or any restructuring or refinancing of an existing debt or obligation incurred more than ten years after voter approval of the sales tax provided in this section or more than ten years after any voter-approved extension thereof shall not cause the extension of the sales tax provided in this section or cause the final maturity of any financing or other obligations outstanding to be extended. Any funds in the trust fund which are not needed for current expenditures may be invested by the district in the securities described in subdivisions (1) to (12) of subsection 1 of section 30.270, RSMo, or repurchase agreements secured by such securities. If the district abolishes the sales tax, the district shall notify the director of revenue of the action at least ninety days before the effective date of the repeal, and the director of revenue may order retention in the trust fund, for a period of one year, of two percent of the amount collected after receipt of such notice to cover possible refunds or overpayment of the sales tax and to redeem dishonored checks and drafts deposited to the credit of such accounts. After one year has elapsed after the effective date of abolition of the sales tax in the district, the director of revenue shall remit the balance in the account to the district and close the account of the district. The director of revenue shall notify the district of each instance of any amount refunded or any check redeemed from receipts due the district.

[13.] 14. In the event that the district is dissolved or terminated by any means, the governing bodies of the counties in the district shall appoint a person to act as trustee for the district so dissolved or terminated. Before beginning the discharge of duties, the trustee shall take and subscribe an oath to faithfully discharge the duties of the office, and shall give bond with sufficient security, approved by the governing bodies of the counties, to the use of the dissolved or terminated district, for the faithful discharge of duties. The trustee shall have and exercise all powers necessary to liquidate the district, and upon satisfaction of all remaining obligations of the district, shall pay over to the county treasurer of each county in the district and take receipt for all remaining moneys in amounts based on the ratio the levy of each county bears to the total levy for the district in the previous three years or since the establishment of the district, whichever time period is shorter. Upon payment to the county treasurers, the trustee shall deliver to the clerk of the governing body of any county in the district all books, papers, records, and deeds belonging to the dissolved district.

67.2030. 1. The tax authorized by this section shall be in addition to any and all other sales taxes allowed by law, except that no ordinance or order imposing a sales tax pursuant to this section shall be effective unless the governing authority of the city submits to the qualified voters of the city, at any municipal or state general, primary, or special election, a proposal to authorize the governing authority of the city to impose a tax.

2. The ballot of submission shall be in substantially the following form:

"Shall the city of (city's name) impose a citywide sales tax of (insert amount) for the purpose of promoting tourism in the city?"

☐ YES

☐ NO

If you are in favor of the question, place an "X" in the box opposite "YES". If you are opposed to the question, place an "X" in the box opposite "NO".

If a majority of the votes cast on the proposal by the qualified voters voting thereon are in favor of the proposal, then the ordinance or order and any amendments thereto shall be in effect on the first day of the [first] **second** calendar quarter immediately [following notification to] **after** the director of the department of revenue [of the election approving the proposal] **receives notification of adoption of the local sales tax**. If a proposal receives less than the required majority, then the governing authority of the city shall have no power to impose the sales tax unless and until the governing authority of the city has submitted another proposal to authorize the imposition of the sales tax authorized by this section and such proposal is approved by the required majority of the qualified voters voting thereon. However, in no event shall a proposal pursuant to this section be submitted to the voters sooner than twelve months from the date of the last proposal pursuant to this section.

3. [On and after the effective date of any tax authorized in this section, the city may adopt one of the two following provisions for the collection and administration of the tax:

(1) The city may adopt rules and regulations for the internal collection of such tax by the city officers usually responsible for collection and administration of city taxes; or

(2) The city may enter into an agreement with the director of revenue of the state of Missouri for the purpose of collecting the tax authorized in this section. In the event any city enters into an agreement with the director of revenue of the state of Missouri for the collection of the tax authorized in this section, the director of revenue shall perform all functions incident to the administration, collection, enforcement, and operation of such tax, and the director of revenue shall collect the additional tax authorized in this section. The tax authorized in this section shall be collected and reported upon such forms and under such administrative rules and regulations as may be prescribed by the director of revenue, and the director of revenue shall retain an amount not to exceed one percent for cost of collection.

4. If a tax is imposed by a city pursuant to this section, the city may collect a penalty of one percent and interest not to exceed two percent per month on unpaid taxes which shall be considered delinquent thirty days after the last day of each quarter.] **After the effective date of any tax imposed under the provisions of this section, the director of revenue shall perform all functions incident to the administration, collection, enforcement, and operation of the tax and collect, in addition to the sales tax for the state of Missouri, the additional tax authorized under the authority of this section. The tax imposed under this section and the tax imposed under the sales tax law of the state of Missouri shall be collected together and reported upon such forms and under such administrative rules and regulations as may be prescribed by the director of revenue.**

[5.]4. (1) The governing authority of any city that has adopted any sales tax pursuant to this section shall, upon filing of a petition calling for the repeal of such sales tax signed by at least ten percent of the qualified voters in the city, submit the question of repeal of the sales tax to the qualified voters at any primary or general election. The ballot of submission shall be in substantially the following form:

Shall (insert name of city) repeal the sales tax of (insert rate of percent) percent for tourism purposes now in effect in (insert name of city)?

☐ YES

☐ NO

If you are in favor of the question, place an "X" in the box opposite "YES". If you are opposed to the question, place an "X" in the box opposite "NO".

If a majority of the votes cast on the proposal are in favor of repeal, that repeal shall become effective on December thirty-first of the calendar year in which such repeal was approved. **If the city or county abolishes the tax, the city or county shall notify the director of revenue of the action at least one hundred twenty days prior to the effective date of the repeal.**

(2) Once the tax is repealed as provided in this section, all funds remaining in any trust fund or account established to receive revenues generated by the tax shall be used solely for the original stated purpose of the tax. Any funds which are not needed for current expenditures may be invested by the governing authority in accordance with applicable laws relating to the investment of other city funds.

(3) The governing authority of a city repealing a tax pursuant to this section shall notify the director of revenue of the action at least forty-five days before the effective date of the repeal and the director of revenue may order retention in any trust fund created in the state treasury associated with the tax, for a period of one year, of two percent of the amount collected after receipt of such notice to cover refunds or overpayment of the tax and to redeem dishonored checks and drafts deposited to the credit of such accounts. After one year has elapsed after the effective date of repeal of the tax in the city, the director of revenue shall remit the balance in the trust fund to the city and close the account of that city. The director of revenue shall notify each city of each instance of any amount refunded or any check redeemed from receipts due the city.

(4) In the event that the repeal of a sales tax pursuant to this section dissolves or terminates a taxing district, the governing authority of the city shall appoint a person to act as trustee for the district so dissolved or terminated. Before beginning the discharge of duties, the trustee shall take and subscribe an oath to faithfully discharge the duties of the office, and shall give bond with sufficient security, approved by the governing authority of the city, to the use of the dissolved or terminated district, for the faithful discharge of duties. The trustee shall have and exercise all powers necessary to liquidate the district, and upon satisfaction of all remaining obligations of the district, shall pay over to the city treasurer or the equivalent official and take receipt for all remaining moneys. Upon payment to the city treasurer, the trustee shall deliver to the clerk of the governing authority of the city all books, papers, records, and deeds belonging to the dissolved district.

[6.]5. Except as modified in this section, all provisions of sections 32.085 and 32.087, RSMo, shall apply to the tax imposed pursuant to this section.

67.2525. 1. Each member of the board of directors shall have the following qualifications:

Each voter which is not an individual shall determine how to cast its vote as provided for in its articles of incorporation, articles of organization, articles of partnership, bylaws, or other document which sets forth an appropriate mechanism for the determination of the entity's vote. If a voter has no such mechanism, then its vote shall be cast as determined by a majority of the persons who run the day-to-day affairs of the voter. The results of the meeting shall be certified by the temporary chairman and secretary to the municipal clerk if the district is established by a municipality described in this section, or to the circuit clerk if the district is established by a circuit court.

6. Successor boards shall be appointed or elected, depending upon the presence or absence of resident registered voters, by the mayor or chairman of a city, town, or village described in this section, or the property owners as set forth above; provided, however, that elections held by the property owners after the initial board is elected shall be certified to the municipal clerk of the city, town, or village where the district is located and the board of directors of the district.

9. Within thirty days after the selection of the initial directors, the board shall meet. At its first meeting and annually thereafter the board shall elect a chairman from its members.

10. The board shall appoint an executive director, district secretary, treasurer, and such other officers or employees as it deems necessary.

In those subdistricts that approve the sales tax, the sales tax shall become effective on the first day of the [first] **second** calendar quarter [immediately following the action by the district board of directors imposing the tax] **after the director of revenue receives notification of adoption of the local sales tax.**

14. Each director shall devote such time to the duties of the office as the faithful discharge thereof may require and be reimbursed for his or her actual expenditures in the performance of his or her duties on behalf of the district. Directors may be compensated, but such compensation shall not exceed one hundred dollars per month.

15. In addition to all other powers granted by sections 67.2500 to 67.2530, the district shall have the following general powers:

(1) To sue and be sued in its own name, and to receive service of process, which shall be served upon the district secretary;

(2) To fix compensation of its employees and contractors;

(3) To enter into contracts, franchises, and agreements with any person or entity, public or private, affecting the affairs of the district, including contracts with any municipality, district, or state, or the United States, and any of their agencies, political subdivisions, or instrumentalities, for the funding, including without limitation, interest rate exchange or swap agreements, planning, development, construction, acquisition, maintenance, or operation of a district facility or to assist in such activity;

(14) To exercise such other powers necessary or convenient for the district to accomplish its purposes which are not inconsistent with its express powers.

16. A district may at any time authorize or issue notes, bonds, or other obligations for any of its powers or purposes. Such notes, bonds, or other obligations:

(1) Shall be in such amounts as deemed necessary by the district, including costs of issuance thereof;

(2) Shall be payable out of all or any portion of the revenues or other assets of the district;

(3) May be secured by any property of the district which may be pledged, assigned, mortgaged, or otherwise encumbered for payment;

The provisions of this subsection are applicable to the district notwithstanding the provisions of section 108.170, RSMo.

67.2530. 1. Any note, bond, or other indebtedness of the district may be refunded at any time by the district by issuing refunding bonds in such amount as the district may deem necessary. Such bonds shall be subject to and shall have the benefit of the foregoing provisions regarding notes, bonds, and other obligations. Without limiting the generality of the foregoing, refunding bonds may include amounts necessary to finance any premium, unpaid interest, and costs of issuance in connection with the refunding bonds. Any such refunding may be effected whether the bonds to be refunded then shall have matured or thereafter shall mature, either by sale of the refunding bonds and the application of the proceeds thereof to the payment of the obligations being refunded or the exchange of the refunding bonds for the obligations being refunded with the consent of the holders of the obligations being refunded.

2. Notes, bonds, or other indebtedness of the district shall be exclusively the responsibility of the district payable solely out of the district funds and property and shall not constitute a debt or liability of the state of Missouri or any agency or political subdivision of the state. Any notes, bonds, or other indebtedness of the district shall state on their face that they are not obligations of the state of Missouri or any agency or political subdivision thereof other than the district.

3. Any district may by resolution impose a district sales tax of up to one-half of one percent on all retail sales made in such district that are subject to taxation pursuant to the provisions of sections 144.010 to 144.525, RSMo. Upon voter approval, and receiving the necessary certifications from the governing body of the municipality in which the district is located, or from the circuit court if the district was formed by the circuit court, the board of directors shall have the power to impose a sales tax at its first meeting, or any meeting thereafter. Voter approval of the question of the imposing sales tax shall be in accordance with section 67.2520. [The sales tax shall become effective in those

subdistricts that approve the sales tax on the first day of the first calendar quarter immediately following the passage of a resolution by the board of directors imposing the sales tax.

4. In each district in which a sales tax has been imposed in the manner provided by this section, every retailer shall add the tax imposed by the district pursuant to this section to the retailer's sale price, and when so added, such tax shall constitute a part of the price, shall be a debt of the purchaser to the retailer until paid, and shall be recoverable at law in the same manner as the purchase price.

5. In order to permit sellers required to collect and report the sales tax authorized by this section to collect the amount required to be reported and remitted, but not to change the requirements of reporting or remitting tax or to serve as a levy of the tax, and in order to avoid fractions of pennies, the district may establish appropriate brackets which shall be used in the district imposing a tax pursuant to this section in lieu of those brackets provided in section 144.285, RSMo.

6.] 4. All revenue received by a district from the sales tax authorized by this section shall be deposited in a special trust fund and shall be used solely for the purposes of the district. Any funds in such special trust fund which are not needed for the district's current expenditures may be invested by the district board of directors in accordance with applicable laws relating to the investment of other district funds.

[7.] 5. The sales tax may be imposed at a rate of up to one-half of one percent on the receipts from the sale at retail of all tangible personal property or taxable services at retail within the district adopting such tax, if such property and services are subject to taxation by the state of Missouri pursuant to the provisions of sections 144.010 to 144.525, RSMo. Any district sales tax imposed pursuant to this section shall be imposed at a rate that shall be uniform throughout the subdistricts approving the sales tax.

[8. The resolution imposing the sales tax pursuant to this section shall impose upon all sellers a tax for the privilege of engaging in the business of selling tangible personal property or rendering taxable services at retail to the extent and in the manner provided in sections 144.010 to 144.525, RSMo, and the rules and regulations of the director of revenue issued pursuant thereto; except that the rate of the tax shall be the rate imposed by the resolution as the sales tax and the tax shall be reported and returned to and collected by the district.

9. (1) On and after the effective date of any sales tax imposed pursuant to this section, the district shall perform all functions incident to the administration, collection, enforcement, and operation of the tax. The sales tax imposed pursuant to this section shall be collected and reported upon such forms and under such administrative rules and regulations as may be prescribed by the district.

(2)] 6. **After the effective date of any tax imposed under the provisions of this section, the director of revenue shall perform all functions incident to the administration, collection, enforcement, and operation of the tax and collect, in addition to the sales tax for the state of Missouri, the additional tax authorized under the authority of this section. The tax imposed under this section and the tax imposed under the sales tax law of the state of Missouri shall be collected together and reported upon such forms and under such administrative rules and regulations as may be prescribed by the director of revenue.**

7. All [such] sales taxes [collected by the district] shall be deposited by the district in a special fund to be expended for the purposes authorized in this section. The district shall keep accurate records of the amount of money which was collected pursuant to this section, and the records shall be open to the inspection of officers of each district and the general public.

[(3) The district may contract with the municipality that the district is within for the municipality to collect any revenue received by the district and, after deducting the cost of such collection, but not to exceed one percent of the total amount collected, deposit such revenue in a special trust account. Such revenue and interest may be applied by the municipality to expenses, costs, or debt service of the district at the direction of the district as set forth in a contract between the municipality and the district.

10. (1) All applicable provisions contained in sections 144.010 to 144.525, RSMo, governing the state sales tax, sections 32.085 and 32.087, RSMo, and section 32.057, RSMo, the uniform confidentiality provision, shall apply to the collection of the tax imposed by this section, except as modified in this section.

(2) All exemptions granted to agencies of government, organizations, persons, and to the sale of certain articles and items of tangible personal property and taxable services pursuant to the provisions of sections 144.010 to 144.525, RSMo, are hereby made applicable to the imposition and collection of the tax imposed by this section.

(3) The same sales tax permit, exemption certificate, and retail certificate required by sections 144.010 to 144.525, RSMo, for the administration and collection of the state sales tax shall satisfy the requirements of this section, and no additional permit or exemption certificate or retail certificate shall be required; except that the district may prescribe a form of exemption certificate for an exemption from the tax imposed by this section.

(4) All discounts allowed the retailer pursuant to the provisions of the state sales tax laws for the collection of and for payment of taxes pursuant to such laws are hereby allowed and made applicable to any taxes collected pursuant to the provisions of this section.

(5) The penalties provided in section 32.057, RSMo, and sections 144.010 to 144.525, RSMo, for violation of those sections are hereby made applicable to violations of this section.

(6) For the purpose of a sales tax imposed by a resolution pursuant to this section, all retail sales shall be deemed to be consummated at the place of business of the retailer unless the tangible personal property sold is delivered by the retailer or the retailer's agent to an out-of-state destination or to a common carrier for delivery to an out-of-state destination. In the event a retailer has more than one place of business in this state which participates in the sale, the sale shall be deemed to be consummated at the place of business of the retailer where the initial order for the tangible personal property is taken, even though the order must be forwarded elsewhere for acceptance, approval of credit, shipment, or billing. A sale by a retailer's employee shall be deemed to be consummated at the place of business from which the employee works.

(7)] **8.** Subsequent to the initial approval by the voters and implementation of a sales tax in the district, the rate of the sales tax may be increased, but not to exceed a rate of one-half of one percent on retail sales as provided in this subsection. 3. In case of charge and time sales the gross receipts thereof shall be included as sales in the returns as and when payments are received by the person, without any deduction therefrom whatsoever.

4. If an error or omission is discovered in a return or a change be necessary to show the true facts, the error may be corrected, the omission supplied, or the change made in the return next filed with the director for the filing period immediately following the filing period in which the error was made or the omission occurred, as prescribed by law, except that no refund under this chapter shall be allowed for any amount of tax paid by a seller which is based upon charges incident to credit card discounts. Any other omission or error must be corrected by filing an amended return for the erroneously reported period if the amount of tax is less than that originally reported, or an additional return if the amount of tax is greater than that originally reported. An additional return shall be deemed filed on the date the envelope in which it is mailed is postmarked or the date it is received by the director, whichever is earlier. Any payment of tax, interest, penalty or additions to tax shall be deemed filed on the date the envelope containing the payment is postmarked or the date the payment is received by the director, whichever is earlier. If a refund or credit results from the filing of an amended return, no refund or credit shall be allowed unless an application for refund or credit is properly completed and submitted to the director pursuant to section 144.190.

5. The amount of gross receipts from sales and the amount of tax due returned by the person, as well as all matters contained in the return, is subject to review and revision in the manner herein provided for the correction of the returns.

6. The director of revenue may require any seller to file and remit sales tax electronically through a simplified electronic return.

144.105. 1. The state shall review software submitted to the streamlined sales and use tax governing board for certification as a certified automated system (CAS) under Section 501 of the streamlined sales and use tax agreement. Such review shall include a review to determine that the program adequately classifies the state's

product-based exemptions. Upon completion of the review, the state shall certify to the governing board its acceptance of the classifications made by the system. The state shall relieve a certified service provider (CSP) or model 2 seller from liability to this state and its local jurisdictions for failure to collect sales or use taxes resulting from the CSP or model 2 seller's reliance on the certification provided by the state.

2. The streamlined sales and use tax governing board and this state shall not be responsible for classification of an item or transaction with the product-based exemptions. The relief from liability provided in this section shall not be available for a CSP or model 2 seller that has incorrectly classified an item or transaction into a product-based exemption certified by this state. This subsection shall apply to the individual listing of items or transactions within a product definition approved by the governing board or the state.

3. If the state determines that an item or transaction is incorrectly classified as to its taxability, it shall notify the CSP or model 2 seller of the incorrect classification. The CSP or model 2 seller shall have ten days to revise the classification after receipt of notice from the state of the determination. Upon expiration of the ten days, such CSP or model 2 seller shall be liable for failure to collect the correct amount of sales or use taxes due and owing to the state.

144.526. 1. This section shall be known and may be cited as the "Show Me Green Sales Tax Holiday".

2. For purposes of this section, the following terms mean:

(1) "Appliance", clothes washers and dryers, water heaters, trash compactors, dishwashers, conventional ovens, ranges, stoves, air conditioners, furnaces, refrigerators and freezers; and

(2) "Energy star certified", any appliance approved by both the United States Environmental Protection Agency and the United States Department of Energy as eligible to display the energy star label, as amended from time to time.

3. [4. A political subdivision may allow the sales tax holiday under this section to apply to its local sales taxes by enacting an ordinance to that effect. Any such political subdivision shall notify the department of revenue not less than forty-five calendar days prior to the beginning date of the sales tax holiday occurring in that year of any such ordinance or order.

5. This section may not apply to any retailer when less than two percent of the retailer's merchandise offered for sale qualifies for the sales tax holiday. The retailer shall offer a sales tax refund in lieu of the sales tax holiday.]

144.625. To secure the payment of the tax, interest and penalties, which may become due from a vendor as provided in sections 144.600 to 144.745, the director of revenue may, where necessary to secure the payment of the tax, interest, and penalties require [all vendors] **a vendor** to file a bond or a letter of credit in an amount to be determined by the director, under the same requirements as provided in section 144.087.

144.655. 1. Every vendor, on or before the last day of the month following each calendar quarterly period of three months, shall file with the director of revenue a return of all taxes collected for the preceding quarter in the form prescribed by the director of revenue, showing the total sales price of the tangible personal property sold by the vendor, the storage, use or consumption of which is subject to the tax levied by this law, and other information the director of revenue deems necessary. The return shall be accompanied by a remittance of the amount of the tax required to be collected by the vendor during the period covered by the return. Returns shall be signed by the vendor or the vendor's authorized agent. The director of revenue may promulgate rules or regulations changing the filing and payment requirements of vendors, but shall not require any vendor to file and pay more frequently than required in this section.

2. Where the aggregate amount of tax required to be collected by a vendor is in excess of two hundred and fifty dollars for either the first or second month of a calendar quarter, the vendor shall pay such aggregate amount for such months to the director of revenue by the twentieth day of the succeeding month. The amount so paid shall be allowed as a credit against the liability shown on the vendor's quarterly return required by this section.

3. Where the aggregate amount of tax required to be collected by a vendor is less than forty-five dollars in a calendar quarter, the director of revenue shall by regulation permit the vendor to file a return for a calendar year. The return shall be filed and the taxes paid on or before January thirty-first of the succeeding year.

4. Except as provided in subsection 5 of this section, every person purchasing tangible personal property, the storage, use or consumption of which is subject to the tax levied by sections 144.600 to 144.748, who has not paid the tax due to a vendor registered in accordance with the provisions of section 144.650, shall file with the director of revenue a return for the preceding reporting period in the form and manner that the director of revenue prescribes, showing the total sales price of the tangible property purchased during the preceding reporting period and any other information that

the director of revenue deems necessary for the proper administration of sections 144.600 to 144.748. The return shall be accompanied by a remittance of the amount of the tax required by sections 144.600 to 144.748 to be paid by the person. Returns shall be signed by the person liable for the tax or such person's duly authorized agent. For purposes of this subsection, the reporting period shall be determined by the director of revenue and may be a calendar quarter or a calendar year. Annual returns and payments required by the director pursuant to this subsection shall be due on or before April fifteenth of the year for the preceding calendar year and quarterly returns and payments shall be due on or before the last day of the month following each calendar period of three months. Upon the taxpayer's request, the director may allow the filing of such returns and payments on a monthly basis. If a taxpayer elects to file a monthly return and payment, such return and payment shall be due on or before the twentieth day of the succeeding month.

5. [Any person purchasing tangible personal property subject to the taxes imposed by sections 144.600 to 144.748 shall not be required to file a use tax return with the director of revenue if such purchases on which such taxes were not paid do not exceed in the aggregate two thousand dollars in any calendar year.

6. Nothing in subsection 5 of this section shall relieve a vendor of liability to collect the tax imposed pursuant to sections 144.600 to 144.748 on the total gross receipts of all sales of tangible personal property used, stored or consumed in this state and to remit all taxes collected to the director of revenue in accordance with the provisions of this section nor shall it relieve a purchaser from paying such taxes to a vendor registered in accordance with the provisions of section 144.650.] **Any out-of-state seller which is not legally required to register for use tax in this state but chooses to collect and remit use tax under sections 144.600 to 144.761 shall file a return for the calendar year. The return shall be filed and the taxes paid on or before January thirty-first of the succeeding year. In the event that any out-of-state seller which is not legally required to register for use tax in this state but chooses to collect and remit use tax under sections 144.600 to 144.761 has accumulated state and local use tax funds in an amount equal to one thousand dollars or more, such vendor shall file a return and remit the amount due for the month in which the accumulated state and local use tax funds equal or exceed one thousand dollars.**

6. **The director of revenue may require any seller to file and remit use tax electronically.”; and**

Further amend said bill, Section 144.817, Page 19, Line 18, by inserting after all of said section the following:

“144.1025. 1. The director shall participate in an online registration system that will allow sellers to register in this state and other member states.

2. By registering, the seller agrees to collect and remit sales and use taxes for all taxable sales into this state as well as the other member states, including member states joining after the seller's registration. Withdrawal or revocation of this state from the agreement shall not relieve a seller of its responsibility to remit taxes previously or subsequently collected on behalf of this state.

3. If the seller has a requirement to register prior to registering under the agreement, such seller shall obtain a retail sales license under section 144.083 and register under section 144.650.

4. Registration with the central registration system and the collection of sales and use taxes in this state shall not be used as a factor in determining whether the seller has nexus with this state for any tax at any time.

144.1028. 1. The director shall provide and maintain a database that describes boundary changes for all taxing jurisdictions and the effective dates of such changes for sales and use tax purposes.

2. The director shall provide and maintain a database of all sales and use tax rates for all taxing jurisdictions. For the identification of counties and cities, codes corresponding to the rates shall be provided according to Federal Information Processing Standards (FIPS) as developed by the National Institute of Standards and Technology. For the identification of all other jurisdictions, codes corresponding to the rates shall be in a format determined by the director.

3. The director shall provide and maintain a database that assigns each five- and nine-digit zip code to the proper rates and taxing jurisdictions. The lowest combined tax rate imposed in the zip code area shall apply if the area includes more than one tax rate in any level of taxing jurisdiction. If a nine-digit zip code designation is not available for a street address, or if a seller or a certified service provider (CSP) is unable to determine the nine-digit zip code designation applicable to a purchase after exercising due diligence to determine the designation, the seller or CSP may apply the rate for the five-digit zip code area. For purposes of this section, there shall be a rebuttable presumption that a seller or CSP has exercised due diligence if the seller has attempted to determine the nine-digit zip code designation by utilizing software approved by the secretary that makes this designation from the street address and the five-digit zip code applicable to a purchase.

4. The director may provide address-based boundary database records for assigning taxing jurisdictions and associated rates which shall be in addition to the requirements of subsection 3 of this section. The database

records shall be in the same approved format as the database records required under subsection 3 of this section and shall meet the requirements developed pursuant to the federal Mobile Telecommunications Sourcing Act, 4 U.S.C. Section 119(a). If the director develops address-based assignment database records pursuant to the agreement, sellers that register under the agreement shall be required to use such database. A seller or CSP shall use such database records in place of the five- and nine-digit zip code database records provided for in subsection 3 of this section. If a seller or CSP is unable to determine the applicable rate and jurisdiction using an address-based database record after exercising due diligence, the seller or CSP may apply the nine-digit zip code designation applicable to a purchase. If a nine-digit zip code designation is not available for a street address or if a seller or CSP is unable to determine the nine-digit zip code designation applicable to a purchase after exercising due diligence to determine the designation, the seller or CSP may apply the rate for the five-digit zip code area. For the purposes of this section, there shall be a rebuttable presumption that a seller or CSP has exercised due diligence if the seller or CSP has attempted to determine the tax rate and jurisdiction by utilizing software approved by the director makes the assignment from the address and zip code information applicable to the purchase. If the director has met the requirements of subsection 3 of this section, the director may also elect to certify vendor provided address-based databases for assigning tax rates and jurisdictions. The databases shall be in the same approved format as the database records pursuant to this section and meet the requirements developed pursuant to the federal Mobile Telecommunications Sourcing Act, 4 U.S.C.A. Section 119(a). If the director certifies a vendor address-based database, a seller or CSP may use such database in place of the database provided for in this subsection.

5. The electronic databases provided for in subsections 1, 2, 3, and 4 of this section shall be in downloadable format as determined by the director. The databases may be directly provided by the director or provided by a vendor as designated by the director. A database provided by a vendor as designated by the director shall be applicable and subject to the provisions of section 144.1031 and this section. The databases shall be provided at no cost to the user of the database. The provisions of subsections 3 and 4 of this section shall not apply when the purchased product is received by the purchaser at the business location of the seller.

6. No seller or CSP shall be liable for reliance upon erroneous data provided by the director on tax rates, boundaries, or taxing jurisdiction assignments.

144.1031. 1. The director shall complete a taxability matrix. The state's entries in the matrix shall be provided and maintained by the director in a database that is in a downloadable format.

2. The director shall provide reasonable notice of changes in the taxability of the products or services listed in the taxability matrix.

3. A seller or certified service provider (CSP) shall be relieved from liability to this state or any local taxing jurisdiction for having charged and collected the incorrect amount of state or local sales or use tax resulting from such seller's or CSP's reliance upon erroneous data provided by the director in the taxability matrix.

144.1040. 1. Notwithstanding provisions of section 144.1037 to the contrary, the following provisions shall apply to sales of advertising and promotional direct mail:

(1) A purchaser of advertising and promotional direct mail may provide the seller with either:

- (a) A direct pay permit;
- (b) An agreement certificate of exemption claiming direct mail, or other written statement approved, authorized, or accepted by the state; or
- (c) Information showing the jurisdictions to which the advertising and promotional direct mail is to be delivered to recipients;

(2) If the purchaser provides the permit, certificate, or statement referred to in paragraph (a) or (b) of subdivision (1) of this subsection, the seller, in the absence of bad faith, shall be relieved of all obligations to collect, pay, or remit any tax on any transaction involving advertising and promotional direct mail to which such permit, certificate, or statement applies. The purchaser shall source the sale to the jurisdictions to which the advertising and promotional direct mail is to be delivered to the recipients and shall report and pay any applicable tax due;

(3) If the purchaser provides the seller information showing the jurisdictions to which the advertising and promotional direct mail is to be delivered to recipients, the seller shall source the sale to the jurisdictions to which the advertising and promotional direct mail is to be delivered and shall collect and remit the applicable tax. In the absence of bad faith, a seller shall be relieved of any further obligation to collect any additional tax on the sale of advertising and promotional direct mail where the seller has sourced the sale according to the delivery information provided by the purchaser;

(4) If a purchaser does not provide the seller with any of the items listed in paragraphs (a), (b), or (c) of subdivision (1) of this subsection, the sale shall be sourced according to subdivision (5) of subsection 1 of section 144.1037.

2. Provisions of section 144.1037 to the contrary notwithstanding, the following provisions shall apply to sales of other direct mail:

(1) Sales of other direct mail shall be sourced in accordance with subdivision (3) of subsection 1 of section 144.1037;

(2) A purchaser of other direct mail may provide the seller with either:

(a) A direct pay permit; or

(b) An agreement certificate of exemption claiming direct mail or other written statement approved, authorized, or accepted by the state;

(3) If the purchaser provides the permit, certificate, or statement referred to in paragraph (a) or (b) of subdivision (2) of subsection 2 of this section, the seller, in the absence of bad faith, shall be relieved of all obligations to collect, pay, or remit any tax on any transaction involving other direct mail to which the permit, certificate, or statement apply. Notwithstanding subdivision (1) of this subsection, the sale shall be sourced to the jurisdictions to which the other direct mail is to be delivered to the recipients and the purchaser shall report and pay applicable tax due.

3. (1) The provisions of this section shall apply to any transaction characterized under the laws of this state as the sale of services only if such service is an integral part of the production and distribution of printed material that meets the definition of direct mail. This section shall not apply to any transaction that includes the development of billing information or the provision of any data processing service that is more than incidental regardless of whether advertising and promotional direct mail is included in the same mailing.

(2) If a transaction is a bundled transaction that includes advertising and promotion direct mail, this section shall apply, only if the primary purpose of the transaction is the sale of products or services that meet the definition of advertising and promotional direct mail.

(3) Nothing in this section shall be construed to limit any purchaser's:

(a) Obligation for sales or use tax to any state to which the direct mail is delivered;

(b) Right under local, state, federal, or constitutional law, to a credit for sales or use taxes legally due and paid to other jurisdictions; or

(c) Right to a refund of sales or use taxes overpaid to any jurisdiction.

(4) This section shall apply for purposes of uniformly sourcing direct mail transactions and shall not impose requirements on states regarding the taxation of products that meet the definition of direct mail or to the application of sales for resale or other exemptions.

4. Notwithstanding subsections 1, 2, and 3 of this section, all direct mail delivered or distributed from a location within the state and delivered or distributed to a location within the state shall be sourced as follows:

(1) If the purchaser provides the seller with a direct pay permit or an agreement certificate of exemption claiming direct mail, or other written statement approved, authorized, or accepted by the director, the seller, in the absence of bad faith, shall be relieved of all obligations to collect, pay, or remit the applicable tax on any transaction involving direct mail. The purchaser shall report and pay any applicable tax due. An agreement certificate of exemption claiming direct mail shall remain in effect for all future sales of direct mail by the seller to the purchaser until it is revoked in writing;

(2) Except as provided in subdivision (1) of subsection 3 of this section, the seller shall collect the tax according subdivision (5) of subsection 1 of section 144.1037. To the extent the seller knows that a portion of the sale of direct mail will be delivered or distributed to a location in another state, the seller shall collect the tax on that portion according to subsections 1, 2, and 3 of this section;

(3) Notwithstanding subdivision (2) of subsection 3 of this section, a seller may elect to use the provisions of subsections 1, 2, and 3 of this section to source all sales of advertising and promotional direct mail;

(4) Nothing in this subsection shall be construed to limit a purchaser's obligation for sales or use tax to any state to which the direct mail is delivered, except that a purchaser whose direct mail is sourced under the provisions of subsection 3 of this section shall owe no additional sales or use tax to that state based on where the purchaser uses or delivers the direct mail in the state.

144.1043. 1. The sale of telecommunication service sold on a call-by-call basis shall be sourced to each level of taxing jurisdiction where the call originates and terminates in that jurisdiction or each level of taxing jurisdiction where the call either originates or terminates and in which the service address is also located.

2. A sale of telecommunications services sold on a basis other than a call-by-call basis shall be sourced to the customer's place of primary use.

3. Provisions of subsections 1 and 2 of this section to the contrary notwithstanding, the sale of the following telecommunication services shall be sourced to each level of taxing jurisdiction as follows:

(1) A sale of mobile telecommunications services other than air-to-ground radiotelephone service and prepaid calling service shall be sourced to the customer's place of primary use as required by the Mobile Telecommunications Sourcing Act;

(2) A sale of post-paid calling service shall be sourced to the origination point of the telecommunications signal as first identified by either the seller's telecommunications system or information received by the seller from its service provider, where the system used to transport such signals is not that of the seller;

(3) A sale of prepaid calling service or a sale of a prepaid wireless calling service shall be sourced in accordance with section 144.1037. Provided however, in the case of a sale of prepaid wireless calling service, the rule provided under subdivision (5) of section 1 of section 144.1037 shall include as an option the location associated with the mobile telephone number;

(4) A sale of a private communication service shall be sourced as follows:

(c) Service for segments of a channel between two customer channel termination points located in different jurisdictions and which segment of channel are separately charged shall be sourced fifty percent in each level of jurisdiction in which the customer channel termination points are located;

(d) Service for segments of a channel located in more than one jurisdiction or levels of jurisdiction and which segments are not separately billed shall be sourced in each jurisdiction based on the percentage determined by dividing the number of customer channel termination points in such jurisdiction by the total number of customer channel termination points.

4. The sale of Internet access service shall be sourced to the customer's place of primary use.

5. The sale of an ancillary service shall be sourced to the customer's place of primary use.

144.1046. 1. In addition to all other provisions of law provided for exemptions, when an exemption is claimed by a purchaser:

(1) The seller shall obtain identifying information of the purchaser and the reason for claiming a tax exemption at the time of the purchase;

(2) A purchaser shall not be required to provide a signature to claim an exemption from tax unless a paper exemption certificate is used;

(3) The seller shall use the standard form for claiming an exemption electronically prescribed by the director of the department of revenue and acceptable to the streamlined sales and use tax governing board;

(4) The seller shall obtain the same information for proof of a claimed exemption regardless of the medium in which the transaction occurred;

(5) The seller shall maintain proper records of exempt transactions and provide such records to the director of the department of revenue or the director's designee upon request;

(6) In the case of drop shipment sales, a third party vendor, such as a drop shipper, may claim a resale exemption based on an exemption certificate provided by its customer or any other acceptable information available to the third party vendor evidencing qualification for a resale exemption, regardless of whether the customer is registered to collect and remit sales and use tax in the state where the sale is sourced.

2. Sellers that comply with the requirements of this section shall be relieved from collecting and remitting tax otherwise applicable if it is determined that the purchaser improperly claimed an exemption and such purchaser shall be liable for the nonpayment of tax. Relief from liability provided under this section shall not apply to a seller who fraudulently fails to collect tax; to a seller who solicits purchasers to participate in the unlawful claim of an exemption; to a seller who accepts an exemption certificate when the purchaser claims an entity-based exemption when the subject of the transaction sought to be covered by the exemption certificate is actually received by the purchaser at a location operated by the seller and the state in which that location resides provides an exemption certificate that clearly and affirmatively indicates that the claimed exemption is not available in such state; or to a seller who accepts an exemption certificate claiming multiple points of use for tangible personal property other than computer software for which an exemption claiming multiple points of use.

(1) A seller shall be relieved from collecting and remitting tax otherwise applicable if the seller obtains a fully completed exemption certificate or captures the relevant data elements required under the agreement within ninety days subsequent to the date of sale.

(2) If a seller fails to obtain an exemption certificate or all relevant data elements as provided in this section, the seller may, within one hundred twenty days subsequent to a request for substantiation by the director of the department of revenue or the director's designee, either prove that the transaction was not subject to tax by other means or obtain a fully completed exemption certificate from the purchaser, taken in good faith.

3. Nothing in this section shall affect the ability of the director of the department of revenue or the director's designee to require purchasers to update exemption certificate information or to reapply with the state to claim certain exemptions.

4. Notwithstanding provisions of subsection 2 of this section to the contrary, the director shall relieve a seller of the tax otherwise applicable if the seller obtains a blanket exemption certificate for a purchaser with which the seller has a recurring business relationship. The director shall not request from the seller renewal of blanket certificates or updates of exemption certificate information or data elements when there is a recurring business relationship between the buyer and seller. For purposes of this section, a recurring business relationship exists when a period of no more than twelve months elapses between sales transactions.

144.1049. 1. Retailers shall make returns to the director at the times prescribed by this section upon forms prescribed and furnished by the director stating:

- (1) The name and address of the retailer;
- (2) The total amount of gross sales of all tangible personal property and taxable services rendered by the retailer during the period for which the return is made;
- (3) The total amount received during the period for which the return is made on charge and time sales of tangible personal property made and taxable services rendered prior to the period for which the return is made;
- (4) Deductions allowed by law from such total amount of gross sales and from total amount received during the period for which the return is made on such charge and time sales;
- (5) Receipts during the period for which the return is made from the total amount of sales of tangible personal property and taxable services rendered during such period in the course of such business, after deductions allowed by law have been made;
- (6) Receipts during the period for which the return is made from charge and time sales of tangible personal property made and taxable services rendered prior to such period in the course of such business, after deductions allowed by law have been made;
- (7) Gross receipts during the period for which the return is made from sales of tangible personal property and taxable services rendered in the course of such business upon the basis of which the tax is imposed.

The return shall include such other pertinent information as the director may require. In making such return, the retailer shall determine the market value of any consideration, other than money, received in connection with the sale of any tangible personal property in the course of the business and shall include such value in the return. Such value shall be subject to review and revision by the director as hereinafter provided. Refunds made by a retailer during the period for which the return is made on account of tangible personal property returned to the retailer shall be allowed as a deduction under subdivision (4) of this subsection in case the retailer has included the receipts from such sale in a return made by such retailer and paid taxes on such sale. The retailer shall, at the time of making such return, pay to the director the amount of tax owed, except as otherwise provided in this section. The director may extend the time for making returns and paying the tax required by this section for any period not to exceed sixty days under such rules and regulations as the director of revenue may prescribe. The director of the department of revenue shall promulgate rules establishing a filing schedule for returns made by retailers based upon the liabilities of such retailers. Determinations of amounts of liability in a calendar year for purposes of determining filing requirements shall be made by the director upon the basis of amounts of liability by those retailers during the preceding calendar year or by estimates in cases of retailers having no previous sales tax histories. The director may modify the filing schedule for any retailer when it is apparent that the original determination was inaccurate.

2. All model 1, model 2, and model 3 sellers shall file returns electronically. Any model 1, model 2, or model 3 seller shall submit its sales and use tax returns in a simplified format approved by the director at such times as may be prescribed by the director.

144.1052. 1. The director shall promulgate rules and regulations for remittance of returns. Such rules shall:

- (1) Allow for electronic payments by all remitters by both ACH credit and ACH debit;
- (2) Provide an alternative method for making "same day" payments if an electronic funds transfer fails;
- (3) Provide that if a due date falls on a legal banking holiday in the state, the taxes shall be due on the next succeeding business day; and
- (4) Require that any data that accompanies a remittance be formatted using uniform tax type and payment type codes approved by the streamlines sales and use tax governing board.

2. Any rule or portion of a rule, as that term is defined in section 536.010 that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after January 1, 2012, shall be invalid and void.

144.1055. 1. A seller shall be allowed a deduction from taxable sales for bad debts attributable to taxable sales of such seller that have become uncollectable. Any deduction taken that is attributed to bad debts shall not include interest.

2. The amount of the bad debt deduction shall be calculated pursuant to 26 U.S.C. Section 166(b), except that such amount shall be adjusted to exclude financing charges or interest, sales, or use taxes charged on the purchase price, uncollectable amounts on property that remain in the possession of the seller until the full purchase price is paid, and expenses incurred in attempting to collect any debt or repossessed property.

3. Bad debts may be deducted on the return for the period during which the bad debt is written off as uncollectable in the seller's books and records and is eligible to be deducted for federal income tax purposes. For purposes of this subsection, a seller who is not required to file federal income tax returns may deduct a bad debt on a return filed for the period in which the bad debt is written off as uncollectable in the seller's books and records and would be eligible for a bad debt deduction for federal income tax purposes if the seller was required to file a federal income tax return.

4. If a deduction is taken for a bad debt and the debt is subsequently collected in whole or in part, the tax on the amount so collected shall be paid and reported on the return filed for the period in which the collection is made.

5. When the amount of bad debt exceeds the amount of taxable sales for the period during which the bad debt is written off, a refund claim may be filed by the seller within the applicable statute of limitations for refund claim; however, the statute of limitations shall be measured from the due date of the return on which the bad debt could first be claimed.

6. Where filing responsibilities have been assumed by a certified service provider, such service provider may claim, on behalf of the seller, any bad debt allowance provided by this section. The certified service provider shall credit or refund the full amount of any bad debt allowance or refund received to the seller.

7. For the purposes of reporting a payment received on a previously claimed bad debt, any payments made on a debt or account shall first be applied proportionally to the taxable price of the property or service and the sales tax thereon, and secondly to interest, service charges, and any other charges.

8. In situations where the books and records of the seller, or certified service provider on behalf of the seller, claiming the bad debt allowance support an allocation of the bad debts among the member states, such an allocation shall be permitted.

144.1058. 1. When the seller is computing the amount of tax owed by the purchaser and remitted to the state:

- (1) Tax computation shall be carried to the third decimal place; and
- (2) The tax shall be rounded to a whole cent using a method that rounds up to the next cent whenever the third decimal place is greater than four.

2. Sellers may elect to compute the tax due on a transaction on an item or an invoice basis. The rounding rule may be applied to the aggregated state and local taxes.

144.1061. The effective date of state or local sales or use tax rate changes for services covering a period starting before and ending after the statutory effective date shall be as follows:

(1) For a rate increase, the new rate shall apply to the first billing period starting on or after the effective date; and

(2) For a rate decrease, the new rate shall apply to bills rendered on or after the effective date.

144.1064. 1. In the case of a bundled transaction that includes any of the following: telecommunication service, ancillary service, internet access, or audio or video programming service:

(1) If the price is attributable to products that are taxable and products that are nontaxable, the portion of the price attributable to the nontaxable products may be subject to tax unless the provider can identify by reasonable and verifiable standards such portion from its books and records that are kept in the regular course of business for other purposes, including, but not limited to, nontax purposes;

(2) If the price is attributable to products that are subject to tax at different tax rates, the total price shall be treated as attributable to the products subject to tax at the highest tax rate unless the provider can identify by reasonable and verifiable standards the portion of the price attributable to the products subject to tax at the lower rate from its books and records that are kept in the regular course of business for other purposes, including, but not limited to, nontax purposes;

(3) The provisions of this section shall apply unless otherwise provided by federal law.

2. In the case of a transaction that includes an optional computer software maintenance contract for prewritten computer software and the state otherwise has not specifically imposed tax on the retail sale of computer software maintenance contracts, the following provisions apply:

(1) If an optional computer software maintenance contract only obligates the vendor to provide upgrades and updates, it shall be characterized as a sale of prewritten computer software;

(2) If an optional computer software maintenance contract only obligates the vendor to provide support services, it shall be characterized as a sale of services and not a sale of tangible personal property;

(3) If an optional computer software maintenance contract is a bundled transaction in which both taxable and nontaxable or exempt products that are not separately itemized on the invoice or similar billing document, the contract shall be characterized as all taxable.

144.1070. 1. Amnesty shall be granted for uncollected or unpaid sales or use tax to a seller who registers to pay or to collect and remit applicable sales or use tax on sales made to purchasers in this state in accordance with the terms of the agreement, provided that the seller was not so registered in this state in the twelve-month period preceding the effective date of this state's participation in the agreement.

(1) Amnesty shall preclude assessment for uncollected or unpaid sales or use tax together with penalty or interest for sales made during the period the seller was not registered in this state, provided registration occurs within twelve months of the effective date of this state's participation in the agreement.

(2) Amnesty shall be provided if this state joins the agreement after the seller has registered.

2. Amnesty shall not be available to a seller with respect to any matter or matters for which the seller received notice of the commencement of an audit and which audit is not yet finally resolved including any related administrative and judicial processes. The amnesty shall not be available for sales or use taxes already paid or remitted to this state or to taxes collected by the seller.

3. Amnesty provided under this section shall be fully effective, absent the seller's fraud or intentional misrepresentation of a material fact, as long as the seller continues registration and payment or collection and remittance of applicable sales or use taxes for a period of at least thirty-six months. The statute of limitations applicable to asserting a tax liability during this thirty-six month period shall be tolled.

4. Amnesty provided under this section shall be applicable only to sales or use taxes due from a seller in its capacity as a seller and not to sales or use taxes due from a seller in its capacity as a purchaser.

5. The provisions of this section shall become effective as of the date that the state joins and becomes a member state of the agreement.

144.1073. 1. If the director of the department of revenue enters into the streamlined sales and use tax agreement under section 32.070, the director shall provide a monetary allowance from the taxes collected to each of the following:

(3) Any vendor registered under the agreement that uses a proprietary system to calculate taxes due and has entered into a performance agreement with states that are members to the streamlined sales and use tax agreement.

2. The monetary allowance provided for vendors in subdivisions (2) or (3) of this section shall be in an amount equal to two percent of the taxes collected.

3. Any vendor receiving an allowance under this section shall not be entitled simultaneously to deduct the amount provided for in section 144.140.

144.1076. For the purposes of representing the state as a member of the agreement and, if necessary, amending the agreement, the state shall be represented by three delegates, one of whom shall be appointed by the governor, one shall be a member of the general assembly appointed by mutual agreement of the president pro tem of the senate and the speaker of the house of representatives, with the director of the department of revenue or the director's designee as the third delegate. The delegates shall recommend to the committees responsible for reviewing tax issues in the senate and the house of representatives each year any amendment of state statutes required to be substantially in compliance with the agreement. Such delegates shall make a written report by the fifteenth day of January each year regarding the status of the agreement.

221.407. 1. The commission of any regional jail district may impose, by order, a sales tax in the amount of one-eighth of one percent, one-fourth of one percent, three-eighths of one percent, or one-half of one percent on all retail sales made in such region which are subject to taxation pursuant to the provisions of sections 144.010 to 144.525, RSMo, for the purpose of providing jail services and court facilities and equipment for such region. The tax authorized by this section shall be in addition to any and all other sales taxes allowed by law, except that no order imposing a sales tax pursuant to this section shall be effective unless the commission submits to the voters of the district, on any election date authorized in chapter 115, RSMo, a proposal to authorize the commission to impose a tax.

2. The ballot of submission shall contain, but need not be limited to, the following language:

Shall the regional jail district of (counties' names) impose a region-wide sales tax of (insert amount) for the purpose of providing jail services and court facilities and equipment for the region?

☐ YES

☐ NO

If you are in favor of the question, place an "X" in the box opposite "Yes". If you are opposed to the question, place an "X" in the box opposite "No". If a majority of the votes cast on the proposal by the qualified voters of the district voting thereon are in favor of the proposal, then the order and any amendment to such order shall be in effect on the first day of the second **calendar** quarter [immediately following the election approving the proposal] **after the director of revenue receives notification of adoption of the local sales tax.** If the proposal receives less than the required majority, the commission shall have no power to impose the sales tax authorized pursuant to this section unless and until the commission shall again have submitted another proposal to authorize the commission to impose the sales tax authorized by this section and such proposal is approved by the required majority of the qualified voters of the district voting on such proposal; however, in no event shall a proposal pursuant to this section be submitted to the voters sooner than twelve months from the date of the last submission of a proposal pursuant to this section.

3. All revenue received by a district from the tax authorized pursuant to this section shall be deposited in a special trust fund and shall be used solely for providing jail services and court facilities and equipment for such district for so long as the tax shall remain in effect.

4. Once the tax authorized by this section is abolished or terminated by any means, all funds remaining in the special trust fund shall be used solely for providing jail services and court facilities and equipment for the district. Any funds in such special trust fund which are not needed for current expenditures may be invested by the commission in accordance with applicable laws relating to the investment of other county funds.

5. All sales taxes collected by the director of revenue pursuant to this section on behalf of any district, less one percent for cost of collection which shall be deposited in the state's general revenue fund after payment of premiums for surety bonds as provided in section 32.087, RSMo, shall be deposited in a special trust fund, which is hereby created, to be known as the "Regional Jail District Sales Tax Trust Fund". The moneys in the regional jail district sales tax trust fund shall not be deemed to be state funds and shall not be commingled with any funds of the state. The director of revenue shall keep accurate records of the amount of money in the trust fund which was collected in each district imposing a sales tax pursuant to this section, and the records shall be open to the inspection of officers of each member county and the public. Not later than the tenth day of each month the director of revenue shall distribute all moneys deposited in the trust fund during the preceding month to the district which levied the tax. Such funds shall be deposited with the treasurer of each such district, and all expenditures of funds arising from the regional jail district sales tax trust fund shall be paid pursuant to an appropriation adopted by the commission and shall be approved by the commission.

Expenditures may be made from the fund for any function authorized in the order adopted by the commission submitting the regional jail district tax to the voters.

6. The director of revenue may authorize the state treasurer to make refunds from the amounts in the trust fund and credited to any district for erroneous payments and overpayments made, and may redeem dishonored checks and drafts deposited to the credit of such districts. If any district abolishes the tax, the commission shall notify the director of revenue of the action at least ninety days prior to the effective date of the repeal, and the director of revenue may order retention in the trust fund, for a period of one year, of two percent of the amount collected after receipt of such notice to cover possible refunds or overpayment of the tax and to redeem dishonored checks and drafts deposited to the credit of such accounts. After one year has elapsed after the effective date of abolition of the tax in such district, the director of revenue shall remit the balance in the account to the district and close the account of that district. The director of revenue shall notify each district in each instance of any amount refunded or any check redeemed from receipts due the district.

7. Except as provided in this section, all provisions of sections 32.085 and 32.087, RSMo, shall apply to the tax imposed pursuant to this section.

8. The provisions of this section shall expire September 30, 2015.

238.235. 1. (1) Any transportation development district may by resolution impose a transportation development district sales tax on all retail sales made in such transportation development district which are subject to taxation pursuant to the provisions of sections 144.010 to 144.525, RSMo, except such transportation development district sales tax shall not apply to the sale or use of motor vehicles, trailers, boats or outboard motors [nor to all sales of electricity or electrical current, water and gas, natural or artificial, nor to sales of service to telephone subscribers, either local or long distance]. Such transportation development district sales tax may be imposed for any transportation development purpose designated by the transportation development district in its ballot of submission to its qualified voters, except that no resolution enacted pursuant to the authority granted by this section shall be effective unless:

(a) The board of directors of the transportation development district submits to the qualified voters of the transportation development district a proposal to authorize the board of directors of the transportation development district to impose or increase the levy of an existing tax pursuant to the provisions of this section; or

(b) The voters approved the question certified by the petition filed pursuant to subsection 5 of section 238.207.

(2) If the transportation district submits to the qualified voters of the transportation development district a proposal to authorize the board of directors of the transportation development district to impose or increase the levy of an existing tax pursuant to the provisions of paragraph (a) of subdivision (1) of this subsection, the ballot of submission shall contain, but need not be limited to, the following language:

Shall the transportation development district of (transportation development district's name) impose a transportation development district-wide sales tax at the rate of (insert amount) for a period of (insert number) years from the date on which such tax is first imposed for the purpose of (insert transportation development purpose)?

☐ YES

☐ NO

If you are in favor of the question, place an "X" in the box opposite "YES". If you are opposed to the question, place an "X" in the box opposite "NO".

If a majority of the votes cast on the proposal by the qualified voters voting thereon are in favor of the proposal, then the resolution and any amendments thereto shall be in effect. If a majority of the votes cast by the qualified voters voting are opposed to the proposal, then the board of directors of the transportation development district shall have no power to impose the sales tax authorized by this section unless and until the board of directors of the transportation development district shall again have submitted another proposal to authorize it to impose the sales tax pursuant to the provisions of this section and such proposal is approved by a majority of the qualified voters voting thereon.

(3) [The sales tax authorized by this section shall become effective on the first day of the second calendar quarter after the department of revenue receives notification of the tax.

(4) In each transportation development district in which a sales tax has been imposed in the manner provided by this section, every retailer shall add the tax imposed by the transportation development district pursuant to this section to the retailer's sale price, and when so added such tax shall constitute a part of the price, shall be a debt of the purchaser to the retailer until paid, and shall be recoverable at law in the same manner as the purchase price.

(5) In order to permit sellers required to collect and report the sales tax authorized by this section to collect the amount required to be reported and remitted, but not to change the requirements of reporting or remitting tax or to serve as a levy of the tax, and in order to avoid fractions of pennies, the transportation development district may establish

appropriate brackets which shall be used in the district imposing a tax pursuant to this section in lieu of those brackets provided in section 144.285, RSMo.

(6)] All revenue received by a transportation development district from the tax authorized by this section which has been designated for a certain transportation development purpose shall be deposited in a special trust fund and shall be used solely for such designated purpose. Upon the expiration of the period of years approved by the qualified voters pursuant to subdivision (2) of this subsection or if the tax authorized by this section is repealed pursuant to subsection 6 of this section, all funds remaining in the special trust fund shall continue to be used solely for such designated transportation development purpose. Any funds in such special trust fund which are not needed for current expenditures may be invested by the board of directors in accordance with applicable laws relating to the investment of other transportation development district funds.

[(7)] (4) The sales tax may be imposed in increments of one-eighth of one percent, up to a maximum of one percent on the receipts from the sale at retail of all tangible personal property or taxable services at retail within the transportation development district adopting such tax, if such property and services are subject to taxation by the state of Missouri pursuant to the provisions of sections 144.010 to 144.525, RSMo, except such transportation development district sales tax shall not apply to the sale or use of motor vehicles, trailers, boats or outboard motors [nor to public utilities]. Any transportation development district sales tax imposed pursuant to this section shall be imposed at a rate that shall be uniform throughout the district.

2. The resolution imposing the sales tax pursuant to this section shall impose upon all sellers a tax for the privilege of engaging in the business of selling tangible personal property or rendering taxable services at retail to the extent and in the manner provided in sections 144.010 to 144.525, RSMo, and the rules and regulations of the director of revenue issued pursuant thereto; except that the rate of the tax shall be the rate imposed by the resolution as the sales tax and the tax shall be reported and returned to and collected by the transportation development district.

3. [On and after the effective date of any tax imposed pursuant to this section, the director of revenue shall perform all functions incident to the administration, collection, enforcement, and operation of the tax, and the director of revenue shall collect, in addition to all other sales taxes imposed by law, the additional tax authorized pursuant to this section. The tax imposed pursuant to this section and the taxes imposed pursuant to all other laws of the state of Missouri shall be collected together and reported upon such forms and pursuant to such administrative rules and regulations as may be prescribed by the director of revenue.

4. (1) All applicable provisions contained in sections 144.010 to 144.525, RSMo, governing the state sales tax, sections 32.085 and 32.087, RSMo, and section 32.057, RSMo, the uniform confidentiality provision, shall apply to the collection of the tax imposed by this section, except as modified in this section.

(2) All exemptions granted to agencies of government, organizations, persons and to the sale of certain articles and items of tangible personal property and taxable services pursuant to the provisions of sections 144.010 to 144.525, RSMo, are hereby made applicable to the imposition and collection of the tax imposed by this section.

(3) The same sales tax permit, exemption certificate and retail certificate required by sections 144.010 to 144.525, RSMo, for the administration and collection of the state sales tax shall satisfy the requirements of this section, and no additional permit or exemption certificate or retail certificate shall be required; except that the transportation development district may prescribe a form of exemption certificate for an exemption from the tax imposed by this section.

(4) All discounts allowed the retailer pursuant to the provisions of the state sales tax laws for the collection of and for payment of taxes pursuant to such laws are hereby allowed and made applicable to any taxes collected pursuant to the provisions of this section.

(5) The penalties provided in section 32.057, RSMo, and sections 144.010 to 144.525, RSMo, for violation of those sections are hereby made applicable to violations of this section.

(6) For the purpose of a sales tax imposed by a resolution pursuant to this section, all retail sales except retail sales of motor vehicles shall be deemed to be consummated at the place of business of the retailer unless the tangible personal property sold is delivered by the retailer or the retailer's agent to an out-of-state destination or to a common carrier for delivery to an out-of-state destination. In the event a retailer has more than one place of business in this state which participates in the sale, the sale shall be deemed to be consummated at the place of business of the retailer where the initial order for the tangible personal property is taken, even though the order must be forwarded elsewhere for acceptance, approval of credit, shipment or billing. A sale by a retailer's employee shall be deemed to be consummated at the place of business from which the employee works.

5.] All sales taxes received by the transportation development district shall be deposited by the director of revenue in a special fund to be expended for the purposes authorized in this section. The director of revenue shall keep accurate records of the amount of money which was collected pursuant to this section, and the records shall be open to the inspection of officers of each transportation development district and the general public.

[6.] 4. (1) No transportation development district imposing a sales tax pursuant to this section may repeal or amend such sales tax unless such repeal or amendment will not impair the district's ability to repay any liabilities which it has incurred, money which it has borrowed or revenue bonds, notes or other obligations which it has issued or which have been issued by the commission or any local transportation authority to finance any project or projects.

(2) Whenever the board of directors of any transportation development district in which a transportation development sales tax has been imposed in the manner provided by this section receives a petition, signed by ten percent of the qualified voters calling for an election to repeal such transportation development sales tax, the board of directors shall, if such repeal will not impair the district's ability to repay any liabilities which it has incurred, money which it has borrowed or revenue bonds, notes or other obligations which it has issued or which have been issued by the commission or any local transportation authority to finance any project or projects, submit to the qualified voters of such transportation development district a proposal to repeal the transportation development sales tax imposed pursuant to the provisions of this section. If a majority of the votes cast on the proposal by the qualified voters voting thereon are in favor of the proposal to repeal the transportation development sales tax, then the resolution imposing the transportation development sales tax, along with any amendments thereto, is repealed. If a majority of the votes cast by the qualified voters voting thereon are opposed to the proposal to repeal the transportation development sales tax, then the ordinance or resolution imposing the transportation development sales tax, along with any amendments thereto, shall remain in effect.

5. After the effective date of any tax imposed under the provisions of this section, the director of revenue shall perform all functions incident to the administration, collection, enforcement, and operation of the tax and collect, in addition to the sales tax for the state of Missouri, the additional tax authorized under the authority of this section. The tax imposed under this section and the tax imposed under the sales tax law of the state of Missouri shall be collected together and reported upon such forms and under such administrative rules and regulations as may be prescribed by the director of revenue.

6. Except as provided in this section, all provisions of sections 32.085 and 32.087 shall apply to the tax imposed under this section.

238.410. 1. Any county transit authority established pursuant to section 238.400 may impose a sales tax of up to one percent on all retail sales made in such county which are subject to taxation under the provisions of sections 144.010 to 144.525, RSMo. The tax authorized by this section shall be in addition to any and all other sales taxes allowed by law, except that no sales tax imposed under the provisions of this section shall be effective unless the governing body of the county, on behalf of the transit authority, submits to the voters of the county, at a county or state general, primary or special election, a proposal to authorize the transit authority to impose a tax.

2. The ballot of submission shall contain, but need not be limited to, the following language:

Shall the Transit Authority impose a countywide sales tax of (insert amount) in order to provide revenues for the operation of transportation facilities operated by the transit authority?

☐ YES

☐ NO

If you are in favor of the question, place an "X" in the box opposite "YES". If you are opposed to the question, place an "X" in the box opposite "NO".

If a majority of the votes cast on the proposal by the qualified voters voting thereon are in favor of the proposal, then the tax shall become effective on the first day of the second calendar quarter following notification to the department of revenue of adoption of the tax. If a majority of the votes cast by the qualified voters voting are opposed to the proposal, then the transit authority shall have no power to impose the sales tax authorized by this section unless and until another proposal to authorize the transit authority to impose the sales tax authorized by this section has been submitted and such proposal is approved by a majority of the qualified voters voting thereon.

3. All revenue received by the transit authority from the tax authorized under the provisions of this section shall be deposited in a special trust fund and shall be used solely by the transit authority for construction, purchase, lease, maintenance and operation of transportation facilities located within the county for so long as the tax shall remain in effect. Any funds in such special trust fund which are not needed for current expenditures may be invested by the transit authority in accordance with applicable laws relating to the investment of county funds.

4. No transit authority imposing a sales tax pursuant to this section may repeal or amend such sales tax unless such repeal or amendment is submitted to and approved by the voters of the county in the same manner as provided in subsection 1 of this section for approval of such tax. Whenever the governing body of any county in which a sales tax has been imposed in the manner provided by this section receives a petition, signed by ten percent of the registered voters of such county voting in the last gubernatorial election, calling for an election to repeal such sales tax, the governing body shall submit to the voters of such county a proposal to repeal the sales tax imposed under the provisions of this

section. If a majority of the votes cast on the proposal by the registered voters voting thereon are in favor of the proposal to repeal the sales tax, then such sales tax is repealed. If a majority of the votes cast by the registered voters voting thereon are opposed to the proposal to repeal the sales tax, then such sales tax shall remain in effect.

5. The sales tax imposed under the provisions of this section shall impose upon all sellers a tax for the privilege of engaging in the business of selling tangible personal property or rendering taxable services at retail to the extent and in the manner provided in sections 144.010 to 144.525, RSMo, and the rules and regulations of the director of revenue issued pursuant thereto; except that the rate of the tax shall be the rate approved pursuant to this section. The amount reported and returned to the director of revenue by the seller shall be computed on the basis of the combined rate of the tax imposed by sections 144.010 to 144.525, RSMo, and the tax imposed by this section, plus any amounts imposed under other provisions of law.

6. After the effective date of any tax imposed under the provisions of this section, the director of revenue shall perform all functions incident to the administration, collection, enforcement, and operation of the tax, and the director of revenue shall collect in addition to the sales tax for the state of Missouri the additional tax authorized under the authority of this section. The tax imposed under this section and the tax imposed under the sales tax law of the state of Missouri shall be collected together and reported upon such forms and under such administrative rules and regulations as may be prescribed by the director of revenue. In order to permit sellers required to collect and report the sales tax to collect the amount required to be reported and remitted, but not to change the requirements of reporting or remitting tax or to serve as a levy of the tax, and in order to avoid fractions of pennies, the applicable provisions of section 144.285, RSMo, shall apply to all taxable transactions.

7. All applicable provisions contained in sections 144.010 to 144.525, RSMo, governing the state sales tax and section 32.057, RSMo, the uniform confidentiality provision, shall apply to the collection of the tax imposed by this section, except as modified in this section. All exemptions granted to agencies of government, organizations, persons and to the sale of certain articles and items of tangible personal property and taxable services under the provisions of sections 144.010 to 144.525, RSMo, are hereby made applicable to the imposition and collection of the tax imposed by this section. The same sales tax permit, exemption certificate and retail certificate required by sections 144.010 to 144.525, RSMo, for the administration and collection of the state sales tax shall satisfy the requirements of this section, and no additional permit or exemption certificate or retail certificate shall be required; except that the director of revenue may prescribe a form of exemption certificate for an exemption from the tax imposed by this section. All discounts allowed the retailer under the provisions of the state sales tax law for the collection of and for payment of taxes under chapter 144, RSMo, are hereby allowed and made applicable to any taxes collected under the provisions of this section. The penalties provided in section 32.057, RSMo, and sections 144.010 to 144.525, RSMo, for a violation of those sections are hereby made applicable to violations of this section.

8. [For the purposes of a sales tax imposed pursuant to this section, all retail sales shall be deemed to be consummated at the place of business of the retailer, except for tangible personal property sold which is delivered by the retailer or his agent to an out-of-state destination or to a common carrier for delivery to an out-of-state destination and except for the sale of motor vehicles, trailers, boats and outboard motors, which is provided for in subsection 12 of this section. In the event a retailer has more than one place of business in this state which participates in the sale, the sale shall be deemed to be consummated at the place of business of the retailer where the initial order for the tangible personal property is taken, even though the order must be forwarded elsewhere for acceptance, approval of credit, shipment or billing. A sale by a retailer's employee shall be deemed to be consummated at the place of business from which he works.

9.] All sales taxes collected by the director of revenue under this section on behalf of any transit authority, less one percent for cost of collection which shall be deposited in the state's general revenue fund after payment of premiums for surety bonds as provided in this section, shall be deposited in the state treasury in a special trust fund, which is hereby created, to be known as the "County Transit Authority Sales Tax Trust Fund". The moneys in the county transit authority sales tax trust fund shall not be deemed to be state funds and shall not be commingled with any funds of the state. The director of revenue shall keep accurate records of the amount of money in the trust fund which was collected in each transit authority imposing a sales tax under this section, and the records shall be open to the inspection of officers of the county and the public. Not later than the tenth day of each month the director of revenue shall distribute all moneys deposited in the trust fund during the preceding month to the transit authority which levied the tax.

[10.] 9. The director of revenue may authorize the state treasurer to make refunds from the amounts in the trust fund and credited to any transit authority for erroneous payments and overpayments made, and may authorize the state treasurer to redeem dishonored checks and drafts deposited to the credit of such transit authorities. If any transit authority abolishes the tax, the transit authority shall notify the director of revenue of the action at least ninety days prior to the effective date of the repeal and the director of revenue may order retention in the trust fund, for a period of one year, of two percent of the amount collected after receipt of such notice to cover possible refunds or overpayment of the

tax and to redeem dishonored checks and drafts deposited to the credit of such accounts. After one year has elapsed after the effective date of abolition of the tax in such transit authority, the director of revenue shall authorize the state treasurer to remit the balance in the account to the transit authority and close the account of that transit authority. The director of revenue shall notify each transit authority of each instance of any amount refunded or any check redeemed from receipts due the transit authority. The director of revenue shall annually report on his management of the trust fund and administration of the sales taxes authorized by this section. He shall provide each transit authority imposing the tax authorized by this section with a detailed accounting of the source of all funds received by him for the transit authority.

[11.] **10.** The director of revenue and any of his deputies, assistants and employees who shall have any duties or responsibilities in connection with the collection, deposit, transfer, transmittal, disbursement, safekeeping, accounting, or recording of funds which come into the hands of the director of revenue under the provisions of this section shall enter a surety bond or bonds payable to any and all transit authorities in whose behalf such funds have been collected under this section in the amount of one hundred thousand dollars; but the director of revenue may enter into a blanket bond or bonds covering himself and all such deputies, assistants and employees. The cost of the premium or premiums for the surety bond or bonds shall be paid by the director of revenue from the share of the collection retained by the director of revenue for the benefit of the state.

[12.] **11.** Sales taxes imposed pursuant to this section and use taxes on the purchase and sale of motor vehicles, trailers, boats, and outboard motors shall not be collected and remitted by the seller, but shall be collected by the director of revenue at the time application is made for a certificate of title, if the address of the applicant is within a county where a sales tax is imposed under this section. The amounts so collected, less the one percent collection cost, shall be deposited in the county transit authority sales tax trust fund. The purchase or sale of motor vehicles, trailers, boats, and outboard motors shall be deemed to be consummated at the address of the applicant. As used in this subsection, the term "boat" shall only include motorboats and vessels as the terms "motorboat" and "vessel" are defined in section 306.010, RSMo.

[13.] **12.** In any county where the transit authority sales tax has been imposed, if any person is delinquent in the payment of the amount required to be paid by him under this section or in the event a determination has been made against him for taxes and penalty under this section, the limitation for bringing suit for the collection of the delinquent tax and penalty shall be the same as that provided in sections 144.010 to 144.525, RSMo. Where the director of revenue has determined that suit must be filed against any person for the collection of delinquent taxes due the state under the state sales tax law, and where such person is also delinquent in payment of taxes under this section, the director of revenue shall notify the transit authority to which delinquent taxes are due under this section by United States registered mail or certified mail at least ten days before turning the case over to the attorney general. The transit authority, acting through its attorney, may join in such suit as a party plaintiff to seek a judgment for the delinquent taxes and penalty due such transit authority. In the event any person fails or refuses to pay the amount of any sales tax due under this section, the director of revenue shall promptly notify the transit authority to which the tax would be due so that appropriate action may be taken by the transit authority.

[14.] **13.** Where property is seized by the director of revenue under the provisions of any law authorizing seizure of the property of a taxpayer who is delinquent in payment of the tax imposed by the state sales tax law, and where such taxpayer is also delinquent in payment of any tax imposed by this section, the director of revenue shall permit the transit authority to join in any sale of property to pay the delinquent taxes and penalties due the state and to the transit authority under this section. The proceeds from such sale shall first be applied to all sums due the state, and the remainder, if any, shall be applied to all sums due such transit authority under this section.

- (5) The agreement should provide for reduction of the burdens of complying with local sales and use taxes through the following so long as they do not conflict with the provisions of section 144.1012:
 - (a) Restricting variances between the state and local tax bases;
 - (b) Requiring states to administer any sales and use taxes levied by local jurisdictions within the state so that sellers collecting and remitting these taxes will not have to register or file returns with, remit funds to, or be subject to independent audits from local taxing jurisdictions;

(d) Providing notice of changes in local sales and use tax rates and of changes in the boundaries of local taxing jurisdictions;

(6) The agreement should outline any monetary allowances that are to be provided by the states to sellers or certified service providers. (7) The agreement should require each state to certify compliance with the terms of the agreement prior to joining and to maintain compliance, under the laws of the member state, with all provisions of the agreement while a member, only if the agreement and any amendment thereto complies with the provisions of section 144.1012;

One member of the board shall be appointed by other affected taxing districts. The remaining five members shall be chosen by the chief elected official of the county or municipality.

2. The school district member and the affected taxing district member shall each have initial terms of five years. Of the five members appointed by the chief elected official, two shall have initial terms of four years, two shall have initial terms of three years, and one shall have an initial term of two years. Thereafter, members shall serve terms of five years. Each commissioner shall hold office until a successor has been appointed. 3. A majority of the members shall constitute a quorum of such board for the purpose of conducting business and exercising the powers of the board and for all other purposes. Action may be taken by the board upon a vote of a majority of the members present.

4. The members of the board annually shall elect a chair from among the members.

5. If the governing authority elects for such commission to serve in the capacity of the enhanced enterprise zone board instead of the board established in accordance with subsection 1 of this section, the commission shall fulfill the duties of the board established under subsection 6 of this section.

6. The role of the board or commission, as described in subsection 5 of this section, shall be to conduct the activities necessary to advise the governing authority on the designation of an enhanced enterprise zone and any other advisory duties as determined by the governing authority. The governing authority shall notify the director of such hearing at least thirty days prior thereto and shall publish notice of such hearing in a newspaper of general circulation in the area to be affected by such designation at least twenty days prior to the date of the hearing but not more than thirty days prior to such hearing. Such notice shall state the time, location, date, and purpose of the hearing. The director, or the director's designee, shall attend such hearing. **In the alternative, any governing authority that has made the necessary findings by ordinance to designate a certified site zone or a dormant manufacturing plant zone as a blighted area as contemplated under subdivision (1) of subsection 1 of section 99.820, prior to December 31, 2010, shall not be required to conduct an additional public hearing to establish the certified site zone or the dormant manufacturing plant zone as an enhanced enterprise zone so long as the governing authority notified the director of such hearing, at least thirty days prior thereto. Any governing authority that seeks to make the necessary finding to designate a certified site zone or a dormant manufacturing plant zone as an enhanced enterprise zone after December 31, 2010, may do so under a public hearing required under sections 99.820 and 99.825 conducted by the commission, and such public hearing shall satisfy the public hearing requirement set forth in subsection 1 of this section so long as the governing authority shall notify the director of such hearing at least thirty days prior thereto.**

- (1) A plan to provide adequate police protection within the area;
- (2) A specific and practical process for individual businesses to obtain waivers from burdensome local regulations, ordinances, and orders which serve to discourage economic development within the area to be designated an enhanced enterprise zone, except that such waivers shall not substantially endanger the health or safety of the employees of any such business or the residents of the area;
- (3) A description of what other specific actions will be taken to support and encourage private investment within the area;
- (4) A plan to ensure that resources are available to assist area residents to participate in increased development through self-help efforts and in ameliorating any negative effects of designation of the area as an enhanced enterprise zone;
- (5) A statement describing the projected positive and negative effects of designation of the area as an enhanced enterprise zone;
- (6) A specific plan to provide assistance to any person or business dislocated as a result of activities within the enhanced enterprise zone. Such plan shall determine the need of dislocated persons for relocation assistance; provide, prior to displacement, information about the type, location, and price of comparable housing or commercial property; provide information concerning state and federal programs for relocation assistance and provide other advisory services to displaced persons. Public agencies may choose to provide assistance under the Uniform Relocation and Real Property Acquisition Act, 42 U.S.C. Section 4601, et seq., to meet the requirements of this subdivision; and
- (7) A description or plan that demonstrates the requirements of subsection 4 of section 135.953.

3. An enhanced enterprise zone designation shall be effective upon such approval **or deemed approval** by the department and shall expire in twenty-five years. **Notwithstanding the requirement of subsection 2 of this section to the contrary, any certified site zone or dormant manufacturing plant zone that has been designated as a blighted redevelopment area as contemplated under subdivision (1) of subsection 1 of section 99.820 by the governing body or any certified site zone or dormant manufacturing plant zone that has been otherwise designated as an enhanced enterprise zone by the governing authority under this section shall be deemed approved and designated as an enhanced enterprise zone without further approval of or additional action being taken by the department. Such approval of the department of the certified site zone or dormant manufacturing plant zone as an enhanced enterprise zone and the designation of the certified site zone or dormant manufacturing plant zone as an enhanced enterprise zone shall be deemed effective when the governing authority provides written notice to the department of its intent to establish such enhanced enterprise zone and such notice is accompanied with a petition that includes all of the information required by subsection 2 of this section.**

4. Each designated enhanced enterprise zone board shall report to the director on an annual basis regarding the status of the zone and business activity within the zone.

135.963. 1. Improvements made to real property as such term is defined in section 137.010, RSMo, which are made in an enhanced enterprise zone subsequent to the date such zone or expansion thereto was designated, may, upon

approval of an authorizing resolution by the governing authority having jurisdiction of the area in which the improvements are made, be exempt, in whole or in part, from assessment and payment of ad valorem taxes of one or more affected political subdivisions. In addition to enhanced business enterprises, a speculative industrial or warehouse building constructed by a public entity or a private entity if the land is leased by a public entity may be subject to such exemption.

2. Such authorizing resolution shall specify the percent of the exemption to be granted, the duration of the exemption to be granted, and the political subdivisions to which such exemption is to apply and any other terms, conditions, or stipulations otherwise required. A copy of the resolution shall be provided to the director within thirty calendar days following adoption of the resolution by the governing authority.

3. No exemption shall be granted until the governing authority holds a public hearing for the purpose of obtaining the opinions and suggestions of residents of political subdivisions to be affected by the exemption from property taxes. The governing authority shall send, by certified mail, a notice of such hearing to each political subdivision in the area to be affected and shall publish notice of such hearing in a newspaper of general circulation in the area to be affected by the exemption at least twenty days prior to the hearing but not more than thirty days prior to the hearing. Such notice shall state the time, location, date, and purpose of the hearing.

4. Notwithstanding subsection 1 of this section, at least one-half of the ad valorem taxes otherwise imposed on subsequent improvements to real property located in an enhanced enterprise zone of enhanced business enterprises or speculative industrial or warehouse buildings as indicated in subsection 1 of this section shall become and remain exempt from assessment and payment of ad valorem taxes of any political subdivision of this state or municipality thereof for a period of not less than ten years following the date such improvements were assessed, provided the improved properties are used for enhanced business enterprises. The exemption for speculative buildings is subject to the approval of the governing authority for a period not to exceed two years if the building is owned by a private entity and five years if the building is owned or ground leased by a public entity. This shall not preclude the building receiving an exemption for the remaining time period established by the governing authority if it was occupied by an enhanced business enterprise. The two- and five-year time periods indicated for speculative buildings shall not be an addition to the local abatement time period for such facility.

5. No exemption shall be granted for a period more than twenty-five years following the date on which the original enhanced enterprise zone was designated **or deemed approved** by the department.

6. The provisions of subsection 1 of this section shall not apply to improvements made to real property begun prior to August 28, 2004.

7. The abatement referred to in this section shall not relieve the assessor or other responsible official from ascertaining the amount of the equalized assessed value of all taxable property annually as required by section 99.855, 99.957, or 99.1042, RSMo, and shall not have the effect of reducing the payments in lieu of taxes referred to in subdivision (2) of subsection 1 of section 99.845, RSMo, subdivision (2) of subsection 3 of section 99.957, RSMo, or subdivision (2) of subsection 3 of section 99.1042, RSMo, unless such reduction is set forth in the plan approved by the governing body of the municipality pursuant to subdivision (1) of subsection 1 of section 99.820, section 99.942, or section 99.1027, RSMo.

8. As applicable, before the provisions of subdivision (7) of subsection 3 of section 137.115 become effective in an enhanced enterprise zone, each local political subdivision that currently levies an ad valorem tax on tangible personal property within the boundaries of the enhanced enterprise zone shall adopt a resolution providing that the provisions of subdivision (7) of subsection 3 of section 137.115 shall apply to tangible personal property in such case.

135.967. 1. A taxpayer who establishes a new business facility may, upon approval by the department, be allowed a credit, each tax year for up to ten tax years, in an amount determined as set forth in this section, against the tax imposed by chapter 143, RSMo, excluding withholding tax imposed by sections 143.191 to 143.265, RSMo. No taxpayer shall receive multiple [ten-year] **five-year** periods for subsequent expansions at the same facility. **Notwithstanding the provisions of this subsection, the provisions of section 135.969 shall govern the issuance of tax credits for a new business facility in a certified site zone or dormant manufacturing plant zone approved and designated as an enhanced enterprise zone, except for the amount of tax credits to be issued with respect to such certified site zone or dormant manufacturing plant zone as provided in subsection 5 of this section.**

2. Notwithstanding any provision of law to the contrary, any taxpayer who establishes a new business facility in an enhanced enterprise zone and is awarded state tax credits under this section may not also receive tax credits under sections 135.100 to 135.150, sections 135.200 to 135.286, or section 135.535, and may not simultaneously receive tax credits under sections 620.1875 to 620.1890, RSMo, at the same facility.

3. No credit shall be issued pursuant to this section unless:

(1) The number of new business facility employees engaged or maintained in employment at the new business facility for the taxable year for which the credit is claimed equals or exceeds two; and

(2) The new business facility investment for the taxable year for which the credit is claimed equals or exceeds one hundred thousand dollars.

4. The annual amount of credits allowed for an approved enhanced business enterprise shall be the lesser of:

(1) The annual amount authorized by the department for the enhanced business enterprise, which shall be limited to the projected state economic benefit, as determined by the department; or

(2) [The sum calculated based upon] **An amount not to exceed the sum of the following:**

(a) [A credit of four hundred dollars for each new business facility employee employed within an enhanced enterprise zone;

(b) An additional credit of four hundred dollars for each new business facility employee who is a resident of an enhanced enterprise zone] **A tax credit up to five percent of the gross wages of each new business facility employee employed within the enhanced enterprise zone if the average wage of the new jobs of the enhanced business enterprise exceeds the county average wage, or if the average wage is below the county average wage, up to three percent; and**

(b) **A tax credit up to one percent of new business facility investment within an enhanced enterprise zone made during the current taxable year if the average wage of the new jobs of the enhanced business enterprise exceeds the county average wage, or if the average wage is below the county average wage, up to one-half percent;**

(c) An additional credit of four hundred dollars for each new business facility employee who is paid by the enhanced business enterprise a wage that exceeds the average wage paid within the county in which the facility is located, as determined by the department; and

(d) A credit equal to two percent of new business facility investment within an enhanced enterprise zone.

5. Prior to January 1, 2007, in no event shall the department authorize more than four million dollars annually to be issued for all enhanced business enterprises. After December 31, 2006, in no event shall the department authorize more than twenty-four million dollars annually to be issued for all enhanced business enterprises **including any such enhanced business enterprises located in certified site zones or dormant manufacturing plant zones under section 135.969.**

6. If a facility, which does not constitute a new business facility, is expanded by the taxpayer, the expansion shall be considered eligible for the credit allowed by this section if:

(1) The taxpayer's new business facility investment in the expansion during the tax period in which the credits allowed in this section are claimed exceeds one hundred thousand dollars and if the number of new business facility employees engaged or maintained in employment at the expansion facility for the taxable year for which credit is claimed equals or exceeds two, and the total number of employees at the facility after the expansion is at least two greater than the total number of employees before the expansion; and

(2) The taxpayer's investment in the expansion and in the original facility prior to expansion shall be determined in the manner provided in subdivision [(19)] **(22)** of section 135.950.

7. The number of new business facility employees during any taxable year shall be determined by dividing by twelve the sum of the number of individuals employed on the last business day of each month of such taxable year. If the new business facility is in operation for less than the entire taxable year, the number of new business facility employees shall be determined by dividing the sum of the number of individuals employed on the last business day of each full calendar month during the portion of such taxable year during which the new business facility was in operation by the number of full calendar months during such period. For the purpose of computing the credit allowed by this section in the case of a facility which qualifies as a new business facility under subsection 6 of this section, and in the case of a new business facility which satisfies the requirements of paragraph (c) of subdivision [(17)] **(20)** of section 135.950, or subdivision [(25)] **(28)** of section 135.950, the number of new business facility employees at such facility shall be reduced by the average number of individuals employed, computed as provided in this subsection, at the facility during the taxable year immediately preceding the taxable year in which such expansion, acquisition, or replacement occurred and shall further be reduced by the number of individuals employed by the taxpayer or related taxpayer that was subsequently transferred to the new business facility from another Missouri facility and for which credits authorized in this section are not being earned, whether such credits are earned because of an expansion, acquisition, relocation, or the establishment of a new facility.

8. In the case where a new business facility employee who is a resident of an enhanced enterprise zone for less than a twelve-month period is employed for less than a twelve-month period, the credits allowed by paragraph (b) of subdivision (2) of subsection 4 of this section shall be determined by multiplying four hundred dollars by a fraction, the numerator of which is the number of calendar days during the taxpayer's tax year for which such credits are claimed,

in which the employee was a resident of an enhanced enterprise zone, and the denominator of which is three hundred sixty-five.

9. For the purpose of computing the credit allowed by this section in the case of a facility which qualifies as a new business facility pursuant to subsection 6 of this section, and in the case of a new business facility which satisfies the requirements of paragraph (c) of subdivision [(17)] **(20)** of section 135.950 or subdivision [(25)] **(28)** of section 135.950, the amount of the taxpayer's new business facility investment in such facility shall be reduced by the average amount, computed as provided in subdivision [(19)] **(22)** of section 135.950 for new business facility investment, of the investment of the taxpayer, or related taxpayer immediately preceding such expansion or replacement or at the time of acquisition. Furthermore, the amount of the taxpayer's new business facility investment shall also be reduced by the amount of investment employed by the taxpayer or related taxpayer which was subsequently transferred to the new business facility from another Missouri facility and for which credits authorized in this section are not being earned, whether such credits are earned because of an expansion, acquisition, relocation, or the establishment of a new facility.

10. For a taxpayer with flow-through tax treatment to its members, partners, or shareholders, the credit shall be allowed to members, partners, or shareholders in proportion to their share of ownership on the last day of the taxpayer's tax period.

11. Credits may not be carried forward but shall be claimed for the taxable year during which commencement of commercial operations occurs at such new business facility, and for each of the nine succeeding taxable years for which the credit is issued.

12. Certificates of tax credit authorized by this section may be transferred, sold, or assigned by filing a notarized endorsement thereof with the department that names the transferee, the amount of tax credit transferred, and the value received for the credit, as well as any other information reasonably requested by the department. The sale price cannot be less than seventy-five percent of the par value of such credits.

13. The director of revenue shall issue a refund to the taxpayer to the extent that the amount of credits allowed in this section exceeds the amount of the taxpayer's income tax.

14. Prior to the issuance of tax credits, the department shall verify through the department of revenue, or any other state department, that the tax credit applicant does not owe any delinquent income, sales, or use tax or interest or penalties on such taxes, or any delinquent fees or assessments levied by any state department and through the department of insurance, financial institutions and professional registration that the applicant does not owe any delinquent insurance taxes. Such delinquency shall not affect the authorization of the application for such tax credits, except that the amount of credits issued shall be reduced by the applicant's tax delinquency. If the department of revenue or the department of insurance, financial institutions and professional registration, or any other state department, concludes that a taxpayer is delinquent after June fifteenth but before July first of any year and the application of tax credits to such delinquency causes a tax deficiency on behalf of the taxpayer to arise, then the taxpayer shall be granted thirty days to satisfy the deficiency in which interest, penalties, and additions to tax shall be tolled. After applying all available credits toward a tax delinquency, the administering agency shall notify the appropriate department, and that department shall update the amount of outstanding delinquent tax owed by the applicant. If any credits remain after satisfying all insurance, income, sales, and use tax delinquencies, the remaining credits shall be issued to the applicant, subject to the restrictions of other provisions of law.

135.969. 1. A taxpayer who establishes a new business facility in a certified site zone or a dormant manufacturing plant zone approved or designated as an enhanced enterprise zone shall receive a tax credit each tax year for five tax years, in an amount determined as set forth in this section, against the tax imposed by chapter 143, excluding withholding tax imposed by sections 143.191 to 143.265. No taxpayer shall receive multiple five-year periods for subsequent expansions at the same facility.

2. Notwithstanding any provision of law to the contrary, any taxpayer who establishes a new business facility in a certified site zone or dormant manufacturing plant zone approved or designated as an enhanced enterprise zone and accepts state tax credits under this section shall not also receive tax credits or other benefits for the same new jobs under sections 135.100 to 135.150, sections 135.200 to 135.286, section 135.535, section 135.967, or sections 620.1875 to 620.1890 unless such benefits are determined to be necessary by the department.

3. The taxpayer shall be entitled to receive the tax credit upon satisfaction of one of the following criteria:

(1) The number of new business facility employees engaged or maintained in employment at the new business facility for the taxable year for which the credit is claimed equals or exceeds nine; and

(2) The new business facility investment for the taxable year for which the credit is claimed equals or exceeds five hundred thousand dollars.

4. The annual amount of tax credits to be issued for an enhanced business enterprise located in a certified site zone or dormant manufacturing plant zone shall be equal to the lesser of:

(1) The annual amount of projected state economic benefit for such enhanced business enterprise, as determined by the department; or

(2) An annual amount equal to the sum of the following:

(a) A tax credit equal to seven percent of the gross wages of each new business facility employee employed within the enhanced enterprise zone if the average wage of the new jobs of the enhanced business enterprise exceeds the county average wage, or if the average wage is below the county average wage, equal to four percent; and

(b) A tax credit equal to two percent of new business facility investment within an enhanced enterprise zone if the average wage of the new jobs of the enhanced business enterprise exceeds the county average wage, or if the average wage is below the county average wage, equal to one percent.

5. As set forth in section 135.967, up to twenty-four million dollars of tax credits shall be authorized annually for issuance of tax credits for all enhanced enterprise zones including any tax credits issued with respect to certified site zones and dormant manufacturing plant zones of which ten million shall be used exclusively for tax credits attributable to taxpayers in accordance with this section who establish new business facilities in a certified site zone qualified as such under subdivision (4) of section 135.950, provided that for calendar years 2010 and 2011, the ten million dollar limitation may be reduced to equal the balance of tax credits available under the entire program if, as of August 28, 2010, the department has made irrevocable allocations to qualified applicants for tax credits under section 135.967 such that the total of all available tax credit capacity of this program is less than ten million dollars. Beginning January 1, 2011, if no such taxpayer or taxpayers have applied for tax credits attributable to new business facilities in a certified site zone qualified as such under subdivision (4) of section 135.950 by November fifteenth of each calendar year for the entire ten million dollars, or such lesser amount as computed for calendar years 2010 and 2011, any remaining tax credits for which an application has not been made will be available for issuance for all enhanced enterprise zones for that calendar year. If a new business facility investment in a certified site zone qualified as such under subdivision (4) of section 135.950 qualifies the taxpayer for tax credits under subsection 4 of this section, in excess of the available annual authorization limit set forth in this subsection, the taxpayer may carry such excess new business facility investment amount forward to subsequent years and such excess shall be treated as a new business facility investment for such later taxable years until the taxpayer has received issuance of all tax credits authorized under this section, and, for each such taxable year, the taxpayer shall receive such tax credits on a pro rata basis with other applicants for the tax credits if there are other applicants.

6. If a facility, which does not constitute a new business facility, is expanded by the taxpayer, the expansion shall be considered eligible for the credit allowed by this section if:

(1) The taxpayer's new business facility investment in the expansion during the tax period in which the credits allowed in this section are claimed exceeds five hundred thousand dollars and if the number of new business facility employees engaged or maintained in employment at the expansion facility for the taxable year for which credit is claimed equals or exceeds two, and the total number of employees at the facility after the expansion is at least two greater than the total number of employees before the expansion; and

(2) The taxpayer's investment in the expansion and in the original facility prior to expansion shall be determined in the manner provided in subdivision (22) of section 135.950.

7. The number of new business facility employees during any taxable year shall be determined by dividing by twelve the sum of the number of individuals employed on the last business day of each month of such taxable year. If the new business facility is in operation for less than the entire taxable year, the number of new business facility employees shall be determined by dividing the sum of the number of individuals employed on the last business day of each full calendar month during the portion of such taxable year during which the new business facility was in operation by the number of full calendar months during such period. For the purpose of computing the credit allowed by this section in the case of a facility which qualifies as a new business facility under subsection 6 of this section, and in the case of a new business facility which satisfies the requirements of paragraph (c) of subdivision (20) or (28) of section 135.950, the number of new business facility employees at such facility shall be reduced by the average number of individuals employed, computed as provided in this subsection, at the facility during the taxable year immediately preceding the taxable year in which such expansion, acquisition, or replacement occurred and shall further be reduced by the number of individuals employed by the taxpayer or related taxpayer that was subsequently transferred to the new business facility from another Missouri facility and for which credits authorized in this section are not being earned, whether such credits are earned because of an expansion, acquisition, relocation, or the establishment of a new facility.

8. For the purpose of computing the credit allowed by this section in the case of a facility which qualifies as a new business facility under subsection 6 of this section, and in the case of a new business facility which

satisfies the requirements of paragraph (c) of subdivision (20) or (28) of section 135.950, the amount of the taxpayer's new business facility investment in such facility shall be reduced by the average amount, computed as provided in subdivision (22) of section 135.950 for new business facility investment, of the investment of the taxpayer, or related taxpayer immediately preceding such expansion or replacement or at the time of acquisition. Furthermore, the amount of the taxpayer's new business facility investment shall also be reduced by the amount of investment employed by the taxpayer or related taxpayer which was subsequently transferred to the new business facility from another Missouri facility and for which credits authorized in this section are not being earned, whether such credits are earned because of an expansion, acquisition, relocation, or the establishment of a new facility.

9. For a taxpayer with flow-through tax treatment to its members, partners, or shareholders, the credit shall be allowed to members, partners, or shareholders in proportion to their share of ownership on the last day of the taxpayer's tax period.

10. Except as allowed in subsection 5 of this section, credits may not be carried forward but shall be claimed for the taxable year during which commencement of commercial operations occurs at such new business facility, and for each of the nine succeeding taxable years for which the credit is issued.

11. Certificates of tax credit authorized by this section may be transferred, sold, or assigned by filing a notarized endorsement thereof with the department that names the transferee, the amount of tax credit transferred, and the value received for the credit, as well as any other information reasonably requested by the department. The sale price cannot be less than seventy-five percent of the par value of such credits.

12. The director of revenue shall issue a refund to the taxpayer to the extent that the amount of credits allowed in this section exceeds the amount of the taxpayer's income tax.

13. Prior to the issuance of tax credits, the department shall verify through the department of revenue, or any other state department, that the tax credit applicant does not owe any delinquent income, sales, or use tax or interest or penalties on such taxes, or any delinquent fees or assessments levied by any state department and through the department of insurance, financial institutions and professional registration that the applicant does not owe any delinquent insurance taxes. Such delinquency shall not affect the authorization of the application for such tax credits, except that the amount of credits issued shall be reduced by the applicant's tax delinquency. If the department of revenue or the department of insurance, financial institutions and professional registration, or any other state department, concludes that a taxpayer is delinquent after June fifteenth but before July first of any year and the application of tax credits to such delinquency causes a tax deficiency on behalf of the taxpayer to arise, then the taxpayer shall be granted thirty days to satisfy the deficiency in which interest, penalties, and additions to tax shall be tolled. After applying all available credits toward a tax delinquency, the administering agency shall notify the appropriate department, and that department shall update the amount of outstanding delinquent tax owed by the applicant. If any credits remain after satisfying all insurance, income, sales, and use tax delinquencies, the remaining credits shall be issued to the applicant, subject to the restrictions of other provisions of law.

137.115. 1. All other laws to the contrary notwithstanding, the assessor or the assessor's deputies in all counties of this state including the city of St. Louis shall annually make a list of all real and tangible personal property taxable in the assessor's city, county, town or district. Except as otherwise provided in subsection 3 of this section and section 137.078, the assessor shall annually assess all personal property at thirty-three and one-third percent of its true value in money as of January first of each calendar year. The assessor shall annually assess all real property, including any new construction and improvements to real property, and possessory interests in real property at the percent of its true value in money set in subsection 5 of this section. The true value in money of any possessory interest in real property in subclass (3), where such real property is on or lies within the ultimate airport boundary as shown by a federal airport layout plan, as defined by 14 CFR 151.5, of a commercial airport having a FAR Part 139 certification and owned by a political subdivision, shall be the otherwise applicable true value in money of any such possessory interest in real property, less the total dollar amount of costs paid by a party, other than the political subdivision, towards any new construction or improvements on such real property completed after January 1, 2008, and which are included in the above-mentioned possessory interest, regardless of the year in which such costs were incurred or whether such costs were considered in any prior year. The assessor shall annually assess all real property in the following manner: new assessed values shall be determined as of January first of each odd-numbered year and shall be entered in the assessor's books; those same assessed values shall apply in the following even-numbered year, except for new construction and property improvements which shall be valued as though they had been completed as of January first of the preceding odd-numbered year. The assessor may call at the office, place of doing business, or residence of each person required by this chapter to list property, and require the person to make a correct statement of all taxable tangible personal

property owned by the person or under his or her care, charge or management, taxable in the county. On or before January first of each even-numbered year, the assessor shall prepare and submit a two-year assessment maintenance plan to the county governing body and the state tax commission for their respective approval or modification. The county governing body shall approve and forward such plan or its alternative to the plan to the state tax commission by February first. If the county governing body fails to forward the plan or its alternative to the plan to the state tax commission by February first, the assessor's plan shall be considered approved by the county governing body. If the state tax commission fails to approve a plan and if the state tax commission and the assessor and the governing body of the county involved are unable to resolve the differences, in order to receive state cost-share funds outlined in section 137.750, the county or the assessor shall petition the administrative hearing commission, by May first, to decide all matters in dispute regarding the assessment maintenance plan. Upon agreement of the parties, the matter may be stayed while the parties proceed with mediation or arbitration upon terms agreed to by the parties. The final decision of the administrative hearing commission shall be subject to judicial review in the circuit court of the county involved. In the event a valuation of subclass (1) real property within any county with a charter form of government, or within a city not within a county, is made by a computer, computer-assisted method or a computer program, the burden of proof, supported by clear, convincing and cogent evidence to sustain such valuation, shall be on the assessor at any hearing or appeal. In any such county, unless the assessor proves otherwise, there shall be a presumption that the assessment was made by a computer, computer-assisted method or a computer program. Such evidence shall include, but shall not be limited to, the following:

(1) The findings of the assessor based on an appraisal of the property by generally accepted appraisal techniques; and

(2) The purchase prices from sales of at least three comparable properties and the address or location thereof. As used in this subdivision, the word "comparable" means that:

(a) Such sale was closed at a date relevant to the property valuation; and

(b) Such properties are not more than one mile from the site of the disputed property, except where no similar properties exist within one mile of the disputed property, the nearest comparable property shall be used. Such property shall be within five hundred square feet in size of the disputed property, and resemble the disputed property in age, floor plan, number of rooms, and other relevant characteristics.

2. Assessors in each county of this state and the city of St. Louis may send personal property assessment forms through the mail.

3. The following items of personal property shall each constitute separate subclasses of tangible personal property and shall be assessed and valued for the purposes of taxation at the following percentages of their true value in money:

(1) Grain and other agricultural crops in an unmanufactured condition, one-half of one percent;

(2) Livestock, twelve percent;

(3) Farm machinery, twelve percent;

(4) Motor vehicles which are eligible for registration as and are registered as historic motor vehicles pursuant to section 301.131, RSMo, and aircraft which are at least twenty-five years old and which are used solely for noncommercial purposes and are operated less than fifty hours per year or aircraft that are home built from a kit, five percent;

(5) Poultry, twelve percent; [and]

(6) Tools and equipment used for pollution control and tools and equipment used in retooling for the purpose of introducing new product lines or used for making improvements to existing products by any company which is located in a state enterprise zone and which is identified by any standard industrial classification number cited in subdivision (6) of section 135.200, RSMo, twenty-five percent;

(7) In any county of the first classification with more than one hundred thirty-five thousand four hundred but fewer than one hundred thirty-five thousand five hundred inhabitants, tools, telecommunications equipment, power production and transmission machinery and equipment, data processing machinery and equipment, and other machinery and equipment that is used in an enhanced enterprise zone designated as such a zone for a certified site zone as defined in subdivision (4) of section 135.950, one-half of one percent.

4. The person listing the property shall enter a true and correct statement of the property, in a printed blank prepared for that purpose. The statement, after being filled out, shall be signed and either affirmed or sworn to as provided in section 137.155. The list shall then be delivered to the assessor.

5. All subclasses of real property, as such subclasses are established in section 4(b) of article X of the Missouri Constitution and defined in section 137.016, shall be assessed at the following percentages of true value:

(1) For real property in subclass (1), nineteen percent;

(2) For real property in subclass (2), twelve percent; and

(3) For real property in subclass (3), thirty-two percent.

6. Manufactured homes, as defined in section 700.010, RSMo, which are actually used as dwelling units shall be assessed at the same percentage of true value as residential real property for the purpose of taxation. The percentage of assessment of true value for such manufactured homes shall be the same as for residential real property. If the county collector cannot identify or find the manufactured home when attempting to attach the manufactured home for payment of taxes owed by the manufactured home owner, the county collector may request the county commission to have the manufactured home removed from the tax books, and such request shall be granted within thirty days after the request is made; however, the removal from the tax books does not remove the tax lien on the manufactured home if it is later identified or found. A manufactured home located in a manufactured home rental park, rental community or on real estate not owned by the manufactured home owner shall be considered personal property. A manufactured home located on real estate owned by the manufactured home owner may be considered real property.

7. Each manufactured home assessed shall be considered a parcel for the purpose of reimbursement pursuant to section 137.750, unless the manufactured home has been converted to real property in compliance with section 700.111, RSMo, and assessed as a realty improvement to the existing real estate parcel.

8. Any amount of tax due and owing based on the assessment of a manufactured home shall be included on the personal property tax statement of the manufactured home owner unless the manufactured home has been converted to real property in compliance with section 700.111, RSMo, in which case the amount of tax due and owing on the assessment of the manufactured home as a realty improvement to the existing real estate parcel shall be included on the real property tax statement of the real estate owner.

9. The assessor of each county and each city not within a county shall use the trade-in value published in the October issue of the National Automobile Dealers' Association Official Used Car Guide, or its successor publication, as the recommended guide of information for determining the true value of motor vehicles described in such publication. In the absence of a listing for a particular motor vehicle in such publication, the assessor shall use such information or publications which in the assessor's judgment will fairly estimate the true value in money of the motor vehicle.

10. Before the assessor may increase the assessed valuation of any parcel of subclass (1) real property by more than fifteen percent since the last assessment, excluding increases due to new construction or improvements, the assessor shall conduct a physical inspection of such property.

11. If a physical inspection is required, pursuant to subsection 10 of this section, the assessor shall notify the property owner of that fact in writing and shall provide the owner clear written notice of the owner's rights relating to the physical inspection. If a physical inspection is required, the property owner may request that an interior inspection be performed during the physical inspection. The owner shall have no less than thirty days to notify the assessor of a request for an interior physical inspection.

12. A physical inspection, as required by subsection 10 of this section, shall include, but not be limited to, an on-site personal observation and review of all exterior portions of the land and any buildings and improvements to which the inspector has or may reasonably and lawfully gain external access, and shall include an observation and review of the interior of any buildings or improvements on the property upon the timely request of the owner pursuant to subsection 11 of this section. Mere observation of the property via a drive-by inspection or the like shall not be considered sufficient to constitute a physical inspection as required by this section.

13. The provisions of subsections 11 and 12 of this section shall only apply in any county with a charter form of government with more than one million inhabitants.

14. A county or city collector may accept credit cards as proper form of payment of outstanding property tax or license due. No county or city collector may charge surcharge for payment by credit card which exceeds the fee or surcharge charged by the credit card bank, processor, or issuer for its service. A county or city collector may accept payment by electronic transfers of funds in payment of any tax or license and charge the person making such payment a fee equal to the fee charged the county by the bank, processor, or issuer of such electronic payment.

15. Any county or city not within a county in this state may, by an affirmative vote of the governing body of such county, opt out of the provisions of this section and sections 137.073, 138.060, and 138.100, RSMo, as enacted by house bill no. 1150 of the ninety-first general assembly, second regular session and section 137.073 as modified by house committee substitute for senate substitute for senate committee substitute for senate bill no. 960, ninety-second general assembly, second regular session, for the next year of the general reassessment, prior to January first of any year. No county or city not within a county shall exercise this opt-out provision after implementing the provisions of this section and sections 137.073, 138.060, and 138.100, RSMo, as enacted by house bill no. 1150 of the ninety-first general assembly, second regular session and section 137.073 as modified by house committee substitute for senate substitute for senate committee substitute for senate bill no. 960, ninety-second general assembly, second regular session, in a year of general reassessment. For the purposes of applying the provisions of this subsection, a political subdivision contained within two or more counties where at least one of such counties has opted out and at least one of such counties has not

opted out shall calculate a single tax rate as in effect prior to the enactment of house bill no. 1150 of the ninety-first general assembly, second regular session. A governing body of a city not within a county or a county that has opted out under the provisions of this subsection may choose to implement the provisions of this section and sections 137.073, 138.060, and 138.100, RSMo, as enacted by house bill no. 1150 of the ninety-first general assembly, second regular session, and section 137.073 as modified by house committee substitute for senate substitute for senate committee substitute for senate bill no. 960, ninety-second general assembly, second regular session, for the next year of general reassessment, by an affirmative vote of the governing body prior to December thirty-first of any year.

16. The annual service retirement allowance payable pursuant to section 169.320 in equal monthly installments for life shall be the retirant's number of years of creditable service multiplied by one and three-fourths percent of the person's average final compensation, subject to a maximum of sixty percent of the person's average final compensation. For any member who retires as an active member on or after June 30, 1999, the annual service retirement allowance payable pursuant to section 169.320 in equal monthly installments for life shall be the retirant's number of years of creditable service multiplied by two percent of the person's average final compensation, subject to a maximum of sixty percent of the person's average final compensation. Any member whose number of years of creditable service is greater than thirty-four and one-quarter on August 28, 1993, shall receive an annual service retirement allowance payable pursuant to section 169.320 in equal monthly installments for life equal to the retirant's number of years of creditable service as of August 28, 1993, multiplied by one and three-fourths percent of the person's average final compensation but shall not receive a greater annual service retirement allowance based on additional years of creditable service after August 28, 1993. Provided, however, that, effective January 1, 1996, any retiree who retired on, before or after January 1, 1996, with at least twenty years of creditable service shall receive at least three hundred dollars each month as a retirement allowance, or the actuarial equivalent thereof if the retiree elected any of the options available under section 169.326. Provided, further, any retiree who retired with at least ten years of creditable service shall receive at least one hundred fifty dollars each month as a retirement allowance, plus fifteen dollars for each additional full year of creditable service greater than ten years but less than twenty years (or the actuarial equivalent thereof if the retiree elected any of the options available under section 169.326). Any beneficiary of a deceased retiree who retired with at least ten years of creditable service and elected one of the options available under section 169.326 shall also be entitled to the actuarial equivalent of the minimum benefit provided by this subsection, determined from the option chosen.

2. Except as otherwise provided in sections 169.331, 169.580 and 169.585, payment of a retirant's retirement allowance will be suspended for any month for which such person receives remuneration from the person's employer or from any other employer in the retirement system established by section 169.280 for the performance of services except any such person other than a person receiving a disability retirement allowance under section 169.322 may serve as a nonregular substitute, part-time or temporary employee for not more than six hundred hours in any school year without becoming a member and without having the person's retirement allowance discontinued, **provided that through such substitute, part-time, or temporary employment, the person may earn no more than fifty percent of the annual salary or wages the person was last paid by the employer before the person retired and commenced receiving a retirement allowance, adjusted for inflation. If a person exceeds such hours limit or such compensation limit, payment of the person's retirement allowance shall be suspended for the month in which such limit was exceeded and each subsequent month in the school year for which the person receives remuneration from any employer in the retirement system.** If a retirant is reemployed by any employer in any capacity, whether pursuant to this section, or section 169.331, 169.580, or 169.585, or as a regular employee, the amount of such person's retirement allowance attributable to service prior to the person's first retirement date shall not be changed by the reemployment. If the person again becomes an active member and earns additional creditable service, upon the person's second retirement the person's retirement allowance shall be the sum of:

(1) The retirement allowance the person was receiving at the time the person's retirement allowance was suspended, pursuant to the payment option elected as of the first retirement date, plus the amount of any increase in such retirement allowance the person would have received pursuant to subsection 3 of this section had payments not been suspended during the person's reemployment; and

(2) An additional retirement allowance computed using the benefit formula in effect on the person's second retirement date, the person's creditable service following reemployment, and the person's average **final** annual compensation as of the second retirement date. The sum calculated pursuant to this subsection shall not exceed the

greater of sixty percent of the person's average final compensation as of the second retirement date or the amount determined pursuant to subdivision (1) of this subsection. Compensation earned prior to the person's first retirement date shall be considered in determining the person's average final compensation as of the second retirement date if such compensation would otherwise be included in determining the person's average final compensation.

3. The board of trustees shall determine annually whether the investment return on funds of the system can provide for an increase in benefits for retirants eligible for such increase. A retirant shall and will be eligible for an increase awarded pursuant to this section as of the second January following the date the retirant commenced receiving retirement benefits. Any such increase shall also apply to any monthly joint and survivor retirement allowance payable to such retirant's beneficiaries, regardless of age. The board shall make such determination as follows:

(1) After determination by the actuary of the investment return for the preceding year as of December thirty-first (the "valuation year"), the actuary shall recommend to the board of trustees what portion of the investment return is available to provide such benefits increase, if any, and shall recommend the amount of such benefits increase, if any, to be implemented as of the first day of the thirteenth month following the end of the valuation year, and the first payable on or about the first day of the fourteenth month following the end of the valuation year. The actuary shall make such recommendations so as not to affect the financial soundness of the retirement system, recognizing the following safeguards:

(a) The retirement system's funded ratio as of January first of the year preceding the year of a proposed increase shall be at least one hundred percent after adjusting for the effect of the proposed increase. The funded ratio is the ratio of assets to the pension benefit obligation;

(b) The actuarially required contribution rate, after adjusting for the effect of the proposed increase, may not exceed the statutory contribution rate;

(c) The actuary shall certify to the board of trustees that the proposed increase will not impair the actuarial soundness of the retirement system;

(d) A benefit increase, under this section, once awarded, cannot be reduced in succeeding years;

(2) The board of trustees shall review the actuary's recommendation and report and shall, in their discretion, determine if any increase is prudent and, if so, shall determine the amount of increase to be awarded.

4. This section does not guarantee an annual increase to any retirant.

5. If an inactive member becomes an active member after June 30, 2001, and after a break in service, unless the person earns at least four additional years of creditable service without another break in service, upon retirement the person's retirement allowance shall be calculated separately for each separate period of service ending in a break in service. The retirement allowance shall be the sum of the separate retirement allowances computed for each such period of service using the benefit formula in effect, the person's average final compensation as of the last day of such period of service and the creditable service the person earned during such period of service; provided, however, if the person earns at least four additional years of creditable service without another break in service, all of the person's creditable service prior to and including such service shall be aggregated and, upon retirement, the retirement allowance shall be computed using the benefit formula in effect and the person's average final compensation as of the last day of such period of four or more years and all of the creditable service the person earned prior to and during such period.

6. Notwithstanding anything contained in this section to the contrary, the amount of the annual service retirement allowance payable to any retirant pursuant to the provisions of sections 169.270 to 169.400, including any adjustments made pursuant to subsection 3 of this section, shall at all times comply with the provisions and limitations of Section 415 of the Internal Revenue Code of 1986, as amended, and the regulations thereunder, the terms of which are specifically incorporated herein by reference.

7. All retirement systems established by the laws of the state of Missouri shall develop a procurement action plan for utilization of minority and women money managers, brokers and investment counselors. Such retirement systems shall report their progress annually to the joint committee on public employee retirement and the governor's minority advocacy commission.

169.328. 1. Should a member cease to be a regular employee, except by retirement, the member, if living, shall be paid on demand, made by written notice to the board of trustees, the amount of the person's accumulated contributions (with interest as determined by the board of trustees as provided in sections 169.270 to 169.400) standing to the credit of the person's individual account in the employees' contribution fund. The accumulated contributions with interest shall not be paid to a member so long as the person remains a regular employee or before the member incurs a break in service. If the member dies before retirement such accumulated contributions (with interest) shall be paid to the member's estate or designated beneficiary unless the provisions of subsection 3 of section 169.326 apply.

2. If a former unvested member's accumulated contributions have not been withdrawn four years after the person has ceased to be a member (other than by reason of death or retirement), the board of trustees shall pay the same to such former member within a reasonable time after the expiration of such four-year period.

3. If, on account of undeliverability, improper mailing or forwarding address, or other similar problem, the board of trustees is unable to refund the accumulated contributions of a former unvested member or to commence payment of retirement benefits within four years after the end of the calendar year in which such former member ceased to be a regular employee, the board may transfer the accumulated contributions to the general reserve fund. If, thereafter, written application is made to the board of trustees for such refund or benefits, the board shall cause the same to be paid from the general reserve fund, but no interest shall be accrued after the end of the fourth year following the end of the calendar year in which such former member ceased to be a regular employee.

4. In its discretion the board of trustees may approve extensions of any time periods in this section on account of a former member's military or naval service, academic study or illness.

5. Any member or beneficiary who is entitled to receive a distribution that is an eligible rollover distribution, as defined in Section 402(c)(4) of the Internal Revenue Code of 1986, may elect to have that distribution transferred directly to another eligible retirement plan, as defined in Section 402(c)(8) of the Internal Revenue Code of 1986, designated by the member or beneficiary in accordance with procedures established by the board of trustees. An eligible rollover distribution shall include a distribution to a nonspouse beneficiary that is treated as an eligible rollover distribution under Section 402(c)(11) of the Internal Revenue Code of 1986. All such transfers shall be made in compliance with the requirements of Section 401(a)(31) of the Internal Revenue Code of 1986 and regulations thereunder."; and

Further amend said title, enacting clause and intersectional references accordingly.

AMEND House Committee Substitute for Senate Committee Substitute for Senate Bill No. 777, Page 1, Section A, Line 3, by inserting after all of said line the following:

“375.539. 1. The director of the department of insurance, financial institutions and professional registration may deem an insurance company to be in such financial condition that its further transaction of business would be hazardous to policyholders, creditors, and the public, if such company is a property or casualty insurer, or both a property and casualty insurer, which has in force any policy with any single net retained risk larger than ten percent of that company's capital and surplus as of the December thirty-first next preceding.

2. The following standards, either singly or a combination of two or more, may be considered by the director to determine whether the continued operation of any insurer transacting an insurance business in this state might be deemed to be hazardous to its policyholders, creditors, or the general public:

(1) Adverse findings reported in financial condition and market conduct examination reports, audit reports, and actuarial opinions, reports, or summaries;

(2) The National Association of Insurance Commissioners Insurance Regulatory Information System and its other financial analysis solvency tools and reports;

(3) Whether the insurer has made adequate provision, according to presently accepted actuarial standards of practice, for the anticipated cash flows required by the contractual obligations and related expenses of the insurer, when considered in light of the assets held by the insurer with respect to such reserves and related actuarial items including, but not limited to, the investment earnings on such assets, and the considerations anticipated to be received and retained under such policies and contracts;

(4) The ability of an assuming reinsurer to perform and whether the insurer's reinsurance program provides sufficient protection for the insurer's remaining surplus after taking into account the insurer's cash flow and the classes of business written as well as the financial condition of the assuming reinsurer;

(5) Whether the insurer's operating loss in the last twelve-month period or any shorter period of time, including but not limited to net capital gain or loss, change in non-admitted assets, and cash dividends paid to shareholders, is greater than fifty percent of the insurer's remaining surplus as regards to policyholders in excess of the minimum required;

(6) Whether the insurer's operating loss in the last twelve-month period or any shorter period of time, excluding net capital gains, is greater than twenty percent of the insurer's remaining surplus as regards to policyholders in excess of the minimum required;

(7) Whether a reinsurer, obligor, or any entity within the insurer's insurance holding company system, is insolvent, threatened with insolvency or delinquent in payment of its monetary or other obligations, and which in the opinion of the director may affect the solvency of the insurer;

(8) Contingent liabilities, pledges, or guaranties which either individually or collectively involve a total amount which in the opinion of the director may affect the solvency of the insurer;

(9) Whether any "controlling" person of an insurer is delinquent in the transmitting to, or payment of, net premiums to the insurer. As used in this subdivision, the term "controlling" shall have the same meaning assigned to it in subdivision (2) of section 382.010;

(10) The age and collectibility of receivables;

(11) Whether the management of an insurer, including officers, directors, or any other person who directly or indirectly controls the operation of the insurer, fails to possess and demonstrate the competence, fitness, and reputation deemed necessary to serve the insurer in such position;

(12) Whether management of an insurer has failed to respond to inquiries relative to the condition of the insurer or has furnished false and misleading information concerning an inquiry;

(13) Whether the insurer has failed to meet financial and holding company filing requirements in the absence of a reason satisfactory to the director;

(14) Whether management of an insurer either has filed any false or misleading sworn financial statement, or has released false or misleading financial statement to lending institutions or to the general public, or has made a false or misleading entry, or has omitted an entry of material amount in the books of the insurer;

(15) Whether the insurer has grown so rapidly and to such an extent that it lacks adequate financial and administrative capacity to meet its obligations in a timely manner;

(16) Whether the insurer has experienced or will experience in the foreseeable future cash flow or liquidity problems;

(17) Whether management has established reserves that do not comply with minimum standards established by state insurance laws, regulations, statutory accounting standards, sound actuarial principles and standards of practice;

(18) Whether management persistently engages in material under reserving that results in adverse development;

(19) Whether transactions among affiliates, subsidiaries, or controlling persons for which the insurer receives assets or capital gains, or both, do not provide sufficient value, liquidity, or diversity to assure the insurer's ability to meet its outstanding obligations as they mature;

(20) Any other finding determined by the director to be hazardous to the insurer's policyholders, creditors, or general public.

3. For the purposes of making a determination of an insurer's financial condition under this section, the director may:

(1) Disregard any credit or amount receivable resulting from transactions with a reinsurer that is insolvent, impaired, or otherwise subject to a delinquency proceeding;

(2) Make appropriate adjustments including disallowance to asset values attributable to investments in or transactions with parents, subsidiaries, or affiliates consistent with the National Association of Insurance Commissioners Accounting Policies and Procedures Manual, state laws and regulations;

(3) Refuse to recognize the stated value of accounts receivable if the ability to collect receivables is highly speculative in view of the age of the account or the financial condition of the debtor;

(4) Increase the insurer's liability in an amount equal to any contingent liability, pledge, or guarantee not otherwise included if there is a substantial risk that the insurer will be called upon to meet the obligation undertaken within the next twelve-month period.

4. If the director determines that the continued operation of the insurer licensed to transact business in this state may be hazardous to its policyholders, creditors, or the general public, then the director may, to the extent authorized by law and in accordance with any procedures required by law, issue an order requiring the insurer to:

(1) Reduce the total amount of present and potential liability for policy benefits by reinsurance;

(2) Reduce, suspend, or limit the volume of business being accepted or renewed;

(3) Reduce general insurance and commission expenses by specified methods;

(4) Increase the insurer's capital and surplus;

(5) Suspend or limit the declaration and payment of dividend by an insurer to its stockholders or to its policyholders;

(6) File reports in a form acceptable to the director concerning the market value of an insurer's assets;

(7) Limit or withdraw from certain investments or discontinue certain investment practices to the extent the director deems necessary;

(8) Document the adequacy of premium rates in relation to the risks insured;

(9) File, in addition to regular annual statements, interim financial reports on the form adopted by the National Association of Insurance Commissioners or in such format as promulgated by the director;

(10) Correct corporate governance practice deficiencies, and adopt and utilize governance practices acceptable to the director;

(11) Provide a business plan to the director in order to continue to transact business in the state;

(12) Notwithstanding any other provision of law limiting the frequency or amount of premium rate adjustments, adjust rates for any non-life insurance product written by the insurer that the director considers necessary to improve the financial condition of the insurer.

5. An insurer subject to an order under subsection 4 of this section may request a hearing before the director in accordance with the provisions of chapter 536. The notice of hearing shall be served upon the insurer pursuant to section 536.067. The notice of hearing shall state the time and place of hearing and the conduct, condition, or ground upon which the director based the order. Unless mutually agreed between the director and the insurer, the hearing shall occur not less than ten days nor more than thirty days after notice is served and shall be either in Cole County or in some other place convenient to the parties designated by the director. The director shall hold all hearings under this subsection privately, unless the insurer requests a public hearing, in which case the hearing shall be public.

6. This section shall not be interpreted to limit the powers granted the director by any laws or parts of laws of this state, nor shall this section be interpreted to supercede any laws or parts of laws of this state, except that if the insurer is a foreign insurer, the director's order under subsection 4 of this section may be limited to the extent expressly provided by any laws or parts of laws of this state.

375.1255. 1. "Company action level event" means with respect to any insurer, any of the following events:

(2) The notification by the director to the insurer of an adjusted RBC report that indicates the event in paragraph (a) [or], (b), **or (c)** of subdivision (1) of this subsection, if the insurer does not challenge the adjusted RBC report pursuant to section 375.1265;

(3) If pursuant to section 375.1265 the insurer challenges an adjusted RBC report that indicates the event described in subdivision (1) of this subsection, the notification by the director to the insurer that the director has, after a hearing, rejected the insurer's challenge.

(4) Identify the key assumptions impacting the insurer's projections and the sensitivity of the projections to the assumptions; and

3. The RBC plan shall be submitted:

(1) Within forty-five days of the company action level event; or

(2) If the insurer challenges an adjusted RBC report pursuant to section 375.1265 within forty-five days after notification to the insurer that the director has, after a hearing, rejected the insurer's challenge.

4. Within sixty days after the submission by an insurer of an RBC plan to the director, the director shall notify the insurer whether the RBC plan shall be implemented or is, in the judgment of the director, unsatisfactory. If the director determines the RBC plan is unsatisfactory, the notification to the insurer shall set forth the reasons for the determination, and may set forth proposed revisions which will render the RBC plan satisfactory, in the judgment of the director. Upon notification from the director, the insurer shall prepare a revised RBC plan, which may incorporate by reference any revisions proposed by the director, and shall submit the revised RBC plan to the director:

(1) Within forty-five days after the notification from the director; or

(2) If the insurer challenges the notification from the director pursuant to section 375.1265, within forty-five days after a notification to the insurer that the director has, after a hearing, rejected the insurer's challenge.

5. In the event of a notification by the director to an insurer that the insurer's RBC plan or revised RBC plan is unsatisfactory, the director may at the director's discretion, subject to the insurer's right to a hearing under section 375.1265, specify in the notification that the notification constitutes a regulatory action level event.

6. Every domestic insurer that files an RBC plan or revised RBC plan with the director shall file a copy of the RBC plan or revised RBC plan with the chief insurance regulatory official in any state in which the insurer is authorized to do business if:

(1) Such state has an RBC provision, substantially similar to subsection 1 of section 375.1267; and

2. The receiver may apply to any court outside of the state for the relief described in subsection 1 of this section.

3. Notwithstanding anything to the contrary in this section, the commencement of a delinquency proceeding under sections 375.1150 to 375.1246 shall not operate as a stay or prohibition of any right to cause the netting, liquidation, setoff, termination, acceleration, or close out of obligations, or enforcement of any security agreement or arrangement or other credit enhancement or guarantee or reimbursement obligation, under or in connection with any netting agreement or qualified financial contract as provided for in section 375.1191.

375.1191. 1. Notwithstanding any other provision of sections 375.1150 to 375.1246, including any other provision of sections 375.1150 to 375.1246 permitting the modification of contracts, or other law of a state, no person shall be stayed or prohibited from exercising:

(1) A contractual right to cause the termination, liquidation, acceleration, or close out of obligations under or in connection with any netting agreement or qualified financial contract with an insurer because of:

(a) The insolvency, financial condition, or default of the insurer at any time, provided that the right is enforceable under applicable law other than sections 375.1150 to 375.1246; or

(b) The commencement of a formal delinquency proceeding under sections 375.1150 to 375.1246;

(2) Any right under a pledge, security, collateral, reimbursement, or guarantee agreement or arrangement or any other similar security arrangement or arrangement or other credit enhancement relating to one or more netting agreements or qualified financial contracts;

(3) Subject to any provision of section 375.1198, any right to set off or net out any termination value, payment amount, or other transfer obligation arising under or in connection with one or more qualified financial contracts where the counterparty or its guarantor is organized under the laws of the United States or a state or a foreign jurisdiction approved by the Securities Valuation Office (SVO) of the NAIC as eligible for netting; or

(4) If a counterparty to a master netting agreement or a qualified financial contract with an insurer subject to a proceeding under sections 375.1150 to 375.1246 terminates, liquidates, closes out, or accelerates the agreement or contract, damages shall be measured as of the date or dates of termination, liquidation, close out, or acceleration. The amount of a claim for damages shall be actual direct compensatory damages calculated in accordance with subsection 6 of this section.

2. Upon termination of a netting agreement or qualified financial contract, the net or settlement amount, if any, owed by a nondefaulting party to an insurer against which an application or petition has been filed under sections 375.1150 to 375.1246 shall be transferred to or on the order of the receiver for the insurer, even if the insurer is the defaulting party, notwithstanding any walkaway clause in the netting agreement or qualified financial contract. For purposes of this subsection, the term "walkaway clause" means a provision in a netting agreement or a qualified financial contract that, after calculation of a value of a party's position or an amount due to or from one of the parties in accordance with its terms upon termination, liquidation, or acceleration of the netting agreement or qualified financial contract, either does not create a payment obligation of a party or extinguishes a payment obligation of a party in whole or in part solely because of the party's status as a nondefaulting party. Any limited two-way payment or first method provision in a netting agreement or qualified financial contract with an insurer that has defaulted shall be deemed to be a full two-way payment or second method provision as against the defaulting insurer. Any such property or amount shall, except to the extent it is subject to one or more secondary liens or encumbrances or rights of netting or setoff, be a general asset of the insurer.

3. In making any transfer of a netting agreement or qualified financial contract of an insurer subject to a proceeding under sections 375.1150 to 375.1246, the receiver shall either:

(1) Transfer to one party, other than an insurer subject to a proceeding under sections 375.1150 to 375.1246, all netting agreements and qualified financial contracts between a counterparty or any affiliate of the counterparty and the insurer that is the subject of the proceeding, including:

(a) All rights and obligations of each party under each netting agreement and qualified financial contract; and

(b) All property, including any guarantees or other credit enhancement, securing any claims of each party under each netting agreement and qualified financial contract; or

(2) Transfer none of the netting agreements, qualified financial contracts, rights, obligations or property referred to in subdivision (1) of this subsection, with respect to the counterparty and any affiliate of the counterparty.

4. If a receiver for an insurer makes a transfer of one or more netting agreements or qualified financial contracts, then the receiver shall use its best efforts to notify any person who is party to the netting agreements or qualified financial contracts of the transfer by 12:00 noon, the receiver's local time, on the business day following the transfer. For purposes of this subsection, "business day" means a day other than a Saturday,

Sunday, or any day on which either the New York Stock Exchange or the Federal Reserve Bank of New York is closed.

5. Notwithstanding any other provision of sections 375.1150 to 375.1246, a receiver may not avoid a transfer of money or other property arising under or in connection with a netting agreement or qualified financial contract, or any pledge, security, collateral or guarantee agreement or any other similar security arrangement or credit support document relating to a netting agreement or qualified financial contract, that is made before the commencement of a formal delinquency proceeding under sections 375.1150 to 375.1246. However, a transfer may be avoided pursuant to section 375.1192 if the transfer was made with actual intent to hinder, delay or defraud the insurer, a receiver appointed for the insurer, or existing or future creditors.

6. (1) In exercising the rights of disaffirmance or repudiation of a receiver with respect to any netting agreement or qualified financial contract to which an insurer is a party, the receiver for the insurer shall either:

(a) Disaffirm or repudiate all netting agreements and qualified financial contracts between a counterparty or any affiliate of the counterparty and the insurer that is the subject of the proceeding; or

(b) Disaffirm or repudiate none of the netting agreements and qualified financial contracts referred to in paragraph (a) of this subdivision, with respect to the person or any affiliate of the person.

(2) Notwithstanding any other provision of sections 375.1150 to 375.1246, any claim of a counterparty against the estate arising from the receiver's disaffirmance or repudiation of a netting agreement or qualified financial contract that has not been previously affirmed in the liquidation or immediately preceding conservation or rehabilitation case shall be determined and shall be allowed or disallowed as if the claim had arisen before the date of the filing of the petition for liquidation or, if a conservation or rehabilitation proceeding is converted to a liquidation proceeding, as if the claim had arisen before the date of the filing of the petition for conservation or rehabilitation. The amount of the claim shall be the actual direct compensatory damages determined as of the date of the disaffirmance or repudiation of the netting agreement or qualified financial contract. The term "actual direct compensatory damages" does not include punitive or exemplary damages, damages for lost profit or lost opportunity or damages for pain and suffering, but does include normal and reasonable costs of cover or other reasonable measures of damages utilized in the derivatives, securities or other market for the contract and agreement claims.

7. The term "contractual right" as used in this section includes any right set forth in a rule or bylaw of a derivatives clearing organization, as defined in the Commodity Exchange Act, a multilateral clearing organization, as defined in the Federal Deposit Insurance Corporation Improvement Act of 1991, a national securities exchange, a national securities association, a securities clearing agency, a contract market designated under the Commodity Exchange Act, a derivatives transaction execution facility registered under the Commodity Exchange Act, or a board of trade, as defined in the Commodity Exchange Act, or in a resolution of the governing board thereof and any right, whether or not evidenced in writing, arising under statutory or common law, or under law merchant, or by reason of normal business practice.

8. The provisions of this section shall not apply to persons who are affiliates of the insurer that is the subject of the proceeding.

9. All rights of counterparties under sections 375.1150 to 375.1246 shall apply to netting agreements and qualified financial contracts entered into on behalf of the general account or separate accounts if the assets of each separate account are available only to counterparties to netting agreements and qualified financial contracts entered into on behalf of that separate account."; and

“208.215. 1. MO HealthNet is payer of last resort unless otherwise specified by law. When any person, corporation, institution, public agency or private agency is liable, either pursuant to contract or otherwise, to a participant receiving public assistance on account of personal injury to or disability or disease or benefits arising from a health insurance plan to which the participant may be entitled, payments made by the department of social services or MO HealthNet division shall be a debt due the state and recoverable from the liable party or participant for all payments made [in] **on** behalf of the participant and the debt due the state shall not exceed the payments made from MO HealthNet benefits provided under sections 208.151 to 208.158 and section 208.162 and section 208.204 on behalf of the participant, minor or estate for payments on account of the injury, disease, or disability or benefits arising from a health insurance program to which the participant may be entitled. **Any health benefit plan as defined in section 376.1350, third party administrator, administrative service organization, and pharmacy benefits manager, shall process and pay all properly submitted medical assistance subrogation claims or MO HealthNet subrogation claims using standard electronic transactions or paper claim forms:**

(1) **For a period of three years from the date services were provided or rendered; however, an entity:**

(a) **Shall not be required to reimburse for items or services which are not covered under MO HealthNet;**

(b) **Shall not deny a claim submitted by the state solely on the basis of the date of submission of the claim, the type or format of the claim form, failure to present proper documentation of coverage at the point of sale, or failure to provide prior authorization;**

(c) **Shall not be required to reimburse for items or services for which a claim was previously submitted to the health benefit plan, third party administrator, administrative service organization, or pharmacy benefits manager by the health care provider or the participant and the claim was properly denied by the health benefit plan, third party administrator, administrative service organization, or pharmacy benefits manager for procedural reasons, except for timely filing, type or format of the claim form, failure to present proper documentation of coverage at the point of sale, or failure to obtain prior authorization;**

(d) **Shall not be required to reimburse for items or services which are not covered under or were not covered under the plan offered by the entity against which a claim for subrogation has been filed; and**

(e) **Shall reimburse for items or services to the same extent that the entity would have been liable as if it had been properly billed at the point of sale, and the amount due is limited to what the entity would have paid as if it had been properly billed at the point of sale; and**

(2) If any action by the state to enforce its rights with respect to such claim is commenced within six years of the state's submission of such claim.

2. The department of social services, MO HealthNet division, or its contractor may maintain an appropriate action to recover funds paid by the department of social services or MO HealthNet division or its contractor that are due under this section in the name of the state of Missouri against the person, corporation, institution, public agency, or private agency liable to the participant, minor or estate.

3. Any participant, minor, guardian, conservator, personal representative, estate, including persons entitled under section 537.080, RSMo, to bring an action for wrongful death who pursues legal rights against a person, corporation, institution, public agency, or private agency liable to that participant or minor for injuries, disease or disability or benefits arising from a health insurance plan to which the participant may be entitled as outlined in subsection 1 of this section shall upon actual knowledge that the department of social services or MO HealthNet division has paid MO HealthNet benefits as defined by this chapter promptly notify the MO HealthNet division as to the pursuit of such legal rights.

4. Every applicant or participant by application assigns his right to the department of social services or MO HealthNet division of any funds recovered or expected to be recovered to the extent provided for in this section. All applicants and participants, including a person authorized by the probate code, shall cooperate with the department of social services, MO HealthNet division in identifying and providing information to assist the state in pursuing any third party who may be liable to pay for care and services available under the state's plan for MO HealthNet benefits as provided in sections 208.151 to 208.159 and sections 208.162 and 208.204. All applicants and participants shall cooperate with the agency in obtaining third-party resources due to the applicant, participant, or child for whom assistance is claimed. Failure to cooperate without good cause as determined by the department of social services, MO HealthNet division in accordance with federally prescribed standards shall render the applicant or participant ineligible for MO HealthNet benefits under sections 208.151 to 208.159 and sections 208.162 and 208.204. A [recipient] **participant** who has notice or who has actual knowledge of the department's rights to third-party benefits who receives any third-party benefit or proceeds for a covered illness or injury is either required to pay the division within sixty days after receipt of settlement proceeds the full amount of the third-party benefits up to the total MO HealthNet benefits provided or to place the full amount of the third-party benefits in a trust account for the benefit of the division pending judicial or administrative determination of the division's right to third-party benefits.

5. Every person, corporation or partnership who acts for or on behalf of a person who is or was eligible for MO HealthNet benefits under sections 208.151 to 208.159 and sections 208.162 and 208.204 for purposes of pursuing the applicant's or participant's claim which accrued as a result of a nonoccupational or nonwork-related incident or occurrence resulting in the payment of MO HealthNet benefits shall notify the MO HealthNet division upon agreeing to assist such person and further shall notify the MO HealthNet division of any institution of a proceeding, settlement or the results of the pursuit of the claim and give thirty days' notice before any judgment, award, or settlement may be satisfied in any action or any claim by the applicant or participant to recover damages for such injuries, disease, or disability, or benefits arising from a health insurance program to which the participant may be entitled.

6. Every participant, minor, guardian, conservator, personal representative, estate, including persons entitled under section 537.080, RSMo, to bring an action for wrongful death, or his attorney or legal representative shall promptly notify the MO HealthNet division of any recovery from a third party and shall immediately reimburse the department of social services, MO HealthNet division, or its contractor from the proceeds of any settlement, judgment, or other recovery in any action or claim initiated against any such third party. A judgment, award, or settlement in an action by a [recipient] **participant** to recover damages for injuries or other third-party benefits in which the division has an interest may not be satisfied without first giving the division notice and a reasonable opportunity to file and satisfy the claim or proceed with any action as otherwise permitted by law.

7. The department of social services, MO HealthNet division or its contractor shall have a right to recover the amount of payments made to a provider under this chapter because of an injury, disease, or disability, or benefits arising from a health insurance plan to which the participant may be entitled for which a third party is or may be liable in contract, tort or otherwise under law or equity. Upon request by the MO HealthNet division, all third-party payers shall provide the MO HealthNet division with information contained in a 270/271 Health Care Eligibility Benefits Inquiry and Response standard transaction mandated under the federal Health Insurance Portability and Accountability Act, except that third-party payers shall not include accident-only, specified disease, disability income, hospital indemnity, or other fixed indemnity insurance policies.

8. The department of social services or MO HealthNet division shall have a lien upon any moneys to be paid by any insurance company or similar business enterprise, person, corporation, institution, public agency or private agency in settlement or satisfaction of a judgment on any claim for injuries or disability or disease benefits arising from a health insurance program to which the participant may be entitled which resulted in medical expenses for which the department or MO HealthNet division made payment. This lien shall also be applicable to any moneys which may come into the possession of any attorney who is handling the claim for injuries, or disability or disease or benefits arising from a health insurance plan to which the participant may be entitled which resulted in payments made by the department or MO HealthNet division. In each case, a lien notice shall be served by certified mail or registered mail, upon the party or parties against whom the applicant or participant has a claim, demand or cause of action. The lien shall claim the charge and describe the interest the department or MO HealthNet division has in the claim, demand or cause of action. The lien shall attach to any verdict or judgment entered and to any money or property which may be recovered on account of such claim, demand, cause of action or suit from and after the time of the service of the notice.

9. On petition filed by the department, or by the participant, or by the defendant, the court, on written notice of all interested parties, may adjudicate the rights of the parties and enforce the charge. The court may approve the settlement of any claim, demand or cause of action either before or after a verdict, and nothing in this section shall be construed as requiring the actual trial or final adjudication of any claim, demand or cause of action upon which the department has charge. The court may determine what portion of the recovery shall be paid to the department against the recovery. In making this determination the court shall conduct an evidentiary hearing and shall consider competent evidence pertaining to the following matters:

(1) The amount of the charge sought to be enforced against the recovery when expressed as a percentage of the gross amount of the recovery; the amount of the charge sought to be enforced against the recovery when expressed as a percentage of the amount obtained by subtracting from the gross amount of the recovery the total attorney's fees and other costs incurred by the participant incident to the recovery; and whether the department should, as a matter of fairness and equity, bear its proportionate share of the fees and costs incurred to generate the recovery from which the charge is sought to be satisfied;

(2) The amount, if any, of the attorney's fees and other costs incurred by the participant incident to the recovery and paid by the participant up to the time of recovery, and the amount of such fees and costs remaining unpaid at the time of recovery;

(3) The total hospital, doctor and other medical expenses incurred for care and treatment of the injury to the date of recovery therefor, the portion of such expenses theretofore paid by the participant, by insurance provided by the participant, and by the department, and the amount of such previously incurred expenses which remain unpaid at the time of recovery and by whom such incurred, unpaid expenses are to be paid;

(4) Whether the recovery represents less than substantially full recompense for the injury and the hospital, doctor and other medical expenses incurred to the date of recovery for the care and treatment of the injury, so that reduction of the charge sought to be enforced against the recovery would not likely result in a double recovery or unjust enrichment to the participant;

(5) The age of the participant and of persons dependent for support upon the participant, the nature and permanency of the participant's injuries as they affect not only the future employability and education of the participant but also the reasonably necessary and foreseeable future material, maintenance, medical rehabilitative and training needs of the participant, the cost of such reasonably necessary and foreseeable future needs, and the resources available to meet such needs and pay such costs;

(6) The realistic ability of the participant to repay in whole or in part the charge sought to be enforced against the recovery when judged in light of the factors enumerated above.

10. The burden of producing evidence sufficient to support the exercise by the court of its discretion to reduce the amount of a proven charge sought to be enforced against the recovery shall rest with the party seeking such reduction. **The computerized records of the MO HealthNet division, certified by the director or his designee, shall be prima facie evidence of proof of moneys expended and the amount of the debt due the state.**

11. The court may reduce and apportion the department's or MO HealthNet division's lien proportionate to the recovery of the claimant. The court may consider the nature and extent of the injury, economic and noneconomic loss, settlement offers, comparative negligence as it applies to the case at hand, hospital costs, physician costs, and all other appropriate costs. The department or MO HealthNet division shall pay its pro rata share of the attorney's fees based on the department's or MO HealthNet division's lien as it compares to the total settlement agreed upon. This section shall not affect the priority of an attorney's lien under section 484.140, RSMo. The charges of the department or MO HealthNet division or contractor described in this section, however, shall take priority over all other liens and charges existing under the laws of the state of Missouri with the exception of the attorney's lien under such statute.

12. Whenever the department of social services or MO HealthNet division has a statutory charge under this section against a recovery for damages incurred by a participant because of its advancement of any assistance, such charge shall not be satisfied out of any recovery until the attorney's claim for fees is satisfied, [irrespective] **regardless** of whether [or not] an action based on participant's claim has been filed in court. Nothing herein shall prohibit the director from entering into a compromise agreement with any participant, after consideration of the factors in subsections 9 to 13 of this section.

13. This section shall be inapplicable to any claim, demand or cause of action arising under the workers' compensation act, chapter 287, RSMo. From funds recovered pursuant to this section the federal government shall be paid a portion thereof equal to the proportionate part originally provided by the federal government to pay for MO HealthNet benefits to the participant or minor involved. The department or MO HealthNet division shall enforce TEFRA liens, 42 U.S.C. 1396p, as authorized by federal law and regulation on permanently institutionalized individuals. The department or MO HealthNet division shall have the right to enforce TEFRA liens, 42 U.S.C. 1396p, as authorized by federal law and regulation on all other institutionalized individuals. For the purposes of this subsection, "permanently institutionalized individuals" includes those people who the department or MO HealthNet division determines cannot reasonably be expected to be discharged and return home, and "property" includes the homestead and all other personal and real property in which the participant has sole legal interest or a legal interest based upon co-ownership of the property which is the result of a transfer of property for less than the fair market value within thirty months prior to the participant's entering the nursing facility. The following provisions shall apply to such liens:

(1) The lien shall be for the debt due the state for MO HealthNet benefits paid or to be paid on behalf of a participant. The amount of the lien shall be for the full amount due the state at the time the lien is enforced;

(2) The MO HealthNet division shall file for record, with the recorder of deeds of the county in which any real property of the participant is situated, a written notice of the lien. The notice of lien shall contain the name of the participant and a description of the real estate. The recorder shall note the time of receiving such notice, and shall record and index the notice of lien in the same manner as deeds of real estate are required to be recorded and indexed. The director or the director's designee may release or discharge all or part of the lien and notice of the release shall also be filed with the recorder. The department of social services, MO HealthNet division, shall provide payment to the recorder of deeds the fees set for similar filings in connection with the filing of a lien and any other necessary documents;

(3) No such lien may be imposed against the property of any individual prior to the individual's death on account of MO HealthNet benefits paid except:

(a) In the case of the real property of an individual:

a. Who is an inpatient in a nursing facility, intermediate care facility for the mentally retarded, or other medical institution, if such individual is required, as a condition of receiving services in such institution, to spend for costs of medical care all but a minimal amount of his or her income required for personal needs; and

b. With respect to whom the director of the MO HealthNet division or the director's designee determines, after notice and opportunity for hearing, that he cannot reasonably be expected to be discharged from the medical institution and to return home. The hearing, if requested, shall proceed under the provisions of chapter 536, RSMo, before a hearing officer designated by the director of the MO HealthNet division; or

(b) Pursuant to the judgment of a court on account of benefits incorrectly paid on behalf of such individual;

(4) No lien may be imposed under paragraph (b) of subdivision (3) of this subsection on such individual's home if one or more of the following persons is lawfully residing in such home:

(a) The spouse of such individual;

(b) Such individual's child who is under twenty-one years of age, or is blind or permanently and totally disabled; or

(c) A sibling of such individual who has an equity interest in such home and who was residing in such individual's home for a period of at least one year immediately before the date of the individual's admission to the medical institution;

(5) Any lien imposed with respect to an individual pursuant to subparagraph b of paragraph (a) of subdivision (3) of this subsection shall dissolve upon that individual's discharge from the medical institution and return home.

14. The debt due the state provided by this section is subordinate to the lien provided by section 484.130, RSMo, or section 484.140, RSMo, relating to an attorney's lien and to the participant's expenses of the claim against the third party.

15. Application for and acceptance of MO HealthNet benefits under this chapter shall constitute an assignment to the department of social services or MO HealthNet division of any rights to support for the purpose of medical care as determined by a court or administrative order and of any other rights to payment for medical care.

16. All participants receiving benefits as defined in this chapter shall cooperate with the state by reporting to the family support division or the MO HealthNet division, within thirty days, any occurrences where an injury to their

persons or to a member of a household who receives MO HealthNet benefits is sustained, on such form or forms as provided by the family support division or MO HealthNet division.

17. If a person fails to comply with the provision of any judicial or administrative decree or temporary order requiring that person to maintain medical insurance on or be responsible for medical expenses for a dependent child, spouse, or ex-spouse, in addition to other remedies available, that person shall be liable to the state for the entire cost of the medical care provided pursuant to eligibility under any public assistance program on behalf of that dependent child, spouse, or ex-spouse during the period for which the required medical care was provided. Where a duty of support exists and no judicial or administrative decree or temporary order for support has been entered, the person owing the duty of support shall be liable to the state for the entire cost of the medical care provided on behalf of the dependent child or spouse to whom the duty of support is owed.

18. The department director or the director's designee may compromise, settle or waive any such claim in whole or in part in the interest of the MO HealthNet program. Notwithstanding any provision in this section to the contrary, the department of social services, MO HealthNet division is not required to seek reimbursement from a liable third party on claims for which the amount it reasonably expects to recover will be less than the cost of recovery or for which recovery efforts will not be cost-effective. Cost-effectiveness is determined based on the following:

- (1) Actual and legal issues of liability as may exist between the [recipient] **participant** and the liable party;
- (2) Total funds available for settlement; and
- (3) An estimate of the cost to the division of pursuing its claim.”; and

House Amendment No. 5

AMEND House Committee Substitute for Senate Committee Substitute for Senate Bill No. 583, Page 36, Section 375.1175, Line 28, by inserting after all of said line the following:

“375.1191. 1. Notwithstanding any other provision of sections 375.1150 to 375.1246, including any provision permitting the modification of contracts, or other law of a state, no person shall be stayed or prohibited from exercising:

(1) A contractual right to cause the termination, liquidation, or acceleration or close out of obligations under or in connection with any netting agreement or qualified financial contract with an insurer because of:

(a) The insolvency, financial condition, or default of the insurer at any time; provided that the right is enforceable under applicable law other than sections 375.1150 to 375.1246; or

(b) The commencement of a formal delinquency proceeding under sections 375.1150 to 375.1246;

(2) Any right under a pledge, security, collateral, reimbursement, or guarantee agreement or arrangement or any similar security agreement or arrangement or other credit enhancement relating to one or more netting agreements or qualified financial contracts;

(3) Subject to any provision of section 375.1198, any right to set off or net out any termination value, payment amount, or other transfer obligation arising under or in connection with one or more qualified financial contracts where the counterparty or its guarantor is organized under the laws of the United States or a foreign jurisdiction approved by the Securities Valuation Office (SVO) of the NAIC as eligible for netting; or

(4) If a counterparty to a master netting agreement or qualified financial contract with an insurer subject to a proceeding under sections 375.1150 to 375.1246 terminates, liquidates, closes out, or accelerates the agreement or contract, damages shall be measured as of the date or dates of termination, liquidation, close out, or acceleration. The amount of a claim for damages shall be actual direct compensatory damages calculated in accordance with subsection 6 of this section.

2. (1) Upon termination of a netting agreement or qualified financial contract, the net or settlement amount, if any, owed by a nondefaulting party to an insurer against which an application or petition has been filed under sections 375.1150 to 375.1246 shall be transferred to or on the order of the receiver for the insurer, even if the insurer is the defaulting party, notwithstanding any walkaway clause in the netting agreement or qualified financial contract.

(2) For purposes of this subsection, "walkaway clause" means a provision in a netting agreement or qualified financial contract that, after calculation of a value of a party's position or an amount due to or from one of the parties in accordance with its terms upon termination, liquidation, or obligation of a party or extinguishes a payment obligation of a party in whole or in part solely because of the party's status as a nondefaulting party.

(3) Any limited two-way payment or first method provision in a netting agreement or qualified financial contract with an insurer that has defaulted shall be deemed to be a full two-way payment or second method provision as against the defaulting insurer. Any such property or amount shall, except to the extent it is subject to one or more secondary liens or encumbrances or rights of netting or setoff, be a general asset of the insurer.

3. In making any transfer of a netting agreement or qualified financial contract of an insurer subject to a proceeding under sections 375.1150 to 375.1246, the receiver shall either:

(1) Transfer to one party, other than an insurer subject to a proceeding under sections 375.1150 to 375.1246, all netting agreements and qualified financial contracts between a counterparty or any affiliate of the counterparty and the insurer that is the subject of the proceeding, including:

(a) All rights and obligations of each party under each netting agreement and qualified financial contract; and

(b) All property, including any guarantees or other credit enhancement, securing any claims of each party under each netting agreement and qualified financial contract; or

(2) Transfer none of the netting agreements, qualified financial contracts, rights, obligations, or property referred to in subdivision (1) of this subsection with respect to the counterparty and any affiliate of the counterparty.

4. If a receiver for an insurer makes a transfer of one or more netting agreements or qualified financial contracts, the receiver shall use its best efforts to notify any person who is party to the netting agreements or qualified financial contracts of the transfer by noon, the receiver's local time, on the business day following the transfer. For purposes of this subsection, "business day" means a day other than a Saturday, Sunday, or any day on which either the New York Stock Exchange or the Federal Reserve Bank of New York is closed.

5. Notwithstanding any other provision of sections 375.1150 to 375.1246, a receiver shall not avoid a transfer of money or other property arising under or in connection with a netting agreement or qualified financial contract, or any pledge, security, collateral, or guarantee agreement or any other similar security arrangement or credit support document relating to a netting agreement or qualified financial contract, that is made before the commencement of a formal delinquency proceeding under sections 375.1150 to 375.1246. However, a transfer may be avoided under section 375.1182 if the transfer was made with actual intent to hinder, delay, or defraud the insurer, a receiver appointed for the insurer, or existing or future creditors.

6. (1) In exercising the rights of disaffirmance or repudiation of a receiver with respect to any netting agreement or qualified financial contract to which an insurer is a party, the receiver for the insurer shall either:

(a) Disaffirm or repudiate all netting agreements and qualified financial contracts between a counterparty or any affiliate of the counterparty and the insurer that is the subject of the proceeding; or

(b) Disaffirm or repudiate none of the netting agreements and qualified financial contracts referred to in paragraph (a) of this subdivision with respect to the person or any affiliate of the person.

(2) Notwithstanding any other provision of sections 375.1150 to 375.1246, any claim of a counterparty against the estate arising from the receiver's disaffirmance or repudiation of a netting agreement or qualified financial contract that has not been previously affirmed in the liquidation or immediately preceding conservation or rehabilitation case shall be determined and shall be allowed or disallowed as if the claim had arisen before the date of the filing of the petition for liquidation or, if a conservation or rehabilitation proceeding is converted to a liquidation proceeding, as if the claim had arisen before the date of the filing of the petition for conservation or rehabilitation. The amount of the claim shall be the actual direct compensatory damages determined as of the date of the disaffirmance or repudiation of the netting agreement or qualified financial contract. Actual direct compensatory damages does not include punitive or exemplary damages, damages for lost profit or lost opportunity or damages for pain and suffering, but does include normal and reasonable costs of cover or other reasonable measures of damages utilized in the derivatives, securities, or other market for the contract and agreement claims.

7. Contractual right, as used in this section, includes any right set forth in a rule or bylaw of a derivatives clearing organization as defined in the Commodity Exchange Act, a multilateral clearing organization as defined in the Federal Deposit Insurance Corporation Improvement Act of 1991, a national securities exchange, a national securities association, a securities clearing agency, a contract market designated under the Commodity Exchange Act, a derivatives transaction execution facility registered under the Commodity Exchange Act, or a board of trade as defined in the Commodity Exchange Act, or in a resolution of the governing board thereof and any right, whether or not evidenced in writing, arising under statutory or common law, or under law merchant, or by reason of normal business practice.

8. The provisions of this section shall not apply to persons who are affiliates of the insurer that is the subject of the proceeding.

9. All rights of counterparties under sections 375.1150 to 375.1246 shall apply to netting agreements and qualified financial contracts entered into on behalf of the general account or separate accounts if the assets of each separate account are available only to counterparties to netting agreements and qualified financial contracts entered into on behalf of such separate account.”; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

HCS SCS SB 808, relating to political subdivisions, was taken up by Representative Sutherland.

Representative Sutherland offered **House Amendment No. 1**.

House Amendment No. 1

AMEND House Committee Substitute for Senate Committee Substitute for Senate Bill No. 808, Section 67.2000, Page 13, Line 237, by inserting after all of said section the following:

"86.252. 1. Notwithstanding any provision of sections 86.200 to 86.366 to the contrary, the entire interest of a member shall be distributed or begin to be distributed no later than the member's required beginning date. The general required beginning date of a member's benefit is April first of the calendar year following the calendar year in which the member attains age seventy and one-half years or, if later, in which the member terminates employment as a police officer and actually retires.

2. All distributions required pursuant to this section prior to January 1, 2003, shall be determined and made in accordance with the income tax regulations under Section 401(a)(9) of the Internal Revenue Code in effect prior to January 1, 2003, including the minimum distribution incidental benefit requirement of Section 1.401(a)(9)-2 of the income tax regulations. As of the first distribution year, distributions, if not made in a single sum, may only be made over one of the following periods, or a combination thereof:

- (1) The life of the member;
- (2) The life of the member and a designated beneficiary;
- (3) A period certain not extending beyond the life expectancy of the member; or
- (4) A period certain not extending beyond the joint and last survivor expectancy of the member and a designated beneficiary.

3. (1) This subsection shall apply for purposes of determining required minimum distributions for calendar years beginning on and after January 1, 2003, and shall take precedence over any inconsistent provisions of section 86.200 to 86.366. All distributions required under this subsection shall be determined and made in accordance with the United States Treasury regulations under Section 401(a)(9) of the Internal Revenue Code of 1986, as amended.

(2) (a) The member's entire interest shall be distributed or begin to be distributed to the member no later than the member's required beginning date.

(b) If the member dies before distributions begin, the member's entire interest shall be distributed or begin to be distributed no later than as follows:

a. If the member's surviving spouse is the member's sole designated beneficiary, distributions to the surviving spouse shall begin by December thirty-first of the calendar year immediately following the calendar year in which the member died, or by December thirty-first of the calendar year in which the member would have attained age seventy and one-half years, if later;

b. If the member's surviving spouse is not the member's sole designated beneficiary, distributions to the designated beneficiary shall begin by December thirty-first of the calendar year immediately following the calendar year in which the member died;

c. If there is no designated beneficiary as of September thirtieth of the calendar year following the calendar year of the member's death, the member's entire interest shall be distributed by December thirty-first of the calendar year containing the fifth anniversary of the member's death;

d. If the member's surviving spouse is the member's sole designated beneficiary and the surviving spouse dies after the member but before distribution to the surviving spouse begins, this paragraph, except for subparagraph a. of this paragraph, shall apply as if the surviving spouse were the member. For purposes of this paragraph and subdivision (5) of this subsection, distributions shall be considered to begin on the member's required beginning date, or if subparagraph d. of this paragraph applies, the date distributions are required to begin to the surviving spouse under subparagraph a. of this paragraph. If annuity payments irrevocably commence to the member before the member's required beginning date, or to the member's surviving spouse before the date of distributions are required to begin to the surviving spouse under subparagraph a. of this paragraph, the date of distributions shall be considered to begin the date distributions actually commence.

(c) Unless the member's interest is distributed in the form of an annuity purchased from an insurance company or in a single sum on or before the required beginning date, as of the first distribution calendar year distributions shall be made in accordance with subdivisions (3), (4), and (5) of this subsection. If the member's interest is distributed in the form of an annuity purchased from an insurance company, distributions shall be made in accordance with the requirements of Section 401(a)(9) of the Internal Revenue Code of 1986, as amended, and the United States Treasury regulations.

(3) (a) If the member's interest is paid in the form of annuity distributions under sections 86.200 to 86.366, payments under the annuity shall satisfy the following requirements:

a. The annuity distributions shall be paid in periodic payments made at intervals not longer than one year;

b. The distribution period shall be over a life or lives, or over a period certain not longer than the period described in subdivision (4) or (5) of this subsection;

c. Once payments have begun over a period certain, the period certain shall not be changed even if the period certain is shorter than the maximum permitted;

d. Payments shall either be nonincreasing or increase only as [follows:

(i) By an annual percentage increase that does not exceed the annual percentage increase in a cost-of-living index that is based on prices of all items and issued by the federal Bureau of Labor Statistics;

(ii) To the extent of the reduction in the amount of the member's payments to provide for a surviving benefit upon death, but only if the beneficiary whose life was being used to determine the distribution period described in subdivision (4) of this subsection dies or is no longer the member's beneficiary under a qualified domestic relations order with the meaning of Section 414(p) of the Internal Revenue Code of 1986, as amended;

(iii) To provide cash refunds of employee contributions upon the member's death; or

(iv) To pay increased benefits that result from a revision of sections 86.200 to 86.366] **permitted under Q&A of Section 1.401(a)(9)-6 of the United States Treasury regulations.**

(b) The amount distributed on or before the member's required beginning date, or if the member dies before distribution begins, the date distributions are required to begin under subparagraph a. or b. of paragraph (b) of subdivision (2) of this subsection, shall be the payment that is required for one payment interval. The second payment need not be made until the end of the next payment interval even if the payment interval ends in the next calendar year. "Payment intervals" means the periods for which payments are received, such as bimonthly, monthly, semiannually, or annually. All of the member's benefit accruals as of the last day of the first distribution calendar year shall be included in the calculation of the amount of the annuity payments for payment intervals ending on or after the member's required beginning date.

(c) Any additional benefits accruing to the member in a calendar year after the first distribution calendar year shall be distributed beginning with the first payment interval ending in the calendar year immediately following the calendar year in which such amount accrues.

(4) (a) If the member's interest is being distributed in the form of a joint and survivor annuity for the joint lives of the member and a nonspouse beneficiary, annuity payments to be made on or after the member's required beginning date to the designated beneficiary after the member's death shall not at any time exceed the applicable percentage of the annuity payment for such period that would have been payable to the member using the table set forth in Q&A-2 of Section 1.401(a)(9)-6T of the United States Treasury regulations.

(b) The period certain for an annuity distribution commencing during the member's lifetime shall not exceed the applicable distribution period for the member under the Uniform Lifetime Table set forth in Section 1.401(a)(9)-9

of the United States Treasury regulations for the calendar year that contains the annuity starting date. If the annuity starting date precedes the year in which the member reaches age seventy, the applicable distribution period for the member shall be the distribution period for age seventy under the Uniform Lifetime Table set forth in Section 1.401(a)(9)-9 of the United States Treasury regulations plus the excess of seventy over the age of the member as of the member's birthday in the year that contained the annuity starting date.

(5) (a) If the member dies before the date distribution of his or her interest begins and there is a designated beneficiary, the member's entire interest shall be distributed, beginning no later than the time described in subparagraph a. or b. of paragraph (b) of subdivision (2) of this subsection, over the life of the designated beneficiary or over a period certain not exceeding:

a. Unless the annuity starting date is before the first distribution calendar year, the life expectancy of the designated beneficiary determined using the beneficiary's age as of the beneficiary's birthday in the calendar year immediately following the calendar year of the member's death; or

b. If the annuity starting date is before the first distribution calendar year, the life expectancy of the designated beneficiary determined using the beneficiary's age as of the beneficiary's birthday in the calendar year that contains the annuity starting date.

(b) If the member dies before the date distributions begin and there is no designated beneficiary as of September thirtieth of the calendar year following the calendar year of the member's death, distribution of the member's entire interest shall be completed by December thirty-first of the calendar year containing the fifth anniversary of the member's death.

(c) If the member dies before the date distribution of his or her interest begins, the member's surviving spouse is the member's sole designated beneficiary, and the surviving spouse dies before distributions to the surviving spouse begin, this subdivision shall apply as if the surviving spouse were the member; except that, the time by which distributions shall begin shall be determined without regard to subparagraph a. of paragraph (b) of subdivision (2) of this subsection.

(6) As used in this subsection, the following terms mean:

(a) A distribution for calendar years 2003, 2004, and 2005 shall not fail to satisfy Section 401(a)(9) of the Internal Revenue Code of 1986, as amended, merely because the payments do not satisfy Section 1.401(a)(9)-1, Q&A-1 to Q&A-16 of the United States Treasury regulations, provided the payments satisfy Section 401(a)(9) of the Internal Revenue Code of 1986, as amended; and

(b) [In the case of an annuity distribution option provided under the terms of sections 86.200 to 86.366 shall not fail to satisfy Section 401(a)(9) of the Internal Revenue Code of 1986, as amended, merely because the annuity payments do not satisfy the requirements of Section 1.401(a)(9)-1, Q&A-1 to Q&A-15 of the United States Treasury regulations, provided the distribution option satisfies Section 401(a)(9) of the Internal Revenue Code of 1986, as amended, based on a reasonable and good faith interpretation of the provisions of Section 401(a)(9) of the Internal Revenue Code of 1986, as amended] **Under Section 1.401(a)(9)-1, Q&A-2 of the United States Treasury regulations, the plan shall be treated as having complied with Section 401(a)(9) of the Internal Revenue Code of 1986, as amended, for all years to which Section 401(a)(9) of the Internal Revenue Code of 1986, as amended, applies to the plan if the plan complies with a reasonable and good faith interpretation of Section 401(a)(9) of the Internal Revenue Code of 1986, as amended.**

2. Notwithstanding the requirements of subsection 1 of this section to the contrary, an enhanced enterprise zone may be established in an area located within a county for which public and individual assistance has been requested by the governor pursuant to Section 401 of the Robert T. Stafford Disaster Relief and Emergency Assistance Act, 42 U.S.C. 5121 et seq., for an emergency proclaimed by the governor pursuant to section 44.100, RSMo, due to a natural disaster of major proportions, if the area to be designated is blighted and sustained severe damage as a result of such natural disaster, as determined by the state emergency management agency. An application for designation as an enhanced enterprise zone pursuant to this subsection shall be made before the expiration of one year from the date the governor requested federal relief for the area sought to be designated.

3. (1) The potential to create sustainable jobs in a targeted industry; or

(2) A demonstrated impact on local industry cluster development.

135.957. 1. A governing authority planning to seek designation of an enhanced enterprise zone shall establish an enhanced enterprise zone board. The number of members on the board shall be seven. One member of the board shall be appointed by the school district or districts located within the area proposed for designation as an enhanced enterprise zone. One member of the board shall be appointed by other affected taxing districts. The remaining five members shall be chosen by the chief elected official of the county or municipality.

2. The school district member and the affected taxing district member shall each have initial terms of five years. Of the five members appointed by the chief elected official, two shall have initial terms of four years, two shall have initial terms of three years, and one shall have an initial term of two years. Thereafter, members shall serve terms of five years. Each commissioner shall hold office until a successor has been appointed. All vacancies shall be filled in the same manner as the original appointment. For inefficiency or neglect of duty or misconduct in office, a member of the board may be removed by the applicable appointing authority.

3. A majority of the members shall constitute a quorum of such board for the purpose of conducting business and exercising the powers of the board and for all other purposes. Action may be taken by the board upon a vote of a majority of the members present.

4. The members of the board annually shall elect a chair from among the members.

5. **In the case of a certified site zone or a dormant manufacturing plant zone regarding which a finding of blight has been made as provided in subdivision (1) of subsection 1 of section 99.810, the commission created under section 99.820 may, at the sole option of the governing authority, supplant and replace the board established in accordance with subsection 1 of this section, and the composition and organization of such commission shall be in accordance with section 99.820. If the governing authority elects for such commission to serve in the capacity of the enhanced enterprise zone board instead of the board established in accordance with subsection 1 of this section, the commission shall fulfill the duties of the board established under subsection 6 of this section.**

6. The role of the board **or commission, as described in subsection 5 of this section**, shall be to conduct the activities necessary to advise the governing authority on the designation of an enhanced enterprise zone and any other advisory duties as determined by the governing authority. The role of the board after the designation of an enhanced enterprise zone shall be review and assessment of zone activities as it relates to the annual reports as set forth in section 135.960.

135.960. 1. Any governing authority that desires to have any portion of a city or unincorporated area of a county under its control designated as an enhanced enterprise zone shall hold a public hearing for the purpose of obtaining the opinion and suggestions of those persons who will be affected by such designation. The governing authority shall notify the director of such hearing at least thirty days prior thereto and shall publish notice of such hearing in a newspaper of general circulation in the area to be affected by such designation at least twenty days prior to the date of the hearing but not more than thirty days prior to such hearing. Such notice shall state the time, location, date, and purpose of the hearing. The director, or the director's designee, shall attend such hearing. **In the alternative, any governing authority that has made the necessary findings by ordinance to designate a certified site zone or a dormant manufacturing plant zone as a blighted area as contemplated under subdivision (1) of subsection 1 of section 99.820, prior to December 31, 2010, shall not be required to conduct an additional public hearing to establish the certified site zone or the dormant manufacturing plant zone as an enhanced enterprise zone so long as the governing authority notified the director of such hearing, at least thirty days prior thereto. Any governing authority that seeks to make the necessary finding to designate a certified site zone or a dormant manufacturing plant zone as an enhanced enterprise zone after December 31, 2010, may do so under a public hearing required under sections 99.820 and 99.825 conducted by the commission, and such public hearing shall satisfy the public hearing requirement set forth in subsection 1 of this section so long as the governing authority shall notify the director of such hearing at least thirty days prior thereto.**

2. After a public hearing is held as required in subsection 1 of this section, the governing authority may file a petition with the department requesting the designation of a specific area as an enhanced enterprise zone. Such petition shall include, in addition to a description of the physical, social, and economic characteristics of the area:

- (1) A plan to provide adequate police protection within the area;
- (2) A specific and practical process for individual businesses to obtain waivers from burdensome local regulations, ordinances, and orders which serve to discourage economic development within the area to be designated an enhanced enterprise zone, except that such waivers shall not substantially endanger the health or safety of the employees of any such business or the residents of the area;
- (3) A description of what other specific actions will be taken to support and encourage private investment within the area;

(4) A plan to ensure that resources are available to assist area residents to participate in increased development through self-help efforts and in ameliorating any negative effects of designation of the area as an enhanced enterprise zone;

(5) A statement describing the projected positive and negative effects of designation of the area as an enhanced enterprise zone;

(6) A specific plan to provide assistance to any person or business dislocated as a result of activities within the enhanced enterprise zone. Such plan shall determine the need of dislocated persons for relocation assistance; provide, prior to displacement, information about the type, location, and price of comparable housing or commercial property; provide information concerning state and federal programs for relocation assistance and provide other advisory services to displaced persons. Public agencies may choose to provide assistance under the Uniform Relocation and Real Property Acquisition Act, 42 U.S.C. Section 4601, et seq., to meet the requirements of this subdivision; and

(7) A description or plan that demonstrates the requirements of subsection 4 of section 135.953.

3. An enhanced enterprise zone designation shall be effective upon such approval **or deemed approval** by the department and shall expire in twenty-five years. **Notwithstanding the requirement of subsection 2 of this section to the contrary, any certified site zone or dormant manufacturing plant zone that has been designated as a blighted redevelopment area as contemplated under subdivision (1) of subsection 1 of section 99.820 by the governing body or any certified site zone or dormant manufacturing plant zone that has been otherwise designated as an enhanced enterprise zone by the governing authority under this section shall be deemed approved and designated as an enhanced enterprise zone without further approval of or additional action being taken by the department. Such approval of the department of the certified site zone or dormant manufacturing plant zone as an enhanced enterprise zone and the designation of the certified site zone or dormant manufacturing plant zone as an enhanced enterprise zone shall be deemed effective when the governing authority provides written notice to the department of its intent to establish such enhanced enterprise zone and such notice is accompanied with a petition that includes all of the information required by subsection 2 of this section.**

4. Each designated enhanced enterprise zone board shall report to the director on an annual basis regarding the status of the zone and business activity within the zone.

135.963. 1. Improvements made to real property as such term is defined in section 137.010, RSMo, which are made in an enhanced enterprise zone subsequent to the date such zone or expansion thereto was designated, may, upon approval of an authorizing resolution by the governing authority having jurisdiction of the area in which the improvements are made, be exempt, in whole or in part, from assessment and payment of ad valorem taxes of one or more affected political subdivisions. In addition to enhanced business enterprises, a speculative industrial or warehouse building constructed by a public entity or a private entity if the land is leased by a public entity may be subject to such exemption.

2. Such authorizing resolution shall specify the percent of the exemption to be granted, the duration of the exemption to be granted, and the political subdivisions to which such exemption is to apply and any other terms, conditions, or stipulations otherwise required. A copy of the resolution shall be provided to the director within thirty calendar days following adoption of the resolution by the governing authority.

3. No exemption shall be granted until the governing authority holds a public hearing for the purpose of obtaining the opinions and suggestions of residents of political subdivisions to be affected by the exemption from property taxes. The governing authority shall send, by certified mail, a notice of such hearing to each political subdivision in the area to be affected and shall publish notice of such hearing in a newspaper of general circulation in the area to be affected by the exemption at least twenty days prior to the hearing but not more than thirty days prior to the hearing. Such notice shall state the time, location, date, and purpose of the hearing.

4. Notwithstanding subsection 1 of this section, at least one-half of the ad valorem taxes otherwise imposed on subsequent improvements to real property located in an enhanced enterprise zone of enhanced business enterprises or speculative industrial or warehouse buildings as indicated in subsection 1 of this section shall become and remain exempt from assessment and payment of ad valorem taxes of any political subdivision of this state or municipality thereof for a period of not less than ten years following the date such improvements were assessed, provided the improved properties are used for enhanced business enterprises. The exemption for speculative buildings is subject to the approval of the governing authority for a period not to exceed two years if the building is owned by a private entity and five years if the building is owned or ground leased by a public entity. This shall not preclude the building receiving an exemption for the remaining time period established by the governing authority if it was occupied by an enhanced business enterprise. The two- and five-year time periods indicated for speculative buildings shall not be an addition to the local abatement time period for such facility.

5. No exemption shall be granted for a period more than twenty-five years following the date on which the original enhanced enterprise zone was designated **or deemed approved** by the department.

6. The provisions of subsection 1 of this section shall not apply to improvements made to real property begun prior to August 28, 2004.

7. The abatement referred to in this section shall not relieve the assessor or other responsible official from ascertaining the amount of the equalized assessed value of all taxable property annually as required by section 99.855, 99.957, or 99.1042, RSMo, and shall not have the effect of reducing the payments in lieu of taxes referred to in subdivision (2) of subsection 1 of section 99.845, RSMo, subdivision (2) of subsection 3 of section 99.957, RSMo, or subdivision (2) of subsection 3 of section 99.1042, RSMo, unless such reduction is set forth in the plan approved by the governing body of the municipality pursuant to subdivision (1) of subsection 1 of section 99.820, section 99.942, or section 99.1027, RSMo.

8. As applicable, before the provisions of subdivision (7) of subsection 3 of section 137.115 become effective in an enhanced enterprise zone, each local political subdivision that currently levies an ad valorem tax on tangible personal property within the boundaries of the enhanced enterprise zone shall adopt a resolution providing that the provisions of subdivision (7) of subsection 3 of section 137.115 shall apply to tangible personal property in such case.

135.967. 1. A taxpayer who establishes a new business facility may, upon approval by the department, be allowed a credit, each tax year for up to ten tax years, in an amount determined as set forth in this section, against the tax imposed by chapter 143, RSMo, excluding withholding tax imposed by sections 143.191 to 143.265, RSMo. No taxpayer shall receive multiple [ten-year] **five-year** periods for subsequent expansions at the same facility. **Notwithstanding the provisions of this subsection, the provisions of section 135.969 shall govern the issuance of tax credits for a new business facility in a certified site zone or dormant manufacturing plant zone approved and designated as an enhanced enterprise zone, except for the amount of tax credits to be issued with respect to such certified site zone or dormant manufacturing plant zone as provided in subsection 5 of this section.**

2. Notwithstanding any provision of law to the contrary, any taxpayer who establishes a new business facility in an enhanced enterprise zone and is awarded state tax credits under this section may not also receive tax credits under sections 135.100 to 135.150, sections 135.200 to 135.286, or section 135.535, and may not simultaneously receive tax credits under sections 620.1875 to 620.1890, RSMo, at the same facility.

3. No credit shall be issued pursuant to this section unless:

(1) The number of new business facility employees engaged or maintained in employment at the new business facility for the taxable year for which the credit is claimed equals or exceeds two; and

(2) The new business facility investment for the taxable year for which the credit is claimed equals or exceeds one hundred thousand dollars.

4. The annual amount of credits allowed for an approved enhanced business enterprise shall be the lesser of:

(1) The annual amount authorized by the department for the enhanced business enterprise, which shall be limited to the projected state economic benefit, as determined by the department; or

(2) [The sum calculated based upon] **An amount not to exceed the sum of the following:**

(a) [A credit of four hundred dollars for each new business facility employee employed within an enhanced enterprise zone;

(b) An additional credit of four hundred dollars for each new business facility employee who is a resident of an enhanced enterprise zone] **A tax credit up to five percent of the gross wages of each new business facility employee employed within the enhanced enterprise zone if the average wage of the new jobs of the enhanced business enterprise exceeds the county average wage, or if the average wage is below the county average wage, up to three percent; and**

(b) A tax credit up to one percent of new business facility investment within an enhanced enterprise zone made during the current taxable year if the average wage of the new jobs of the enhanced business enterprise exceeds the county average wage, or if the average wage is below the county average wage, up to one-half percent;

(c) An additional credit of four hundred dollars for each new business facility employee who is paid by the enhanced business enterprise a wage that exceeds the average wage paid within the county in which the facility is located, as determined by the department; and

(d) A credit equal to two percent of new business facility investment within an enhanced enterprise zone.

5. Prior to January 1, 2007, in no event shall the department authorize more than four million dollars annually to be issued for all enhanced business enterprises. After December 31, 2006, in no event shall the department authorize more than twenty-four million dollars annually to be issued for all enhanced business enterprises **including any such**

enhanced business enterprises located in certified site zones or dormant manufacturing plant zones under section 135.969.

6. If a facility, which does not constitute a new business facility, is expanded by the taxpayer, the expansion shall be considered eligible for the credit allowed by this section if:

(1) The taxpayer's new business facility investment in the expansion during the tax period in which the credits allowed in this section are claimed exceeds one hundred thousand dollars and if the number of new business facility employees engaged or maintained in employment at the expansion facility for the taxable year for which credit is claimed equals or exceeds two, and the total number of employees at the facility after the expansion is at least two greater than the total number of employees before the expansion; and

(2) The taxpayer's investment in the expansion and in the original facility prior to expansion shall be determined in the manner provided in subdivision [(19)] (22) of section 135.950.

7. The number of new business facility employees during any taxable year shall be determined by dividing by twelve the sum of the number of individuals employed on the last business day of each month of such taxable year. If the new business facility is in operation for less than the entire taxable year, the number of new business facility employees shall be determined by dividing the sum of the number of individuals employed on the last business day of each full calendar month during the portion of such taxable year during which the new business facility was in operation by the number of full calendar months during such period. For the purpose of computing the credit allowed by this section in the case of a facility which qualifies as a new business facility under subsection 6 of this section, and in the case of a new business facility which satisfies the requirements of paragraph (c) of subdivision [(17)] (20) of section 135.950, or subdivision [(25)] (28) of section 135.950, the number of new business facility employees at such facility shall be reduced by the average number of individuals employed, computed as provided in this subsection, at the facility during the taxable year immediately preceding the taxable year in which such expansion, acquisition, or replacement occurred and shall further be reduced by the number of individuals employed by the taxpayer or related taxpayer that was subsequently transferred to the new business facility from another Missouri facility and for which credits authorized in this section are not being earned, whether such credits are earned because of an expansion, acquisition, relocation, or the establishment of a new facility.

8. In the case where a new business facility employee who is a resident of an enhanced enterprise zone for less than a twelve-month period is employed for less than a twelve-month period, the credits allowed by paragraph (b) of subdivision (2) of subsection 4 of this section shall be determined by multiplying four hundred dollars by a fraction, the numerator of which is the number of calendar days during the taxpayer's tax year for which such credits are claimed, in which the employee was a resident of an enhanced enterprise zone, and the denominator of which is three hundred sixty-five.

9. For the purpose of computing the credit allowed by this section in the case of a facility which qualifies as a new business facility pursuant to subsection 6 of this section, and in the case of a new business facility which satisfies the requirements of paragraph (c) of subdivision [(17)] (20) of section 135.950 or subdivision [(25)] (28) of section 135.950, the amount of the taxpayer's new business facility investment in such facility shall be reduced by the average amount, computed as provided in subdivision [(19)] (22) of section 135.950 for new business facility investment, of the investment of the taxpayer, or related taxpayer immediately preceding such expansion or replacement or at the time of acquisition. Furthermore, the amount of the taxpayer's new business facility investment shall also be reduced by the amount of investment employed by the taxpayer or related taxpayer which was subsequently transferred to the new business facility from another Missouri facility and for which credits authorized in this section are not being earned, whether such credits are earned because of an expansion, acquisition, relocation, or the establishment of a new facility.

10. For a taxpayer with flow-through tax treatment to its members, partners, or shareholders, the credit shall be allowed to members, partners, or shareholders in proportion to their share of ownership on the last day of the taxpayer's tax period.

11. Credits may not be carried forward but shall be claimed for the taxable year during which commencement of commercial operations occurs at such new business facility, and for each of the nine succeeding taxable years for which the credit is issued.

12. Certificates of tax credit authorized by this section may be transferred, sold, or assigned by filing a notarized endorsement thereof with the department that names the transferee, the amount of tax credit transferred, and the value received for the credit, as well as any other information reasonably requested by the department. The sale price cannot be less than seventy-five percent of the par value of such credits.

13. The director of revenue shall issue a refund to the taxpayer to the extent that the amount of credits allowed in this section exceeds the amount of the taxpayer's income tax.

14. Prior to the issuance of tax credits, the department shall verify through the department of revenue, or any other state department, that the tax credit applicant does not owe any delinquent income, sales, or use tax or interest or

penalties on such taxes, or any delinquent fees or assessments levied by any state department and through the department of insurance, financial institutions and professional registration that the applicant does not owe any delinquent insurance taxes. Such delinquency shall not affect the authorization of the application for such tax credits, except that the amount of credits issued shall be reduced by the applicant's tax delinquency. If the department of revenue or the department of insurance, financial institutions and professional registration, or any other state department, concludes that a taxpayer is delinquent after June fifteenth but before July first of any year and the application of tax credits to such delinquency causes a tax deficiency on behalf of the taxpayer to arise, then the taxpayer shall be granted thirty days to satisfy the deficiency in which interest, penalties, and additions to tax shall be tolled. After applying all available credits toward a tax delinquency, the administering agency shall notify the appropriate department, and that department shall update the amount of outstanding delinquent tax owed by the applicant. If any credits remain after satisfying all insurance, income, sales, and use tax delinquencies, the remaining credits shall be issued to the applicant, subject to the restrictions of other provisions of law.

135.969. 1. A taxpayer who establishes a new business facility in a certified site zone or a dormant manufacturing plant zone approved or designated as an enhanced enterprise zone shall receive a tax credit each tax year for five tax years, in an amount determined as set forth in this section, against the tax imposed by chapter 143, excluding withholding tax imposed by sections 143.191 to 143.265. No taxpayer shall receive multiple five-year periods for subsequent expansions at the same facility.

2. Notwithstanding any provision of law to the contrary, any taxpayer who establishes a new business facility in a certified site zone or dormant manufacturing plant zone approved or designated as an enhanced enterprise zone and accepts state tax credits under this section shall not also receive tax credits or other benefits for the same new jobs under sections 135.100 to 135.150, sections 135.200 to 135.286, section 135.535, section 135.967, or sections 620.1875 to 620.1890 unless such benefits are determined to be necessary by the department.

3. The taxpayer shall be entitled to receive the tax credit upon satisfaction of one of the following criteria:

- (1) The number of new business facility employees engaged or maintained in employment at the new business facility for the taxable year for which the credit is claimed equals or exceeds nine; and**
- (2) The new business facility investment for the taxable year for which the credit is claimed equals or exceeds five hundred thousand dollars.**

4. The annual amount of tax credits to be issued for an enhanced business enterprise located in a certified site zone or dormant manufacturing plant zone shall be equal to the lesser of:

- (1) The annual amount of projected state economic benefit for such enhanced business enterprise, as determined by the department; or**
- (2) An annual amount equal to the sum of the following:**
 - (a) A tax credit equal to seven percent of the gross wages of each new business facility employee employed within the enhanced enterprise zone if the average wage of the new jobs of the enhanced business enterprise exceeds the county average wage, or if the average wage is below the county average wage, equal to four percent; and**

- (b) A tax credit equal to two percent of new business facility investment within an enhanced enterprise zone if the average wage of the new jobs of the enhanced business enterprise exceeds the county average wage, or if the average wage is below the county average wage, equal to one percent.**

5. As set forth in section 135.967, up to twenty-four million dollars of tax credits shall be authorized annually for issuance of tax credits for all enhanced enterprise zones including any tax credits issued with respect to certified site zones and dormant manufacturing plant zones of which ten million shall be used exclusively for tax credits attributable to taxpayers in accordance with this section who establish new business facilities in a certified site zone qualified as such under subdivision (4) of section 135.950, provided that for calendar years 2010 and 2011, the ten million dollar limitation may be reduced to equal the balance of tax credits available under the entire program if, as of August 28, 2010, the department has made irrevocable allocations to qualified applicants for tax credits under section 135.967 such that the total of all available tax credit capacity of this program is less than ten million dollars. Beginning January 1, 2011, if no such taxpayer or taxpayers have applied for tax credits attributable to new business facilities in a certified site zone qualified as such under subdivision (4) of section 135.950 by November fifteenth of each calendar year for the entire ten million dollars, or such lesser amount as computed for calendar years 2010 and 2011, any remaining tax credits for which an application has not been made will be available for issuance for all enhanced enterprise zones for that calendar year. If a new business facility investment in a certified site zone qualified as such under subdivision (4) of section 135.950 qualifies the taxpayer for tax credits under subsection 4 of this section, in excess of the available annual authorization limit set forth in this subsection, the taxpayer may carry such excess new business facility investment amount forward

to subsequent years and such excess shall be treated as a new business facility investment for such later taxable years until the taxpayer has received issuance of all tax credits authorized under this section, and, for each such taxable year, the taxpayer shall receive such tax credits on a pro rata basis with other applicants for the tax credits if there are other applicants.

6. If a facility, which does not constitute a new business facility, is expanded by the taxpayer, the expansion shall be considered eligible for the credit allowed by this section if:

(1) The taxpayer's new business facility investment in the expansion during the tax period in which the credits allowed in this section are claimed exceeds five hundred thousand dollars and if the number of new business facility employees engaged or maintained in employment at the expansion facility for the taxable year for which credit is claimed equals or exceeds two, and the total number of employees at the facility after the expansion is at least two greater than the total number of employees before the expansion; and

(2) The taxpayer's investment in the expansion and in the original facility prior to expansion shall be determined in the manner provided in subdivision (22) of section 135.950.

7. The number of new business facility employees during any taxable year shall be determined by dividing by twelve the sum of the number of individuals employed on the last business day of each month of such taxable year. If the new business facility is in operation for less than the entire taxable year, the number of new business facility employees shall be determined by dividing the sum of the number of individuals employed on the last business day of each full calendar month during the portion of such taxable year during which the new business facility was in operation by the number of full calendar months during such period. For the purpose of computing the credit allowed by this section in the case of a facility which qualifies as a new business facility under subsection 6 of this section, and in the case of a new business facility which satisfies the requirements of paragraph (c) of subdivision (20) or (28) of section 135.950, the number of new business facility employees at such facility shall be reduced by the average number of individuals employed, computed as provided in this subsection, at the facility during the taxable year immediately preceding the taxable year in which such expansion, acquisition, or replacement occurred and shall further be reduced by the number of individuals employed by the taxpayer or related taxpayer that was subsequently transferred to the new business facility from another Missouri facility and for which credits authorized in this section are not being earned, whether such credits are earned because of an expansion, acquisition, relocation, or the establishment of a new facility.

8. For the purpose of computing the credit allowed by this section in the case of a facility which qualifies as a new business facility under subsection 6 of this section, and in the case of a new business facility which satisfies the requirements of paragraph (c) of subdivision (20) or (28) of section 135.950, the amount of the taxpayer's new business facility investment in such facility shall be reduced by the average amount, computed as provided in subdivision (22) of section 135.950 for new business facility investment, of the investment of the taxpayer, or related taxpayer immediately preceding such expansion or replacement or at the time of acquisition. Furthermore, the amount of the taxpayer's new business facility investment shall also be reduced by the amount of investment employed by the taxpayer or related taxpayer which was subsequently transferred to the new business facility from another Missouri facility and for which credits authorized in this section are not being earned, whether such credits are earned because of an expansion, acquisition, relocation, or the establishment of a new facility.

9. For a taxpayer with flow-through tax treatment to its members, partners, or shareholders, the credit shall be allowed to members, partners, or shareholders in proportion to their share of ownership on the last day of the taxpayer's tax period.

10. Except as allowed in subsection 5 of this section, credits may not be carried forward but shall be claimed for the taxable year during which commencement of commercial operations occurs at such new business facility, and for each of the nine succeeding taxable years for which the credit is issued.

11. Certificates of tax credit authorized by this section may be transferred, sold, or assigned by filing a notarized endorsement thereof with the department that names the transferee, the amount of tax credit transferred, and the value received for the credit, as well as any other information reasonably requested by the department. The sale price cannot be less than seventy-five percent of the par value of such credits.

12. The director of revenue shall issue a refund to the taxpayer to the extent that the amount of credits allowed in this section exceeds the amount of the taxpayer's income tax.

13. Prior to the issuance of tax credits, the department shall verify through the department of revenue, or any other state department, that the tax credit applicant does not owe any delinquent income, sales, or use tax or interest or penalties on such taxes, or any delinquent fees or assessments levied by any state department and through the department of insurance, financial institutions and professional registration that the applicant does not owe any delinquent insurance taxes. Such delinquency shall not affect the authorization of the application

for such tax credits, except that the amount of credits issued shall be reduced by the applicant's tax delinquency. If the department of revenue or the department of insurance, financial institutions and professional registration, or any other state department, concludes that a taxpayer is delinquent after June fifteenth but before July first of any year and the application of tax credits to such delinquency causes a tax deficiency on behalf of the taxpayer to arise, then the taxpayer shall be granted thirty days to satisfy the deficiency in which interest, penalties, and additions to tax shall be tolled. After applying all available credits toward a tax delinquency, the administering agency shall notify the appropriate department, and that department shall update the amount of outstanding delinquent tax owed by the applicant. If any credits remain after satisfying all insurance, income, sales, and use tax delinquencies, the remaining credits shall be issued to the applicant, subject to the restrictions of other provisions of law.

137.115. 1. All other laws to the contrary notwithstanding, the assessor or the assessor's deputies in all counties of this state including the city of St. Louis shall annually make a list of all real and tangible personal property taxable in the assessor's city, county, town or district. Except as otherwise provided in subsection 3 of this section and section 137.078, the assessor shall annually assess all personal property at thirty-three and one-third percent of its true value in money as of January first of each calendar year. The assessor shall annually assess all real property, including any new construction and improvements to real property, and possessory interests in real property at the percent of its true value in money set in subsection 5 of this section. The true value in money of any possessory interest in real property in subclass (3), where such real property is on or lies within the ultimate airport boundary as shown by a federal airport layout plan, as defined by 14 CFR 151.5, of a commercial airport having a FAR Part 139 certification and owned by a political subdivision, shall be the otherwise applicable true value in money of any such possessory interest in real property, less the total dollar amount of costs paid by a party, other than the political subdivision, towards any new construction or improvements on such real property completed after January 1, 2008, and which are included in the above-mentioned possessory interest, regardless of the year in which such costs were incurred or whether such costs were considered in any prior year. The assessor shall annually assess all real property in the following manner: new assessed values shall be determined as of January first of each odd-numbered year and shall be entered in the assessor's books; those same assessed values shall apply in the following even-numbered year, except for new construction and property improvements which shall be valued as though they had been completed as of January first of the preceding odd-numbered year. The assessor may call at the office, place of doing business, or residence of each person required by this chapter to list property, and require the person to make a correct statement of all taxable tangible personal property owned by the person or under his or her care, charge or management, taxable in the county. On or before January first of each even-numbered year, the assessor shall prepare and submit a two-year assessment maintenance plan to the county governing body and the state tax commission for their respective approval or modification. The county governing body shall approve and forward such plan or its alternative to the plan to the state tax commission by February first. If the county governing body fails to forward the plan or its alternative to the plan to the state tax commission by February first, the assessor's plan shall be considered approved by the county governing body. If the state tax commission fails to approve a plan and if the state tax commission and the assessor and the governing body of the county involved are unable to resolve the differences, in order to receive state cost-share funds outlined in section 137.750, the county or the assessor shall petition the administrative hearing commission, by May first, to decide all matters in dispute regarding the assessment maintenance plan. Upon agreement of the parties, the matter may be stayed while the parties proceed with mediation or arbitration upon terms agreed to by the parties. The final decision of the administrative hearing commission shall be subject to judicial review in the circuit court of the county involved. In the event a valuation of subclass (1) real property within any county with a charter form of government, or within a city not within a county, is made by a computer, computer-assisted method or a computer program, the burden of proof, supported by clear, convincing and cogent evidence to sustain such valuation, shall be on the assessor at any hearing or appeal. In any such county, unless the assessor proves otherwise, there shall be a presumption that the assessment was made by a computer, computer-assisted method or a computer program. Such evidence shall include, but shall not be limited to, the following:

(1) The findings of the assessor based on an appraisal of the property by generally accepted appraisal techniques; and

(2) The purchase prices from sales of at least three comparable properties and the address or location thereof. As used in this subdivision, the word "comparable" means that:

(a) Such sale was closed at a date relevant to the property valuation; and

(b) Such properties are not more than one mile from the site of the disputed property, except where no similar properties exist within one mile of the disputed property, the nearest comparable property shall be used. Such property

shall be within five hundred square feet in size of the disputed property, and resemble the disputed property in age, floor plan, number of rooms, and other relevant characteristics.

2. Assessors in each county of this state and the city of St. Louis may send personal property assessment forms through the mail.

3. The following items of personal property shall each constitute separate subclasses of tangible personal property and shall be assessed and valued for the purposes of taxation at the following percentages of their true value in money:

- (1) Grain and other agricultural crops in an unmanufactured condition, one-half of one percent;
- (2) Livestock, twelve percent;
- (3) Farm machinery, twelve percent;
- (4) Motor vehicles which are eligible for registration as and are registered as historic motor vehicles pursuant to section 301.131, RSMo, and aircraft which are at least twenty-five years old and which are used solely for noncommercial purposes and are operated less than fifty hours per year or aircraft that are home built from a kit, five percent;

(5) Poultry, twelve percent; [and]

(6) Tools and equipment used for pollution control and tools and equipment used in retooling for the purpose of introducing new product lines or used for making improvements to existing products by any company which is located in a state enterprise zone and which is identified by any standard industrial classification number cited in subdivision (6) of section 135.200, RSMo, twenty-five percent; **and**

(7) In any county of the first classification with more than one hundred thirty-five thousand four hundred but fewer than one hundred thirty-five thousand five hundred inhabitants, tools, telecommunications equipment, power production and transmission machinery and equipment, data processing machinery and equipment, and other machinery and equipment that is used in an enhanced enterprise zone designated as such a zone for a certified site zone as defined in subdivision (4) of section 135.950, one-half of one percent.

4. The person listing the property shall enter a true and correct statement of the property, in a printed blank prepared for that purpose. The statement, after being filled out, shall be signed and either affirmed or sworn to as provided in section 137.155. The list shall then be delivered to the assessor.

5. All subclasses of real property, as such subclasses are established in section 4(b) of article X of the Missouri Constitution and defined in section 137.016, shall be assessed at the following percentages of true value:

- (1) For real property in subclass (1), nineteen percent;
- (2) For real property in subclass (2), twelve percent; and
- (3) For real property in subclass (3), thirty-two percent.

6. Manufactured homes, as defined in section 700.010, RSMo, which are actually used as dwelling units shall be assessed at the same percentage of true value as residential real property for the purpose of taxation. The percentage of assessment of true value for such manufactured homes shall be the same as for residential real property. If the county collector cannot identify or find the manufactured home when attempting to attach the manufactured home for payment of taxes owed by the manufactured home owner, the county collector may request the county commission to have the manufactured home removed from the tax books, and such request shall be granted within thirty days after the request is made; however, the removal from the tax books does not remove the tax lien on the manufactured home if it is later identified or found. A manufactured home located in a manufactured home rental park, rental community or on real estate not owned by the manufactured home owner shall be considered personal property. A manufactured home located on real estate owned by the manufactured home owner may be considered real property.

7. Each manufactured home assessed shall be considered a parcel for the purpose of reimbursement pursuant to section 137.750, unless the manufactured home has been converted to real property in compliance with section 700.111, RSMo, and assessed as a realty improvement to the existing real estate parcel.

8. Any amount of tax due and owing based on the assessment of a manufactured home shall be included on the personal property tax statement of the manufactured home owner unless the manufactured home has been converted to real property in compliance with section 700.111, RSMo, in which case the amount of tax due and owing on the assessment of the manufactured home as a realty improvement to the existing real estate parcel shall be included on the real property tax statement of the real estate owner.

9. The assessor of each county and each city not within a county shall use the trade-in value published in the October issue of the National Automobile Dealers' Association Official Used Car Guide, or its successor publication, as the recommended guide of information for determining the true value of motor vehicles described in such publication. In the absence of a listing for a particular motor vehicle in such publication, the assessor shall use such information or publications which in the assessor's judgment will fairly estimate the true value in money of the motor vehicle.

10. Before the assessor may increase the assessed valuation of any parcel of subclass (1) real property by more than fifteen percent since the last assessment, excluding increases due to new construction or improvements, the assessor shall conduct a physical inspection of such property.

11. If a physical inspection is required, pursuant to subsection 10 of this section, the assessor shall notify the property owner of that fact in writing and shall provide the owner clear written notice of the owner's rights relating to the physical inspection. If a physical inspection is required, the property owner may request that an interior inspection be performed during the physical inspection. The owner shall have no less than thirty days to notify the assessor of a request for an interior physical inspection.

12. A physical inspection, as required by subsection 10 of this section, shall include, but not be limited to, an on-site personal observation and review of all exterior portions of the land and any buildings and improvements to which the inspector has or may reasonably and lawfully gain external access, and shall include an observation and review of the interior of any buildings or improvements on the property upon the timely request of the owner pursuant to subsection 11 of this section. Mere observation of the property via a drive-by inspection or the like shall not be considered sufficient to constitute a physical inspection as required by this section.

13. The provisions of subsections 11 and 12 of this section shall only apply in any county with a charter form of government with more than one million inhabitants.

14. A county or city collector may accept credit cards as proper form of payment of outstanding property tax or license due. No county or city collector may charge surcharge for payment by credit card which exceeds the fee or surcharge charged by the credit card bank, processor, or issuer for its service. A county or city collector may accept payment by electronic transfers of funds in payment of any tax or license and charge the person making such payment a fee equal to the fee charged the county by the bank, processor, or issuer of such electronic payment.

15. Any county or city not within a county in this state may, by an affirmative vote of the governing body of such county, opt out of the provisions of this section and sections 137.073, 138.060, and 138.100, RSMo, as enacted by house bill no. 1150 of the ninety-first general assembly, second regular session and section 137.073 as modified by house committee substitute for senate substitute for senate committee substitute for senate bill no. 960, ninety-second general assembly, second regular session, for the next year of the general reassessment, prior to January first of any year. No county or city not within a county shall exercise this opt-out provision after implementing the provisions of this section and sections 137.073, 138.060, and 138.100, RSMo, as enacted by house bill no. 1150 of the ninety-first general assembly, second regular session and section 137.073 as modified by house committee substitute for senate substitute for senate committee substitute for senate bill no. 960, ninety-second general assembly, second regular session, in a year of general reassessment. For the purposes of applying the provisions of this subsection, a political subdivision contained within two or more counties where at least one of such counties has opted out and at least one of such counties has not opted out shall calculate a single tax rate as in effect prior to the enactment of house bill no. 1150 of the ninety-first general assembly, second regular session. A governing body of a city not within a county or a county that has opted out under the provisions of this subsection may choose to implement the provisions of this section and sections 137.073, 138.060, and 138.100, RSMo, as enacted by house bill no. 1150 of the ninety-first general assembly, second regular session, and section 137.073 as modified by house committee substitute for senate substitute for senate committee substitute for senate bill no. 960, ninety-second general assembly, second regular session, for the next year of general reassessment, by an affirmative vote of the governing body prior to December thirty-first of any year.

16. The governing body of any city of the third classification with more than twenty-six thousand three hundred but fewer than twenty-six thousand seven hundred inhabitants located in any county that has exercised its authority to opt out under subsection 15 of this section may levy separate and differing tax rates for real and personal property only if such city bills and collects its own property taxes or satisfies the entire cost of the billing and collection of such separate and differing tax rates. Such separate and differing rates shall not exceed such city's tax rate ceiling.

(2) "Recovered materials", those materials which have been diverted or removed from the solid waste stream for sale, use, reuse, or recycling, whether or not they require subsequent separation and processing.

2. In addition to all other exemptions granted under this chapter, there is hereby specifically exempted from the provisions of sections 144.010 to 144.525 and 144.600 to 144.761, and from the computation of the tax levied, assessed, or payable under sections 144.010 to 144.525 and 144.600 to 144.761, electrical energy and gas, whether natural, artificial, or propane, water, coal, and energy sources, chemicals, machinery, equipment, and materials used or consumed in the manufacturing, processing, compounding, mining, or producing of any product, or used or consumed

in the processing of recovered materials, or used in research and development related to manufacturing, processing, compounding, mining, or producing any product. The exemptions granted in this subsection shall not apply to local sales taxes as defined in section 32.085, RSMo, and the provisions of this subsection shall be in addition to any state and local sales tax exemption provided in section 144.030.

3. In addition to all other exemptions granted under this chapter, there is hereby specifically exempted from the provisions of sections 144.010 to 144.525 and 144.600 to 144.761, and section 238.235, RSMo, and the local sales tax law as defined in section 32.085, RSMo, and from the computation of the tax levied, assessed, or payable under sections 144.010 to 144.525 and 144.600 to 144.761, and section 238.235, RSMo, and the local sales tax law as defined in section 32.085, RSMo, all utilities, machinery, and equipment used or consumed directly in television or radio broadcasting and all sales and purchases of tangible personal property, utilities, services, or any other transaction that would otherwise be subject to the state or local sales or use tax when such sales are made to or purchases are made by a contractor for use in fulfillment of any obligation under a defense contract with the United States government, and all sales and leases of tangible personal property by any county, city, incorporated town, or village, provided such sale or lease is authorized under chapter 100, RSMo, and such transaction is certified for sales tax exemption by the department of economic development, and tangible personal property used for railroad infrastructure brought into this state for processing, fabrication, or other modification for use outside the state in the regular course of business, **and all tangible personal property, including tools, telecommunications equipment, power production and transmission machinery and equipment and data processing machinery and equipment, and any other tools, materials, machinery, or equipment used or consumed in an enhanced enterprise zone designated as such a zone for a certified site zone as defined in subdivision (4) of section 135.950.**

4. In addition to all other exemptions granted under this chapter, there is hereby specifically exempted from the provisions of sections 144.010 to 144.525 and 144.600 to 144.761, and section 238.235, RSMo, and the local sales tax law as defined in section 32.085, RSMo, and from the computation of the tax levied, assessed, or payable under sections 144.010 to 144.525 and 144.600 to 144.761, and section 238.235, RSMo, and the local sales tax law as defined in section 32.085, RSMo, all sales and purchases of tangible personal property, utilities, services, or any other transaction that would otherwise be subject to the state or local sales or use tax when such sales are made to or purchases are made by a private partner for use in completing a project under sections 227.600 to 227.669, RSMo.

(10) "Operating taxpayer", where more than one taxpayer is responsible for a project, a taxpayer responsible for the equipping and ongoing operations of the facility, as opposed to a taxpayer responsible for the purchasing or construction of the facility;

(11) "Project taxpayers", each constructing taxpayer and each operating taxpayer for a data storage center or server farm facility project;

(12) "Replacement facility" or "replacement data storage center or server farm facility", a facility in this state otherwise described in subdivision (8) of this section, but which replaces another facility located within the state, which the taxpayer or a related taxpayer previously operated but discontinued operating within one year prior to the commencement of commercial operations at the new facility;

(13) "Taxpayer", the purchaser of tangible personal property or a service that is subject to state or local sales or use tax and from whom state or local sales or use tax is owed. Taxpayer shall not mean the seller charged by law with collecting the sales tax from the purchaser.

2. Beginning August 28, 2010, in addition to the exemptions granted under this chapter, there shall also be specifically exempted from state and local sales and use taxes defined, levied, or calculated under section 32.085, sections 144.010 to 144.525, sections 144.600 to 144.761, or section 238.235:

(1) All electrical energy, gas, water, and other utilities including telecommunication services used in a new data storage center or server farm facility;

(2) All machinery, equipment, and computers used in any new data storage center or server farm facility; and

(3) All sales at retail of tangible personal property and materials for the purpose of constructing, repairing, or remodeling any new data storage center or server farm facility.

3. Any data storage center and server farm facility project seeking a tax exemption under subsection 2 of this section shall submit a project plan to the department of economic development, including identifying each known constructing taxpayer and each known operating taxpayer for the project. The department of economic development shall determine whether the project is eligible for the exemption under subsection 2 of this section conditional upon subsequent verification by the department that the project meets the requirement in paragraph (d) of subdivision (8) of subsection 1 of this section of at least five million dollars of new facility investment over a time period not to exceed thirty-six consecutive months. The department of economic development shall convey such conditional approval to the department of revenue and the identified project taxpayers. After a conditionally approved new facility project has met the investment amount, the project taxpayers shall provide proof of such investment to the department of economic development. Upon verification of such proof, the department of economic development shall certify the project to the department of revenue as being eligible for the exemption dating retroactively to the first day of the thirty-six month period or the first day of the new investment in the event the investment is met in less than thirty-six months. The department of revenue, upon receipt of adequate proof of the amount of sales taxes paid since the first day of the thirty-six month period, or the first day of the new investment in the event the investment is met in less than thirty-six months, shall issue a refund of sales taxes paid as set forth in this section to each operating taxpayer and each constructing taxpayer and issue a certificate of

exemption to each new project taxpayer for ongoing exemptions under subdivisions (1), (2), and (3) of subsection 2 of this section.

4. Beginning August 28, 2010, in addition to the exemptions granted under this chapter, there shall also be specifically exempted from state and local sales and use taxes defined, levied, or calculated under section 32.085, sections 144.010 to 144.525, sections 144.600 to 144.761, or section 238.235:

(1) All electrical energy, gas, water, and other utilities including telecommunication services used in an expanding data storage center or server farm facility which, on an annual basis, exceeds the amount of electrical energy, gas, water, and other utilities including telecommunication services used in the existing facility or the replaced facility prior to the expansion. Amount shall be measured in kilowatt hours, gallons, cubic feet or other measures applicable to a utility service as opposed to in dollars, to account for increases in rates;

(2) All machinery, equipment, and computers used in any expanding data storage center or server farm facility, the cost of which, on an annual basis, exceeds the average of the previous three years' expenditures on machinery, equipment, and computers at the existing facility or the replaced facility prior to the expansion. Existing facilities or replaced facilities in existence for less than three years shall have the average expenditures calculated based upon the applicable time of existence; and

(3) All sales at retail of the tangible personal property and materials for the purpose of constructing, repairing, or remodeling any expanding data storage center or server farm facility.

5. Any data storage center and server farm facility project seeking a tax exemption under subsection 4 of this section shall submit an expanding project plan to the department of economic development, including identifying each known constructing taxpayer and each known operating taxpayer for the project. The project applicants shall also provide proof satisfactory to the department of economic development that the facility is an expanding facility and has net new investment related to the expansion of operations in this state of at least one million dollars during a time period not to exceed twelve consecutive months. Upon verification of such proof, the department of economic development shall certify the project to the department of revenue as being eligible for the exemption. The department of revenue shall issue a certificate of exemption to each expanding project taxpayer for ongoing exemptions under subdivisions (1), (2) and (3) of subsection 4 of this section.

6. The sales tax exemptions in subsections 2 and 4 of this section shall be tied to the new or expanding facility project. A certificate of exemption in the hands of a taxpayer that is no longer an operating or constructing taxpayer of the new or expanding facility project shall be invalid as of the date the taxpayer was no longer an operating or constructing taxpayer of the new or expanding facility project. New certificates of exemption shall be issued to successor constructing taxpayers and operating taxpayers at such new or expanding facility projects. The right to the exemption by successor taxpayers shall exist without regard to subsequent levels of investment in the new or expanding facility by successor taxpayers.

7. The department of economic development and the department of revenue shall cooperate in conducting random audits to make certain the intent of this section is followed.

8. The department of economic development and the department of revenue shall jointly prescribe such rules and regulations necessary to carry out the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2010, shall be invalid and void."; and

The formulas and tables may be changed from time to time if recommended by the retirement system's actuary and approved by the board of trustees;**

A break in service also occurs when a regular employee retires under the retirement system established by section 169.280 and does not again become a regular employee until after fifteen consecutive school or work days have elapsed. A "school or work day" is a day on which the employee's employer requires (or if the position no longer exists, would require, based on past practice) employees having the former employee's last job description to report to their place of employment for any reason;

A person is not considered to be an employee for purposes of such retirement system with respect to any service for which the person was not reported contemporaneously for federal and state tax purposes as an employee of such employer, regardless of whether the person is or may later be determined to be or to have been a common law employee of such employer, including but not limited to a person classified by the employer as independent contractors and persons employed by other entities which contract to provide staff and services to the employer. In no event shall a person reported for federal tax purposes as an employee of a private, for-profit entity be deemed to be an employee eligible to participate in the retirement system established by section 169.280 with respect to such employment;

(12) "Employer", the school district, any charter school, the library district, or the retirement system established by section 169.280, or any combination thereof, as required by the context to identify the employer of any member, or, for purposes only of subsection 2 of section 169.324, of any retirant;

(18) "Prior service", service prior to the date the system becomes operative which is creditable in accordance with the provisions of section 169.311. Prior service in excess of thirty-eight years shall be considered thirty-eight years;

(19) "Regular employee", any employee who is assigned to an established position which requires service of not less than twenty-five hours per week, and not less than nine calendar months a year. Any regular employee who is subsequently assigned without break in service to a position demanding less service than is required of a regular employee shall continue the employee's status as a regular employee. Except as stated in the preceding sentence, a temporary, part-time, or furloughed employee is not a regular employee;

(20) "Retirant", a former member receiving a retirement allowance hereunder;

(21) "Retirement allowance", annuity payments to a retirant or to such beneficiary as is entitled to same;

(22) "School district", any school district in which a retirement system shall be established under section 169.280.

169.280. 1. In each school district of this state (i) that now has or may hereafter have a population of not more than seven hundred thousand and (ii) not less than seventy percent of whose population resides in a city other than a city not within a county which now has or may hereafter have a population of four hundred thousand or more, according to the latest United States decennial census, there is hereby created and established a retirement system for the purpose of providing retirement allowances and related benefits for employees of the employer. Each such system shall be under the management of a board of trustees herein described, and shall be known as "The Public School Retirement System of (name of school district)", and by such name all of its business shall be transacted, all of its funds invested, and all of its cash and securities and other property held. When a school district first satisfies the foregoing population conditions, the board of education shall adopt a resolution certifying the same and take all actions necessary to cause the retirement system to begin operation on the thirtieth day of September following such certification.

2. In the event that (i) the population of a school district having a retirement system created hereunder should increase to a number greater than seven hundred thousand, or (ii) the population of the city in which not less than seventy percent of the population of the school district resides should decrease to a number less than four hundred thousand, or (iii) less than seventy percent of the population of the school district should reside in a city having a population of at least four hundred thousand, or (iv) the corporate organization of the school district shall lapse in accordance with subsections 1 and 4 of section 162.081, RSMo, the retirement system of such school district shall continue to be governed by and subject to sections 169.270 to 169.400 and all other statutes, rules, and regulations applicable to retirement systems in

school districts having a population of not more than seven hundred thousand and not less than seventy percent of whose population resides in a city, other than a city not within a county, of four hundred thousand or more, as if the population of such school district and city continued to be within such numerical limits.

3. The plan of retirement benefits administered by the retirement system established hereby is intended to be a qualified plan under the provisions of applicable federal law. The board of trustees shall interpret the statutes governing the retirement system and shall administer the retirement system in all respects consistent with such intent. The assets of the retirement system shall be held in trust for the exclusive benefit of members and their beneficiaries and for defraying reasonable administrative expenses of the retirement system. No part of such assets shall, at any time prior to the satisfaction of all liabilities with respect to members and their beneficiaries, be used for or diverted to any purposes other than for such exclusive benefit or for any purpose inconsistent with the requirements of sections 169.270 to 169.400.

169.301. 1. Any active member who has completed five or more years of actual (not purchased) creditable service shall be entitled to a vested retirement benefit equal to the annual service retirement allowance provided in sections 169.270 to 169.400 payable after attaining the minimum normal retirement age and calculated in accordance with the law in effect on the last date such person was a regular employee; provided, that such member does not withdraw such person's accumulated contributions pursuant to section 169.328 prior to attaining the minimum normal retirement age.

2. Any member who elected on October 13, 1961, or within thirty days thereafter, to continue to contribute and to receive benefits under sections 169.270 to 169.400 may continue to be a member of the retirement system under the terms and conditions of the plan in effect immediately prior to October 13, 1961, or may, upon written request to the board of trustees, transfer to the present plan, provided that the member pays into the system any additional contributions with interest the member would have credited to the member's account if such person had been a member of the current plan since its inception or, if the person's contributions and interest are in excess of what the person would have paid, such person will receive a refund of such excess. The board of trustees shall adopt appropriate rules and regulations governing the operation of the plan in effect immediately prior to October 13, 1961.

3. Should a retirant again become an active member, such person's retirement allowance payments shall cease during such membership and shall be recalculated upon subsequent retirement to include any creditable service earned during the person's latest period of active membership in accordance with subsection 2 of section 169.324.

4. In the event of the complete termination of the retirement system established by section 169.280 or the complete discontinuance of contributions to such retirement system, the rights of all members to benefits accrued to the date of such termination or discontinuance, to the extent then funded, shall be fully vested and nonforfeitable.

169.324. 1. The annual service retirement allowance payable pursuant to section 169.320 in equal monthly installments for life shall be the retirant's number of years of creditable service multiplied by one and three-fourths percent of the person's average final compensation, subject to a maximum of sixty percent of the person's average final compensation. For any member who retires as an active member on or after June 30, 1999, the annual service retirement allowance payable pursuant to section 169.320 in equal monthly installments for life shall be the retirant's number of years of creditable service multiplied by two percent of the person's average final compensation, subject to a maximum of sixty percent of the person's average final compensation. Any member whose number of years of creditable service is greater than thirty-four and one-quarter on August 28, 1993, shall receive an annual service retirement allowance payable pursuant to section 169.320 in equal monthly installments for life equal to the retirant's number of years of creditable service as of August 28, 1993, multiplied by one and three-fourths percent of the person's average final compensation but shall not receive a greater annual service retirement allowance based on additional years of creditable service after August 28, 1993. Provided, however, that, effective January 1, 1996, any retiree who retired on, before or after January 1, 1996, with at least twenty years of creditable service shall receive at least three hundred dollars each month as a retirement allowance, or the actuarial equivalent thereof if the retiree elected any of the options available under section 169.326. Provided, further, any retiree who retired with at least ten years of creditable service shall receive at least one hundred fifty dollars each month as a retirement allowance, plus fifteen dollars for each additional full year of creditable service greater than ten years but less than twenty years (or the actuarial equivalent thereof if the retiree elected any of the options available under section 169.326). Any beneficiary of a deceased retiree who retired with at least ten years of creditable service and elected one of the options available under section 169.326 shall also be entitled to the actuarial equivalent of the minimum benefit provided by this subsection, determined from the option chosen.

2. Except as otherwise provided in sections 169.331, 169.580 and 169.585, payment of a retirant's retirement allowance will be suspended for any month for which such person receives remuneration from the person's employer

or from any other employer in the retirement system established by section 169.280 for the performance of services except any such person other than a person receiving a disability retirement allowance under section 169.322 may serve as a nonregular substitute, part-time or temporary employee for not more than six hundred hours in any school year without becoming a member and without having the person's retirement allowance discontinued, **provided that through such substitute, part-time, or temporary employment, the person may earn no more than fifty percent of the annual salary or wages the person was last paid by the employer before the person retired and commenced receiving a retirement allowance, adjusted for inflation. If a person exceeds such hours limit or such compensation limit, payment of the person's retirement allowance shall be suspended for the month in which such limit was exceeded and each subsequent month in the school year for which the person receives remuneration from any employer in the retirement system.** If a retirant is reemployed by any employer in any capacity, whether pursuant to this section, or section 169.331, 169.580, or 169.585, or as a regular employee, the amount of such person's retirement allowance attributable to service prior to the person's first retirement date shall not be changed by the reemployment. If the person again becomes an active member and earns additional creditable service, upon the person's second retirement the person's retirement allowance shall be the sum of:

(1) The retirement allowance the person was receiving at the time the person's retirement allowance was suspended, pursuant to the payment option elected as of the first retirement date, plus the amount of any increase in such retirement allowance the person would have received pursuant to subsection 3 of this section had payments not been suspended during the person's reemployment; and

(2) An additional retirement allowance computed using the benefit formula in effect on the person's second retirement date, the person's creditable service following reemployment, and the person's average **final** annual compensation as of the second retirement date. The sum calculated pursuant to this subsection shall not exceed the greater of sixty percent of the person's average final compensation as of the second retirement date or the amount determined pursuant to subdivision (1) of this subsection. Compensation earned prior to the person's first retirement date shall be considered in determining the person's average final compensation as of the second retirement date if such compensation would otherwise be included in determining the person's average final compensation.

3. The board of trustees shall determine annually whether the investment return on funds of the system can provide for an increase in benefits for retirants eligible for such increase. A retirant shall and will be eligible for an increase awarded pursuant to this section as of the second January following the date the retirant commenced receiving retirement benefits. Any such increase shall also apply to any monthly joint and survivor retirement allowance payable to such retirant's beneficiaries, regardless of age. The board shall make such determination as follows:

(1) After determination by the actuary of the investment return for the preceding year as of December thirty-first (the "valuation year"), the actuary shall recommend to the board of trustees what portion of the investment return is available to provide such benefits increase, if any, and shall recommend the amount of such benefits increase, if any, to be implemented as of the first day of the thirteenth month following the end of the valuation year, and the first payable on or about the first day of the fourteenth month following the end of the valuation year. The actuary shall make such recommendations so as not to affect the financial soundness of the retirement system, recognizing the following safeguards:

(a) The retirement system's funded ratio as of January first of the year preceding the year of a proposed increase shall be at least one hundred percent after adjusting for the effect of the proposed increase. The funded ratio is the ratio of assets to the pension benefit obligation;

(b) The actuarially required contribution rate, after adjusting for the effect of the proposed increase, may not exceed the statutory contribution rate;

(c) The actuary shall certify to the board of trustees that the proposed increase will not impair the actuarial soundness of the retirement system;

(d) A benefit increase, under this section, once awarded, cannot be reduced in succeeding years;

(2) The board of trustees shall review the actuary's recommendation and report and shall, in their discretion, determine if any increase is prudent and, if so, shall determine the amount of increase to be awarded.

4. This section does not guarantee an annual increase to any retirant.

5. If an inactive member becomes an active member after June 30, 2001, and after a break in service, unless the person earns at least four additional years of creditable service without another break in service, upon retirement the person's retirement allowance shall be calculated separately for each separate period of service ending in a break in service. The retirement allowance shall be the sum of the separate retirement allowances computed for each such period of service using the benefit formula in effect, the person's average final compensation as of the last day of such period of service and the creditable service the person earned during such period of service; provided, however, if the person earns at least four additional years of creditable service without another break in service, all of the person's creditable service prior to and including such service shall be aggregated and, upon retirement, the retirement allowance shall be

computed using the benefit formula in effect and the person's average final compensation as of the last day of such period of four or more years and all of the creditable service the person earned prior to and during such period.

6. Notwithstanding anything contained in this section to the contrary, the amount of the annual service retirement allowance payable to any retirant pursuant to the provisions of sections 169.270 to 169.400, including any adjustments made pursuant to subsection 3 of this section, shall at all times comply with the provisions and limitations of Section 415 of the Internal Revenue Code of 1986, as amended, and the regulations thereunder, the terms of which are specifically incorporated herein by reference.

7. All retirement systems established by the laws of the state of Missouri shall develop a procurement action plan for utilization of minority and women money managers, brokers and investment counselors. Such retirement systems shall report their progress annually to the joint committee on public employee retirement and the governor's minority advocacy commission.

169.328. 1. Should a member cease to be a regular employee, except by retirement, the member, if living, shall be paid on demand, made by written notice to the board of trustees, the amount of the person's accumulated contributions (with interest as determined by the board of trustees as provided in sections 169.270 to 169.400) standing to the credit of the person's individual account in the employees' contribution fund. The accumulated contributions with interest shall not be paid to a member so long as the person remains a regular employee or before the member incurs a break in service. If the member dies before retirement such accumulated contributions (with interest) shall be paid to the member's estate or designated beneficiary unless the provisions of subsection 3 of section 169.326 apply.

2. If a former unvested member's accumulated contributions have not been withdrawn four years after the person has ceased to be a member (other than by reason of death or retirement), the board of trustees shall pay the same to such former member within a reasonable time after the expiration of such four-year period.

3. If, on account of undeliverability, improper mailing or forwarding address, or other similar problem, the board of trustees is unable to refund the accumulated contributions of a former unvested member or to commence payment of retirement benefits within four years after the end of the calendar year in which such former member ceased to be a regular employee, the board may transfer the accumulated contributions to the general reserve fund. If, thereafter, written application is made to the board of trustees for such refund or benefits, the board shall cause the same to be paid from the general reserve fund, but no interest shall be accrued after the end of the fourth year following the end of the calendar year in which such former member ceased to be a regular employee.

4. In its discretion the board of trustees may approve extensions of any time periods in this section on account of a former member's military or naval service, academic study or illness.

5. **Any member or beneficiary who is entitled to receive a distribution that is an eligible rollover distribution, as defined in Section 402(c)(4) of the Internal Revenue Code of 1986, as amended, may elect to have that distribution transferred directly to another eligible retirement plan, as defined in Section 402(c)(8) of the Internal Revenue Code of 1986, as amended, designated by the member or beneficiary in accordance with procedures established by the board of trustees. An eligible rollover distribution shall include a distribution to a nonspouse beneficiary that is treated as an eligible rollover distribution under Section 402(c)(11) of the Internal Revenue Code of 1986, as amended. All such transfers shall be made in compliance with the requirements of Section 401(a)(31) of the Internal Revenue Code of 1986, as amended, and regulations thereunder."**; and

Further amend said title, enacting clause and intersectional references accordingly.

(a) In the case of a married couple owning property either jointly or as tenants by the entirety, or where only one spouse owns the property, such couple shall be considered an eligible taxpayer if both spouses have reached the age of sixty-five or if one spouse is disabled, or if one spouse is at least sixty-five years old and the other spouse is at least sixty years old, and the combined income of the couple in the year prior to completing an application pursuant to this section did not exceed the maximum upper limit; or

(b) In the case of joint ownership by unmarried persons or ownership by tenancy in common by two or more unmarried persons, such owners shall be considered an eligible owner if each person with an ownership interest individually satisfies the eligibility requirements for an individual eligible owner under this section and the combined income of all individuals with an interest in the property is equal to or less than the maximum upper limit in the year prior to completing an application under this section. If any individual with an ownership interest in the property fails to satisfy the eligibility requirements of an individual eligible owner or if the combined income of all individuals with interest in the property exceeds the maximum upper limit, then all individuals with an ownership interest in such property shall be deemed ineligible owners regardless of such other individual's ability to individually meet the eligibility requirements; or

(c) In the case of property held in trust, the eligible owner and recipient of the tax credit shall be the trust itself provided the previous owner of the homestead or the previous owner's spouse: is the settlor of the trust with respect to the homestead; currently resides in such homestead; and but for the transfer of such property would have satisfied the age, ownership, and maximum upper limit requirements for income as defined in subdivisions (7) and (8) of this subsection;

No individual shall be an eligible owner if the individual has not paid [their] **the individual's** property tax liability, if any, in full by the payment due date in any of the three prior tax years, except that a late payment of a property tax liability in any prior year shall not disqualify a potential eligible owner if such owner paid in full the tax liability and any and all penalties, additions and interest that arose as a result of such late payment; no individual shall be an eligible owner if such person filed a valid claim for the senior citizens property tax relief credit pursuant to sections 135.010 to 135.035, RSMo;

(5) "Homestead", as such term is defined pursuant to section 135.010, RSMo, except as limited by provisions of this section to the contrary. No property shall be considered a homestead if such property was improved since the most recent annual assessment by more than five percent of the prior year appraised value, except where an eligible owner of the property has made such improvements to accommodate a disabled person;

(6) "Homestead exemption limit", a percentage increase, rounded to the nearest hundredth of a percent, which shall be equal to the percentage increase to tax liability, not including improvements, of a homestead from one tax year to the next that exceeds a certain percentage set pursuant to subsection 10 of this section. For applications filed in 2005 or 2006, the homestead exemption limit shall be based on the increase to tax liability from 2004 to 2005. For applications filed between April 1, 2005, and September 30, 2006, an eligible owner, who otherwise satisfied the requirements of this section, shall not apply for the homestead exemption credit more than once during such period. For applications filed after 2006, the homestead exemption limit shall be based on the increase to tax liability from two years prior to application to the year immediately prior to application. For applications filed between December 31, 2008, and December 31, 2011, the homestead exemption limit shall be based on the increase in tax liability from the base year to the year prior to the application year. For applications filed on or after January 1, 2012, the homestead exemption limit shall be based on the increase to tax liability from two years prior to application to the year immediately prior to application. For purposes of this subdivision, the term "base year" means the year prior to the first year in which the eligible owner's application was approved, or 2006, whichever is later;

(7) "Income", federal adjusted gross income, and in the case of ownership of the homestead by trust, the income of the settlor applicant shall be imputed to the income of the trust for purposes of determining eligibility with regards to the maximum upper limit;

(8) "Maximum upper limit", in the calendar year 2005, the income sum of seventy thousand dollars; in each successive calendar year this amount shall be raised by the incremental increase in the general price level, as defined pursuant to article X, section 17 of the Missouri Constitution.

3. Pursuant to article X, section 6(a) of the Constitution of Missouri, if in the prior tax year, the property tax liability on any parcel of subclass (1) real property increased by more than the homestead exemption limit, without regard for any prior credit received due to the provisions of this section, then any eligible owner of the property shall receive a homestead exemption credit to be applied in the current tax year property tax liability to offset the prior year increase to tax liability that exceeds the homestead exemption limit, except as eligibility for the credit is limited by the provisions of this section. The amount of the credit shall be listed separately on each taxpayer's tax bill for the current tax year, or on a document enclosed with the taxpayer's bill. The homestead exemption credit shall not affect the process of setting the tax rate as required pursuant to article X, section 22 of the Constitution of Missouri and section 137.073 in any prior, current, or subsequent tax year.

4. If application is made in 2005, any potential eligible owner may apply for the homestead exemption credit by completing an application through their local assessor's office. Applications may be completed between April first and September thirtieth of any tax year in order for the taxpayer to be eligible for the homestead exemption credit in the tax year next following the calendar year in which the homestead exemption credit application was completed. The application shall be on forms provided to the assessor's office by the department. Forms also shall be made available on the department's Internet site and at all permanent branch offices and all full-time, temporary, or fee offices maintained by the department of revenue. The applicant shall attest under penalty of perjury:

- (1) To the applicant's age;
- (2) That the applicant's prior year income was less than the maximum upper limit;
- (3) To the address of the homestead property; and
- (4) That any improvements made to the homestead, not made to accommodate a disabled person, did not total more than five percent of the prior year appraised value. The applicant shall also include with the application copies of receipts indicating payment of property tax by the applicant for the homestead property for the two prior tax years.

5. If application is made in 2005, the assessor, upon request for an application, shall:

- (1) Certify the parcel number and owner of record as of January first of the homestead, including verification of the acreage classified as residential on the assessor's property record card;
- (2) Obtain appropriate prior tax year levy codes for each homestead from the county clerks for inclusion on the form;
- (3) Record on the application the assessed valuation of the homestead for the current tax year, and any new construction or improvements for the current tax year; and
- (4) Sign the application, certifying the accuracy of the assessor's entries.

6. If application is made after 2005, any potential eligible owner may apply for the homestead exemption credit by completing an application. Applications may be completed between April first and October fifteenth of any tax year in order for the taxpayer to be eligible for the homestead exemption credit in the tax year next following the calendar

year in which the homestead exemption credit application was completed. The application shall be on forms provided by the department. Forms also shall be made available on the department's Internet site and at all permanent branch offices and all full-time, temporary, or fee offices maintained by the department of revenue. The applicant shall attest under penalty of perjury:

- (1) To the applicant's age;
- (2) That the applicant's prior year income was less than the maximum upper limit;
- (3) To the address of the homestead property;
- (4) That any improvements made to the homestead, not made to accommodate a disabled person, did not total more than five percent of the prior year appraised value[; and].
- [(5)]

The applicant shall also include with the application copies of receipts indicating payment of property tax by the applicant for the homestead property for the three prior tax years.

7. Each applicant shall send the application to the department by October fifteenth of each year for the taxpayer to be eligible for the homestead exemption credit in the tax year next following the calendar year in which the application was completed.

8. If application is made in 2005, upon receipt of the applications, the department shall calculate the tax liability, adjusted to exclude new construction or improvements, verify compliance with the maximum income limit, verify the age of the applicants, and make adjustments to these numbers as necessary on the applications. The department also shall disallow any application where the applicant has also filed a valid application for the senior citizens property tax credit, pursuant to sections 135.010 to 135.035, RSMo. Once adjusted tax liability, age, and income are verified, the director shall determine eligibility for the credit, and provide a list of all verified eligible owners to the county collectors or county clerks in counties with a township form of government by December fifteenth of each year. By January fifteenth, the county collectors or county clerks in counties with a township form of government shall provide a list to the department of any verified eligible owners who failed to pay the property tax due for the tax year that ended immediately prior. Such eligible owners shall be disqualified from receiving the credit in the current tax year.

9. If application is made after 2005, upon receipt of the applications, the department shall calculate the tax liability, verify compliance with the maximum income limit, verify the age of the applicants, and make adjustments to these numbers as necessary on the applications. The department also shall disallow any application where the applicant also has filed a valid application for the senior citizens property tax credit under sections 135.010 to 135.035, RSMo. Once adjusted tax liability, age, and income are verified, the director shall determine eligibility for the credit and provide a list of all verified eligible owners to the county assessors or county clerks in counties with a township form of government by December fifteenth of each year. By January fifteenth, the county assessors shall provide a list to the department of any verified eligible owners who made improvements not for accommodation of a disability to the homestead and the dollar amount of the assessed value of such improvements. If the dollar amount of the assessed value of such improvements totaled more than five percent of the prior year appraised value, such eligible owners shall be disqualified from receiving the credit in the current tax year.

10. The director shall calculate the level of appropriation necessary to set the homestead exemption limit at five percent when based on a year of general reassessment or at two and one-half percent when based on a year without general reassessment for the homesteads of all verified eligible owners, and provide such calculation to the speaker of the house of representatives, the president pro tempore of the senate, and the director of the office of budget and planning in the office of administration by January thirty-first of each year.

11. For applications made in 2005, the general assembly shall make an appropriation for the funding of the homestead exemption credit that is signed by the governor, then the director shall, by July thirty-first of such year, set the homestead exemption limit. The limit shall be a single, statewide percentage increase to tax liability, rounded to the nearest hundredth of a percent, which, if applied to all homesteads of verified eligible owners who applied for the homestead exemption credit in the immediately prior tax year, would cause all but one-quarter of one percent of the amount of the appropriation, minus any withholding by the governor, to be distributed during that fiscal year. The remaining one-quarter of one percent shall be distributed to the county assessment funds of each county on a proportional basis, based on the number of eligible owners in each county; such one-quarter percent distribution shall be delineated in any such appropriation as a separate line item in the total appropriation. If no appropriation is made by the general assembly during any tax year or no funds are actually distributed pursuant to any appropriation therefor, then no homestead preservation credit shall apply in such year.

12. After setting the homestead exemption limit for applications made in 2005, the director shall apply the limit to the homestead of each verified eligible owner and calculate the credit to be associated with each verified eligible owner's homestead, if any. The director shall send a list of those eligible owners who are to receive the homestead

exemption credit, including the amount of each credit, the certified parcel number of the homestead, and the address of the homestead property, to the county collectors or county clerks in counties with a township form of government by August thirty-first. Pursuant to such calculation, the director shall instruct the state treasurer as to how to distribute the appropriation and assessment fund allocation to the county collector's funds of each county or the treasurer ex officio collector's fund in counties with a township form of government where recipients of the homestead exemption credit are located, so as to exactly offset each homestead exemption credit being issued, plus the one-quarter of one percent distribution for the county assessment funds. As a result of the appropriation, in no case shall a political subdivision receive more money than it would have received absent the provisions of this section plus the one-quarter of one percent distribution for the county assessment funds. Funds, at the direction of the county collector or the treasurer ex officio collector in counties with a township form of government, shall be deposited in the county collector's fund of a county or the treasurer ex officio collector's fund or may be sent by mail to the collector of a county, or the treasurer ex officio collector in counties with a township form of government, not later than October first in any year a homestead exemption credit is appropriated as a result of this section and shall be distributed as moneys in such funds are commonly distributed from other property tax revenues by the collector of the county or the treasurer ex officio collector of the county in counties with a township form of government, so as to exactly offset each homestead exemption credit being issued. In counties with a township form of government, the county clerk shall provide the treasurer ex officio collector a summary of the homestead exemption credit for each township for the purpose of distributing the total homestead exemption credit to each township collector in a particular county.

13. If, in any given year after 2005, the general assembly shall make an appropriation for the funding of the homestead exemption credit that is signed by the governor, then the director shall determine the apportionment percentage by equally apportioning the appropriation among all eligible applicants on a percentage basis. If no appropriation is made by the general assembly during any tax year or no funds are actually distributed pursuant to any appropriation therefor, then no homestead preservation credit shall apply in such year.

14. After determining the apportionment percentage, the director shall calculate the credit to be associated with each verified eligible owner's homestead, if any. The director shall send a list of those eligible owners who are to receive the homestead exemption credit, including the amount of each credit, the certified parcel number of the homestead, and the address of the homestead property, to the county collectors or county clerks in counties with a township form of government by August thirty-first. Pursuant to such calculation, the director shall instruct the state treasurer as to how to distribute the appropriation to the county collector's fund of each county where recipients of the homestead exemption credit are located, so as to exactly offset each homestead exemption credit being issued. As a result of the appropriation, in no case shall a political subdivision receive more money than it would have received absent the provisions of this section. Funds, at the direction of the collector of the county or treasurer ex officio collector in counties with a township form of government, shall be deposited in the county collector's fund of a county or may be sent by mail to the collector of a county, or treasurer ex officio collector in counties with a township form of government, not later than October first in any year a homestead exemption credit is appropriated as a result of this section and shall be distributed as moneys in such funds are commonly distributed from other property tax revenues by the collector of the county or the treasurer ex officio collector of the county in counties with a township form of government, so as to exactly offset each homestead exemption credit being issued.

15. The department shall promulgate rules for implementation of this section. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2004, shall be invalid and void. Any rule promulgated by the department shall in no way impact, affect, interrupt, or interfere with the performance of the required statutory duties of any county elected official, more particularly including the county collector when performing such duties as deemed necessary for the distribution of any homestead appropriation and the distribution of all other real and personal property taxes.

16. In the event that an eligible owner dies or transfers ownership of the property after the homestead exemption limit has been set in any given year, but prior to January first of the year in which the credit would otherwise be applied, the credit shall be void and any corresponding moneys, pursuant to subsection 12 of this section, shall lapse to the state to be credited to the general revenue fund. In the event the collector of the county or the treasurer ex officio collector of the county in counties with a township form of government determines prior to issuing the credit that the individual is not an eligible owner because the individual did not pay the prior three years' property tax liability in full, the credit shall be void and any corresponding moneys, under subsection 11 of this section, shall lapse to the state to be credited to the general revenue fund.

17. This section shall apply to all tax years beginning on or after January 1, 2005. This subsection shall become effective June 28, 2004.

18. [In accordance with the provisions of sections 23.250 to 23.298, RSMo, and unless otherwise authorized pursuant to section 23.253, RSMo:

(1) Any new program authorized under the provisions of this section shall automatically sunset six years after the effective date of this section; and

(2) This section shall terminate on September first of the year following the year in which any new program authorized under this section is sunset, and the revisor of statutes shall designate such sections and this section in a revision bill for repeal.] **Under section 23.253 of the Missouri sunset act:**

(1) **The provisions of the new program authorized under this section shall automatically sunset on December 31, 2016, unless reauthorized by an act of the general assembly; and**

(2) **If such program is reauthorized, the program authorized under this section shall automatically sunset on December 31, 2022; and**

(3) **This section shall terminate on September first of the calendar year immediately following the calendar year in which the program authorized under this section is sunset.”; and**

House Amendment No. 11

AMEND House Committee Substitute for Senate Committee Substitute for Senate Bill No. 808, Page 24, Section 473.742, Line 63, by inserting after all of said section and line the following:

“559.100. 1. The circuit courts of this state shall have power, herein provided, to place on probation or to parole persons convicted of any offense over which they have jurisdiction, except as otherwise provided in sections 195.275 to 195.296, RSMo, section 558.018, RSMo, section 559.115, section 565.020, RSMo, sections 566.030, 566.060, 566.067, 566.151, and 566.213, RSMo, section 571.015, RSMo, and subsection 3 of section 589.425, RSMo.

2. The circuit court shall have the power to revoke the probation or parole previously granted and commit the person to the department of corrections. The circuit court shall determine any conditions of probation or parole for the defendant that it deems necessary to ensure the successful completion of the probation or parole term, including the extension of any term of supervision for any person while on probation or parole. The circuit court may require that the defendant pay restitution for his crime. The probation or parole may be revoked for failure to pay restitution or for failure to conform his behavior to the conditions imposed by the circuit court. The circuit court may, in its discretion, credit any period of probation or parole as time served on a sentence.

3. Restitution, whether court ordered as provided in subsection 2 of this section or agreed to by the parties, or as enforced under section 558.011, shall be paid through the office of the prosecuting attorney or circuit attorney. Nothing in this section shall prohibit the prosecuting attorney or circuit attorney from contracting with or utilizing another entity for the collection of restitution and costs under this section. When ordered by the court, interest shall be allowed under subsection 1 of section 408.040. In addition to all other costs and fees allowed by law, each prosecuting attorney or circuit attorney who takes any action to collect restitution shall collect from the person paying restitution an administrative handling cost. The cost shall be twenty-five dollars for restitution less than one hundred dollars and fifty dollars for restitution of one hundred dollars but less than two hundred fifty dollars. For restitution of two hundred fifty dollars or more an additional fee of ten percent of the total restitution shall be assessed, with a maximum fee for administrative handling costs not to exceed seventy-five dollars total. In addition to the administrative handling costs, an installment cost shall be assessed in the amount of two dollars per installment, excepting the first installment, until such total amount of restitution is paid in full. Notwithstanding the provisions of sections 50.525 to 50.745, the costs provided for in this subsection shall be deposited by the county treasurer into a separate interest-bearing fund to be expended by the prosecuting attorney or circuit attorney. This fund shall be known as the "Administrative Handling Cost Fund", and it shall be the fund for deposits under this section and under section 570.120. The funds shall be expended, upon warrants issued by the prosecuting attorney or circuit attorney directing the treasurer to issue checks thereon, only for purposes related to that authorized by subsection 4 of this section. Notwithstanding the provisions of any other law, in addition to the administrative handling cost, the prosecuting attorney or circuit attorney shall collect an additional cost of five dollars per each crime victim to whom restitution is paid for deposit to the Missouri office of prosecution services fund established in subsection 2 of section 56.765. All moneys collected under this section which are payable to the Missouri office of prosecution services fund shall be transmitted at least monthly by the county treasurer to the director of revenue who shall deposit the amount collected to the credit of the Missouri office of prosecution services fund under the procedure established under subsection 2 of section 56.765. As used in this subsection, "crime victim" means any natural person or their survivors or legal guardians, the estate of a deceased person, a for-profit corporation or business entity, a nonprofit corporation or entity, a charitable entity, or any governmental body or a political subdivision thereof.

4. The moneys deposited in the administrative handling cost fund may be used by the prosecuting attorney or circuit attorney for office supplies, postage, books, training, office equipment, capital outlay, expenses of trial and witness preparation, additional employees for the staff of the prosecuting or circuit attorney, employees' salaries, and for other lawful expenses incurred by the prosecuting or circuit attorney in the operation of that office.

5. The administrative handling cost fund may be audited by the state auditor's office or the appropriate auditing agency.

6. If the moneys collected and deposited into the administrative handling cost fund are not totally expended annually, then the unexpended balance shall remain in the fund and the balance shall be kept in the fund to accumulate from year to year.

7. Nothing in this section shall be construed to prohibit a crime victim from pursuing other lawful remedies against a defendant for restitution.

559.105. 1. Any person who has been found guilty [of] or has pled guilty [to a violation of subdivision (2) of subsection 1 of section 569.080, RSMo, or paragraph (a) of subdivision (3) of subsection 3 of section 570.030, RSMo,] **to an offense** may be ordered by the court to make restitution to the victim for the victim's losses due to such offense. Restitution pursuant to this section shall include, but not be limited to[, the following:

- (1)] a victim's reasonable expenses to participate in the prosecution of the crime[;
- (2) A victim's payment for any repairs or replacement of the motor vehicle, watercraft, or aircraft; and
- (3) A victim's costs associated with towing or storage fees for the motor vehicle caused by the acts of the defendant].

2. No person ordered by the court to pay restitution pursuant to this section shall be released from probation until such restitution is complete. If full restitution is not made within the original term of probation, the court shall order the maximum term of probation allowed for such offense.

3. Any person eligible to be released on parole [for a violation of subdivision (2) of subsection 1 of section 569.080, RSMo, or paragraph (a) of subdivision (3) of subsection 3 of section 570.030, RSMo, may] **shall** be required, as a condition of parole, to make restitution pursuant to this section. The board of probation and parole shall not release any person from any term of parole for such offense until the person has completed such restitution, or until the maximum term of parole for such offense has been served.

4. The court may set an amount of restitution to be paid by the defendant. Said amount may be taken from the inmate's account at the department of corrections while the defendant is incarcerated. Upon conditional release or parole, if any amount of such court-ordered restitution is unpaid, the payment of the unpaid balance may be collected as a condition of conditional release or parole by the prosecuting attorney or circuit attorney under section 559.100. The prosecuting attorney or circuit attorney may refer any failure to make such restitution as a condition of conditional release or parole to the parole board for enforcement.

570.120. 1. A person commits the crime of passing a bad check when:

(1) With purpose to defraud, the person makes, issues or passes a check or other similar sight order or any other form of presentment involving the transmission of account information for the payment of money, knowing that it will not be paid by the drawee, or that there is no such drawee; or

(2) The person makes, issues, or passes a check or other similar sight order or any other form of presentment involving the transmission of account information for the payment of money, knowing that there are insufficient funds in or on deposit with that account for the payment of such check, sight order, or other form of presentment involving the transmission of account information in full and all other checks, sight orders, or other forms of presentment involving the transmission of account information upon such funds then outstanding, or that there is no such account or no drawee and fails to pay the check or sight order or other form of presentment involving the transmission of account information within ten days after receiving actual notice in writing that it has not been paid because of insufficient funds or credit with the drawee or because there is no such drawee.

2. As used in subdivision (2) of subsection 1 of this section, "actual notice in writing" means notice of the nonpayment which is actually received by the defendant. Such notice may include the service of summons or warrant upon the defendant for the initiation of the prosecution of the check or checks which are the subject matter of the prosecution if the summons or warrant contains information of the ten-day period during which the instrument may be paid and that payment of the instrument within such ten-day period will result in dismissal of the charges. The requirement of notice shall also be satisfied for written communications which are tendered to the defendant and which the defendant refuses to accept.

3. The face amounts of any bad checks passed pursuant to one course of conduct within any ten-day period may be aggregated in determining the grade of the offense.

4. Passing bad checks is a class A misdemeanor, unless:

- (1) The face amount of the check or sight order or the aggregated amounts is five hundred dollars or more; or
- (2) The issuer had no account with the drawee or if there was no such drawee at the time the check or order was issued, in which cases passing bad checks is a class C felony.

5. (1) In addition to all other costs and fees allowed by law, each prosecuting attorney or circuit attorney who takes any action pursuant to the provisions of this section shall collect from the issuer in such action an administrative handling cost. The cost shall be twenty-five dollars for checks of less than one hundred dollars, and fifty dollars for checks of one hundred dollars but less than two hundred fifty dollars. For checks of two hundred fifty dollars or more an additional fee of ten percent of the face amount shall be assessed, with a maximum fee for administrative handling costs not to exceed seventy-five dollars total. Notwithstanding the provisions of sections 50.525 to 50.745, RSMo, the costs provided for in this subsection shall be deposited by the county treasurer into a separate interest-bearing fund to be expended by the prosecuting attorney or circuit attorney. **This fund shall be known as the "Administrative**

Handling Cost Fund", and it shall be the fund for deposits under this section and under section 559.100. The funds shall be expended, upon warrants issued by the prosecuting attorney or circuit attorney directing the treasurer to issue checks thereon, only for purposes related to that previously authorized in this section. Any revenues that are not required for the purposes of this section may be placed in the general revenue fund of the county or city not within a county. Notwithstanding any law to the contrary, in addition to the administrative handling cost, the prosecuting attorney or circuit attorney shall collect an additional cost of five dollars per check for deposit to the Missouri office of prosecution services fund established in subsection 2 of section 56.765, RSMo. All moneys collected pursuant to this section which are payable to the Missouri office of prosecution services fund shall be transmitted at least monthly by the county treasurer to the director of revenue who shall deposit the amount collected pursuant to the credit of the Missouri office of prosecution services fund under the procedure established pursuant to subsection 2 of section 56.765, RSMo.

(2) The moneys deposited in the **administrative handling cost** fund may be used by the prosecuting or circuit attorney for office supplies, postage, books, training, office equipment, capital outlay, expenses of trial and witness preparation, additional employees for the staff of the prosecuting or circuit attorney, employees' salaries, and for other lawful expenses incurred by the circuit or prosecuting attorney in operation of that office.

(3) [This] **The administrative handling cost** fund may be audited by the state auditor's office or the appropriate auditing agency.

(4) If the moneys collected and deposited into [this] **the administrative handling cost** fund are not totally expended annually, then the unexpended balance shall remain in said fund and the balance shall be kept in said fund to accumulate from year to year.

6. Notwithstanding any other provision of law to the contrary:

(1) In addition to the administrative handling costs provided for in subsection 5 of this section, the prosecuting attorney or circuit attorney may collect from the issuer, in addition to the face amount of the check, a reasonable service charge, which along with the face amount of the check, shall be turned over to the party to whom the bad check was issued;

(2) If a check that is dishonored or returned unpaid by a financial institution is not referred to the prosecuting attorney or circuit attorney for any action pursuant to the provisions of this section, the party to whom the check was issued, or his or her agent or assignee, or a holder, may collect from the issuer, in addition to the face amount of the check, a reasonable service charge, not to exceed twenty-five dollars, plus an amount equal to the actual charge by the depository institution for the return of each unpaid or dishonored instrument.

7. When any financial institution returns a dishonored check to the person who deposited such check, it shall be in substantially the same physical condition as when deposited, or in such condition as to provide the person who deposited the check the information required to identify the person who wrote the check."; and

Further amend said bill, Page 24, Section B, Line 6, by inserting after all of said section and line the following:

"Section C. The emergency clause contained in Section B of this act shall not apply to sections 559.100, 559.105, and 570.120 of Section A of this act."; and

House Amendment No. 12

AMEND House Committee Substitute for Senate Committee Substitute for Senate Bill No. 808, Page 2, Section 48.020, Line 33, by inserting after all of said line the following:

"67.110. 1. Each political subdivision in the state, except counties and any political subdivision located at least partially within any county with a charter form of government or any political subdivision located at least partially within any city not within a county, shall fix its ad valorem property tax rates as provided in this section not later than September first for entry in the tax books. Each political subdivision located, at least partially, within a county with a charter form of government or within a city not within a county shall fix its ad valorem property tax rates as provided in this section not later than October first for entry in the tax books for each calendar year after December 31, 2008.

Before the governing body of each political subdivision of the state, except counties, as defined in section 70.120, RSMo, fixes its rate of taxation, its budget officer shall present to its governing body the following information for each tax rate to be levied: the assessed valuation by category of real, personal and other tangible property in the political subdivision as entered in the tax book for the fiscal year for which the tax is to be levied, as provided by subsection 3 of section 137.245, RSMo, the assessed valuation by category of real, personal and other tangible property in the political subdivisions for the preceding taxable year, the amount of revenue required to be provided from the property tax as set forth in the annual budget adopted as provided by this chapter, and the tax rate proposed to be set. Should any political subdivision whose taxes are collected by the county collector of revenue fail to fix its ad valorem property tax rate by [September first] **the date provided under this section for such political subdivision**, then no tax rate other than the rate, if any, necessary to pay the interest and principal on any outstanding bonds shall be certified for that year.

2. The governing body shall hold at least one public hearing on the proposed rates of taxes at which citizens shall be heard prior to their approval. The governing body shall determine the time and place for such hearing. A notice stating the hour, date and place of the hearing shall be published in at least one newspaper qualified under the laws of the state of Missouri of general circulation in the county within which all or the largest portion of the political subdivision is situated, or such notice shall be posted in at least three public places within the political subdivision; except that, in any county of the first class having a charter form of government, such notice may be published in a newspaper of general circulation within the political subdivision even though such newspaper is not qualified under the laws of Missouri for other legal notices. Such notice shall be published or posted at least seven days prior to the date of the hearing. The notice shall include the assessed valuation by category of real, personal and other tangible property in the political subdivision for the fiscal year for which the tax is to be levied as provided by subsection 3 of section 137.245, RSMo, the assessed valuation by category of real, personal and other tangible property in the political subdivision for the preceding taxable year, for each rate to be levied the amount of revenue required to be provided from the property tax as set forth in the annual budget adopted as provided by this chapter, and the tax rates proposed to be set for the various purposes of taxation. The tax rates shall be calculated to produce substantially the same revenues as required in the annual budget adopted as provided in this chapter. Following the hearing the governing body of each political subdivision shall fix the rates of taxes, the same to be entered in the tax book. Failure of any taxpayer to appear at such hearing shall not prevent the taxpayer from pursuit of any other legal remedy otherwise available to the taxpayer. Nothing in this section absolves political subdivisions of responsibilities under section 137.073, RSMo, nor to adjust tax rates in event changes in assessed valuation occur that would alter the tax rate calculations.

3. Each political subdivision of the state shall fix its property tax rates in the manner provided in this section for each fiscal year which begins after December 31, 1976. New or increased tax rates for political subdivisions whose taxes are collected by the county collector approved by voters after September first of any year shall not be included in that year's tax levy except for any new tax rate ceiling approved pursuant to section 71.800, RSMo.

4. In addition to the information required under subsections 1 and 2 of this section, each political subdivision shall also include the increase in tax revenue due to an increase in assessed value as a result of new construction and improvement and the increase, both in dollar value and percentage, in tax revenue as a result of reassessment if the proposed tax rate is adopted."; and

Further amend said bill, Page 21, Section 94.832, Line 50, by inserting after all of said line the following:

"137.243. 1. To determine the "projected tax liability" required by subsections 2 and 3 of section 137.180, subsection 2 of section 137.355, and subsection 2 of section 137.490, the assessor, on or before March first of each **odd-numbered** tax year, shall provide the clerk with the assessment book which for this purpose shall contain the real estate values for that year, the prior year's state assessed values, and the prior year's personal property values. On or before March fifteenth, the clerk shall make out an abstract of the assessment book showing the aggregate amounts of different kinds of real, personal, and other tangible property and the valuations of each for each political subdivision in the county, or in the city for any city not within a county, entitled to levy ad valorem taxes on property except for municipalities maintaining their own tax or assessment books. The governing body of each political subdivision or a person designated by the governing body shall use such information to informally project a nonbinding tax levy for that year and return such projected tax levy to the clerk no later than April eighth. The clerk shall forward such information to the collector who shall then calculate and, no later than April thirtieth, provide to the assessor the projected tax liability for each real estate parcel for which the assessor intends to mail a notice of increase pursuant to sections 137.180, 137.355, and 137.490.

2. Political subdivisions located at least partially within two or more counties, which are subject to divergent time requirements, shall comply with all requirements applicable to each such county and may utilize the most recent available information to satisfy such requirements.

3. Failure by an assessor to timely provide the assessment book or notice of increased assessed value, as provided in this section, may result in the state tax commission withholding all or a part of the moneys provided under section 137.720 and all state per-parcel reimbursement funds which would otherwise be made available to such assessor.

4. Failure by a political subdivision to provide the clerk with a projected tax levy in the time prescribed under this section shall result in a twenty percent reduction in such political subdivision's tax rate for the tax year, unless such failure is a direct result of a delinquency in the provision of, or failure to provide, information required by this section by the assessor or the clerk. If a political subdivision fails to provide the projected tax rate as provided in this section, the clerk shall notify the state auditor who shall, within seven days of receiving such notice, estimate a nonbinding tax levy for such political subdivision and return such to the clerk. The clerk shall notify the state auditor of any applicable reduction to a political subdivision's tax rate.

5. Any taxing district wholly within a county with a township form of government may, through a request submitted by the county clerk, request that the state auditor's office estimate a nonbinding projected tax rate based on the information provided by the county clerk. The auditor's office shall return the projected tax rate to the county clerk no later than April eighth.

6. The clerk shall deliver the abstract of the assessment book to each taxing district with a notice stating that their projected tax rates be returned to the clerk by April eighth."; and

House Amendment No. 17

AMEND House Committee Substitute for Senate Committee Substitute for Senate Bill No. 808, Section 48.020, Page 2, Line 33, by inserting the following after all of said section and line:

"67.314. 1. The provisions of this section shall apply to contracts for construction awarded by political subdivisions of the state of Missouri and shall be known as the "Political Subdivision Construction Bidding Standards Act".

2. As used in this section, the following terms mean:

(1) "Contracts for construction", the construction, alteration, or repair of any building, structure, highway, bridge, street, viaduct, water or sewer line or system, pipeline, demolition, moving, or excavation connected therewith, and shall include the furnishing of surveying, construction engineering, planning or management services, or labor, material, or equipment, as required to perform work under the contract for construction;

(2) "Established local construction procurement policy", a policy and procedure for use in soliciting bids for multiple construction projects that has been officially adopted by the governing body of the political

subdivision or established by the public works director, engineer, or similar official authorized by the political subdivision to administer the award of construction contracts.

3. Nothing in this section shall be construed to require the design or engineering of any project, as the term "project" is defined in section 8.287, to be awarded by competitive bidding if the contract for such services is under a separate contract from a contract for construction and is awarded under sections 8.285 to 8.291, or to construction management services governed by sections 8.675 to 8.687. Neither shall this section be construed to apply to contracts awarded for the design/build method of project delivery, if the political subdivision's procurement of design/build projects is otherwise authorized by statute.

4. If a political subdivision is not subject to a specific requirement for advertising for bids or soliciting, awarding, or rejecting bids under Missouri statutes or rules, or federal or state funding requirements, and if the political subdivision has not adopted an established local construction procurement policy that is applicable to the specific political subdivision regarding contracts for construction, the political subdivision shall comply with the following provisions when soliciting bids and awarding construction contracts of ten thousand dollars or more:

(1) Contracts for construction shall be advertised in advance of the acceptance of bids. If no provision of Missouri statutes or rules, or federal or state funding requirements, or established local construction procurement policy requiring advertising otherwise applies, bids shall be solicited by advertisement once a week for two consecutive weeks in a newspaper of general circulation, qualified under chapter 493, located in a county where the political subdivision is located. If there is no newspaper in the county qualified under chapter 493, advertisements may be placed in a newspaper in an adjoining county. The last insertion of the advertisement shall be not less than ten days before the date stated in the advertisement for acceptance of bids. For contracts for construction of over two hundred fifty thousand dollars, bids shall also be advertised by providing project and bid solicitation information at least fifteen days in advance of bid opening to one or more commercial or not-for-profit organization, which provides construction project reporting services to construction contractors and suppliers, or that operates internet or paper plan rooms for the use of contractors, subcontractors, and suppliers. Project advertisements and bid solicitations shall state the date and time of the deadline for the acceptance of bids, the place for submission of bids, and shall provide for informing bidders of the date, time, and place where bids shall be opened;

(2) If no provision of Missouri statute or rules, or federal or state funding requirements, or established local construction procurement policy otherwise applies, contracts for construction shall be awarded in compliance with this subdivision. The contract shall be awarded to the lowest qualified responsible bidder submitting a bid which is responsive to the contract as advertised by the political subdivision. The political subdivision may reject the low bidder by declaring the bidder ineligible for contract award based on the bidder's failure to provide a performance or payment bond as required by section 107.170, the bidder's nonperformance on previous contracts with the political subdivision, or for other reasons specified as to the bidder's inability to adequately perform the contract. The reasons for bid rejection or award of the contract to another bidder shall be stated in writing to the low bidder within five business days of the rejection of the bid.

5. An established local construction procurement policy complies with this section if it provides for advertising of construction contracts in a manner reasonably likely to inform potential bidders of the project on a timely basis, including advertisement in a newspaper of general circulation qualified under chapter 493, and requires that the date, time, and place for submission of bids be stated in the advertisement or solicitation for bids and provides for informing bidders of the date, time, and place bids will be opened. Such established local construction procurement policy shall also state any requirements for prequalification of bidders. If any additional project-specific qualifications are established, such qualifications shall be stated to potential bidders in advance of submission of bids. The established local construction procurement policy shall also state the bid award standard to be used in selecting contractors to perform contracts under the policy.

6. In award of contracts for construction, a political subdivision is prohibited from acting in an arbitrary or capricious manner, and shall act in good faith.

7. Notwithstanding any other provision of state law, state rule, or federal or state funding requirement to the contrary or any provision of an established local construction procurement policy, no contract for construction shall be awarded in violation of the following requirements:

(1) No bid shall be opened or contract awarded in advance of the advertised deadline for submission of bids. No bid shall be opened in a place other than that established in subdivision (4) of this subsection;

(2) No bid shall be accepted unless it is sealed and is in writing. If the letting of the project for which bids were solicited is cancelled, bids shall be returned to the bidder unopened;

(3) No bid shall be accepted after the advertised deadline for acceptance of bids;

(4) All bids received shall be held secure and confidential from all persons until the bids are opened on the date and at the time and place established in this section. Bids shall be opened in a public meeting on the date and at the time and place stated in the advertisement and request for bids or in an amended request for bids communicated to all known bidders or potential bidders. If the date, time, or place of bid opening is changed from information stated in the original or amended advertisement or solicitation for bids or other notice to bidders, notice of the date, time, and place of bid opening shall be made to all known or potential bidders and the general public at least two business days in advance of the bid opening. Bids shall be opened in a public meeting. No political subdivision shall bar any person or persons from observing the bid opening;

(5) No construction contract shall be awarded in substantial violation of a state statute or a political subdivision's established local construction procurement policy;

(6) No construction contract shall be awarded in violation of section 107.170 requiring performance and payment bonds.

8. Nothing in this section shall be construed to prohibit acceptance and processing of bids through an established program of electronic bidding by computer, provided bids accepted and processed electronically shall meet standards established by the requirements of the electronic bidding program which are comparable to requirements for written bids established by this section.

9. Any person submitting a bid for a contract for construction may file an action for any violation of subsection 6 or 7 of this section or sections 34.203 to 34.216, and shall have standing to seek equitable relief and monetary damages in a court of competent jurisdiction for monetary losses resulting from violations of subsection 6 or 7 of this section or section 34.203 to 34.216, including but not limited to, setting aside award of a contract, ordering a contract to be rebid, requiring award of a contract to a different bidder than originally awarded, awarding monetary damages deemed appropriate by the court, including award of reasonable attorney's fees, or awarding a combination of such forms of relief. If a person would have submitted a bid, except for violation of subdivision (1) of subsection 7 of this section or sections 34.203 to 34.216, such person shall have standing to pursue the rights and remedies provided by this subsection. Any action for violation of subsection 6 or 7 of this section that is brought by the contractor more than fifteen business days after the award of a contract shall be dismissed by the court. If the court finds there has been fraud, collusion, or corruption, or if the court finds there have been violations of subsection 6 or 7 of this section or sections 34.203 to 34.216 in award of the contract and awards monetary damages or equitable relief to the contractor bringing the action, the court may also award attorney's fees to the contractor bringing the action. If the court finds there is no substantial cause for the action or determines that the action was brought by the contractor for purposes of harassment or disruption of the awarded contract, the court may order the contractor to pay the political subdivision's costs of attorney's fees.

10. Nothing in this section shall be construed to prohibit the political subdivision from rejecting any and all bids. Neither shall anything in this section prohibit a political subdivision from awarding contracts without competitive bidding when the political subdivision deems it necessary to remove an immediate danger to the public health or safety, to prevent loss to public or private property which requires government action, or to prevent an interruption of or to restore an essential public service.

11. Nothing in this section shall be construed to prohibit a political subdivision from adopting an established local construction procurement policy governing contracts for construction after the effective date of this section. Neither shall this section be construed to allow a political subdivision to maintain or enact any provision governing construction contracts in conflict with subsection 6 or 7 of this section or any state statute in effect on the effective date of this section or as subsequently amended or enacted.”; and

Further amend said bill, Page 24, Section B, Line 6, by inserting after all of said line the following:

“Section C. The emergency clause contained in Section B of this act shall not apply to section 67.314 of Section A of this act.”; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

Each owner or operator of a commercial compost facility registering after January 31, 2011, shall pay an initial prorated annual registration fee. The prorated annual registration fee shall be determined by dividing the appropriate annual fee in subsection 9 of this section by the number of months remaining in the calendar year from the date of the application submittal. Such prorated annual registration amount shall be due from the applicant prior to the issuance by the department of the registration certificate. The commercial compost facility owner or operator shall thereafter follow the requirements set forth in subsection 4 of this section for payment of the annual registration fee.**

Such registered compost facility owners or operators required to pay an annual fee shall submit such fee along with the compost facility's annual report.

11. Each commercial composting facility owner or operator shall submit the annual registration fee collected under this section to the department of natural resources for deposit in the solid waste management fund. For the purpose of providing for the retirement or pensioning of the officers and employees and the widows and children of deceased officers and employees of any political subdivision of the state, there is hereby created and established a retirement system which shall be a body corporate, which shall be under the management of a board of trustees herein described, and shall be known as the "Missouri Local Government Employees' Retirement System". Such system may sue and be sued, transact business, invest funds, and hold cash, securities, and other property. All suits or proceedings directly or indirectly against the system shall be brought in Cole County. The system shall begin operations on the first day of the calendar month next following sixty days after the date the board of trustees has received certification from ten political subdivisions that they have elected to become employers.

2. The general administration and the responsibility for the proper operation of the system is vested in a board of trustees of seven persons: three persons to be elected as trustees by the members of the system; three persons to be elected trustees by the governing bodies of employers; and one person, to be appointed by the governor, who is not a member, retirant, or beneficiary of the system and who is not a member of the governing body of any political subdivision.

3. Trustees shall be chosen for terms of four years from the first day of January next following their election or appointment, except that of the first board shall all be appointed by the governor by and with the consent of the senate, as follows:

(1) Three persons who are officers or officials of political subdivisions, one for a term of three years, one for a term of two years, and one for a term of one year; and

(2) Three persons who are employees of political subdivisions and who would, if the subdivision by which they are employed becomes an employer, be eligible as members, one for a term of three years, one for a term of two years, and one for a term of one year; and

(3) That person appointed by the governor under the provisions of subsection 2 of this section. All the members of the first board shall take office as soon as appointed by the governor, but their terms shall be computed from

the first day of January next following their appointment, and only one member may be from any political subdivision or be a policeman or fireman.

4. Successor trustees elected or appointed as member trustees shall be members of the retirement system; provided, that not more than one member trustee shall be employed by any one employer, and not more than one member trustee shall be a policeman, and not more than one member trustee shall be a fireman.

5. Successor trustees elected as employer trustees shall be elected or appointed officials of employers and shall not be members of the retirement system; provided, that not more than one employer trustee shall be from any one employer.

Notice of such meeting shall be sent by registered mail to the clerk or secretary of each employer not less than thirty days prior to the date of such meeting. The governing body of each employer shall certify to the board the name of one delegate who shall be an officer of the employer, and the members of the employer shall certify to the board a member of the employer to represent such employer at such meeting. The delegate certified as member delegate shall be elected by secret ballot by the members of such employer, and the clerk or secretary of each employer shall be charged with the duty of conducting such election in a manner which will permit each member to vote in such election. Under such rules and regulations as the board shall adopt, approved by the delegates, the member delegates shall elect a member trustee for each such position on the board to be filled, and the officer delegates shall elect an employer trustee for each such position on the board to be filled.

7. In the event any member trustee ceases to be a member of the retirement system, or any employer trustee ceases to be an appointed or elected official of an employer, or becomes a member of the retirement system, or if the trustee appointed by the governor becomes a member of the retirement system or an elected or appointed official of a political subdivision, or if any trustee fails to attend three consecutive meetings of the board, unless in each case excused for cause by the remaining trustees attending such meeting or meetings, he or she shall be considered as having resigned from the board and the board shall, by resolution, declare his or her office of trustee vacated. If a vacancy occurs in the office of trustee, the vacancy shall be filled for the unexpired term in the same manner as the office was previously filled; provided, however, that the remaining trustees may fill employer and member trustee vacancies on the board until the next annual meeting.

8. Each trustee shall be commissioned by the governor, and before entering upon the duties of his office, shall take and subscribe to an oath or affirmation to support the Constitution of the United States, and of the state of Missouri, and to demean himself faithfully in his or her office. Such oath as subscribed to shall be filed in the office of the secretary of state of this state.

The concurring decisions of four trustees may decide the issue by signing a document declaring their decision and sending the written instrument to the executive secretary, provided that no other trustee shall send a dissenting decision to the executive secretary within fifteen days after the document and information was mailed to him or her. If any trustee is not in agreement with the four trustees, the matter is to be passed on at a regular board meeting or a special meeting called for that purpose. The board shall hold regular meetings at least once each quarter, the dates of these meetings to be designated in the rules and regulations adopted by the board. Other meetings as deemed necessary may be called by the chairman or by any four trustees acting jointly.

10. The board of trustees shall elect one of their number as chairman, and one of their number as vice chairman, and shall employ an executive secretary, not one of their number, who shall be the executive officer of the board. investigations of the experience of the system, and such data as shall be necessary for the annual actuarial valuations of the system.

15. The board shall keep a record of its proceedings, which shall be open to public inspection. It shall prepare annually and render to each employer a report showing the financial condition of the system as of the preceding June thirtieth. The report shall contain, but shall not be limited to, a financial balance sheet; a statement of income and disbursements; a detailed statement of investments acquired and disposed of during the year, together with a detailed statement of the annual rates of investment income from all assets and from each type of investment; an actuarial balance sheet prepared by means of the last valuation of the system, and such other data as the board shall deem necessary or desirable for a proper understanding of the condition of the system.

16. The board of trustees shall, after reasonable notice to all interested parties, conduct administrative hearings to hear and decide questions arising from the administration of sections 70.600 to 70.755; except, that such hearings may be conducted by a hearing officer who shall be appointed by the board. The hearing officer shall preside at the hearing and hear all evidence and rule on the admissibility of evidence. The hearing officer shall make recommended findings of fact and may make recommended conclusions of law to the board. All final orders or determinations or other final actions by the board shall be approved in writing by at least four members of the board. Any board member approving in writing any final order, determination or other final action, who did not attend the hearing, shall do so only after certifying that he or she reviewed all exhibits and read the entire transcript of the hearing. Within thirty days after a decision or order or final action of the board, any member, retirant, beneficiary or political subdivision adversely affected by that determination or order or final action may take an appeal under the provisions of chapter 536, RSMo. Jurisdiction over any dispute regarding the interpretation of sections 70.600 to 70.755 and the determinations required thereunder shall lie in the circuit court of Cole County.

17. The board shall arrange for adequate surety bonds covering the executive secretary and any other custodian of the funds or investments of the board. When approved by the board, said bonds shall be deposited in the office of the secretary of state.

18. The board shall arrange for annual audits of the records and accounts of the system by a certified public accountant or by a firm of certified public accountants. Any member, retired member, beneficiary or survivor, district or employer adversely affected by such determination, at any time within thirty days after being notified of such determination, may appeal to the circuit court of Cole County. Such appeal shall be tried and determined anew in the circuit court and such court shall hear and consider any and all competent testimony relative to the issues in the case, which may be offered by either party thereto. The county auditor of a county [of the first class] having a charter form of government shall prescribe, with the approval of the governing body of the county and the state auditor, the accounting system of the county. He shall keep accounts of all appropriations and expenditures made by the governing body of the county; and no warrant shall be drawn or obligation incurred without his certification that an unencumbered balance, sufficient to pay the same, remains in the appropriation account against which such warrant or obligation is to be charged. He shall audit and examine all accounts, demands, and claims of every kind and character presented for payment against such county, and shall approve to the governing body of the county all lawful, true, and just accounts, demands, and claims of every kind and character payable out of the county revenue or out of any county funds before the same shall be allowed and a warrant issued therefor. Whenever the county auditor deems it necessary to the proper examination of any account, demand, or claim, he may examine the parties, witnesses, and others on oath or affirmation touching any matter or circumstance in the examination of such account, demand, or claim. At the direction of the governing body of the county, he shall audit the accounts of all officers and employees of the county and upon their retirement from office and shall keep a correct account between the county and all county officers; and he shall examine all records and settlements made by them for and with the governing body of the county or with each other; and the county auditor shall, at all reasonable times, have access to all books, county records, or papers kept by any county or township officer, employee, or road overseer. He may keep an inventory of all county property under the control and management of the various officers and departments and shall annually take an inventory of any such property at an original value of [two hundred fifty] **one thousand** dollars or more showing the amount, location and estimated value thereof. He shall perform such other duties in relation to the fiscal administration of the county as the governing body of the county shall from time to time prescribe. The county auditor shall not be personally liable for any costs for any proceeding instituted against him in his official capacity.”; and

Further amend said bill, Page 13, Section 67.2000, Line 237, by inserting after all of said line the following:

"71.275. Notwithstanding any other provision of this chapter to the contrary, if the governing body of any municipality finds it in the public interest that a parcel of land within a research, development, or office park project established under section 172.273, that is contiguous and compact to the existing corporate limits of the municipality and located in an unincorporated area of the county, should be located in the municipality, such municipality may annex such parcel, provided that the municipality obtains written consent of all the property owners located within the unincorporated area of such parcel.”; and

Further amend said bill, Page 21, Section 94.832, Line 50, by inserting after all of said line the following:

"138.431. 1. To hear and decide appeals pursuant to section 138.430, the commission shall appoint one or more hearing officers. The hearing officers shall be subject to supervision by the commission. No person shall participate on behalf of the commission in any case in which such person is an interested party.

2. The commission may assign such appeals as it deems fit to a hearing officer for disposition.

(1) The assignment shall be deemed made when the scheduling order is first issued by the commission and signed by the hearing officer assigned, unless another hearing officer is assigned to the case for disposition by other language in said order.

(2) A change of hearing officer, or a reservation of the appeal for disposition as described in subsection 3 of this section, shall be ordered by the commission in any appeal upon the timely filing of a written application by a party to disqualify the hearing officer assigned. The application shall be filed within thirty days from the assignment of any appeal to a hearing officer and need not allege or prove any cause for such change and need not be verified. No more than one change of hearing officer shall be allowed for each party in any appeal.

3. The commission may, in its discretion, reserve such appeals as it deems fit to be heard and decided by the full commission, a quorum thereof, or any commissioner, subject to the provisions of section 138.240, and, in such case, the decision shall be final, subject to judicial review in the manner provided in subsection 4 of section 138.470.

[3.]4. The manner in which appeals shall be presented and the conduct of hearings shall be made in accordance with rules prescribed by the commission for determining the rights of the parties; provided that, the commission, with the consent of all the parties, may refer an appeal to mediation. The commission shall promulgate regulations for mediation pursuant to this section. No regulation or portion of a regulation promulgated pursuant to the authority of this section shall become effective unless it has been promulgated pursuant to the provisions of chapter 536, RSMo. There shall be no presumption that the assessor's valuation is correct. A full and complete record shall be kept of all proceedings. All testimony at any hearing shall be recorded but need not be transcribed unless the matter is further appealed.

[4.] 5. Unless an appeal is voluntarily dismissed, a hearing officer, after affording the parties reasonable opportunity for fair hearing, shall issue a decision and order affirming, modifying, or reversing the determination of the board of equalization, and correcting any assessment which is unlawful, unfair, improper, arbitrary, or capricious. The commission may, prior to the decision being rendered, transfer to another hearing officer the proceedings on an appeal determination before a hearing officer. The complainant, respondent-assessor, or other party shall be duly notified of a hearing officer's decision and order, together with findings of fact and conclusions of law. Appeals from decisions of hearing officers shall be made pursuant to section 138.432.

[5.] 6. All decisions issued pursuant to this section or section 138.432 by the commission or any of its duly assigned hearing officers shall be issued no later than sixty days after the hearing on the matter to be decided is held or the date on which the last party involved in such matter files his or her brief, whichever event later occurs."; and

Representative Englund raised a point of order that **House Amendment No. 24** goes beyond the scope of the underlying bill.

The Chair ruled the point of order not well taken.

On motion of Representative Gatschenberger, **House Amendment No. 24** was adopted.

Representative Cunningham offered **House Amendment No. 25**.

House Amendment No. 25

AMEND House Committee Substitute for Senate Committee Substitute for Senate Bill No. 808, Page 24, Section 473.742, Line 63, by inserting after all of said line the following:

“488.2205. 1. In addition to all court fees and costs prescribed by law, a surcharge of up to ten dollars shall be assessed as costs in each court proceeding filed in any court within the thirtieth judicial circuit in all criminal cases including violations of any county or municipal ordinance or any violation of a criminal or traffic law of the state, including an infraction, except that no such surcharge shall be collected in any proceeding in any court when the proceeding or defendant has been dismissed by the court or when costs are to be paid by the state, county or municipality. For violations of the general criminal laws of the state or county ordinances, no such surcharge shall be collected unless it is authorized, by order, ordinance or resolution by the county government where the violation occurred. For violations of municipal ordinances, no such surcharge shall be collected unless it is authorized, by order,

ordinance or resolution by the municipal government where the violation occurred. Such surcharges shall be collected and disbursed by the clerk of each respective court responsible for collecting court costs in the manner provided by sections 488.010 to 488.020, and shall be payable to the treasurer of the county where the violation occurred.

2. Each county shall use all funds received pursuant to this section only to pay for the costs associated with the construction, maintenance and operation of the county judicial facility and the circuit juvenile detention center including, but not limited to, utilities, maintenance and building security. The county shall maintain records identifying such operating costs, and any moneys not needed for the operating costs of the county judicial facility shall be transmitted quarterly to the general revenue fund of the county.

3. This section shall expire and be of no force and effect on and after January 1, [2010] **2020.**"; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

On motion of Representative Cunningham, House Amendment No. 25 was adopted.

Representative Funderburk offered House Amendment No. 26.

House Amendment No. 26

AMEND House Committee Substitute for Senate Committee Substitute for Senate Bill No. 808, Page 21, Section 94.832, Line 50, by inserting after all of said line the following:

"137.073. 1. As used in this section, the following terms mean:

(1) "General reassessment", changes in value, entered in the assessor's books, of a substantial portion of the parcels of real property within a county resulting wholly or partly from reappraisal of value or other actions of the assessor or county equalization body or ordered by the state tax commission or any court;

(2) "Tax rate", "rate", or "rate of levy", singular or plural, includes the tax rate for each purpose of taxation of property a taxing authority is authorized to levy without a vote and any tax rate authorized by election, including bond interest and sinking fund;

(3) "Tax rate ceiling", a tax rate as revised by the taxing authority to comply with the provisions of this section or when a court has determined the tax rate; except that, other provisions of law to the contrary notwithstanding, a school district may levy the operating levy for school purposes required for the current year pursuant to subsection 2 of section 163.021, RSMo, less all adjustments required pursuant to article X, section 22 of the Missouri Constitution, if such tax rate does not exceed the highest tax rate in effect subsequent to the 1980 tax year. This is the maximum tax rate that may be levied, unless a higher tax rate ceiling is approved by voters of the political subdivision as provided in this section;

(4) "Tax revenue", when referring to the previous year, means the actual receipts from ad valorem levies on all classes of property, including state-assessed property, in the immediately preceding fiscal year of the political subdivision, plus an allowance for taxes billed but not collected in the fiscal year and plus an additional allowance for the revenue which would have been collected from property which was annexed by such political subdivision but which was not previously used in determining tax revenue pursuant to this section. The term "tax revenue" shall not include any receipts from ad valorem levies on any property of a railroad corporation or a public utility, as these terms are defined in section 386.020, RSMo, which were assessed by the assessor of a county or city in the previous year but are assessed by the state tax commission in the current year. All school districts and those counties levying sales taxes pursuant to chapter 67, RSMo, shall include in the calculation of tax revenue an amount equivalent to that by which they reduced property tax levies as a result of sales tax pursuant to section 67.505, RSMo, and section 164.013, RSMo, or as excess home dock city or county fees as provided in subsection 4 of section 313.820, RSMo, in the immediately preceding fiscal year but not including any amount calculated to adjust for prior years. For purposes of political subdivisions which were authorized to levy a tax in the prior year but which did not levy such tax or levied a reduced rate, the term "tax revenue", as used in relation to the revision of tax levies mandated by law, shall mean the revenues equal to the amount that would have been available if the voluntary rate reduction had not been made.

2. Whenever changes in assessed valuation are entered in the assessor's books for any personal property, in the aggregate, or for any subclass of real property as such subclasses are established in section 4(b) of article X of the Missouri Constitution and defined in section 137.016, the county clerk in all counties and the assessor of St. Louis City shall notify each political subdivision wholly or partially within the county or St. Louis City of the change in valuation of each subclass of real property, individually, and personal property, in the aggregate, exclusive of new construction and improvements. All political subdivisions shall immediately revise the applicable rates of levy for each purpose for

each subclass of real property, individually, and personal property, in the aggregate, for which taxes are levied to the extent necessary to produce from all taxable property, exclusive of new construction and improvements, substantially the same amount of tax revenue as was produced in the previous year for each subclass of real property, individually, and personal property, in the aggregate, except that the rate [may] **shall not exceed the greater of the most recent voter-approved rate or the most recent voter-approved rate as adjusted under subdivision (2) of subsection 5 of this section. Any political subdivision that has received approval from voters for a tax increase after August 27, 2008, may levy a rate to collect substantially the same amount of tax revenue as the amount of revenue that would have been derived by applying the voter-approved increased tax rate ceiling to the total assessed valuation of the political subdivision as most recently certified by the city or county clerk on or before the date of the election in which such increase is approved, increased by the percentage increase in the consumer price index, as provided by law, except that the rate shall not exceed the greater of the most recent voter-approved rate or the most recent voter-approved rate as adjusted under subdivision (2) of subsection 5 of this section.** Such tax revenue shall not include any receipts from ad valorem levies on any real property which was assessed by the assessor of a county or city in such previous year but is assessed by the assessor of a county or city in the current year in a different subclass of real property. Where the taxing authority is a school district for the purposes of revising the applicable rates of levy for each subclass of real property, the tax revenues from state-assessed railroad and utility property shall be apportioned and attributed to each subclass of real property based on the percentage of the total assessed valuation of the county that each subclass of real property represents in the current taxable year. As provided in section 22 of article X of the constitution, a political subdivision may also revise each levy to allow for inflationary assessment growth occurring within the political subdivision. The inflationary growth factor for any such subclass of real property or personal property shall be limited to the actual assessment growth in such subclass or class, exclusive of new construction and improvements, and exclusive of the assessed value on any real property which was assessed by the assessor of a county or city in the current year in a different subclass of real property, but not to exceed the consumer price index or five percent, whichever is lower. Should the tax revenue of a political subdivision from the various tax rates determined in this subsection be different than the tax revenue that would have been determined from a single tax rate as calculated pursuant to the method of calculation in this subsection prior to January 1, 2003, then the political subdivision shall revise the tax rates of those subclasses of real property, individually, and/or personal property, in the aggregate, in which there is a tax rate reduction, pursuant to the provisions of this subsection. Such revision shall yield an amount equal to such difference and shall be apportioned among such subclasses of real property, individually, and/or personal property, in the aggregate, based on the relative assessed valuation of the class or subclasses of property experiencing a tax rate reduction. Such revision in the tax rates of each class or subclass shall be made by computing the percentage of current year adjusted assessed valuation of each class or subclass with a tax rate reduction to the total current year adjusted assessed valuation of the class or subclasses with a tax rate reduction, multiplying the resulting percentages by the revenue difference between the single rate calculation and the calculations pursuant to this subsection and dividing by the respective adjusted current year assessed valuation of each class or subclass to determine the adjustment to the rate to be levied upon each class or subclass of property. The adjustment computed herein shall be multiplied by one hundred, rounded to four decimals in the manner provided in this subsection, and added to the initial rate computed for each class or subclass of property. Notwithstanding any provision of this subsection to the contrary, no revision to the rate of levy for personal property shall cause such levy to increase over the levy for personal property from the prior year.

3. (1) Where the taxing authority is a school district, it shall be required to revise the rates of levy to the extent necessary to produce from all taxable property, including state-assessed railroad and utility property, which shall be separately estimated in addition to other data required in complying with section 164.011, RSMo, substantially the amount of tax revenue permitted in this section. In the year following tax rate reduction, the tax rate ceiling may be adjusted to offset such district's reduction in the apportionment of state school moneys due to its reduced tax rate. However, in the event any school district, in calculating a tax rate ceiling pursuant to this section, requiring the estimating of effects of state-assessed railroad and utility valuation or loss of state aid, discovers that the estimates used result in receipt of excess revenues, which would have required a lower rate if the actual information had been known, the school district shall reduce the tax rate ceiling in the following year to compensate for the excess receipts, and the recalculated rate shall become the tax rate ceiling for purposes of this section.

(2) For any political subdivision which experiences a reduction in the amount of assessed valuation relating to a prior year, due to decisions of the state tax commission or a court pursuant to sections 138.430 to 138.433, RSMo, or due to clerical errors or corrections in the calculation or recordation of any assessed valuation:

(a) Such political subdivision may revise the tax rate ceiling for each purpose it levies taxes to compensate for the reduction in assessed value occurring after the political subdivision calculated the tax rate ceiling for the particular subclass of real property or for personal property, in the aggregate, in a prior year. Such revision by the political subdivision shall be made at the time of the next calculation of the tax rate for the particular subclass of real property

or for personal property, in the aggregate, after the reduction in assessed valuation has been determined and shall be calculated in a manner that results in the revised tax rate ceiling being the same as it would have been had the corrected or finalized assessment been available at the time of the prior calculation;

(b) In addition, for up to three years following the determination of the reduction in assessed valuation as a result of circumstances defined in this subdivision, such political subdivision may levy a tax rate for each purpose it levies taxes above the revised tax rate ceiling provided in paragraph (a) of this subdivision to recoup any revenues it was entitled to receive had the corrected or finalized assessment been available at the time of the prior calculation.

4. (1) In order to implement the provisions of this section and section 22 of article X of the Constitution of Missouri, the term "improvements" shall apply to both real and personal property. In order to determine the value of new construction and improvements, each county assessor shall maintain a record of real property valuations in such a manner as to identify each year the increase in valuation for each political subdivision in the county as a result of new construction and improvements. The value of new construction and improvements shall include the additional assessed value of all improvements or additions to real property which were begun after and were not part of the prior year's assessment, except that the additional assessed value of all improvements or additions to real property which had been totally or partially exempt from ad valorem taxes pursuant to sections 99.800 to 99.865, RSMo, sections 135.200 to 135.255, RSMo, and section 353.110, RSMo, shall be included in the value of new construction and improvements when the property becomes totally or partially subject to assessment and payment of all ad valorem taxes. The aggregate increase in valuation of personal property for the current year over that of the previous year is the equivalent of the new construction and improvements factor for personal property. Notwithstanding any opt-out implemented pursuant to subsection 15 of section 137.115, the assessor shall certify the amount of new construction and improvements and the amount of assessed value on any real property which was assessed by the assessor of a county or city in such previous year but is assessed by the assessor of a county or city in the current year in a different subclass of real property separately for each of the three subclasses of real property for each political subdivision to the county clerk in order that political subdivisions shall have this information for the purpose of calculating tax rates pursuant to this section and section 22, article X, Constitution of Missouri. In addition, the state tax commission shall certify each year to each county clerk the increase in the general price level as measured by the Consumer Price Index for All Urban Consumers for the United States, or its successor publications, as defined and officially reported by the United States Department of Labor, or its successor agency. The state tax commission shall certify the increase in such index on the latest twelve-month basis available on February first of each year over the immediately preceding prior twelve-month period in order that political subdivisions shall have this information available in setting their tax rates according to law and section 22 of article X of the Constitution of Missouri. For purposes of implementing the provisions of this section and section 22 of article X of the Missouri Constitution, the term "property" means all taxable property, including state-assessed property.

(2) Each political subdivision required to revise rates of levy pursuant to this section or section 22 of article X of the Constitution of Missouri shall calculate each tax rate it is authorized to levy and, in establishing each tax rate, shall consider each provision for tax rate revision provided in this section and section 22 of article X of the Constitution of Missouri, separately and without regard to annual tax rate reductions provided in section 67.505, RSMo, and section 164.013, RSMo. Each political subdivision shall set each tax rate it is authorized to levy using the calculation that produces the lowest tax rate ceiling. It is further the intent of the general assembly, pursuant to the authority of section 10(c) of article X of the Constitution of Missouri, that the provisions of such section be applicable to tax rate revisions mandated pursuant to section 22 of article X of the Constitution of Missouri as to reestablishing tax rates as revised in subsequent years, enforcement provisions, and other provisions not in conflict with section 22 of article X of the Constitution of Missouri. Annual tax rate reductions provided in section 67.505, RSMo, and section 164.013, RSMo, shall be applied to the tax rate as established pursuant to this section and section 22 of article X of the Constitution of Missouri, unless otherwise provided by law.

5. (1) In all political subdivisions, the tax rate ceiling established pursuant to this section shall not be increased unless approved by a vote of the people. Approval of the higher tax rate shall be by at least a majority of votes cast. When a proposed higher tax rate requires approval by more than a simple majority pursuant to any provision of law or the constitution, the tax rate increase must receive approval by at least the majority required.

(2) When voters approve an increase in the tax rate, the amount of the increase shall be added to the tax rate ceiling as calculated pursuant to this section to the extent the total rate does not exceed any maximum rate prescribed by law. If a ballot question presents a stated tax rate for approval rather than describing the amount of increase in the question, the stated tax rate approved shall be adjusted as provided in this section and, so adjusted, shall be the current tax rate ceiling. The increased tax rate ceiling as approved shall be adjusted such that when applied to the current total assessed valuation of the political subdivision, excluding new construction and improvements since the date of the election approving such increase, the revenue derived from the adjusted tax rate ceiling is equal to the sum of: the

amount of revenue which would have been derived by applying the voter-approved increased tax rate ceiling to total assessed valuation of the political subdivision, as most recently certified by the city or county clerk on or before the date of the election in which such increase is approved, increased by the percentage increase in the consumer price index, as provided by law. Such adjusted tax rate ceiling may be applied to the total assessed valuation of the political subdivision at the setting of the next tax rate. If a ballot question presents a phased-in tax rate increase, upon voter approval, each tax rate increase shall be adjusted in the manner prescribed in this section to yield the sum of: the amount of revenue that would be derived by applying such voter-approved increased rate to the total assessed valuation, as most recently certified by the city or county clerk on or before the date of the election in which such increase was approved, increased by the percentage increase in the consumer price index, as provided by law, from the date of the election to the time of such increase and, so adjusted, shall be the current tax rate ceiling.

(3) The governing body of any political subdivision may levy a tax rate lower than its tax rate ceiling and may, in a nonreassessment year, increase that lowered tax rate to a level not exceeding the tax rate ceiling without voter approval in the manner provided under subdivision (4) of this subsection. Nothing in this section shall be construed as prohibiting a political subdivision from voluntarily levying a tax rate lower than that which is required under the provisions of this section or from seeking voter approval of a reduction to such political subdivision's tax rate ceiling.

(4) In a year of general reassessment, a governing body whose tax rate is lower than its tax rate ceiling shall revise its tax rate pursuant to the provisions of subsection 4 of this section as if its tax rate was at the tax rate ceiling. In a year following general reassessment, if such governing body intends to increase its tax rate, the governing body shall conduct a public hearing, and in a public meeting it shall adopt an ordinance, resolution, or policy statement justifying its action prior to setting and certifying its tax rate. The provisions of this subdivision shall not apply to any political subdivision which levies a tax rate lower than its tax rate ceiling solely due to a reduction required by law resulting from sales tax collections. The provisions of this subdivision shall not apply to any political subdivision which has received voter approval for an increase to its tax rate ceiling subsequent to setting its most recent tax rate.

6. (1) For the purposes of calculating state aid for public schools pursuant to section 163.031, RSMo, each taxing authority which is a school district shall determine its proposed tax rate as a blended rate of the classes or subclasses of property. Such blended rate shall be calculated by first determining the total tax revenue of the property within the jurisdiction of the taxing authority, which amount shall be equal to the sum of the products of multiplying the assessed valuation of each class and subclass of property by the corresponding tax rate for such class or subclass, then dividing the total tax revenue by the total assessed valuation of the same jurisdiction, and then multiplying the resulting quotient by a factor of one hundred. Where the taxing authority is a school district, such blended rate shall also be used by such school district for calculating revenue from state-assessed railroad and utility property as defined in chapter 151, RSMo, and for apportioning the tax rate by purpose.

(2) Each taxing authority proposing to levy a tax rate in any year shall notify the clerk of the county commission in the county or counties where the tax rate applies of its tax rate ceiling and its proposed tax rate. Each taxing authority shall express its proposed tax rate in a fraction equal to the nearest one-tenth of a cent, unless its proposed tax rate is in excess of one dollar, then one/one-hundredth of a cent. If a taxing authority shall round to one/one-hundredth of a cent, it shall round up a fraction greater than or equal to five/one-thousandth of one cent to the next higher one/one-hundredth of a cent; if a taxing authority shall round to one-tenth of a cent, it shall round up a fraction greater than or equal to five/one-hundredths of a cent to the next higher one-tenth of a cent. Any taxing authority levying a property tax rate shall provide data, in such form as shall be prescribed by the state auditor by rule, substantiating such tax rate complies with Missouri law. All forms for the calculation of rates pursuant to this section shall be promulgated as a rule and shall not be incorporated by reference. The state auditor shall promulgate rules for any and all forms for the calculation of rates pursuant to this section which do not currently exist in rule form or that have been incorporated by reference. In addition, each taxing authority proposing to levy a tax rate for debt service shall provide data, in such form as shall be prescribed by the state auditor by rule, substantiating the tax rate for debt service complies with Missouri law. A tax rate proposed for annual debt service requirements will be prima facie valid if, after making the payment for which the tax was levied, bonds remain outstanding and the debt fund reserves do not exceed the following year's payments. The county clerk shall keep on file and available for public inspection all such information for a period of three years. The clerk shall, within three days of receipt, forward a copy of the notice of a taxing authority's tax rate ceiling and proposed tax rate and any substantiating data to the state auditor. The state auditor shall, within fifteen days of the date of receipt, examine such information and return to the county clerk his or her findings as to compliance of the tax rate ceiling with this section and as to compliance of any proposed tax rate for debt service with Missouri law. If the state auditor believes that a taxing authority's proposed tax rate does not comply with Missouri law, then the state auditor's findings shall include a recalculated tax rate, and the state auditor may request a taxing authority to submit documentation supporting such taxing authority's proposed tax rate. The county clerk shall immediately forward a copy of the auditor's findings to the taxing authority and shall file a copy of the findings with the

information received from the taxing authority. The taxing authority shall have fifteen days from the date of receipt from the county clerk of the state auditor's findings and any request for supporting documentation to accept or reject in writing the rate change certified by the state auditor and to submit all requested information to the state auditor. A copy of the taxing authority's acceptance or rejection and any information submitted to the state auditor shall also be mailed to the county clerk. If a taxing authority rejects a rate change certified by the state auditor and the state auditor does not receive supporting information which justifies the taxing authority's original or any subsequent proposed tax rate, then the state auditor shall refer the perceived violations of such taxing authority to the attorney general's office and the attorney general is authorized to obtain injunctive relief to prevent the taxing authority from levying a violative tax rate.

7. No tax rate shall be extended on the tax rolls by the county clerk unless the political subdivision has complied with the foregoing provisions of this section.

8. Whenever a taxpayer has cause to believe that a taxing authority has not complied with the provisions of this section, the taxpayer may make a formal complaint with the prosecuting attorney of the county. Where the prosecuting attorney fails to bring an action within ten days of the filing of the complaint, the taxpayer may bring a civil action pursuant to this section and institute an action as representative of a class of all taxpayers within a taxing authority if the class is so numerous that joinder of all members is impracticable, if there are questions of law or fact common to the class, if the claims or defenses of the representative parties are typical of the claims or defenses of the class, and if the representative parties will fairly and adequately protect the interests of the class. In any class action maintained pursuant to this section, the court may direct to the members of the class a notice to be published at least once each week for four consecutive weeks in a newspaper of general circulation published in the county where the civil action is commenced and in other counties within the jurisdiction of a taxing authority. The notice shall advise each member that the court will exclude him or her from the class if he or she so requests by a specified date, that the judgment, whether favorable or not, will include all members who do not request exclusion, and that any member who does not request exclusion may, if he or she desires, enter an appearance. In any class action brought pursuant to this section, the court, in addition to the relief requested, shall assess against the taxing authority found to be in violation of this section the reasonable costs of bringing the action, including reasonable attorney's fees, provided no attorney's fees shall be awarded any attorney or association of attorneys who receive public funds from any source for their services. Any action brought pursuant to this section shall be set for hearing as soon as practicable after the cause is at issue.

9. If in any action, including a class action, the court issues an order requiring a taxing authority to revise the tax rates as provided in this section or enjoins a taxing authority from the collection of a tax because of its failure to revise the rate of levy as provided in this section, any taxpayer paying his or her taxes when an improper rate is applied has erroneously paid his or her taxes in part, whether or not the taxes are paid under protest as provided in section 139.031, RSMo, or otherwise contested. The part of the taxes paid erroneously is the difference in the amount produced by the original levy and the amount produced by the revised levy. The township or county collector of taxes or the collector of taxes in any city shall refund the amount of the tax erroneously paid. The taxing authority refusing to revise the rate of levy as provided in this section shall make available to the collector all funds necessary to make refunds pursuant to this subsection. No taxpayer shall receive any interest on any money erroneously paid by him or her pursuant to this subsection. Effective in the 1994 tax year, nothing in this section shall be construed to require a taxing authority to refund any tax erroneously paid prior to or during the third tax year preceding the current tax year.

10. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2004, shall be invalid and void.”; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

On motion of Representative Funderburk, **House Amendment No. 26** was adopted.

Representative Wasson offered **House Amendment No. 27**.

House Amendment No. 27

AMEND House Committee Substitute for Senate Committee Substitute for Senate Bill No. 808, Page 21, Section 94.832, Line 50, by inserting after all of said line the following:

“230.220. 1. In each county adopting it, the county highway commission established by sections 230.200 to 230.260 shall be composed of the three commissioners of the county commission and one person elected from the unincorporated area of each of the two county commission districts. Except that the presiding commissioner and one of the associate commissioners by process of election may reside in the same township, not more than one member of the county highway commission shall be a resident of the same township of the county. The county commission shall designate one county commission district as district A and the other as district B. The member of the county highway commission first elected from district A shall serve a term of two years. The member first elected from district B shall serve a term of four years. Once collected, the county collector shall pay over such special assessment revenues to the clean energy development board in the same manner in which revenues from ad valorem real property taxes are paid to other taxing districts. 67.2825. 1. In lieu of financing a project through a property assessed clean energy program, a clean energy development board may seek to finance any number of projects to be installed within a single parcel of property or within a unified development consisting of multiple adjoining parcels of property by participating in a clean energy conduit financing.

2. A clean energy conduit financing shall consist of the issuance of bonds under section 67.2830 payable from the special assessment revenues collected under an assessment contract with the property owner participating in the clean energy conduit financing and any other revenues pledged thereto.

3. Notice shall be provided by both publication and mailing. Notice by publication shall be given by publication in a newspaper of general circulation within the municipality or county in which the port authority is located at least once not more than fifteen, but not less than ten, days prior to the date of the public hearing. Notice by mail shall be given not more than thirty, but not less than twenty, days prior to the date of the public hearing by sending the notice via registered or certified United States mail with a return receipt attached to the address of record of each owner within the boundaries of the proposed district. If any respondent files its answer opposing the creation of the district, it shall recite legal reasons why the petition is defective, why the proposed district is illegal or unconstitutional, or why the proposed method for funding the district is illegal or unconstitutional. The respondent shall ask the court for a declaratory judgment respecting these issues. The answer of each respondent shall be served on each petitioner and every other respondent named in the petition. Any resident or taxpayer within the proposed district not qualifying as a respondent may join in or file a petition supporting or answer opposing the creation of the district and seeking a declaratory judgment respecting these same issues within thirty days after the date notice is last published by the circuit clerk under section 68.325.

2. The court shall hear the case without a jury. If the court shall thereafter determine the petition is defective or the proposed district is illegal or unconstitutional, or shall be an undue burden on any owner of property within the district or is unjust and unreasonable, it shall enter its declaratory judgment to that effect and shall refuse to make the certifications requested in the pleadings. If the court determines that any proposed funding method is illegal or unconstitutional, it shall enter its judgment striking that funding method in whole or in part. If the court determines the petition is not legally defective and the proposed district and method of funding are neither illegal nor unconstitutional, the court shall enter its judgment to that effect. The court shall then certify the single question regarding the proposed real property tax or sales and use tax, or both, as applicable, needed to fund the project for voter approval. If no objections to the petition are timely filed, the court may make such certifications based upon the pleadings before it without any hearing.

3. Any party having filed an answer or petition may appeal the circuit court's order or declaratory judgment in the same manner provided for other appeals.

68.325. 68.360. 1. The provisions of this section shall only apply to a port authority that has formed a district.

2. In addition to any other report required of a port authority, within one hundred twenty days following the last day of the port authority's fiscal year, the board shall submit a report to the clerk of either the municipality or county which formed the port authority under section 68.010, and to the Missouri department of transportation stating the services provided, revenues collected and expenditures made by the district during such fiscal year, and copies of written resolutions approved by the board during the fiscal year. The municipal clerk or county clerk, as applicable, shall retain this report as part of the official records of the municipality or county and shall also cause this report to be spread upon the records of the governing body.

House Amendment No. 33

AMEND House Committee Substitute for Senate Committee Substitute for Senate Bill No. 808, Page 21, Section 94.832, Line 50, by inserting after all of said line the following:

“104.405. 1. This section shall be known and may be cited as the "2010 State Employee Retirement Incentive Program".

2. As used in this section, "years of service incentive benefit" means for employees eligible to retire under section 104.406, with at least ten years of creditable service, an amount equal to one thousand dollars for each year of creditable service up to a maximum of twenty years of creditable service.

3. Any employee retiring under section 104.406 shall be eligible to receive the years of service incentive benefit.

4. The state, through the office of administration, shall pay the years of service incentive benefit to the member or the member's beneficiary in five equal installments beginning in January of 2011 and each January thereafter until all five equal installments have been paid.

5. (1) The office of administration shall administer the program and shall adopt administrative rules to administer the program. The office of administration may adopt rules on an emergency basis to implement this section and the rules shall be effective immediately upon filing unless a later date is specified in the rules.

(2) Records of the Missouri state employees' retirement system shall be released for the purposes of administering and monitoring the program.

(3) The office of administration shall present an interim report to the general assembly, by March 31, 2011, concerning the operation of the program. The office of administration shall also submit an annual update concerning the program by December thirty-first of each year for four years, commencing December 31, 2011. The reports shall include information concerning the number of program participants, the cost of the program including any payments made to participants, the number of state employment positions not filled under the program, and the number of positions vacated by a program participant that have been refilled.

104.406. 1. Any employee who has not been a retiree of the system, who is eligible to receive a normal annuity under section 104.080, 104.090, 104.100, 104.271, or 104.400, or a life annuity under section 104.1024 and terminates employment on or after December 31, 2009, after reaching normal eligibility and becomes a retiree within sixty days of such termination whose annuity commences on or after January 1, 2010, but no later than December 1, 2010, shall be eligible to receive the years of service incentive benefit described in section 104.405. This subsection shall not apply to any employee whose eligibility to retire is based solely on early retirement eligibility. Any employee eligible to receive the years of service incentive benefit described in section 104.405 who terminates employment on or after December 31, 2009, after reaching normal eligibility but before the effective date of this section and becomes a retiree within sixty days of such termination whose annuity commences on or after January 1, 2010, but no later than December 1, 2010, shall be made, constituted, and appointed by the board as a special consultant on the problems of retirement, aging, and other matters relating to retirement and shall be eligible for additional compensation. As additional compensation for such services, each special consultant shall be eligible for the years of service incentive benefit described in section 104.405. In no event shall any years of service incentive benefit described in section 104.405 be provided to any individual retiring outside the dates outlined in this section.

2. The state may hire employees to replace those employees retiring under this section and section 104.405, except that departments shall not fill those positions vacated using more than fifty percent of the personal service funds of the positions vacated. Exceptions to the fifty percent restriction may be made for positions which are entirely federally funded. Such determination shall be made by rule and regulation promulgated by the office of administration.

3. An employee making an election to retire under the provisions of this section and section 104.405 shall be prohibited from any employment with any department as defined in this chapter.

4. The governing boards of Truman State University, Lincoln University, the educational institutions described in section 174.020, the highway commission that governs the health care plans of the Missouri department of transportation and the Missouri state highway patrol, and the conservation commission of the department of conservation may elect to provide its employees or retirees who retire under this section the same benefits as described in this section and section 104.405.

5. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly under chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2010, shall be invalid and void.

6. The Missouri state employees' retirement system shall make a report in writing to the commissioner of administration by January 31, 2011, regarding the number of state employees eligible to retire under this section and the number of actual retirements under this section. The commissioner of administration shall report in writing by March 31, 2011, to the governor and the general assembly regarding the information provided by the Missouri state employees' retirement system and the years of service incentive benefit payments, including

an analysis of the costs and savings as a result of such retirements, the amount of payroll reduced, and the number of positions that are core cut as a result of such retirements.”; and

“Section C. Because immediate action is necessary to address the current fiscal crisis, the repeal and reenactment sections 104.405 and 104.406 of section A of this act is deemed necessary for the immediate preservation of the public health, welfare, peace, and safety, and is hereby declared to be an emergency act within the meaning of the constitution, and the repeal and reenactment of Sections 104.405 and 104.406 of section A of this act shall be in full force and effect upon its passage and approval.”; and

MESSAGES FROM THE SENATE

Mr. Speaker: I am instructed by the Senate to inform the House of Representatives that the Senate has taken up and passed **SS#2 SCS HCS#2 HB 1543**, entitled:

An act to repeal sections 160.261, 160.775, 161.209, 161.650, 163.031, 163.036, 167.029, 167.117, 168.500, 168.515, 178.693, and 178.695, RSMo, and to enact in lieu thereof thirteen new sections relating to elementary and secondary education, with penalty provisions and an emergency clause for certain sections.

With Senate Amendment No. 1, Senate Amendment No. 4 and Senate Amendment No. 5.

Senate Amendment No. 1

AMEND Senate Substitute No. 2 for Senate Committee Substitute for House Committee Substitute No. 2 for House Bill No. 1543, Page 37, Section 167.117, Line 20 of said page, by inserting after all of said line the following:

“168.221. 1. The first five years of employment of all teachers entering the employment of the metropolitan school district shall be deemed a period of probation during which period all appointments of teachers shall expire at the end of each school year. During the probationary period any probationary teacher whose work is unsatisfactory shall be furnished by the superintendent of schools with a written statement setting forth the nature of his incompetency. If improvement satisfactory to the superintendent is not made within one semester after the receipt of the statement, the probationary teacher shall be dismissed. The semester granted the probationary teacher in which to improve shall not in any case be a means of prolonging the probationary period beyond five years and six months from the date on which the teacher entered the employ of the board of education. The superintendent of schools on or before the fifteenth day of April in each year shall notify probationary teachers who will not be retained by the school district of the termination of their services. Any probationary teacher who is not so notified shall be deemed to have been appointed for the next school year. Any principal who prior to becoming a principal had attained permanent employee status as a teacher shall upon ceasing to be a principal have a right to resume his or her permanent teacher position with the time served as a principal being treated as if such time had been served as a teacher for the purpose of calculating seniority and pay scale. The rights and duties and remuneration of a teacher who was formerly a principal shall be the same as any other teacher with the same level of qualifications and time of service.

2. After completion of satisfactory probationary services, appointments of teachers shall become permanent, subject to removal for any one or more causes herein described and to the right of the board to terminate the services of all who attain the age of compulsory retirement fixed by the retirement system. In determining the duration of the probationary period of employment in this section specified, the time of service rendered as a substitute teacher shall not be included.

3. No teacher whose appointment has become permanent may be removed except for one or more of the following causes: immorality, inefficiency in line of duty, violation of the published regulations of the school district, violation of the laws of Missouri governing the public schools of the state, or physical or mental condition which incapacitates him for instructing or associating with children, and then only by a vote of not less than a majority of all the members of the board, upon written charges presented by the superintendent of schools, to be heard by the board after thirty days' notice, with copy of the charges served upon the person against whom they are preferred, who shall have the privilege of being present **at the hearing**, together with counsel, offering evidence and making defense thereto. Notifications received by an employee during a vacation period shall be considered as received on the first day of the school term following. At the request of any person so charged the hearing shall be public. **During any time in which powers granted to the district's board of education are vested in a special administrative board, the special administrative board may appoint a hearing officer to conduct the hearing. The hearing officer shall conduct the hearing as a contested case under chapter 536 and shall issue a written recommendation to the board rendering the charges against the teacher. The board shall render a decision on the charges upon the review of the hearing officer's recommendations and the record from the hearing.** The action and decision of the board upon the charges shall be final. Pending the hearing of the charges, the person charged may be suspended if the rules of the board so prescribe, but in the event the board does not by a majority vote of all the members remove the teacher upon charges presented by the superintendent, the person shall not suffer any loss of salary by reason of the suspension. Inefficiency in line of duty is cause for dismissal only after the teacher has been notified in writing at least one semester prior to the

presentment of charges against him by the superintendent. The notification shall specify the nature of the inefficiency with such particularity as to enable the teacher to be informed of the nature of his inefficiency.

4. No teacher whose appointment has become permanent shall be demoted nor shall his salary be reduced unless the same procedure is followed as herein stated for the removal of the teacher because of inefficiency in line of duty, and any teacher whose salary is reduced or who is demoted may waive the presentment of charges against him by the superintendent and a hearing thereon by the board. The foregoing provision shall apply only to permanent teachers prior to the compulsory retirement age under the retirement system. Nothing herein contained shall in any way restrict or limit the power of the board of education to make reductions in the number of teachers or principals, or both, because of insufficient funds, decrease in pupil enrollment, or abolition of particular subjects or courses of instruction, except that the abolition of particular subjects or courses of instruction shall not cause those teachers who have been teaching the subjects or giving the courses of instruction to be placed on leave of absence as herein provided who are qualified to teach other subjects or courses of instruction, if positions are available for the teachers in the other subjects or courses of instruction.

5. Whenever it is necessary to decrease the number of teachers because of insufficient funds or a substantial decrease of pupil population within the school district, the board of education upon recommendation of the superintendent of schools may cause the necessary number of teachers beginning with those serving probationary periods to be placed on leave of absence without pay, but only in the inverse order of their appointment. Nothing herein stated shall prevent a readjustment by the board of education of existing salary schedules. No teacher placed on a leave of absence shall be precluded from securing other employment during the period of the leave of absence. Each teacher placed on leave of absence shall be reinstated in inverse order of his placement on leave of absence. Such reemployment shall not result in a loss of status or credit for previous years of service. No new appointments shall be made while there are available teachers on leave of absence who are seventy years of age or less and who are adequately qualified to fill the vacancy unless the teachers fail to advise the superintendent of schools within thirty days from the date of notification by the superintendent of schools that positions are available to them that they will return to employment and will assume the duties of the position to which appointed not later than the beginning of the school year next following the date of the notice by the superintendent of schools.

6. If any regulation which deals with the promotion of teachers is amended by increasing the qualifications necessary to be met before a teacher is eligible for promotion, the amendment shall fix an effective date which shall allow a reasonable length of time within which teachers may become qualified for promotion under the regulations.

7. A teacher whose appointment has become permanent may give up the right to a permanent appointment to participate in the teacher choice compensation package under sections 168.745 to 168.750.”; and

Further amend the title and enacting clause accordingly.

Senate Amendment No. 4

AMEND Senate Substitute No. 2 for Senate Committee Substitute for House Committee Substitute No. 2 for House Bill No. 1543, Page 14, Section 161.209, Line 24, by inserting after all of said line the following:

“161.371. 1. The office of administration shall issue regulations in accordance with chapter 536, requiring that, as a condition of bidding as a contractor or subcontracting from a bidding contractor for public works construction projects on public and charter elementary and secondary education construction projects, each said contractor or subcontractor shall establish and implement a random drug and alcohol testing program. Said drug and alcohol testing program shall be administered by a laboratory duly certified by the U.S. Department of Health and Human Services, or similar agency approved by the office of administration. Such program shall require notification to the employer and employee of the results of any positive drug and alcohol test and the school district shall be notified of the action taken to protect the safety of students as a result of such positive test.

2. The office of administration shall ensure that rules promulgated to implement the provisions of this section shall not be in violation of any applicable federal law or regulation. Any rule or portion of a rule, as that term is defined in section 536.010 that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2010, shall be invalid and void.

3. All costs for the program of screening and testing workers for alcohol and controlled substances, as well as all costs for administration of such drug and alcohol testing program shall be paid by the employer on the public works project. No costs under this section shall be paid by the state, any of its agencies, or any political subdivision thereof.

4. This section and chapter 536 are nonseverable, and if any of the powers vested with the general assembly under chapter 536, to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rule making authority and any rule proposed or adopted after August 28, 2010, shall be invalid and void.”; and

Further amend the title and enacting clause accordingly.

Senate Amendment No. 5

AMEND Senate Substitute No. 2 for Senate Committee Substitute for House Committee Substitute No. 2 for House Bill No. 1543, Pages 45-48, Section 178.693, by striking all of said section from the bill; and

Further amend said bill, Page 48, Section 178.695, by striking all of said section from the bill and inserting in lieu thereof the following:

“178.697. 1. Funding for sections 178.691 to 178.699 shall be made available pursuant to section 163.031, RSMo, and shall be subject to appropriations made for this purpose.

2. Costs of contractual arrangements shall be the obligation of the school district of residence of each preschool child. Costs of contractual arrangements shall not exceed an amount equal to an amount reimbursable to the school districts under the provisions of sections 178.691 to 178.699. [No program shall be approved or contract entered into which requires any additional payment by participants or their parents or guardians.]

3. Payments for participants for programs outlined in section 178.693 shall be uniform for all districts or public agencies.

4. Families with children under the age of kindergarten entry shall be eligible to receive annual development screenings and parents shall be eligible to receive prenatal visits under sections 178.691 to 178.699. Priority for service delivery of approved parent education programs under section 178.691 to 178.699, which includes, but is not limited to, home visits, group meetings, screenings, and service referrals, shall be given to high needs families in accordance with criteria set forth by the department of elementary and secondary education. Local school districts may establish cost sharing strategies to supplement funding for such program services. The provisions of this subsection shall expire on December 31, 2015, unless reauthorized by an act of the general assembly.”; and

Further amend the title and enacting clause accordingly.

JOURNAL OF THE HOUSE

Second Regular Session, 95th GENERAL ASSEMBLY

SEVENTIETH DAY, THURSDAY, MAY 13, 2010

The House met pursuant to adjournment.

Speaker Richard in the Chair.

Prayer by Msgr. Donald W. Lammers.

"Dew and rain, bless the Lord;
Praise and exalt him above all forever."
(Daniel 3:68)

Lord God, we pray for those who are suffering from too much rain, from floodwaters and from tornados. And we pray for those working to stop the oil spill off the Gulf Coast; give them the strength and knowledge they need to get control of this disaster. War is a disaster, every war. Turn hearts that hate toward understanding. Guide leaders of nations to remove every injustice and evil that lead to war. Protect our armed forces and all whose lives are threatened by war and violence.

We thank You for the stability and peace in our lives. We pray for the grace to serve well the people of our State until the very end of this legislative Session.

We pray to You, Almighty God, living and reigning forever. Amen.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Danielle Cardwell, Madison Craighead, Kennan Huckleberry, Joseph Ferrell, McKenna Rackers, Kallie Schumann, Connor Ernst, Maddison Markland, Cole Hazelhorst, Jacob Eickhorst, Olivia Johannis, Rebecca Johannis, Damon Johannis, Benjamin Lee Van Amburg, Corey Boothby and Patty Goss.

On motion of Representative Sater, **House Amendment No. 1** was adopted.

Representative Silvey offered **House Amendment No. 2**.

House Amendment No. 2

AMEND House Committee Substitute for Senate Substitute for Senate Bill No. 1007, Page 660.300, Page 45, Line 117, by inserting after all of said section and line the following:

“660.425. 1. In addition to all other fees and taxes required or paid, a tax is hereby imposed upon in-home services providers for the privilege of providing in-home services [under chapter 208, RSMo]. The tax is imposed upon payments received by an in-home services provider for the provision of in-home services [under chapter 208, RSMo].

2. For purposes of sections 660.425 to 660.465, the following terms shall mean:

(1) "Engaging in the business of providing in-home services", all payments received by an in-home services provider for the provision of in-home services [under chapter 208, RSMo];

(2) "In-home services", homemaker services, personal care services, chore services, respite services, consumer-directed services, and services, when provided in the individual's home and under a plan of care created by a physician, necessary to keep children out of hospitals. "In-home services" shall not include home health services as defined by federal and state law;

(3) "In-home services provider", any provider or vendor, as defined in section 208.900, RSMo, of compensated in-home services [under chapter 208, RSMo], and under a provider agreement or contracted with the department of social services or the department of health and senior services.

660.430. 1. Each in-home services provider in this state providing in-home services [under chapter 208, RSMo,] shall, in addition to all other fees and taxes now required or paid, pay an in-home services gross receipts tax, not to exceed six and one-half percent of gross receipts, for the privilege of engaging in the business of providing in-home services in this state.

2. Each in-home services provider's tax shall be based on a formula set forth in rules promulgated by the department of social services. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo.

This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2009, shall be invalid and void.

3. The director of the department of social services or the director's designee may prescribe the form and contents of any forms or other documents required by sections 660.425 to 660.465.

4. Notwithstanding any other provision of law to the contrary, appeals regarding the promulgation of rules under this section shall be made to the circuit court of Cole County. The circuit court of Cole County shall hear the matter as the court of original jurisdiction.

660.435. 1. For purposes of assessing the tax under sections 660.425 to 660.465, the department of health and senior services shall make available to the department of social services a list of all providers and vendors under this section.

2. Each in-home services provider subject to sections 660.425 to 660.465 shall keep such records as may be necessary to determine the total payments received for the provision of in-home services [under chapter 208, RSMo,] by the in-home services provider. Every in-home services provider shall submit to the department of social services a statement that accurately reflects such information as is necessary to determine such in-home services provider's tax due.

3. The director of the department of social services may prescribe the form and contents of any forms or other documents required by this section.

4. Each in-home services provider shall report the total payments received for the provision of in-home services [under chapter 208, RSMo,] to the department of social services.

660.445. 1. The determination of the amount of tax due shall be the total amount of payments reported to the department multiplied by the tax rate established by rule by the department of social services.

2. The department of social services shall notify each in-home services provider of the amount of tax due. Such amount may be paid in increments over the balance of the assessment period.

3. The department of social services may adjust the tax due quarterly on a prospective basis. The department of social services may adjust the tax due more frequently for individual providers if there is a substantial and statistically

significant change in the in-home services provided or in the payments received for such services provided [under chapter 208, RSMo]. The department of social services may define such adjustment criteria by rule.

660.455. 1. The in-home services tax owed or, if an offset has been made, the balance after such offset, if any, shall be remitted by the in-home services provider to the department of social services. The remittance shall be made payable to the director of the department of social services and shall be deposited in the state treasury to the credit of the "In-home Services Gross Receipts Tax Fund" which is hereby created to provide payments for in-home services provided [under chapter 208, RSMo]. All investment earnings of the fund shall be credited to the fund.

2. An offset authorized by section 660.450 or a payment to the in-home services gross receipts tax fund shall be accepted as payment of the obligation set forth in section 660.425.

3. The state treasurer shall maintain records showing the amount of money in the in-home services gross receipts tax fund at any time and the amount of investment earnings on such amount.

4. Notwithstanding the provisions of section 33.080, RSMo, to the contrary, any unexpended balance in the in-home services gross receipts tax fund at the end of the biennium shall not revert to the credit of the general revenue fund.

660.460. 1. The department of social services shall notify each in-home services provider with a tax due of more than ninety days of the amount of such balance. If any in-home services provider fails to pay its in-home services tax within thirty days of such notice, the in-home services tax shall be delinquent.

2. If any tax imposed under sections 660.425 to 660.465 is unpaid and delinquent, the department of social services may proceed to enforce the state's lien against the property of the in-home services provider and compel the payment of such assessment in the circuit court having jurisdiction in the county where the in-home services provider is located. In addition, the department of social services may cancel or refuse to issue, extend, or reinstate a Medicaid provider agreement to any in-home services provider that fails to pay the tax imposed by section 660.425.

3. Failure to pay the tax imposed under section 660.425 shall be grounds for failure to renew a provider agreement for services [under chapter 208, RSMo.] or failure to renew a provider contract. The department of social services may revoke the provider agreement of any in-home services provider that fails to pay such tax, or notify the department of health and senior services to revoke the provider contract.

660.465. 1. The in-home services tax required by sections 660.425 to 660.465 shall expire:

(1) Ninety days after any one or more of the following conditions are met:

(a) The aggregate in-home services fee as appropriated by the general assembly paid to in-home services providers for in-home services provided [under chapter 208, RSMo.] is less than the fiscal year 2010 in-home services fees reimbursement amount; or

(b) The formula used to calculate the reimbursement as appropriated by the general assembly for in-home services provided is changed resulting in lower reimbursement to in-home services providers in the aggregate than provided in fiscal year 2010; or

(2) September 1, [2011] **2012**.

The director of the department of social services shall notify the revisor of statutes of the expiration date as provided in this subsection.

2. Sections 660.425 to 660.465 shall expire on September 1, [2011] **2012**.”; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

On motion of Representative Silvey, **House Amendment No. 2** was adopted.

Representative Silvey offered **House Amendment No. 3**.

(1) Child care recipients eligible under this chapter and the criteria set forth in 13 CSR 35-32.010, may pay a fee based on adjusted gross income and family size unit based on a child care sliding fee scale established by the children's division, which shall be subject to appropriations. (3) The maximum payment by the division shall be the applicable rate minus the applicable fee.

2. For purposes of this section, "annual appropriation level" shall mean the maximum income level to be eligible for a full child care benefit as determined through the annual appropriations process.

3. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, and, if applicable, section 536.028. This section and chapter 536, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2010, shall be invalid and void.”; and

House Amendment No. 1

AMEND House Committee Substitute for Senate Committee Substitute for Senate Bill No. 829, Page 1, Section A, Line 8, by inserting after all of said section and line the following:

“50.567. In every county with a charter form of government and with more than six hundred thousand but fewer than seven hundred thousand inhabitants the chief governing body of such county shall establish a "Jury Service Expense Fund" for the purpose of aiding with payment of expenses related to compensation of jurors for jury service under the provisions of subsection 4 of section 494.455. The fund shall consist of moneys collected in the basic funding for jury service calculated at the rate of six dollars per day. The fund shall be administered by the court en banc of the judicial circuit and may be audited as are all other county funds.”; and

Further amend said bill, Pages 7-8, Section 209.200, by removing all of said section from the bill; and

Further amend said bill, Page 16, Section 491.170, Line 5, by inserting after all of said section and line the following:

“494.455. 1. Each county or city not within a county may elect to compensate its jurors pursuant to subsection 2 of this section except as otherwise provided in [subsection] **subsections 3 and 4** of this section.

2. Each grand and petit juror shall receive six dollars per day, for every day he or she may actually serve as such, and seven cents for every mile he or she may necessarily travel going from his or her place of residence to the courthouse and returning, to be paid from funds of the county or a city not within a county. The governing body of each county or a city not within a county may authorize additional daily compensation and mileage allowance for jurors, which additional compensation shall be paid from the funds of the county or a city not within a county. The governing body of each county or a city not within a county may authorize additional daily compensation and mileage allowance for jurors attending a coroner's inquest. Jurors may receive the additional compensation and mileage allowance authorized by this subsection only if the governing body of the county or the city not within a county authorizes the additional compensation. The provisions of this subsection authorizing additional compensation shall terminate upon the issuance of a mandate by the Missouri supreme court which results in the state of Missouri being obligated or required to pay any such additional compensation even if such additional compensation is formally approved or authorized by the governing body of a county or a city not within a county. Provided that a county or a city not within a county authorizes daily compensation payable from county or city funds for jurors who serve in that county pursuant to this subsection in the amount of at least six dollars per day in addition to the amount required by this subsection, a person shall receive an additional six dollars per day to be reimbursed by the state of Missouri so that the total compensation payable shall be at least eighteen dollars, plus mileage for each day that the person actually serves as a petit juror in a particular case; or for each day that a person actually serves as a grand juror during a term of a grand jury. The state shall reimburse the county for six dollars of the additional juror compensation provided by this subsection.

3. In any county of the first classification without a charter form of government and with a population of at least two hundred thousand inhabitants, no grand or petit juror shall receive compensation for the first two days of service, but shall receive fifty dollars per day for the third day and each subsequent day he or she may actually serve as such, and seven cents for every mile he or she may necessarily travel going from his or her place of residence to the courthouse and returning, to be paid from funds of the county.

4. In any county with a charter form of government and with more than six hundred thousand but fewer than seven hundred thousand inhabitants no grand or petit juror shall receive compensation for the first day of service. For the second day of service each grand and petit juror shall receive six dollars per day. For the third and each subsequent day he or she may actually serve as such each grand and petit juror shall receive forty dollars per day. No petit or grand juror shall receive pay for mileage for any day of service.

5. Any vehicle manufactured as an even-numbered model year vehicle shall be renewed each even-numbered calendar year and any such vehicle manufactured as an odd-numbered model year vehicle shall be renewed each odd-numbered calendar year, subject to the following requirements:

(1) The fee collected at the time of biennial registration shall include the annual registration fee plus a pro rata amount for the additional twelve months of the biennial registration;

(2) Presentation of all documentation otherwise required by law for vehicle registration including, but not limited to, a personal property tax receipt or certified statement for the preceding year that no such taxes were due as set forth in section 301.025, proof of a motor vehicle safety inspection and any applicable emission inspection conducted within sixty days prior to the date of application and proof of insurance as required by section 303.026, RSMo.

2. The director of revenue may prescribe rules and regulations for the effective administration of this section. The director is authorized to adopt those rules that are reasonable and necessary to accomplish the limited duties specifically delegated within this section. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is promulgated pursuant to the authority delegated in this section shall become effective only if it has been promulgated pursuant to the provisions of chapter 536, RSMo. This section and chapter 536, RSMo, are nonseverable

and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after July 1, 2000, shall be invalid and void.

3. The director of revenue shall have the authority to stagger the registration period of motor vehicles other than commercial motor vehicles licensed in excess of twelve thousand pounds gross weight. Once the owner of a motor vehicle chooses the option of biennial registration, such registration must be maintained for the full twenty-four month period.

4. Notwithstanding any provision of section 301.020, this section, or any other provision of law to the contrary, the director of revenue may provide owners of motor vehicles with a gross weight exceeding twenty thousand pounds, other than commercial vehicles, the option of triennially registering motor vehicles.

301.227. 1. Whenever a vehicle is sold for salvage, dismantling or rebuilding, the purchaser shall forward to the director of revenue within ten days the certificate of ownership or salvage certificate of title and the proper application and fee of eight dollars and fifty cents, and the director shall issue a negotiable salvage certificate of title to the purchaser of the salvaged vehicle. On vehicles purchased during a year that is no more than six years after the manufacturer's model year designation for such vehicle, it shall be mandatory that the purchaser apply for a salvage title. On vehicles purchased during a year that is more than six years after the manufacturer's model year designation for such vehicle, then application for a salvage title shall be optional on the part of the purchaser. Whenever a vehicle is classified as "junk", as defined in section 301.010, the purchaser may forward to the director of revenue the salvage certificate of title or certificate of ownership and the director shall issue a negotiable junking certificate to the purchaser of the vehicle. The director may also issue a junking certificate to a possessor of a vehicle manufactured twenty-six years or more prior to the current model year who has a bill of sale for said vehicle but does not possess a certificate of ownership, provided no claim of theft has been made on the vehicle and the highway patrol has by letter stated the vehicle is not listed as stolen after checking the registration number through its nationwide computer system. Such certificate may be granted within thirty days of the submission of a request.

3. Upon receipt of a properly completed application for a junking certificate, the director of revenue shall issue to the applicant a junking certificate which shall authorize the holder to possess, transport, or, by assignment, transfer ownership in such parts, scrap or junk, and a certificate of title shall not again be issued for such vehicle; except that, the initial purchaser shall, within ninety days, be allowed to rescind his application for a junking certificate by surrendering the junking certificate and apply for a salvage certificate of title in his name. The seller of a vehicle for which a junking certificate has been applied for or issued shall disclose such fact in writing to any prospective buyers before sale of such vehicle; otherwise the sale shall be voidable at the option of the buyer.

4. No scrap metal operator shall acquire or purchase a motor vehicle or parts thereof without, at the time of such acquisition, receiving the original certificate of title or salvage certificate of title or junking certificate from the seller of the vehicle or parts, unless the seller is a licensee under sections 301.219 to 301.221.

5. All titles and certificates required to be received by scrap metal operators from nonlicensees shall be forwarded by the operator to the director of revenue within ten days of the receipt of the vehicle or parts.

6. The scrap metal operator shall keep a record, for three years, of the seller's name and address, the salvage business license number of the licensee, date of purchase, and any vehicle or parts identification numbers open for inspection as provided in section 301.225.

8. Notwithstanding the provisions of subsection 1 of this section, an insurance company which settles a claim for a stolen vehicle may apply for and shall be issued a negotiable salvage certificate of title without the payment of any fee upon proper application within thirty days after settlement of the claim for such stolen vehicle. However, if the insurance company upon recovery of a stolen vehicle determines that the stolen vehicle has not sustained damage to the extent that the vehicle would have otherwise been declared a salvage vehicle pursuant to subdivision (51) of section 301.010, then the insurance company may have the vehicle inspected by the Missouri state highway patrol, or other law enforcement agency authorized by the director of revenue, in accordance with the inspection provisions of subsection 9 of section 301.190. Upon receipt of title application, applicable fee, the completed inspection, and the return of any previously issued negotiable salvage certificate, the director shall issue an original title with no salvage or prior salvage

designation. Upon the issuance of an original title the director shall remove any indication of the negotiable salvage title previously issued to the insurance company from the department's electronic records.

9. Notwithstanding any provision of law to the contrary, the owner of a vehicle for which a junking certificate has been issued may petition the circuit court in the county in which the vehicle is registered to void the junking certificate and issue a salvage title for the vehicle.”; and

AMEND House Committee Substitute for Senate Committee Substitute for Senate Bill No. 829, Page 8, Section 195.505, Line 20, by inserting after said line the following:

“196.165. [Any hotel, inn, delicatessen, grocery or butcher shop, or restaurant keeper, or any individual, firm or corporation, carrying on and conducting a boardinghouse, eating house, lunchroom business, or engaged in the catering business (all hereinafter referred to as "person"), who shall with intent to defraud, sell, prepare or expose for sale, any meat or meat preparation, articles of food or food products, either raw or prepared for human consumption, whether the same is to be consumed on the premises where prepared and sold, or whether same is taken or carried elsewhere for consumption, falsely represents such food or food preparation to be kosher, that is, that same is prepared under and of products sanctioned by the orthodox Hebrew religious rules and requirements; or who shall falsely represent that such meat or meat preparation, food or food product is, or will be prepared and served in accordance with such orthodox Hebrew religious rules and requirements, by displaying a sign or signs, in, on, or about said person's place of business or establishment, or by advertisement in any newspaper, magazine, or periodical, or by publication in any other manner whatsoever, the intent and purpose whereof shall be to represent to the public by such advertisement, or any other manner whatsoever, that kosher meat or meat preparations, or food or food products are prepared and sold in such place of business or establishment, or served therein, or prepared or sold to be taken for consumption elsewhere than on said premises; or who prepares, sells, serves, or prepares for sale, either to be consumed on the premises, or elsewhere, both kosher and nonkosher meat or meat preparations, or food or food products in the same place of business, who fails to keep separate kitchens and dining rooms, wherein meat or meat preparations, or food or food products are prepared and served; or who fails to keep and use separate and distinctly labeled or marked dishes and utensils wherein such meat or meat preparation of food or food product is prepared and served; or who shall fail to indicate on all signs and display advertising, in, on, or about said person's premises, in block letters, at least four inches in height, "kosher and nonkosher food prepared and sold here", as the case may be, or persons dealing in kosher meat or meat preparations, kosher food or food products only and persons dealing in both kosher and nonkosher meat or meat preparations, kosher and nonkosher food or food products who fail to adhere to and abide by orthodox Hebrew religious rules and requirements, shall be guilty of a misdemeanor, punishable by a fine of not less than twenty-five dollars, nor more than five hundred dollars, or by imprisonment of not less than thirty days nor more than one year, or both. Possession of nonkosher meat or meat preparation, or food or food product in any place of business advertising the sale of kosher meat and food only, is prima facie evidence that the person in possession exposes the same for sale with intent to defraud in violation of the provisions of this section.] **1. Except as provided in subsections 2 and 3 of this section, all food and food products which are sold or offered for sale as "kosher" or "kosher for Passover" and which are packaged in a sealed container shall have a label or symbol affixed thereto by the manufacturer, packer, or certifier of such food or food products representing the person, agency, or entity that certified such product as kosher or kosher for Passover. No person or entity other than such manufacturer, packer, or certifier shall affix such labels or symbols.**

2. All food or food products which are sold or offered for sale as kosher or kosher for Passover and which are not packaged in a sealed container, or are packaged in a sealed container and do not meet the requirements of subsection 1 of this section shall not be sold or offered for sale unless the seller displays a sign which is clearly readable from where the kosher product is being offered for sale and which includes all of the following:

- (1) A description of each food item which is kosher or kosher for Passover;**
- (2) The identity of the person, agency, or entity that has certified each food item as kosher or kosher for Passover;**
- (3) Certification that all equipment used in the preparation, storing, and serving of each food or food product is kosher or kosher for Passover;**
- (4) The time period during which the kosher certification is in effect, which shall not exceed twelve months; and**

(5) The designation of "dairy" or "D" for any product containing dairy ingredients.

3. Any person who sells or offers for sale in the same place of business both kosher certified and nonkosher certified poultry, meat, or meat preparations, either raw or prepared for human consumption, shall display signage clearly readable from where such products are being sold or offered for sale disclosing that both kosher and nonkosher meat or poultry are being sold, and clearly identifying which products are certified as kosher. This subsection shall not apply to the sale of poultry, poultry products, meats, or meat products sold solely in separate consumer packages which have been prepackaged and have a kosher certification label or symbol affixed as provided in subsection 1 of this section.

4. Any person who violates subsection 1, 2, or 3 of this section is guilty of a class B misdemeanor.

5. The presence of any poultry, poultry products, meats, meat products, or any prepared food that is not certified as kosher under subsection 1 or 2 of this section at an establishment which represents that it sells only food that is kosher is prima facie evidence that the person or establishment in possession of such food has offered such food for sale with intent to defraud in violation of this section.

6. Any person subject to the requirements of subsections 2 and 3 of this section shall not be deemed to have committed an unlawful practice if it can be shown by a preponderance of the evidence that the person justifiably relied in good faith upon the representations of a slaughterhouse, manufacturer, processor, packer, or distributor of any food represented to be kosher or kosher for Passover. Nothing in this subsection shall be construed as altering any person's recourses for unlawful conduct under Missouri law, nor shall any portion of this section be construed as limiting the legal rights of any person injured by the conduct of any slaughterhouse, manufacturer, processor, packer, or distributor.”; and

In any county with a population of more than one hundred eighty thousand inhabitants that adjoins a county with a charter form of government with a population of more than nine hundred thousand inhabitants, all trucks registered for a gross weight of more than twenty-four thousand pounds, as of January 1, 2008, shall not be driven in the far left lane upon an interstate highway having at least three lanes proceeding in the same direction, within three miles of where an interstate highway and a three-digit numbered Missouri route intersects with an average daily traffic count on the interstate highway of at least one hundred thirty thousand vehicles at such point. The Missouri department of transportation shall design, manufacture, and install any informational and directional signs at the appropriate locations. Such restriction shall not apply when:

House Amendment No. 7

AMEND House Committee Substitute for Senate Committee Substitute for Senate Bill No. 829, Section 209.200, Page 8, Line 20, by inserting after all of said section and line the following:

“210.950. 1. This section shall be known and may be cited as the "Safe Place for Newborns Act of 2002". The purpose of this section is to protect newborn children from injury and death caused by abandonment by a parent, and to provide safe and secure alternatives to such abandonment.

2. As used in this section, the following terms mean:

(1) "Hospital", as defined in section 197.020, RSMo;

(2) "Nonrelinquishing parent", the biological parent who does not leave a newborn infant with any person listed in subsection 3 of this section in accordance with this section;

(3) "Relinquishing parent", the biological parent or person acting on such parent's behalf who leaves a newborn infant with any person listed in subsection 3 of this section in accordance with this section.

3. A parent shall not be prosecuted for a violation of section 568.030, 568.032, 568.045 or 568.050, RSMo, for actions related to the voluntary relinquishment of a child up to [five] **thirty** days old pursuant to this section [and it shall be an affirmative defense to prosecution for a violation of sections 568.030, 568.032, 568.045 and 568.050, RSMo, that a parent who is a defendant voluntarily relinquished a child no more than one year old pursuant to this section] if:

(1) Expressing intent not to return for the child, the parent voluntarily delivered the child safely to the physical custody of any of the following persons:

(a) An employee, agent, or member of the staff of any hospital, in a health care provider position or on duty in a nonmedical paid or volunteer position;

(b) A firefighter or emergency medical technician on duty in a paid position or on duty in a volunteer position;

or

(c) A law enforcement officer;

(2) The child was no more than [one year] **thirty days** old when delivered by the parent to any person listed in subdivision (1) of this subsection; and

(3) The child has not been abused or neglected by the parent prior to such voluntary delivery.

4. **A parent voluntarily relinquishing a child under this section shall not be required to provide any identifying information about the child or the parent. No person shall induce or coerce, or attempt to induce or coerce, a parent into revealing his or her identity. No officer, employee, or agent of this state or any political subdivision of this state shall attempt to locate or determine the identity of such parent. In addition, any person who obtains information on the relinquishing parent shall not disclose such information except to the following:**

(1) A birth parent who has waived anonymity or the child's adoptive parent;

(2) The staff of the department of health and senior services, the department of social services, or any county health or social services agency or licensed child welfare agency that provides services to the child;

(3) Persons performing juvenile court intake or dispositional services;

(7) The attorney representing the interests of the public in proceedings relating to the child; and

(8) The attorney representing the interests of the child.

5. A person listed in subdivision (1) of subsection 3 of this section shall, without a court order, take physical custody of a child the person reasonably believes to be no more than [one year] **thirty days** old and is delivered in accordance with this section by a person purporting to be the child's parent. If delivery of a newborn is made pursuant

to this section in any place other than a hospital, the person taking physical custody of the child shall arrange for the immediate transportation of the child to the nearest hospital licensed pursuant to chapter 197, RSMo.

[5.] 6. The hospital, its employees, agents and medical staff shall perform treatment in accordance with the prevailing standard of care as necessary to protect the physical health or safety of the child. The hospital shall notify the division of family services and the local juvenile officer upon receipt of a child pursuant to this section. The local juvenile officer shall immediately begin protective custody proceedings and request the child be made a ward of the court during the child's stay in the medical facility. Upon discharge of the child from the medical facility and pursuant to a protective custody order ordering custody of the child to the division, the **children's** division [of family services] shall take physical custody of the child. The parent's voluntary delivery of the child in accordance with this section shall constitute the parent's implied consent to any such act and a voluntary relinquishment of such parent's parental rights.

[6.] 7. In any termination of parental rights proceeding initiated after the relinquishment of a child pursuant to this section, the juvenile officer shall make public notice that a child has been relinquished, including the sex of the child, and the date and location of such relinquishment. Within thirty days of such public notice, the [nonrelinquishing] parent wishing to establish parental rights shall identify himself or herself to the court and state his or her intentions regarding the child. The court shall initiate proceedings to establish paternity, or if no person identifies himself as the father within thirty days, maternity. The juvenile officer shall make examination of the putative father registry established in section 192.016, RSMo, to determine whether attempts have previously been made to preserve parental rights to the child. If such attempts have been made, the juvenile officer shall make reasonable efforts to provide notice of the abandonment of the child to such putative father.

[7.] 8. (1) If a relinquishing parent of a child relinquishes custody of the child to any person listed in subsection 3 of this section in accordance with this section and to preserve the parental rights of the nonrelinquishing parent, the nonrelinquishing parent shall take such steps necessary to establish parentage within thirty days after the public notice or specific notice provided in subsection [6] 7 of this section.

(2) If [a nonrelinquishing] **either** parent fails to take steps to establish parentage within the thirty-day period specified in subdivision (1) of this subsection, [the nonrelinquishing] **either** parent may have all of his or her rights terminated with respect to the child.

(3) When [a nonrelinquishing] **either** parent inquires at a hospital regarding a child whose custody was relinquished pursuant to this section, such facility shall refer [the nonrelinquishing] **either** parent to the **children's** division [of family services] and the juvenile court exercising jurisdiction over the child.

[8.] 9. The persons listed in subdivision (1) of subsection 3 of this section shall be immune from civil, criminal, and administrative liability for accepting physical custody of a child pursuant to this section if such persons accept custody in good faith. Such immunity shall not extend to any acts or omissions, including negligent or intentional acts or omissions, occurring after the acceptance of such child.

[9.] 10. The **children's** division [of family services] shall:

(1) Provide information and answer questions about the process established by this section on the statewide, toll-free telephone number maintained pursuant to section 210.145;

(2) Provide information to the public by way of pamphlets, brochures, or by other ways to deliver information about the process established by this section.

[10.] 11. Nothing in this section shall be construed as conflicting with section 210.125.”; and

Further amend said bill, Section 211.031, Page 10, Line 90, by inserting after all of said section and line the following:

“211.447. 1. Any information that could justify the filing of a petition to terminate parental rights may be referred to the juvenile officer by any person. The juvenile officer shall make a preliminary inquiry and if it does not appear to the juvenile officer that a petition should be filed, such officer shall so notify the informant in writing within thirty days of the referral. Such notification shall include the reasons that the petition will not be filed. Thereupon, the informant may bring the matter directly to the attention of the judge of the juvenile court by presenting the information in writing, and if it appears to the judge that the information could justify the filing of a petition, the judge may order the juvenile officer to take further action, including making a further preliminary inquiry or filing a petition.

2. Except as provided for in subsection 4 of this section, a petition to terminate the parental rights of the child's parent or parents shall be filed by the juvenile officer or the division, or if such a petition has been filed by another party, the juvenile officer or the division shall seek to be joined as a party to the petition, when:

(1) Information available to the juvenile officer or the division establishes that the child has been in foster care for at least fifteen of the most recent twenty-two months; or

(2) A court of competent jurisdiction has determined the child to be an abandoned infant. For purposes of this subdivision, an "infant" means any child one year of age or under at the time of filing of the petition. The court may find that an infant has been abandoned if:

(a) The parent has left the child under circumstances that the identity of the child was unknown and could not be ascertained, despite diligent searching, and the parent has not come forward to claim the child; or

(b) The parent has, without good cause, left the child without any provision for parental support and without making arrangements to visit or communicate with the child, although able to do so; or

(c) The parent has voluntarily relinquished a child under section 210.950; or

(3) A court of competent jurisdiction has determined that the parent has:

(a) Committed murder of another child of the parent; or

(b) Committed voluntary manslaughter of another child of the parent; or

(c) Aided or abetted, attempted, conspired or solicited to commit such a murder or voluntary manslaughter;

or

(d) Committed a felony assault that resulted in serious bodily injury to the child or to another child of the parent.

3. A termination of parental rights petition shall be filed by the juvenile officer or the division, or if such a petition has been filed by another party, the juvenile officer or the division shall seek to be joined as a party to the petition, within sixty days of the judicial determinations required in subsection 2 of this section, except as provided in subsection 4 of this section. Failure to comply with this requirement shall not deprive the court of jurisdiction to adjudicate a petition for termination of parental rights which is filed outside of sixty days.

4. If grounds exist for termination of parental rights pursuant to subsection 2 of this section, the juvenile officer or the division may, but is not required to, file a petition to terminate the parental rights of the child's parent or parents if:

(1) The child is being cared for by a relative; or

(2) There exists a compelling reason for determining that filing such a petition would not be in the best interest of the child, as documented in the permanency plan which shall be made available for court review; or

(3) The family of the child has not been provided such services as provided for in section 211.183.

5. The juvenile officer or the division may file a petition to terminate the parental rights of the child's parent when it appears that one or more of the following grounds for termination exist:

(1) The child has been abandoned. For purposes of this subdivision a "child" means any child over one year of age at the time of filing of the petition. The court shall find that the child has been abandoned if, for a period of six months or longer:

(a) The parent has left the child under such circumstances that the identity of the child was unknown and could not be ascertained, despite diligent searching, and the parent has not come forward to claim the child; or

(b) The parent has, without good cause, left the child without any provision for parental support and without making arrangements to visit or communicate with the child, although able to do so;

(2) The child has been abused or neglected. In determining whether to terminate parental rights pursuant to this subdivision, the court shall consider and make findings on the following conditions or acts of the parent:

(a) A mental condition which is shown by competent evidence either to be permanent or such that there is no reasonable likelihood that the condition can be reversed and which renders the parent unable to knowingly provide the child the necessary care, custody and control;

(b) Chemical dependency which prevents the parent from consistently providing the necessary care, custody and control of the child and which cannot be treated so as to enable the parent to consistently provide such care, custody and control;

(c) A severe act or recurrent acts of physical, emotional or sexual abuse toward the child or any child in the family by the parent, including an act of incest, or by another under circumstances that indicate that the parent knew or should have known that such acts were being committed toward the child or any child in the family; or

(d) Repeated or continuous failure by the parent, although physically or financially able, to provide the child with adequate food, clothing, shelter, or education as defined by law, or other care and control necessary for the child's physical, mental, or emotional health and development;

(3) The child has been under the jurisdiction of the juvenile court for a period of one year, and the court finds that the conditions which led to the assumption of jurisdiction still persist, or conditions of a potentially harmful nature continue to exist, that there is little likelihood that those conditions will be remedied at an early date so that the child can be returned to the parent in the near future, or the continuation of the parent-child relationship greatly diminishes the child's prospects for early integration into a stable and permanent home. In determining whether to terminate parental rights under this subdivision, the court shall consider and make findings on the following:

(a) The terms of a social service plan entered into by the parent and the division and the extent to which the parties have made progress in complying with those terms;

(b) The success or failure of the efforts of the juvenile officer, the division or other agency to aid the parent on a continuing basis in adjusting his circumstances or conduct to provide a proper home for the child;

(c) A mental condition which is shown by competent evidence either to be permanent or such that there is no reasonable likelihood that the condition can be reversed and which renders the parent unable to knowingly provide the child the necessary care, custody and control;

(d) Chemical dependency which prevents the parent from consistently providing the necessary care, custody and control over the child and which cannot be treated so as to enable the parent to consistently provide such care, custody and control; or

(4) The parent has been found guilty or pled guilty to a felony violation of chapter 566, RSMo, when the child or any child in the family was a victim, or a violation of section 568.020, RSMo, when the child or any child in the family was a victim. As used in this subdivision, a "child" means any person who was under eighteen years of age at the time of the crime and who resided with such parent or was related within the third degree of consanguinity or affinity to such parent; or

(5) The child was conceived and born as a result of an act of forcible rape. When the biological father has pled guilty to, or is convicted of, the forcible rape of the birth mother, such a plea or conviction shall be conclusive evidence supporting the termination of the biological father's parental rights; or

(6) The parent is unfit to be a party to the parent and child relationship because of a consistent pattern of committing a specific abuse, including but not limited to, abuses as defined in section 455.010, RSMo, child abuse or drug abuse before the child or of specific conditions directly relating to the parent and child relationship either of which are determined by the court to be of a duration or nature that renders the parent unable, for the reasonably foreseeable future, to care appropriately for the ongoing physical, mental or emotional needs of the child. It is presumed that a parent is unfit to be a party to the parent-child relationship upon a showing that within a three-year period immediately prior to the termination adjudication, the parent's parental rights to one or more other children were involuntarily terminated pursuant to subsection 2 or 4 of this section or subdivisions (1), (2), (3) or (4) of subsection 5 of this section or similar laws of other states.

6. The juvenile court may terminate the rights of a parent to a child upon a petition filed by the juvenile officer or the division, or in adoption cases, by a prospective parent, if the court finds that the termination is in the best interest of the child and when it appears by clear, cogent and convincing evidence that grounds exist for termination pursuant to subsection 2, 4 or 5 of this section.

7. When considering whether to terminate the parent-child relationship pursuant to subsection 2 or 4 of this section or subdivision (1), (2), (3) or (4) of subsection 5 of this section, the court shall evaluate and make findings on the following factors, when appropriate and applicable to the case:

(1) The emotional ties to the birth parent;

(2) The extent to which the parent has maintained regular visitation or other contact with the child;

(3) The extent of payment by the parent for the cost of care and maintenance of the child when financially able to do so including the time that the child is in the custody of the division or other child-placing agency;

(4) Whether additional services would be likely to bring about lasting parental adjustment enabling a return of the child to the parent within an ascertainable period of time;

(5) The parent's disinterest in or lack of commitment to the child;

(6) The conviction of the parent of a felony offense that the court finds is of such a nature that the child will be deprived of a stable home for a period of years; provided, however, that incarceration in and of itself shall not be grounds for termination of parental rights;

(7) Deliberate acts of the parent or acts of another of which the parent knew or should have known that subjects the child to a substantial risk of physical or mental harm.

8. The court may attach little or no weight to infrequent visitations, communications, or contributions. It is irrelevant in a termination proceeding that the maintenance of the parent-child relationship may serve as an inducement for the parent's rehabilitation.

9. In actions for adoption pursuant to chapter 453, RSMo, the court may hear and determine the issues raised in a petition for adoption containing a prayer for termination of parental rights filed with the same effect as a petition permitted pursuant to subsection 2, 4, or 5 of this section.”; and

2. Each county shall use all funds received pursuant to this section only to pay for the costs associated with the construction, maintenance and operation of the county judicial facility and the circuit juvenile detention center including, but not limited to, utilities, maintenance and building security. “195.080. 1. Except as otherwise in sections 195.005 to 195.425 specifically provided, sections 195.005 to 195.425 shall not apply to the following cases: prescribing, administering, dispensing or selling at retail of liniments, ointments, and other preparations that are susceptible of external use only and that contain controlled substances in such combinations of drugs as to prevent the drugs from being readily extracted from such liniments, ointments, or preparations, except that sections 195.005 to 195.425 shall apply to all liniments, ointments, and other preparations that contain coca leaves in any quantity or combination.

2. The quantity of Schedule II controlled substances prescribed or dispensed at any one time shall be limited to a thirty-day supply. The quantity of Schedule III, IV or V controlled substances prescribed or dispensed at any one time shall be limited to a ninety-day supply and shall be prescribed and dispensed in compliance with the general provisions of sections 195.005 to 195.425. The supply limitations provided in this subsection may be increased up to three months if the physician describes on the prescription form or indicates via telephone, fax, or electronic communication to the pharmacy to be entered on or attached to the prescription form the medical reason for requiring the larger supply. **The supply limitations provided in this subsection shall not apply if the prescription is dispensed directly to a member of the United States armed forces serving outside the United States.**

3. The partial filling of a prescription for a Schedule II substance is permissible as defined by regulation by the department of health and senior services.

338.100. 1. Every permit holder of a licensed pharmacy shall cause to be kept in a uniform fashion consistent with this section a suitable **book, file, or electronic record keeping system** in which shall be preserved, for a period of not less than five years, the original or order of each drug which has been compounded or dispensed at such pharmacy, according to and in compliance with standards provided by the board, and shall produce the same in court or before any grand jury whenever lawfully required. A licensed pharmacy may maintain its prescription file on readable microfilm for records maintained over three years. After September, 1999, a licensed pharmacy may preserve prescription files on microfilm or by electronic media storage for records maintained over three years. The pharmacist in charge shall be responsible for complying with the permit holder's record-keeping system in compliance with this section. Records maintained by a pharmacy that contain medical or drug information on patients or their care shall be considered as confidential and shall only be released according to standards provided by the board. Upon request, the pharmacist in charge of such pharmacy shall furnish to the prescribe, and may furnish to the person for whom such prescription was compounded or dispensed, a true and correct copy of the original prescription. The file of original prescriptions **in whatever format kept in compliance with this section**, and other confidential records, as defined by law, shall at all times be open for inspection by board of pharmacy representatives. **Records maintained in an electronic record keeping system shall contain all information otherwise required in a manual record keeping system. Electronic records shall be readily retrievable. Pharmacies may electronically maintain the original prescription or prescription order for each drug and may electronically annotate any change or alteration to a prescription record in the electronic record keeping system as authorized by law, provided however, original written and faxed prescriptions must be physically maintained on file at the pharmacy pursuant to state and federal controlled substance laws.**

2. An institutional pharmacy located in a hospital shall be responsible for maintaining records of the transactions of the pharmacy as required by federal and state laws and as necessary to maintain adequate control and accountability of all drugs. This shall include a system of controls and records for the requisitioning and dispensing of pharmaceutical supplies where applicable to patients, nursing care units and to other departments or services of the institution. Inspection performed pursuant to this subsection shall be consistent with the provisions of section 197.100, RSMo.

3. **“Electronic record keeping system”, as used in this section shall mean a system, including machines, methods or organization, and procedures, that provides input, storage, processing, communications, output, and control functions for digitized images of original prescriptions.”; and**

Speaker Richard declared the bill passed.

HCS SB 684, relating to adoption orders and embryos, was taken up by Representative Stevenson.

Representative Storch offered **House Amendment No. 1**.

House Amendment No. 1

AMEND House Committee Substitute for Senate Bill No. 684, Page 1, Section A, Line 3, by inserting after all of said line the following:

“210.950. 1. This section shall be known and may be cited as the "Safe Place for Newborns Act of 2002". The purpose of this section is to protect newborn children from injury and death caused by abandonment by a parent, and to provide safe and secure alternatives to such abandonment.

2. As used in this section, the following terms mean:

(1) "Hospital", as defined in section 197.020, RSMo;

(2) "Nonrelinquishing parent", the biological parent who does not leave a newborn infant with any person listed in subsection 3 of this section in accordance with this section;

(3) "Relinquishing parent", the biological parent or person acting on such parent's behalf who leaves a newborn infant with any person listed in subsection 3 of this section in accordance with this section.

3. A parent shall not be prosecuted for a violation of section 568.030, 568.032, 568.045 or 568.050, RSMo, for actions related to the voluntary relinquishment of a child up to [five] **thirty** days old pursuant to this section [and it shall be an affirmative defense to prosecution for a violation of sections 568.030, 568.032, 568.045 and 568.050, RSMo, that a parent who is a defendant voluntarily relinquished a child no more than one year old pursuant to this section] if:

(1) Expressing intent not to return for the child, the parent voluntarily delivered the child safely to the physical custody of any of the following persons:

(a) An employee, agent, or member of the staff of any hospital, in a health care provider position or on duty in a nonmedical paid or volunteer position;

(b) A firefighter or emergency medical technician on duty in a paid position or on duty in a volunteer position; or

(c) A law enforcement officer;

(2) The child was no more than [one year] **thirty days** old when delivered by the parent to any person listed in subdivision (1) of this subsection; and

(3) The child has not been abused or neglected by the parent prior to such voluntary delivery.

4. A parent voluntarily relinquishing a child under this section shall not be required to provide any identifying information about the child or the parent. No person shall induce or coerce, or attempt to induce or coerce, a parent into revealing his or her identity. No officer, employee, or agent of this state or any political subdivision of this state shall attempt to locate or determine the identity of such parent. In addition, any person who obtains information on the relinquishing parent shall not disclose such information except to the following:

- (1) A birth parent who has waived anonymity or the child's adoptive parent;
- (2) The staff of the department of health and senior services, the department of social services, or any county health or social services agency or licensed child welfare agency that provides services to the child;
- (3) Persons performing juvenile court intake or dispositional services;
- (4) The attending physician;
- (5) The child's foster parent or any other person who has physical custody of the child;
- (6) A juvenile court or other court of competent jurisdiction conducting proceedings relating to the child;
- (7) The attorney representing the interests of the public in proceedings relating to the child; and
- (8) The attorney representing the interests of the child.

5. A person listed in subdivision (1) of subsection 3 of this section shall, without a court order, take physical custody of a child the person reasonably believes to be no more than [one year] **thirty days** old and is delivered in accordance with this section by a person purporting to be the child's parent. If delivery of a newborn is made pursuant to this section in any place other than a hospital, the person taking physical custody of the child shall arrange for the immediate transportation of the child to the nearest hospital licensed pursuant to chapter 197, RSMo.

[5.] 6. The hospital, its employees, agents and medical staff shall perform treatment in accordance with the prevailing standard of care as necessary to protect the physical health or safety of the child. The hospital shall notify the division of family services and the local juvenile officer upon receipt of a child pursuant to this section. The local juvenile officer shall immediately begin protective custody proceedings and request the child be made a ward of the court during the child's stay in the medical facility. Upon discharge of the child from the medical facility and pursuant to a protective custody order ordering custody of the child to the division, the **children's** division [of family services] shall take physical custody of the child. The parent's voluntary delivery of the child in accordance with this section shall constitute the parent's implied consent to any such act and a voluntary relinquishment of such parent's parental rights.

[6.] 7. In any termination of parental rights proceeding initiated after the relinquishment of a child pursuant to this section, the juvenile officer shall make public notice that a child has been relinquished, including the sex of the child, and the date and location of such relinquishment. Within thirty days of such public notice, the [nonrelinquishing] parent wishing to establish parental rights shall identify himself or herself to the court and state his or her intentions regarding the child. The court shall initiate proceedings to establish paternity, or if no person identifies himself as the father within thirty days, maternity. The juvenile officer shall make examination of the putative father registry established in section 192.016, RSMo, to determine whether attempts have previously been made to preserve parental rights to the child. If such attempts have been made, the juvenile officer shall make reasonable efforts to provide notice of the abandonment of the child to such putative father.

[7.] 8. (1) If a relinquishing parent of a child relinquishes custody of the child to any person listed in subsection 3 of this section in accordance with this section and to preserve the parental rights of the nonrelinquishing parent, the nonrelinquishing parent shall take such steps necessary to establish parentage within thirty days after the public notice or specific notice provided in subsection [6] 7 of this section.

(2) If [a nonrelinquishing] **either** parent fails to take steps to establish parentage within the thirty-day period specified in subdivision (1) of this subsection, [the nonrelinquishing] **either** parent may have all of his or her rights terminated with respect to the child.

(3) When [a nonrelinquishing] **either** parent inquires at a hospital regarding a child whose custody was relinquished pursuant to this section, such facility shall refer [the nonrelinquishing] **either** parent to the **children's** division [of family services] and the juvenile court exercising jurisdiction over the child.

[8.] 9. The persons listed in subdivision (1) of subsection 3 of this section shall be immune from civil, criminal, and administrative liability for accepting physical custody of a child pursuant to this section if such persons accept custody in good faith. Such immunity shall not extend to any acts or omissions, including negligent or intentional acts or omissions, occurring after the acceptance of such child.

[9.] 10. The **children's** division [of family services] shall:

- (1) Provide information and answer questions about the process established by this section on the statewide, toll-free telephone number maintained pursuant to section 210.145;
- (2) Provide information to the public by way of pamphlets, brochures, or by other ways to deliver information about the process established by this section.

[10.] 11. Nothing in this section shall be construed as conflicting with section 210.125.

211.447. 1. Any information that could justify the filing of a petition to terminate parental rights may be referred to the juvenile officer by any person. The juvenile officer shall make a preliminary inquiry and if it does not appear to the juvenile officer that a petition should be filed, such officer shall so notify the informant in writing within thirty days of the referral. Such notification shall include the reasons that the petition will not be filed. Thereupon, the informant may bring the matter directly to the attention of the judge of the juvenile court by presenting the information in writing, and if it appears to the judge that the information could justify the filing of a petition, the judge may order the juvenile officer to take further action, including making a further preliminary inquiry or filing a petition.

2. Except as provided for in subsection 4 of this section, a petition to terminate the parental rights of the child's parent or parents shall be filed by the juvenile officer or the division, or if such a petition has been filed by another party, the juvenile officer or the division shall seek to be joined as a party to the petition, when:

(1) Information available to the juvenile officer or the division establishes that the child has been in foster care for at least fifteen of the most recent twenty-two months; or

(2) A court of competent jurisdiction has determined the child to be an abandoned infant. For purposes of this subdivision, an "infant" means any child one year of age or under at the time of filing of the petition. The court may find that an infant has been abandoned if:

(a) The parent has left the child under circumstances that the identity of the child was unknown and could not be ascertained, despite diligent searching, and the parent has not come forward to claim the child; or

(b) The parent has, without good cause, left the child without any provision for parental support and without making arrangements to visit or communicate with the child, although able to do so; or

(c) The parent has voluntarily relinquished a child under section 210.950; or

(3) A court of competent jurisdiction has determined that the parent has:

(a) Committed murder of another child of the parent; or

(b) Committed voluntary manslaughter of another child of the parent; or

(c) Aided or abetted, attempted, conspired or solicited to commit such a murder or voluntary manslaughter;

or

(d) Committed a felony assault that resulted in serious bodily injury to the child or to another child of the parent.

3. A termination of parental rights petition shall be filed by the juvenile officer or the division, or if such a petition has been filed by another party, the juvenile officer or the division shall seek to be joined as a party to the petition, within sixty days of the judicial determinations required in subsection 2 of this section, except as provided in subsection 4 of this section. Failure to comply with this requirement shall not deprive the court of jurisdiction to adjudicate a petition for termination of parental rights which is filed outside of sixty days.

4. If grounds exist for termination of parental rights pursuant to subsection 2 of this section, the juvenile officer or the division may, but is not required to, file a petition to terminate the parental rights of the child's parent or parents if:

(1) The child is being cared for by a relative; or

(2) There exists a compelling reason for determining that filing such a petition would not be in the best interest of the child, as documented in the permanency plan which shall be made available for court review; or

(3) The family of the child has not been provided such services as provided for in section 211.183.

5. The juvenile officer or the division may file a petition to terminate the parental rights of the child's parent when it appears that one or more of the following grounds for termination exist:

(1) The child has been abandoned. For purposes of this subdivision a "child" means any child over one year of age at the time of filing of the petition. The court shall find that the child has been abandoned if, for a period of six months or longer:

(a) The parent has left the child under such circumstances that the identity of the child was unknown and could not be ascertained, despite diligent searching, and the parent has not come forward to claim the child; or

(b) The parent has, without good cause, left the child without any provision for parental support and without making arrangements to visit or communicate with the child, although able to do so;

(2) The child has been abused or neglected. In determining whether to terminate parental rights pursuant to this subdivision, the court shall consider and make findings on the following conditions or acts of the parent:

(a) A mental condition which is shown by competent evidence either to be permanent or such that there is no reasonable likelihood that the condition can be reversed and which renders the parent unable to knowingly provide the child the necessary care, custody and control;

(b) Chemical dependency which prevents the parent from consistently providing the necessary care, custody and control of the child and which cannot be treated so as to enable the parent to consistently provide such care, custody and control;

(c) A severe act or recurrent acts of physical, emotional or sexual abuse toward the child or any child in the family by the parent, including an act of incest, or by another under circumstances that indicate that the parent knew or should have known that such acts were being committed toward the child or any child in the family; or

(d) Repeated or continuous failure by the parent, although physically or financially able, to provide the child with adequate food, clothing, shelter, or education as defined by law, or other care and control necessary for the child's physical, mental, or emotional health and development;

(3) The child has been under the jurisdiction of the juvenile court for a period of one year, and the court finds that the conditions which led to the assumption of jurisdiction still persist, or conditions of a potentially harmful nature continue to exist, that there is little likelihood that those conditions will be remedied at an early date so that the child can be returned to the parent in the near future, or the continuation of the parent-child relationship greatly diminishes the child's prospects for early integration into a stable and permanent home. In determining whether to terminate parental rights under this subdivision, the court shall consider and make findings on the following:

(a) The terms of a social service plan entered into by the parent and the division and the extent to which the parties have made progress in complying with those terms;

(b) The success or failure of the efforts of the juvenile officer, the division or other agency to aid the parent on a continuing basis in adjusting his circumstances or conduct to provide a proper home for the child;

(c) A mental condition which is shown by competent evidence either to be permanent or such that there is no reasonable likelihood that the condition can be reversed and which renders the parent unable to knowingly provide the child the necessary care, custody and control;

(d) Chemical dependency which prevents the parent from consistently providing the necessary care, custody and control over the child and which cannot be treated so as to enable the parent to consistently provide such care, custody and control; or

(4) The parent has been found guilty or pled guilty to a felony violation of chapter 566, RSMo, when the child or any child in the family was a victim, or a violation of section 568.020, RSMo, when the child or any child in the family was a victim. As used in this subdivision, a "child" means any person who was under eighteen years of age at the time of the crime and who resided with such parent or was related within the third degree of consanguinity or affinity to such parent; or

(5) The child was conceived and born as a result of an act of forcible rape. When the biological father has pled guilty to, or is convicted of, the forcible rape of the birth mother, such a plea or conviction shall be conclusive evidence supporting the termination of the biological father's parental rights; or

(6) The parent is unfit to be a party to the parent and child relationship because of a consistent pattern of committing a specific abuse, including but not limited to, abuses as defined in section 455.010, RSMo, child abuse or drug abuse before the child or of specific conditions directly relating to the parent and child relationship either of which are determined by the court to be of a duration or nature that renders the parent unable, for the reasonably foreseeable future, to care appropriately for the ongoing physical, mental or emotional needs of the child. It is presumed that a parent is unfit to be a party to the parent-child relationship upon a showing that within a three-year period immediately prior to the termination adjudication, the parent's parental rights to one or more other children were involuntarily terminated pursuant to subsection 2 or 4 of this section or subdivisions (1), (2), (3) or (4) of subsection 5 of this section or similar laws of other states.

6. The juvenile court may terminate the rights of a parent to a child upon a petition filed by the juvenile officer or the division, or in adoption cases, by a prospective parent, if the court finds that the termination is in the best interest of the child and when it appears by clear, cogent and convincing evidence that grounds exist for termination pursuant to subsection 2, 4 or 5 of this section.

7. When considering whether to terminate the parent-child relationship pursuant to subsection 2 or 4 of this section or subdivision (1), (2), (3) or (4) of subsection 5 of this section, the court shall evaluate and make findings on the following factors, when appropriate and applicable to the case:

(1) The emotional ties to the birth parent;

(2) The extent to which the parent has maintained regular visitation or other contact with the child;

(3) The extent of payment by the parent for the cost of care and maintenance of the child when financially able to do so including the time that the child is in the custody of the division or other child-placing agency;

(4) Whether additional services would be likely to bring about lasting parental adjustment enabling a return of the child to the parent within an ascertainable period of time;

(5) The parent's disinterest in or lack of commitment to the child;

(6) The conviction of the parent of a felony offense that the court finds is of such a nature that the child will be deprived of a stable home for a period of years; provided, however, that incarceration in and of itself shall not be grounds for termination of parental rights;

(7) Deliberate acts of the parent or acts of another of which the parent knew or should have known that subjects the child to a substantial risk of physical or mental harm.

8. The court may attach little or no weight to infrequent visitations, communications, or contributions. It is irrelevant in a termination proceeding that the maintenance of the parent-child relationship may serve as an inducement for the parent's rehabilitation.

9. In actions for adoption pursuant to chapter 453, RSMo, the court may hear and determine the issues raised in a petition for adoption containing a prayer for termination of parental rights filed with the same effect as a petition permitted pursuant to subsection 2, 4, or 5 of this section.”; and

Representative Dethrow offered **House Amendment No. 2**.

Further amend the title and enacting clause accordingly.

Senate Amendment No. 3

AMEND Senate Substitute for Senate Committee Substitute for the House Committee Substitute No. 2 for House Bill Nos. 1692, 1209, 1405, 1499, 1535 & 1811, Page 137, Section 339.1240, Line 20, by inserting after all of said line the following:

"429.016. 1. The provisions of this section shall only apply to mechanic's liens asserted against residential real property, other than mechanic's liens for the repair, remodeling, or addition to owner-occupied residential property of four units or less which are governed by section 429.013 and other applicable sections of this chapter.

2. As used in this section, the term "residential real property" means any parcel of real estate, improved or unimproved, that is intended to be used or is used for the construction of residential structures and related improvements which support the residential use of the land where such residential structures are intended, upon completion, either to be occupied or sold by the current owner. Such residential structures shall include any residential dwelling of four units or less, whether or not a unit is occupied by an owner and shall also include any structures consisting solely of residential condominiums, townhouses or cooperatives regardless of the number of units. The definition of "residential real estate" shall exclude any mixed use or planned unit developments except to the extent that any residential uses of such developments are, or will be, located on separate, identifiable parcels from the non-residential uses and then only as to those residential uses. Residential real property shall

also include any streets, sidewalks, utility services, improved common areas, or other facilities which are constructed within the defined residential use structures or located on or within the separate and identifiable parcels identified as for residential use.

3. Any person or entity, hereinafter referred to as claimant, who seeks to retain the right to assert a mechanic's lien against residential real property, hereinafter referred to as property, shall record a notice of rights in the office of the recorder of deeds for the county in which the property is located, not less than five calendar days prior to the intended date of closing stated in a notice of intended sale as contemplated in this section.

4. Notwithstanding subsection 3 of this section, a claimant that is accurately identified in any previously recorded notice of rights recorded as to the property is relieved of its duty to record a notice of rights.

5. If the last day to record the notice of rights falls on a Saturday, Sunday, or legal holiday recognized by the state of Missouri, the notice of rights shall be recorded not later than the next day that the office of the recorder of deeds is open for business.

6. Any claimant that fails to record such notice of rights shall be deemed to waive and forfeit any right to assert a mechanic's lien against such property. Despite any such waiver and forfeiture of mechanic's lien rights, the claimant shall retain all other rights and remedies allowed by law to collect payment for its work, labor, and materials.

7. Notwithstanding any other provision of this section, a notice of rights recorded after the owner's conveyance of the property to a bona fide purchaser for value shall not be effective to preserve the claimant's mechanic's lien rights to the property.

8. The notice of rights shall comply with section 59.310 and be on a form substantially as follows:

NOTICE OF RIGHTS

Date: The date of the document.

Owner: Identify Property owner, as "Grantor" by correct name.

Claimant: Identify Claimant, as "Grantee" by correct name, current address, contact persons, and current telephone number.

Property: The legal description of the property.

Person Contracting with Claimant for Work: Identify person or entity contracting with Claimant by correct name, current address, and current telephone number.

Persons performing work for or supplying materials to Claimant: Claimant may, but is not obligated to, identify any persons or entities which have or will be performing work or supplying materials on behalf of Claimant for the Property. Said persons or entities must be identified by correct legal name, address, and current telephone number.

A recorded notice correctly identifies a person or entity so long as the identifying information in the notice is neither deceptively similar to another person or entity reasonably likely to provide labor, materials, supplies, or equipment for the improvement of property nor so deficient in information as to make it unreasonably difficult to identify such person or entity. The form shall be signed by a person authorized to execute the form on behalf of the claimant, and such signature shall be notarized. The name of the person signing the form shall be printed legibly or typed immediately below the signature.

9. The notice of rights shall be recorded by the claimant in the office of the recorder of deeds of the county in which the property is located.

10. The recorder of deeds shall record such notice of rights in the land records and index notice of rights such that owners shall be deemed grantors and claimants shall be deemed grantees, and the grantor's signature shall not be required for recording.

11. (1) If the record title owner of residential real property, hereinafter the owner, has contracted with a claimant for the performance or provision of work, labor, or materials for the improvement of such property in order to facilitate the owner's sale of such property to a bona fide purchaser for value as contemplated in this section, then the owner or such owner's designated agent, shall record a notice of intended sale in the office of the recorder of deeds for the county in which the property is located. The notice of intended sale shall be recorded not less than forty-five calendar days prior to the earliest calendar date the owner intends to close on the sale of such property to such purchaser. The notice of intended sale shall state the calendar date on which the owner intends to close on the sale of such property to such purchaser. Only one notice of intended sale shall be recorded,

even if the intended date of closing stated therein is postponed to a date later than that stated in the notice of intended sale. The owner's, or its designated agent's, recording of a notice of intended sale as to the subject property, as contemplated herein, is a condition precedent to a claimant's obligation to record a notice of rights as to the subject property in order to retain a claimant's mechanics lien rights as to such property.

(2) The owner, or its designated agent, shall post on the subject property, or at an entrance to the subject property, or at any jobsite office located at or near the subject property, a copy of the owner's notice of intended sale.

(3) The owner, or its designated agent, shall provide any claimant with a copy of the notice of intended sale and a copy of a legal description of the subject property, within five calendar days after the date the owner, or its designated agent, receives a written request for the same from any such claimant. The information contemplated herein shall be transmitted by U.S. mail addressed to the claimant's registered agent or principal place of business or transmitted by other commercially reasonable means. A claimant shall, in turn, provide any person or entity with which it has contracted to perform or provide work, labor, or materials for the improvement of the subject property, with written notice in the same form and manner, and containing the same information, as the written notice issued by the owner, all within ten calendar days after the date the claimant receives a written request for the same from any such person or entity.

(4) If any owner, or its designated agent, fails to comply with the requirements of this section, a claimant shall be entitled to receive, as its sole and exclusive remedy for such failure to comply with the section, the claimant's actual and reasonable costs, excluding attorney fees, to obtain a legal description of the subject property necessary for the claimant to record its notice of rights. The costs described in this section shall be lienable expenses. The owner's, or its designated agent's failure to post or mail or transmit the information contemplated in this section, shall not relieve, and is not a condition precedent to, a claimant's obligation to record its notice of right in order to retain claimant's mechanic lien rights as to such property.

(5) The owner, or its designated agent, shall not be liable to any claimant, or other person, for any error, omission, or inaccuracy in the content of the information provided and disclosed by the owner, or its designated agent, except as otherwise expressly provided in this section. If a claimant receives a copy of the notice of intended sale and a legal description of the subject property from the owner, or its designated agent as contemplated in this section and the claimant relies in good faith upon the legal description and includes such legal description in a notice of rights as required in this section, and the claimant's notice of rights otherwise complies with the requirements of this section, then any such claimant's notice of rights shall be deemed to comply with the requirements of this section, and such claimant's right to assert a mechanic's lien as to the subject residential real property shall be retained even if subsequently it is determined that such legal description is in error or inaccurate as to the subject residential real property.

12. The recording of a notice of rights shall not extend the time for filing a mechanic's lien as provided under section 429.080.

13. A separate notice of rights shall be recorded for each lot or parcel of residential real property upon which the claimant performs its work. Nothing herein shall be construed to prohibit the claimant from providing a notice of rights covering multiple lots in the same subdivision if common ownership of lots exists. If the claimant commences its work prior to the platting or subdivision of a tract of land comprising residential real property, the claimant is only required to record one notice of rights provided that the entire tract of land upon which any such lien is to be asserted is described in such notice of rights.

14. The claimant shall not be required to provide the notice required under section 429.100, but compliance with the requirements of this section shall not relieve the claimant of its duty to comply with all other applicable sections of this chapter, except as specifically modified herein, in order to preserve, assert, and enforce its mechanic's lien rights.

15. For purposes of any mechanic's liens against residential real property only, a claimant satisfies the just and true account requirement contained in section 429.080 by providing the following information and documentation as part of its mechanic's lien claim filed with the clerk of the circuit court:

(1) A photocopy of the file-stamped notice of rights and any renewals of notice of rights recorded by or identifying claimant;

(2) The name and address of the person or entity which claimant contracted with to perform work on the property;

(3) A copy of any contract or contracts, purchase order or orders, or proposal or proposals, hereinafter collectively referred to as agreements, and any agreed change orders or modifications to such agreement or agreements under which claimant performed its work on the property;

(4) In the absence of any written agreement or agreements, a general description of the scope of work agreed to be performed by claimant on the property and the basis for payment for such work as agreed to by claimant and the contracting party;

(5) All invoices submitted by claimant for its work on the property;

(6) An accurate statement of account which shows all payments or credits against amounts otherwise due to claimant for the work performed on the property and the calculation or basis for the amount claimed by claimant in its mechanic's lien statement; and

(7) The last date that claimant performed any work or labor upon, or provided any materials or equipment to, the property;

(8) The claimant shall attach a file-stamped copy of his or her notice of rights to claimant's mechanic's lien statement if and when filed with the circuit clerk under section 429.080.

16. To the extent that any error in the information contained in the claimant's notice of rights prejudices the owner, any lender, disbursing company, title insurance company, or subsequent purchaser of the property, the claimant's rights to assert a mechanic's lien shall be forfeited to the extent of the prejudice caused by such error.

17. A person having an interest in any residential real property against which a mechanic's lien has been filed may release such residential real property from any such mechanic's lien by:

(1) Depositing in the office of the circuit clerk a sum of money, in cash or certified check, an irrevocable letter of credit, which may be secured, issued by a federally or state chartered bank, savings and loan association or savings bank, referred to hereafter as a bank, authorized to and doing business in the state of Missouri, or a surety bond issued by a surety company authorized to do surety business in the state of Missouri and having a certificate of authority to do business with the United States government in accordance with 31 CFR Section 223.1, in an amount not less than one hundred fifty percent of the amount of the mechanic's lien being released; and

(2) Recording with the recorder of deeds and filing with the circuit clerk a certificate of deposit signed by the circuit clerk which provides the following information:

(a) Amount of money deposited, amount of the letter of credit deposited, or penal sum of the bond deposited, along with the name and address of the bank issuing the letter of credit or surety company issuing the bond, as well as a service address for the bank or surety company;

(b) Name of claimant, number assigned to the mechanic's lien being released, and the amount of the mechanic's lien being released;

(c) Legal description of the property against which the mechanic's lien was filed;

(d) Name, address, and property interest of the person making the deposit of money, providing the letter of credit or providing the surety bond; and

(e) A certification by the person making the deposit of money, providing the letter of credit, or providing the surety bond that they have mailed a copy of the certificate of deposit to the claimant at the address listed on the mechanic's lien being released, along with a copy of any letter of credit or bond deposited by said person.

18. Any surety bond deposited as substitute collateral shall obligate the surety company, to the extent of the penal sum of the bond, to pay any judgment entered under section 429.210.

19. Any letter of credit deposited as substitute collateral shall obligate the issuing bank, to the extent of the amount of the letter of credit, to pay any judgment entered under section 429.210.

20. Upon release of the residential real property from a mechanic's lien by the deposit of substitute collateral, the claimant's rights are transferred from the residential real property to the substitute collateral.

21. Upon determination of the amount of claimant's claim, if any, against the substitute collateral, the court shall either:

(1) Order the circuit clerk to pay the claimant any sums awarded out of the deposited funds and release any remainder to the person or entity who made the cash deposit;

(2) Order the bank to issue payment under the letter of credit for the awarded amount but not exceeding the amount of the letter of credit;

(3) Render judgment against the surety company on the bond for the amount awarded up to but not exceeding the penal sum of the bond; or

(4) Release the substitute collateral

all as deemed appropriate by the court.

22. The deposit of substitute collateral and release of claimant's mechanic's lien shall not modify any aspect of the priority of claimant's interest, claimant's burden of proving compliance with the mechanic's lien

statutes, or claimant's obligations with respect to enforcement of its mechanic's lien claim, including, but not limited to, time for filing suit to enforce and necessary parties to the suit to enforce. It is the intent only that the deposited substitute collateral shall be the ultimate source of any potential recovery by claimant instead of the funds generated by foreclosure of the residential real property.

23. A release of a mechanic's lien under the deposit of substitute collateral shall not relieve any claimant of potential liability for slander of title or otherwise due to the filing of claimant's mechanic's lien.

24. The surety company for any bond or the bank which issued the letter of credit deposited under this section shall be made a party to any mechanic's lien enforcement action with respect to any mechanic's lien released by the deposit of said bond or letter of credit.

25. Any claimant may waive its right to assert a mechanic's lien against residential real property by executing a partial or full waiver of mechanic's lien rights, whether conditioned upon receipt of payment or unconditional, provided that a waiver of mechanic's lien rights shall not be deemed or interpreted to waive or release mechanic's lien rights in exchange for a payment of less than the amount claimed due at that time unless such mechanic's lien waiver is an unconditional, final mechanic's lien waiver in compliance with this section.

26. An unconditional, final lien waiver is a complete and absolute waiver of any mechanic's lien rights against the residential real property described in the mechanic's lien waiver, including any rights which might otherwise arise from remedial or additional labor, services, or materials provided to the residential real property, or which might benefit the residential real property, under either an initial agreement or a supplemental agreement entered into by the same parties prior to the execution of the unconditional, final mechanic's lien waiver.

27. An unconditional, final mechanic's lien waiver shall only be valid if it is on a form that is substantially as follows:

UNCONDITIONAL FINAL LIEN WAIVER FOR RESIDENTIAL REAL PROPERTY

Claimant (provide legal name and address of Claimant) hereby fully, finally, and unconditionally waives and releases any right to assert or enforce a mechanic's lien claim against the residential real property identified below for all work performed by Claimant prior to the date set forth below and for any work hereafter performed by or on behalf of Claimant under any agreements executed by Claimant prior to said date set forth below:

(Provide legal description of the Property)

Claimant's legal name and the name, title or position, address, and telephone number of the person executing the unconditional final lien waiver on behalf of claimant shall be typed or legibly printed immediately above or below the signature, and the date that the document was signed shall be typed or legibly printed immediately adjacent to the signature.

28. A claimant executing an unconditional, final mechanic's lien waiver for less than full consideration shall be bound by such mechanic's lien waiver as it relates to any rights to assert a mechanic's lien against the property, but such mechanic's lien waiver shall not constitute a waiver or release of any other claim, remedy, or cause of action.

29. An unconditional, final mechanic's lien waiver meeting the requirements of this section is valid and enforceable as to claimant's mechanic's lien rights as to the property identified on the unconditional, final mechanic's lien waiver notwithstanding claimant's failure to receive any promised payment or other consideration.

30. Any claimant who has recorded a notice of rights and who has been paid in full for the work performed on the property shall timely execute an unconditional, final mechanic's lien waiver, shall not unreasonably withhold such a waiver when circumstances require prompt execution, and in no event shall fail to provide a waiver any later than five calendar days after claimant's receipt of a written request to do so by any person or entity. A claimant who fails or refuses timely to execute an unconditional, final lien waiver when such claimant has been paid in full for any labor, materials, services, or equipment supplied or used in the improvement to the property shall be presumed liable for slander of title and for any damages sustained as a result thereof, together with a statutory penalty of five hundred dollars.

31. The provisions of this section shall apply to any residential real property conveyance closing on or after November 1, 2010."; and

Further amend the title and enacting clause accordingly.

Senate Amendment No. 5

AMEND Senate Substitute for Senate Committee Substitute for House Committee Substitute No. 2 for House Bill Nos. 1692, 1209, 1405, 1499, 1535 & 1811, Page 2, Section A, Line 15 of said page, by inserting after all of said line the following:

"60.670. 1. As used in this section, the following terms shall mean:

(1) "Cadastral parcel mapping", an accurately delineated identification of all real property parcels. The cadastral map is based upon the USPLSS. For cadastral parcel maps the position of the legal framework is derived from the USPLSS, existing tax maps, and tax database legal descriptions, recorded deeds, recorded surveys, and recorded subdivision plats.

(2) "Digital cadastral parcel mapping", encompasses the concepts of automated mapping, graphic display and output, data analysis, and data base management as pertains to cadastral parcel mapping. Digital cadastral parcel mapping systems consist of hardware, software, data, people, organizations, and institutional arrangements for collecting, storing, analyzing, and disseminating information about the location and areas of parcels and the USPLSS;

(3) "USPLSS" or "United States public land survey system", a survey executed under the authority of the United States government as recorded on the official plats and field notes of the United States public land survey maintained by the land survey program of the department of natural resources;

(4) "Tax map", a document or map for taxation purposes representing the location, dimensions, and other relevant information pertaining to a parcel of land subject to property taxes.

2. The office of the state land surveyor established within the department of natural resources shall promulgate rules and regulations establishing minimum standards for digital cadastral parcel mapping. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, and, if applicable, section 536.028. This section and chapter 536, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2010, shall be invalid and void.

3. Any map designed and used to reflect legal property descriptions or boundaries for use in a digital cadastral mapping system shall comply with the rules promulgated under this section, unless the party requesting the map specifies otherwise in writing, the map was designed and in use prior to the promulgation of the rules, or the parties requesting and designing the map have already agreed to the terms of their contract on the effective date of the rules promulgation."; and

Further amend said bill, Page 90, Section 327.041, Line 22, by inserting after all of said line, the following:

"327.272. 1. A professional land surveyor shall include any person who practices in Missouri as a professional land surveyor who uses the title of "surveyor" alone or in combination with any other word or words including, but not limited to "registered", "professional" or "land" indicating or implying that the person is, or holds himself or herself out to be a professional land surveyor who by word or words, letters, figures, degrees, titles or other descriptions indicates or implies that the person is a professional land surveyor or is willing or able to practice professional land surveying or who renders or offers to render, or holds himself or herself out as willing or able to render, or perform any service or work, the adequate performance of which involves the special knowledge and application of the principles of **land surveying**, mathematics, the related physical and applied sciences, and the relevant requirements of law, all of which are acquired by education, training, experience and examination, that affect real property rights on, under or above the land and which service or work involves:

(1) The determination, location, relocation, establishment, reestablishment, layout, or retracing of land boundaries and positions of the United States Public Land Survey System;

(2) Monumentation of land boundaries, land boundary corners and corners of the United States Public Land Survey System;

(3) The subdivision of land into smaller tracts;

(4) **Creating, preparing, or modifying electronic or computerized data relative to the performance of the activities in subdivisions (1) to (3) of this subsection;**

(5) Consultation, investigation, evaluation, planning, design and execution of surveys;

[(5)] (6) The preparation of any drawings showing the shape, location, dimensions or area of tracts of land;

[(6)] (7) Monumentation of geodetic control and the determination of their horizontal and vertical positions;

[(7)] (8) Establishment of state plane coordinates;

[(8)] (9) Topographic surveys and the determination of the horizontal and vertical location of any physical features on, under or above the land;

[(9)] (10) The preparation of plats, maps or other drawings showing elevations and the locations of improvements and the measurement and preparation of drawings showing existing improvements after construction;

[(10)] (11) Layout of proposed improvements;

[(11)] (12) The determination of azimuths by astronomic observations.

2. None of the specific duties listed in subdivisions (4) to [(11)] (12) of subsection 1 of this section are exclusive to professional land surveyors unless they affect real property rights. For the purposes of this section, the term "real property rights" means a recordable interest in real estate as it affects the location of land boundary lines.

3. Nothing in this section shall be construed to preclude the practice of architecture or professional engineering as provided in sections 327.091 and 327.181.

4. Nothing in this section shall be construed to prohibit the subdivision of land pursuant to section 137.185, RSMo."; and

Further amend the title and enacting clause accordingly.

Senate Amendment No. 6

AMEND Senate Substitute for Senate Committee Substitute for House Committee Substitute No. 2 for House Bill Nos. 1692, 1209, 1405, 1499, 1535 & 1811, Page 137, Section 441.645, Line 26 of said page, by inserting after all of said line the following:

"452.340. 1. In a proceeding for dissolution of marriage, legal separation or child support, the court may order either or both parents owing a duty of support to a child of the marriage to pay an amount reasonable or necessary for the support of the child, including an award retroactive to the date of filing the petition, without regard to marital misconduct, after considering all relevant factors including:

(1) The financial needs and resources of the child;

(2) The financial resources and needs of the parents;

(3) The standard of living the child would have enjoyed had the marriage not been dissolved;

(4) The physical and emotional condition of the child, and the child's educational needs;

(5) The child's physical and legal custody arrangements, including the amount of time the child spends with each parent and the reasonable expenses associated with the custody or visitation arrangements; and

(6) The reasonable work-related child care expenses of each parent.

2. The obligation of the parent ordered to make support payments shall abate, in whole or in part, for such periods of time in excess of thirty consecutive days that the other parent has voluntarily relinquished physical custody of a child to the parent ordered to pay child support, notwithstanding any periods of visitation or temporary physical and legal or physical or legal custody pursuant to a judgment of dissolution or legal separation or any modification thereof. In a IV-D case, the family support division may determine the amount of the abatement pursuant to this subsection for any child support order and shall record the amount of abatement in the automated child support system record established pursuant to chapter 454, RSMo. If the case is not a IV-D case and upon court order, the circuit clerk shall record the amount of abatement in the automated child support system record established in chapter 454, RSMo.

3. Unless the circumstances of the child manifestly dictate otherwise and the court specifically so provides, the obligation of a parent to make child support payments shall terminate when the child:

(1) Dies;

(2) Marries;

(3) Enters active duty in the military;

(4) Becomes self-supporting, provided that the custodial parent has relinquished the child from parental control by express or implied consent;

(5) Reaches age eighteen, unless the provisions of subsection 4 or 5 of this section apply; or

(6) Reaches age twenty-one, unless the provisions of the child support order specifically extend the parental support order past the child's twenty-first birthday for reasons provided by subsection 4 of this section.

4. If the child is physically or mentally incapacitated from supporting himself and insolvent and unmarried, the court may extend the parental support obligation past the child's eighteenth birthday.

5. If when a child reaches age eighteen, the child is enrolled in and attending a secondary school program of instruction, the parental support obligation shall continue, if the child continues to attend and progresses toward completion of said program, until the child completes such program or reaches age twenty-one, whichever first occurs. If the child is enrolled in an institution of vocational or higher education not later than October first following graduation from a secondary school or completion of a graduation equivalence degree program and so long as the child enrolls for and completes at least twelve hours of credit each semester, not including the summer semester, at an institution of vocational or higher education and achieves grades sufficient to reenroll at such institution, the parental support obligation shall continue until the child completes his or her education, or until the child reaches the age of twenty-one, whichever first occurs. To remain eligible for such continued parental support, at the beginning of each semester the child shall submit to each parent a transcript or similar official document provided by the institution of vocational or higher education which includes the courses the child is enrolled in and has completed for each term, the grades and credits received for each such course, and an official document from the institution listing the courses which the child is enrolled in for the upcoming term and the number of credits for each such course. When enrolled in at least twelve credit hours, if the child receives failing grades in half or more of his or her courseload in any one semester, payment of child support may be terminated and shall not be eligible for reinstatement. Upon request for notification of the child's grades by the noncustodial parent, the child shall produce the required documents to the noncustodial parent within thirty days of receipt of grades from the education institution. If the child fails to produce the required documents, payment of child support may terminate without the accrual of any child support arrearage and shall not be eligible for reinstatement. If the circumstances of the child manifestly dictate, the court may waive the October first deadline for enrollment required by this subsection. If the child is enrolled in such an institution, the child or parent obligated to pay support may petition the court to amend the order to direct the obligated parent to make the payments directly to the child. As used in this section, an "institution of vocational education" means any postsecondary training or schooling for which the student is assessed a fee and attends classes regularly. "Higher education" means any community college, college, or university at which the child attends classes regularly. A child who has been diagnosed with a developmental disability, as defined in section 630.005, RSMo, or whose physical disability or diagnosed health problem limits the child's ability to carry the number of credit hours prescribed in this subsection, shall remain eligible for child support so long as such child is enrolled in and attending an institution of vocational or higher education, and the child continues to meet the other requirements of this subsection. A child who is employed at least fifteen hours per week during the semester may take as few as nine credit hours per semester and remain eligible for child support so long as all other requirements of this subsection are complied with.

6. The court shall consider ordering a parent to waive the right to claim the tax dependency exemption for a child enrolled in an institution of vocational or higher education in favor of the other parent if the application of state and federal tax laws and eligibility for financial aid will make an award of the exemption to the other parent appropriate.

7. The general assembly finds and declares that it is the public policy of this state that frequent, continuing and meaningful contact with both parents after the parents have separated or dissolved their marriage is in the best interest of the child except for cases where the court specifically finds that such contact is not in the best interest of the child. In order to effectuate this public policy, a court with jurisdiction shall enforce visitation, custody and child support orders in the same manner. A court with jurisdiction may abate, in whole or in part, any past or future obligation of support and may transfer the physical and legal or physical or legal custody of one or more children if it finds that a parent has, without good cause, failed to provide visitation or physical and legal or physical or legal custody to the other parent pursuant to the terms of a judgment of dissolution, legal separation or modifications thereof. The court shall also award, if requested and for good cause shown, reasonable expenses, attorney's fees and court costs incurred by the prevailing party.

8. The Missouri supreme court shall have in effect a rule establishing guidelines by which any award of child support shall be made in any judicial or administrative proceeding. Said guidelines shall contain specific, descriptive and numeric criteria which will result in a computation of the support obligation. The guidelines shall address how the amount of child support shall be calculated when an award of joint physical custody results in the child or children spending substantially equal time with both parents. The Missouri supreme court shall publish child support guidelines and specifically list and explain the relevant factors and assumptions that were used to calculate the child support

guidelines. Any rule made pursuant to this subsection shall be reviewed by the promulgating body not less than once every four years to ensure that its application results in the determination of appropriate child support award amounts.

9. There shall be a rebuttable presumption, in any judicial or administrative proceeding for the award of child support, that the amount of the award which would result from the application of the guidelines established pursuant to subsection 8 of this section is the correct amount of child support to be awarded. A written finding or specific finding on the record in a judicial or administrative proceeding that the application of the guidelines would be unjust or inappropriate in a particular case, after considering all relevant factors, including the factors set out in subsection 1 of this section, is required if requested by a party and shall be sufficient to rebut the presumption in the case. The written finding or specific finding on the record shall detail the specific relevant factors that required a deviation from the application of the guidelines.

10. Pursuant to this or any other chapter, when a court determines the amount owed by a parent for support provided to a child by another person, other than a parent, prior to the date of filing of a petition requesting support, or when the director of the family support division establishes the amount of state debt due pursuant to subdivision (2) of subsection 1 of section 454.465, RSMo, the court or director shall use the guidelines established pursuant to subsection 8 of this section. The amount of child support resulting from the application of the guidelines shall be applied retroactively for a period prior to the establishment of a support order and the length of the period of retroactivity shall be left to the discretion of the court or director. There shall be a rebuttable presumption that the amount resulting from application of the guidelines under subsection 8 of this section constitutes the amount owed by the parent for the period prior to the date of the filing of the petition for support or the period for which state debt is being established. In applying the guidelines to determine a retroactive support amount, when information as to average monthly income is available, the court or director may use the average monthly income of the noncustodial parent, as averaged over the period of retroactivity, in determining the amount of presumed child support owed for the period of retroactivity. The court or director may enter a different amount in a particular case upon finding, after consideration of all relevant factors, including the factors set out in subsection 1 of this section, that there is sufficient cause to rebut the presumed amount.

11. The obligation of a parent to make child support payments may be terminated as follows:

(1) Provided that the **state case registry** or child support order contains the child's date of birth, the obligation shall be deemed terminated without further judicial or administrative process when the child reaches age twenty-one if the child support order does not specifically require payment of child support beyond age twenty-one for reasons provided by subsection 4 of this section;

(2) The obligation shall be deemed terminated without further judicial or administrative process when the parent receiving child support furnishes a sworn statement or affidavit notifying the obligor parent of the child's emancipation in accordance with the requirements of subsection 4 of section 452.370, and a copy of such sworn statement or affidavit is filed with the court which entered the order establishing the child support obligation, or the **family support division [of child support enforcement] for an order entered under section 454.470;**

(3) The obligation shall be deemed terminated without further judicial or administrative process when the parent paying child support files a sworn statement or affidavit with the court which entered the order establishing the child support obligation, or the family support division **for an order entered under section 454.470**, stating that the child is emancipated and reciting the factual basis for such statement; which statement or affidavit is served by the court or division, **as applicable**, on the child support obligee; and which is either acknowledged and affirmed by the child support obligee in writing, or which is not responded to in writing within thirty days of receipt by the child support obligee;

(4) The obligation shall be terminated as provided by this subdivision by the court which entered the order establishing the child support obligation, or the family support division **for an order entered under section 454.470**, when the parent paying child support files a sworn statement or affidavit with the court which entered the order establishing the child support obligation, or the family support division, **as applicable**, stating that the child is emancipated and reciting the factual basis for such statement; and which statement or affidavit is served by the court or division, **as applicable**, on the child support obligee. If the obligee denies the statement or affidavit, the court or division shall thereupon treat the sworn statement or affidavit as a [motion to modify the support obligation pursuant to section 452.370 or section 454.496, RSMo,] **request for hearing** and shall proceed to hear and adjudicate such [motion] **request for hearing** as provided by law; provided that the court may require the payment of a deposit as security for court costs and any accrued court costs, as provided by law, in relation to such [motion to modify] **request for hearing**. **When the division receives a request for hearing, the hearing shall be held in the manner provided by section 454.475.**

12. The court may enter a judgment terminating child support pursuant to subdivisions (1) to (3) of subsection 11 of this section without necessity of a court appearance by either party. The clerk of the court shall mail a copy of a judgment terminating child support entered pursuant to subsection 11 of this section on both the obligor and obligee

parents. The supreme court may promulgate uniform forms for sworn statements and affidavits to terminate orders of child support obligations for use pursuant to subsection 11 of this section and subsection 4 of section 452.370."; and

Further amend said bill, Page 138, Section 452.430, Line 22 of said page, by inserting after all of said line the following:

"454.475. 1. Hearings provided for in this section shall be conducted pursuant to chapter 536, RSMo, by administrative hearing officers designated by the Missouri department of social services. The hearing officer shall provide the parents, the person having custody of the child, or other appropriate agencies or their attorneys with notice of any proceeding in which support obligations may be established or modified. The department shall not be stayed from enforcing and collecting upon the administrative order during the hearing process and during any appeal to the courts of this state, unless specifically enjoined by court order.

2. If no factual issue has been raised by the application for hearing, or the issues raised have been previously litigated or do not constitute a defense to the action, the director may enter an order without an evidentiary hearing, which order shall be a final decision entitled to judicial review as provided in sections 536.100 to 536.140, RSMo.

3. After full and fair hearing, the hearing officer shall make specific findings regarding the liability and responsibility, if any, of the alleged responsible parent for the support of the dependent child, and for repayment of accrued state debt or arrearages, and the costs of collection, and shall enter an order consistent therewith. In making the determination of the amount the parent shall contribute toward the future support of a dependent child, the hearing officer shall [use the scale and formula for minimum support obligations established by the department pursuant to section 454.480] **consider the factors set forth in section 452.340.**

4. If the person who requests the hearing fails to appear at the time and place set for the hearing, upon a showing of proper notice to that parent, the hearing officer shall enter findings and order in accordance with the provisions of the notice and finding of support responsibility unless the hearing officer determines that no good cause therefor exists.

5. In contested cases, the findings and order of the hearing officer shall be the decision of the director. Any parent or person having custody of the child adversely affected by such decision may obtain judicial review pursuant to sections 536.100 to 536.140, RSMo, by filing a petition for review in the circuit court of proper venue within thirty days of mailing of the decision. Copies of the decision or order of the hearing officer shall be mailed to any parent, person having custody of the child and the division within fourteen days of issuance.

6. If a hearing has been requested, and upon request of a parent, a person having custody of the child, the division or a IV-D agency, the director shall enter a temporary order requiring the provision of child support pending the final decision or order pursuant to this section if there is clear and convincing evidence establishing a presumption of paternity pursuant to section 210.822, RSMo. In determining the amount of child support, the director shall consider the factors set forth in section 452.340, RSMo. The temporary order, effective upon filing pursuant to section 454.490, is not subject to a hearing pursuant to this section. The temporary order may be stayed by a court of competent jurisdiction only after a hearing and a finding by the court that the order fails to comply with rule 88.01.

454.517. 1. The director, IV-D agency or the obligee may cause a lien for unpaid and delinquent child or spousal support to be placed upon any workers' compensation benefits payable to an obligor delinquent in child or spousal support payments.

2. No such lien shall be effective unless and until a written notice is filed with the director of the division of workers' compensation. The notice shall contain the name and address of the delinquent obligor, the Social Security number of the obligor, if known, the name of the obligee, and the amount of delinquent child or spousal support.

3. Notice of lien shall not be filed unless the delinquent child or spousal support obligation exceeds one hundred dollars.

4. Any person or persons, firm or firms, corporation or corporations, including an insurance carrier, making any payment of workers' compensation benefits to such obligor or to such obligor's attorneys, heirs or legal representative, after receipt of such notice, as defined in subsection 5 of this section, shall be liable to the obligee or, if support has been assigned pursuant to subsection 2 of section 208.040, RSMo, to the state or IV-D agency in an amount equal to the lesser of the workers' compensation benefits paid or delinquent child or spousal support. In such event, the lien may be enforced by a suit at law against any person or persons, firm or firms, corporation or corporations making the workers' compensation benefit payment.

5. Upon the filing of a notice pursuant to this section, the director of the division of workers' compensation shall mail to the obligor and to all attorneys and insurance carriers of record, a copy of the notice. The obligor, attorneys and insurance carriers shall be deemed to have received the notice within five days of the mailing of the notice by the director

of the division of workers' compensation. The lien described in this section shall attach to all workers' compensation benefits which are thereafter payable.

6. A notice issued by the IV-D agency of this state shall advise the obligor of the procedures to contest the lien under section 454.475 on the grounds that such lien is improper due to a mistake of fact by requesting a hearing within thirty days of the mailing date of the notice. At such a hearing the certified copy of the court order and the sworn or certified statement of arrearages shall constitute prima facie evidence that the director's order is valid and enforceable. If a prima facie case is established, the obligor may only assert mistake of fact as a defense. For purposes of this section, "mistake of fact" means an error in the amount of the overdue support or an error as to the identity of the obligor. The obligor shall have the burden of proof on such issues.

7. In cases which are not IV-D cases, to cause a lien pursuant to the provisions of this section the obligee or the obligor's attorney shall file notice of the lien with the lienholder or payor. This notice shall have attached a certified copy of the court order with all modifications and a sworn statement by the obligee or a certified statement from the court attesting to or certifying the amount of arrearages.

454.557. 1. A current support obligation shall not be recorded in the records maintained in the automated child support system in the following cases:

(1) In a IV-D case with a support order pursuant to section 454.465 or 454.470 when the division determines that payments for current support are no longer due and should no longer be made to the payment center. The division shall notify by first class mail the obligor and obligee under the support orders that payments shall no longer be made to the payment center, and any withholding of income shall be terminated unless it is subsequently determined by the division or court having jurisdiction that payments will continue. The division's determination shall terminate the division's support order, but shall not terminate any obligation of support established by court order. The obligor and obligee may contest the decision of the division to terminate the division's support order by requesting a hearing within thirty days of the mailing of the notice provided pursuant to this section. The hearing shall comply with the provisions of section 454.475;

(2) In [a IV-D case] **all cases** with a support order entered by a court when the court that issued the support order terminates such order [and notifies the division]. The division shall also cease enforcing the order if no past support is due; or

(3) In all cases when the [child is twenty-two years of age, unless a court orders support to continue. The obligor or obligee may contest the decision of the division to terminate accruing support orders by requesting a hearing within thirty days of the mailing of notice by the division. The hearing shall comply with the provisions of section 454.475. The issue at the hearing, if any, shall be limited to a mistake of fact as to the age of the child or the existence of a court order requiring support after the age of twenty-two] **obligation of a parent to make child support payments is deemed terminated under subdivisions (1) to (4) of subsection 11 of section 452.340.**

2. Nothing in this section shall affect or terminate the amount due for unpaid past support.

454.1003. 1. A court or the director of the division of child support enforcement may issue an order, or in the case of a business, professional or occupational license, only a court may issue an order, suspending an obligor's license and ordering the obligor to refrain from engaging in a licensed activity in the following cases:

(1) When the obligor is not making child support payments in accordance with a [court] **support** order and owes an arrearage in an amount greater than or equal to three months support payments or two thousand five hundred dollars, whichever is less, as of the date of service of a notice of intent to suspend such license; or

(2) When the obligor or any other person, after receiving appropriate notice, fails to comply with a subpoena of a court or the director concerning actions relating to the establishment of paternity, or to the establishment, modification or enforcement of support orders, or order of the director for genetic testing.

2. In any case but a IV-D case, upon the petition of an obligee alleging the existence of an arrearage, a court with jurisdiction over the support order may issue a notice of intent to suspend a license. In a IV-D case, the director, or a court at the request of the director, may issue a notice of intent to suspend.

3. The notice of intent to suspend a license shall be served on the obligor personally or by certified mail. If the proposed suspension of license is based on the obligor's support arrearage, the notice shall state that the obligor's license shall be suspended sixty days after service unless, within such time, the obligor:

- (1) Pays the entire arrearage stated in the notice;
- (2) Enters into and complies with a payment plan approved by the court or the division; or
- (3) Requests a hearing before the court or the director.

4. In a IV-D case, the notice shall advise the obligor that hearings are subject to the contested case provisions of chapter 536, RSMo.

5. If the proposed suspension of license is based on the alleged failure to comply with a subpoena relating to paternity or a child support proceeding, or order of the director for genetic testing, the notice of intent to suspend shall inform the person that such person's license shall be suspended sixty days after service, unless the person complies with the subpoena or order.

6. If the obligor fails to comply with the terms of repayment agreement, a court or the division may issue a notice of intent to suspend the obligor's license.

7. In addition to the actions to suspend or withhold licenses pursuant to this chapter, a court or the director of the division of child support enforcement may restrict such licenses in accordance with the provisions of this chapter."; and

Further amend the title and enacting clause accordingly.

(10) To collect reasonable fees and charges in connection with making and servicing assessment contracts and in connection with any technical, consultative, or project assistance services offered;

(11) To invest any funds not required for immediate disbursement in obligations of the state of Missouri or of the United States or any agency or instrumentality thereof, or in bank certificates of deposit; provided, however, the limitations on investments provided in this subdivision shall not apply to proceeds acquired from the sale of bonds which are held by a corporate trustee; and

(12) To take whatever actions necessary to participate in and administer a clean energy conduit financing or a property assessed clean energy program.

3. No later than July first of each year, the clean energy development board shall file with each municipality that participated in the formation of the clean energy development board and with the director of the department of natural resources, an annual report for the preceding calendar year that includes:

(1) A brief description of each project financed by the clean energy development board during the preceding calendar year, which shall include the physical address of the property, the name or names of the property owner, an itemized list of the costs of the project, and the name of any contractors used to complete the project;

(2) The amount of assessments due and the amount collected during the preceding calendar year;

(3) The amount of clean energy development board administrative costs incurred during the preceding calendar year;

(4) The estimated cumulative energy savings resulting from all energy efficiency improvements financed during the preceding calendar year; and

(5) The estimated cumulative energy produced by all renewable energy improvements financed during the preceding calendar year.

4. No lawsuit to set aside the formation of a clean energy development board or to otherwise question the proceedings related thereto shall be brought after the expiration of sixty days from the effective date of the ordinance or order creating the clean energy development board. No lawsuit to set aside the approval of a project, an assessment contract, or a special assessment levied by a clean energy development board, or to otherwise question the proceedings related thereto shall be brought after the expiration of sixty days from the date that the assessment contract is executed.

67.2815. 1. A clean energy development board shall not enter into an assessment contract or levy or collect a special assessment for a project without making a finding that there are sufficient resources to complete the project and that the estimated economic benefit expected from the project during the financing period is equal to or greater than the cost of the project.

2. An assessment contract shall be executed by the clean energy development board and the benefitted property owner or property owners and shall provide:

(1) A description of the project, including the estimated cost of the project and details on how the project will either reduce energy consumption or create energy from renewable sources;

(2) A mechanism for:

(a) Verifying the final costs of the project upon its completion; and

(b) Ensuring that any amounts advanced or otherwise paid by the clean energy development board toward costs of the project will not exceed the final cost of the project;

(3) An acknowledgment by the property owner that the property owner has received or will receive a special benefit by financing a project through the clean energy development board that equals or exceeds the total assessments due under the assessment contract;

(4) An agreement by the property owner to pay annual special assessments for a period not to exceed twenty years, as specified in the assessment contract;

(5) A statement that the obligations set forth in the assessment contract, including the obligation to pay annual special assessments, are a covenant that shall run with the land and be obligations upon future owners of such property; and

(6) An acknowledgment that no subdivision of property subject to the assessment contract shall be valid unless the assessment contract or an amendment thereof divides the total annual special assessment due between the newly subdivided parcels pro rata to the special benefit realized by each subdivided parcel.

3. The total special assessments levied against a property under an assessment contract shall not exceed the sum of the cost of the project, including any required energy audits and inspections, or portion thereof financed through the participation in a property assessed clean energy program or clean energy conduit financing, including the costs of any audits or inspections required by the clean energy development board, plus such administration fees, interest, and other financing costs reasonably required by the clean energy development board.

4. The clean energy development board shall provide a copy of each signed assessment contract to the local county assessor and county collector and shall cause a copy of such assessment contract to be recorded in the real estate records of the county recorder of deeds.

5. Special assessments agreed to under an assessment contract shall be a lien on the property against which it is assessed on behalf of the applicable clean energy development board from the date that each annual assessment under the assessment contract becomes due. Such special assessments shall be collected by the county collector in the same manner and with the same priority as ad valorem real property taxes. Once collected, the county collector shall pay over such special assessment revenues to the clean energy development board in the same manner in which revenues from ad valorem real property taxes are paid to other taxing districts. Such

special assessments shall be collected as provided in this subsection from all subsequent property owners, including the state and all political subdivisions thereof, for the term of the assessment contract.

6. Any clean energy development board that contracts for outside administrative services to provide financing origination for a project shall offer the right of first refusal to enter into such a contract to a federally insured depository institution with a physical presence in Missouri upon the same terms and conditions as would otherwise be approved by the clean energy development board. Such right of first refusal shall not be applicable to the origination of any transaction that involves the issuance of bonds by the clean energy development board.

67.2820. 1. Any clean energy development board may establish a property assessed clean energy program to finance energy efficiency improvements or renewable energy improvements. A property assessed clean energy program shall consist of a program whereby a property owner may apply to a clean energy development board to finance the costs of a project through annual special assessments levied under an assessment contract.

2. A clean energy development board may establish application requirements and criteria for project financing approval as it deems necessary to effectively administer such program and ration available funding among projects, including but not limited to requiring projects to meet certain energy efficiency standards.

3. Clean energy development boards shall ensure that any property owner approved by the board to participate in a property assessed clean energy program or clean energy conduit financing under sections 67.2800 to 67.2835 shall have good credit worthiness or shall otherwise be considered a low risk for failure to meet the obligations of the program or conduit financing.

4. A clean energy development board may require an initial energy audit conducted by a qualified home energy auditor as defined in subdivision (4) of subsection 1 of section 640.153 as a prerequisite to project financing through a property assessed clean energy program as well as inspections to verify project completion.

67.2825. 1. In lieu of financing a project through a property assessed clean energy program, a clean energy development board may seek to finance any number of projects to be installed within a single parcel of property or within a unified development consisting of multiple adjoining parcels of property by participating in a clean energy conduit financing.

2. A clean energy conduit financing shall consist of the issuance of bonds under section 67.2830 payable from the special assessment revenues collected under an assessment contract with the property owner participating in the clean energy conduit financing and any other revenues pledged thereto.

67.2830. 1. A clean energy development board may issue bonds payable from special assessment revenues generated by assessment contracts and any other revenues pledged thereto. The bonds shall be authorized by resolution of the clean energy development board, shall bear such date or dates, and shall mature at such time or times as the resolution shall specify, provided that the term of any bonds issued for a clean energy conduit financing shall not exceed twenty years. The bonds shall be in such denomination, bear interest at such rate, be in such form, be issued in such manner, be payable in such place or places, and be subject to redemption as such resolution may provide. Notwithstanding any provision to the contrary under this section, issuance of the bonds shall conform to the requirements of subsection 1 of section 108.170.

2. Any bonds issued under this section shall not constitute an indebtedness of the state or any municipality. Neither the state nor any municipality shall be liable on such bonds, and the form of such bonds shall contain a statement to such effect.

67.2835. The director of the department of economic development is authorized to allocate the state's residual share, or any portion thereof, of the national qualified energy conservation bond limitation under Section 54D of the Internal Revenue Code of 1986, as amended, for any purposes described therein to the authority, any clean energy development board, the state, any political subdivision, instrumentality, or other body corporate and politic."; and

Further amend the title and enacting clause accordingly.

JOURNAL OF THE HOUSE

Second Regular Session, 95th GENERAL ASSEMBLY

SEVENTY-FIRST DAY, FRIDAY, MAY 14, 2010

The House met pursuant to adjournment.

Representative Parson in the Chair.

Prayer by Pastor Kent Parson, Elkton Baptist Church, Flemington, Missouri.

Our Heavenly Father, thank You for the blessings of this day. The Psalmist wrote "This is the day which the Lord hath made, we will rejoice and be glad in it." As the gavel falls on this last day of the Second Regular Session of the 95th General Assembly, may each of these ladies and gentlemen feel a sense of accomplishment for their endeavors. Allow them to appreciate the opportunity which has been theirs to serve their fellow constituents and may they measure their successes, not by how many bills they have passed, but by how much they have improved the quality of life for each Missourian.

For those who will be leaving this Body for their last time, grant them a special blessing for their dedication and commitment. Bless all those who execute the administrative duties of this Body. We pray today, as always, for those who are serving in the military and ask Your Divine providence to be over each of them and their families.

For the decisions which still must be made today, grant each member of this astute Body the wisdom of a Solomon and enable them to stay true to their convictions and to continue to represent the wishes of their respective communities.

Thank You for the privilege of being one of Your children and for the opportunity to lead this Great Body to the throne of grace. These blessings we ask in the name of Your only begotten Son and our Saviour, Jesus Christ. Amen.

Speaker Richard assumed the Chair.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Camille Evanya Alise Hibbler, Kaelyn Allen, Ryan Viebrock, Cody Viebrock, Zachary Miller, Kelly Snader and Vinca Thornton.

The Journal of the seventieth day was approved as printed.

An act to repeal sections 41.030, 41.216, 41.560, 115.279, 115.281, 115.287, 115.291, 115.292, 143.1004, 160.545, 194.119, 447.503, and 447.559, RSMo, and to enact in lieu thereof twenty-seven new sections relating to military forces, with an emergency clause for certain sections.

With Senate Amendment No. 1.

Senate Amendment No. 1

AMEND Senate Committee Substitute for House Committee Substitute for House Bill Nos. 1524 & 2260, Page 1, Section A, Line 7, by inserting after all of said line the following:

"34.074. 1. As used in this section, the term "service-disabled veteran" means any individual who is disabled as certified by the appropriate federal agency responsible for the administration of veterans' affairs.

2. As used in this section, the term "service-disabled veteran business" means a business concern:

(1) Not less than fifty-one percent of which is owned by one or more service-disabled veterans or, in the case of any publicly owned business, not less than fifty-one percent of the stock of which is owned by one or more service-disabled veterans; and

(2) The management and daily business operations of which are controlled by one or more service-disabled veterans.

3. In letting contracts for the performance of any job or service, all agencies, departments, institutions, and other entities of this state and of each political subdivision of this state shall give **a three-point bonus** preference to **service-disabled veteran businesses** doing business as Missouri firms, corporations, or individuals, or which maintain Missouri offices or places of business[, when the quality of performance promised is equal or better and the price quoted is the same or less. The commissioner of administration may also give such preference whenever competing bids, in their entirety, are comparable].

4. In implementing the provisions of subsection 3 of this section, the following shall apply:

(1) The commissioner of administration shall have the goal of three percent of all such contracts described in subsection 3 of this section to be let to such veterans;

(2) If no **or an insufficient number of** such veterans doing business in this state [meet the quality of performance and price standards required in subsection 3 of this section] **submit a bid or proposal for a contract let by an agency, department, institution, or other entity of the state or a political subdivision**, such [preference] goal shall not be required **and the provisions of subdivision (1) of this subsection shall not apply**;

(3) **The commissioner of administration may promulgate rules in order to implement the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, and if applicable, section 536.028. This section and chapter 536, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, to review, to delay the effective date, or disapprove and annul a rule subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2010, shall be invalid and void.**"; and

Further amend the title and enacting clause accordingly.

Emergency clause adopted.

In which the concurrence of the House is respectfully requested.

HOUSE COURTESY RESOLUTIONS OFFERED AND ISSUED

House Resolution No. 3490 through House Resolution No. 3497

SIGNING OF HOUSE BILLS

All other business of the House was suspended while **SS SCS HCS HB 1764** was read at length and, there being no objection, was signed by the Speaker to the end that the same may become law.

Having been duly signed in open session of the Senate, **SS SCS HCS HB 1764** was delivered to the Secretary of State by the Chief Clerk of the House.

Representative Emery offered an objection to **CCS SCS HCS HBs 1311 & 1341**, which was appended to the bill.

LETTER OF OBJECTION

May 2010

Jeremiah W. (Jay) Nixon
Governor
State Capitol, Room 216
105 West Capitol Avenue
Jefferson City, MO 65101

RE: **CCS SCS HCS HBs 1311** and **1341** Establishes provisions regarding health insurance coverage for individuals diagnosed with autism spectrum disorders and the licensure of applied behavior analysts.

Dear Governor Nixon:

I submit this objection to the signing of **CCS SCS HCS HBs 1311** and **1341** pursuant to article III, section 30 of the Constitution of Missouri.

This bill violates the fundamental and natural right to life of all Missouri citizens by inhibiting the freedom to choose and acquire health care that is necessary to preserve one's life and health from any source capable of providing medically efficacious health care. Any state mandate to provide coverage increases the cost of health care thereby making it less affordable. Furthermore, **House Bill No. 1311** prohibits the sale of health insurance to Missouri residents by out-of-state providers unless they conform to Missouri law. This violates the right of Missouri citizens to acquire medically efficacious health care from any source.

In general term, the distinction between Missouri residents and non-residents with regard to the availability and choice of health care lacks any rational basis whatsoever and is a violation of the Equal Protection Clause of the federal constitution. The restriction on the sale of health insurance to Missouri residents violates the fundamental rights to life and acts medical self defense by Missouri residents preserved by both the federal and state constitutions. The restriction on the sale of health insurance policies to Missouri residents by out-of-state health carriers violates the Supremacy Clause of the federal Constitution because the state of Missouri lacks jurisdiction to impose any extraterritorial restriction on the activities of Missouri residents and out-of-state health insurance carriers conducting transactions substantially outside of the state of Missouri.

The proposed legislation also violates the Commerce Clause of the federal constitution by inhibiting the sale of interstate goods and services to residents of Missouri. Missouri has unconstitutionally exempted its own health care plan, Missouri Health Net, as well as numerous small, in-state businesses from its mandate. These waivers and exemptions are unavailable to out-of-state companies thereby creating a competitive advantage for the state of Missouri and certain in-state businesses at the expense of a national free market in health care services.

Because of these numerous constitutional violations, I ask the Governor to act for the good of the people of Missouri and to veto **House Bill No. 1311**.

Sincerely,

/s/ Ed Emery

MESSAGE FROM THE GOVERNOR

The following Proclamation was received from His Excellency, Governor Jeremiah W. (Jay) Nixon.

PROCLAMATION

WHEREAS, automobile manufacturing and the supplier industry that automobile production supports are vital to our State's economy; and

WHEREAS, automobile manufacturing facilities and suppliers are located in every corner of this State; and

WHEREAS, it is critical to the communities where these highly-skilled workers are employed that the automobile manufacturing and supplier industry remains a vibrant sector of Missouri's economy; and

WHEREAS, during the Second Regular Session of the Ninety-Fifth General Assembly, the General Assembly considered legislation that would have provided key economic development investments in the automobile manufacturing and supplier industry; and

WHEREAS, the failure to enact an economic development bill that prudently invests in Missouri's automobile manufacturing and supplier industry in a measured manner by creating jobs and continuing the role of Missouri as a national leader in this industry constitutes an immediate economic threat to the well-being of the economy of the State of Missouri; and

WHEREAS, during the Second Regular Session of the Ninety-Fifth General Assembly, the General Assembly considered legislation that would have modernized the state employee retirement system; and

WHEREAS, the proposed legislation would have required employee contributions and changed retirement eligibility criteria for certain state employees hired after January 1, 2011, provided financial stability to the state employee retirement system and protected its defined benefit plan; and

2 *Journal of the House*

WHEREAS, Article IV, Section 9 of the Missouri Constitution authorizes the Governor on extraordinary occasions to convene the General Assembly by proclamation, wherein he shall state specifically each matter on which action is deemed necessary; and

WHEREAS, the need for an economic development program promoting investment in Missouri's automobile manufacturing and supplier industry and modernization of the state employee retirement system are extraordinary occasions as envisioned by Article IV, Section 9 of the Missouri Constitution.

NOW THEREFORE, on the extraordinary occasions that exist in the State of Missouri:

I, JEREMIAH W. (JAY) NIXON, GOVERNOR OF THE STATE OF MISSOURI, pursuant to the authority vested in me as Governor by the Constitution of the State of Missouri, do, by this Proclamation, convene the Ninety-Fifth General Assembly of the State of Missouri in the First Extra Session of the Second Regular Session; and

I HEREBY call upon the Senators and Representatives of said General Assembly to meet in the State Capitol in the City of Jefferson at the hour of 12:00 p.m., Central Daylight Time, on June 24, 2010; and

I HEREBY state that the action of said General Assembly is deemed necessary concerning each matter specifically designated and limited hereinafter as follows:

1. To enact legislation establishing an economic development program designed to support and strengthen the automobile manufacturing and supplier industry through the providing of benefits in the form of retained withholding taxes for qualifying jobs at automobile manufacturing facilities and their suppliers.

2. To enact legislation modernizing various aspects of the state employee retirement system by requiring employee contributions and changing retirement eligibility criteria and employee options for individuals hired after January 1, 2011, and further establishing additional efficiencies and oversight and maximizing investment returns for the retirement system. This matter is restricted and no legislation enacted hereunder may affect the Public School Retirement System of Missouri or the Public Education Employee Retirement System of Missouri other than to exempt such systems from the legislation.

3. To allow the Senate to consider appointments to boards, commissions, departments, and divisions that require advice and consent of the Senate.

4. Such additional and other matters as may be recommended by the Governor by special message to the General Assembly after it shall have been convened.

IN WITNESS WHEREOF, I have hereunto set my hand and caused to be affixed the Great Seal of the State of Missouri, in the City of Jefferson, on this 18th day of June, 2010.

JOURNAL OF THE HOUSE

First Extraordinary Session, 95th GENERAL ASSEMBLY

SIXTH DAY, TUESDAY, JUNE 29, 2010

The House met pursuant to adjournment.

Speaker Richard in the Chair.

Prayer by Reverend James Earl Jackson.

Lord God, we praise You, as the Almighty - no one and no thing is mightier than You are. You measure the waters in the hollow of Your hand. You weigh the mountains on scales. You stretch out the heavens like a curtain. Your immensity is impossible for us to comprehend. You make the impossible possible.

This promise we have from You: When we go through deep waters and great trouble, You are with us. When we go through rivers of difficulty, we will not drown. When we walk through the fire of oppression, we will not be burned up - the flames will not consume us. For You are the Lord our God, our Savior, the Holy One.

Open our eyes to what we can not see. Our ears to what we have not heard. Our hands to what we have not received. Our mouths to what we have not said. Guide us through this Special Session by Your grace and mercy. We look to You. Help us to identify and overcome the log jams that inhibit the flow of good thought, judgment and action. May You Lord, our God, favor us and make our efforts successful. Yes, make our efforts successful this week.

Now unto Him who is able to keep us from stumbling and to present us faultless before the presence of His glory with exceeding joy, to God our Savior, Who alone is wise, be glory and majesty, dominion and power, both now and forever.

In the name of Your Son, I pray. Amen.

The Pledge of Allegiance to the flag was recited.

Further amend said bill, Pages 12 and 13, Section 135.953, Lines 1 to 51, by deleting all of said lines and inserting in lieu thereof the following:

"135.953. 1. For purposes of sections 135.950 to 135.970, an area shall meet the following criteria in order to qualify as an enhanced enterprise zone:

(1) The area shall be a blighted area, have pervasive poverty, unemployment and general distress; and

(2) At least sixty percent of the residents living in the area have incomes below ninety percent of the median income of all residents:

(a) Within the state of Missouri, according to the [last decennial census] **United States Census Bureau's American Community Survey, based on the most recent of five-year period estimate data in which the final year of the estimate ends in either zero or five** or other appropriate source as approved by the director; or

(b) Within the county or city not within a county in which the area is located, according to the last decennial census or other appropriate source as approved by the director; and

(3) The resident population of the area shall be at least five hundred but not more than one hundred thousand at the time of designation as an enhanced enterprise zone if the area lies within a metropolitan statistical area, as established by the United States Census Bureau, or if the area does not lie within a metropolitan statistical area, the resident population of the area at the time of designation shall be at least five hundred but not more than forty thousand inhabitants. If the population of the jurisdiction of the governing authority does not meet the minimum population requirements set forth in this subdivision, the population of the area must be at least fifty percent of the population of the jurisdiction. However, no enhanced enterprise zone shall be created which consists of the total area within the political boundaries of a county; and

(4) The level of unemployment of persons, according to the most recent data available from the United States Bureau of Census and approved by the director, within the area is equal to or exceeds the average rate of unemployment for:

(a) The state of Missouri over the previous twelve months; or

(b) The county or city not within a county over the previous twelve months.

2. Notwithstanding the requirements of subsection 1 of this section to the contrary, an enhanced enterprise zone may be established in an area located within a county for which public and individual assistance has been requested by the governor pursuant to Section 401 of the Robert T. Stafford Disaster Relief and Emergency Assistance Act, 42 U.S.C. 5121 et seq., for an emergency proclaimed by the governor pursuant to section 44.100, RSMo, due to a natural disaster of major proportions, if the area to be designated is blighted and sustained severe damage as a result of such natural disaster, as determined by the state emergency management agency. An application for designation as an enhanced enterprise zone pursuant to this subsection shall be made before the expiration of one year from the date the governor requested federal relief for the area sought to be designated.

3. Notwithstanding the requirements of subsection 1 of this section to the contrary, an enhanced enterprise zone may be designated in a county of declining population if it meets the requirements of subdivisions (1), (3) and either (2) or (4) of subsection 1 of this section. For the purposes of this subsection, a "county of declining population" is one that has lost one percent or more of its population as demonstrated by comparing the most recent decennial census population to the next most recent decennial census population for the county.

4. Notwithstanding the requirements of subsection 1 of this section to the contrary, a certified site zone or a dormant manufacturing plant zone may be designated as an enhanced enterprise zone if the certified site zone meets the criteria set forth in subdivision (4) of section 135.950 or if the dormant manufacturing plant zone meets the criteria set forth in subdivision (10) of section 135.950.

5. In addition to meeting the requirements of subsection 1, 2, 3, or [3] 4 of this section, an area, to qualify as an enhanced enterprise zone, shall be demonstrated by the governing authority to have either:

(1) The potential to create sustainable jobs in a targeted industry; or

(2) A demonstrated impact on local industry cluster development.

6. The amendment to paragraph (a) of subdivision (2) of subsection 1 of this section as enacted by house bill no. 2, ninety-fifth general assembly, second regular session, first extraordinary session shall not become effective unless conference committee substitute for senate committee substitute for house committee substitute for house bill no. 1965, ninety-fifth general assembly, second regular session becomes law."; and

Further amend said bill, Pages 25 to 30, Section 137.115, Lines 1 to 176, by deleting all of said lines and inserting in lieu thereof the following:

"137.115. 1. All other laws to the contrary notwithstanding, the assessor or the assessor's deputies in all counties of this state including the city of St. Louis shall annually make a list of all real and tangible personal property taxable in the assessor's city, county, town or district. Except as otherwise provided in subsection 3 of this section and section 137.078, the assessor shall annually assess all personal property at thirty-three and one-third percent of its true value in money as of January first of each calendar year. The assessor shall annually assess all real property, including any new construction and improvements to real property, and possessory interests in real property at the percent of its true value in money set in subsection 5 of this section. The true value in money of any possessory interest in real property in subclass (3), where such real property is on or lies within the ultimate airport boundary as shown by a federal airport layout plan, as defined by 14 CFR 151.5, of a commercial airport having a FAR Part 139 certification and owned by a political subdivision, shall be the otherwise applicable true value in money of any such possessory interest in real property, less the total dollar amount of costs paid by a party, other than the political subdivision, towards any new construction or improvements on such real property completed after January 1, 2008, and which are included in the above-mentioned possessory interest, regardless of the year in which such costs were incurred or whether such costs were considered in any prior year. The assessor shall annually assess all real property in the following manner: new assessed values shall be determined as of January first of each odd-numbered year and shall be entered in the assessor's books; those same assessed values shall apply in the following even-numbered year, except for new construction and property improvements which shall be valued as though they had been completed as of January first of the preceding odd-numbered year. The assessor may call at the office, place of doing business, or residence of each person required by this chapter to list property, and require the person to make a correct statement of all taxable tangible personal property owned by the person or under his or her care, charge or management, taxable in the county. On or before January first of each even-numbered year, the assessor shall prepare and submit a two-year assessment maintenance plan to the county governing body and the state tax commission for their respective approval or modification. The county governing body shall approve and forward such plan or its alternative to the plan to the state tax commission by February first. If the county governing body fails to forward the plan or its alternative to the plan to the state tax commission by February first, the assessor's plan shall be considered approved by the county governing body. If the state tax commission fails to approve a plan and if the state tax commission and the assessor and the governing body of the county involved are unable to resolve the differences, in order to receive state cost-share funds outlined in section 137.750, the county or the assessor shall petition the administrative hearing commission, by May first, to decide all matters in dispute regarding the assessment maintenance plan. Upon agreement of the parties, the matter may be stayed while the parties proceed with mediation or arbitration upon terms agreed to by the parties. The final decision of the administrative hearing commission shall be subject to judicial review in the circuit court of the county involved. In the event a valuation of subclass (1) real property within any county with a charter form of government, or within a city not within a county, is made by a computer, computer-assisted method or a computer program, the burden of proof, supported by clear, convincing and cogent evidence to sustain such valuation, shall be on the assessor at any hearing or appeal. In any such county, unless the assessor proves otherwise, there shall be a presumption that the assessment was made by a computer, computer-assisted method or a computer program. Such evidence shall include, but shall not be limited to, the following:

(1) The findings of the assessor based on an appraisal of the property by generally accepted appraisal techniques; and

(2) The purchase prices from sales of at least three comparable properties and the address or location thereof. As used in this subdivision, the word "comparable" means that:

(a) Such sale was closed at a date relevant to the property valuation; and

(b) Such properties are not more than one mile from the site of the disputed property, except where no similar properties exist within one mile of the disputed property, the nearest comparable property shall be used. Such property shall be within five hundred square feet in size of the disputed property, and resemble the disputed property in age, floor plan, number of rooms, and other relevant characteristics.

2. Assessors in each county of this state and the city of St. Louis may send personal property assessment forms through the mail.

3. The following items of personal property shall each constitute separate subclasses of tangible personal property and shall be assessed and valued for the purposes of taxation at the following percentages of their true value in money:

(1) Grain and other agricultural crops in an unmanufactured condition, one-half of one percent;

(2) Livestock, twelve percent;

(3) Farm machinery, twelve percent;
 (4) Motor vehicles which are eligible for registration as and are registered as historic motor vehicles pursuant to section 301.131, RSMo, and aircraft which are at least twenty-five years old and which are used solely for noncommercial purposes and are operated less than fifty hours per year or aircraft that are home built from a kit, five percent;

(5) Poultry, twelve percent; [and]

(6) Tools and equipment used for pollution control and tools and equipment used in retooling for the purpose of introducing new product lines or used for making improvements to existing products by any company which is located in a state enterprise zone and which is identified by any standard industrial classification number cited in subdivision (6) of section 135.200, RSMo, twenty-five percent; **and**

(7) **Tools, telecommunications equipment, power production and transmission machinery and equipment, data processing machinery and equipment, and other machinery and equipment that is used in an enhanced enterprise zone designated as such a zone for a certified site zone as defined in subdivision (4) of section 135.950, one-half of one percent.**

4. The person listing the property shall enter a true and correct statement of the property, in a printed blank prepared for that purpose. The statement, after being filled out, shall be signed and either affirmed or sworn to as provided in section 137.155. The list shall then be delivered to the assessor.

5. All subclasses of real property, as such subclasses are established in section 4(b) of article X of the Missouri Constitution and defined in section 137.016, shall be assessed at the following percentages of true value:

- (1) For real property in subclass (1), nineteen percent;
- (2) For real property in subclass (2), twelve percent; and
- (3) For real property in subclass (3), thirty-two percent.

6. Manufactured homes, as defined in section 700.010, RSMo, which are actually used as dwelling units shall be assessed at the same percentage of true value as residential real property for the purpose of taxation. The percentage of assessment of true value for such manufactured homes shall be the same as for residential real property. If the county collector cannot identify or find the manufactured home when attempting to attach the manufactured home for payment of taxes owed by the manufactured home owner, the county collector may request the county commission to have the manufactured home removed from the tax books, and such request shall be granted within thirty days after the request is made; however, the removal from the tax books does not remove the tax lien on the manufactured home if it is later identified or found. **For purposes of this section**, a manufactured home located in a manufactured home rental park, rental community or on real estate not owned by the manufactured home owner shall be considered personal property. **For purposes of this section**, a manufactured home located on real estate owned by the manufactured home owner may be considered real property.

7. Each manufactured home assessed shall be considered a parcel for the purpose of reimbursement pursuant to section 137.750, unless the manufactured home [has been converted to] **is real [property in compliance with section 700.111, RSMo] estate as defined in subsection 7 of section 442.015** and assessed as a realty improvement to the existing real estate parcel.

8. Any amount of tax due and owing based on the assessment of a manufactured home shall be included on the personal property tax statement of the manufactured home owner unless the manufactured home [has been converted to] **is real [property in compliance with section 700.111, RSMo] estate as defined in subsection 7 of section 442.015**, in which case the amount of tax due and owing on the assessment of the manufactured home as a realty improvement to the existing real estate parcel shall be included on the real property tax statement of the real estate owner.

9. The assessor of each county and each city not within a county shall use the trade-in value published in the October issue of the National Automobile Dealers' Association Official Used Car Guide, or its successor publication, as the recommended guide of information for determining the true value of motor vehicles described in such publication. In the absence of a listing for a particular motor vehicle in such publication, the assessor shall use such information or publications which in the assessor's judgment will fairly estimate the true value in money of the motor vehicle.

10. Before the assessor may increase the assessed valuation of any parcel of subclass (1) real property by more than fifteen percent since the last assessment, excluding increases due to new construction or improvements, the assessor shall conduct a physical inspection of such property.

11. If a physical inspection is required, pursuant to subsection 10 of this section, the assessor shall notify the property owner of that fact in writing and shall provide the owner clear written notice of the owner's rights relating to the physical inspection. If a physical inspection is required, the property owner may request that an interior inspection be performed during the physical inspection. The owner shall have no less than thirty days to notify the assessor of a request for an interior physical inspection.

12. A physical inspection, as required by subsection 10 of this section, shall include, but not be limited to, an on-site personal observation and review of all exterior portions of the land and any buildings and improvements to which the inspector has or may reasonably and lawfully gain external access, and shall include an observation and review of the interior of any buildings or improvements on the property upon the timely request of the owner pursuant to subsection 11 of this section. Mere observation of the property via a drive-by inspection or the like shall not be considered sufficient to constitute a physical inspection as required by this section.

13. The provisions of subsections 11 and 12 of this section shall only apply in any county with a charter form of government with more than one million inhabitants.

14. A county or city collector may accept credit cards as proper form of payment of outstanding property tax or license due. No county or city collector may charge surcharge for payment by credit card which exceeds the fee or surcharge charged by the credit card bank, processor, or issuer for its service. A county or city collector may accept payment by electronic transfers of funds in payment of any tax or license and charge the person making such payment a fee equal to the fee charged the county by the bank, processor, or issuer of such electronic payment.

15. Any county or city not within a county in this state may, by an affirmative vote of the governing body of such county, opt out of the provisions of this section and sections 137.073, 138.060, and 138.100, RSMo, as enacted by house bill no. 1150 of the ninety-first general assembly, second regular session and section 137.073 as modified by house committee substitute for senate substitute for senate committee substitute for senate bill no. 960, ninety-second general assembly, second regular session, for the next year of the general reassessment, prior to January first of any year. No county or city not within a county shall exercise this opt-out provision after implementing the provisions of this section and sections 137.073, 138.060, and 138.100, RSMo, as enacted by house bill no. 1150 of the ninety-first general assembly, second regular session and section 137.073 as modified by house committee substitute for senate substitute for senate committee substitute for senate bill no. 960, ninety-second general assembly, second regular session, in a year of general reassessment. For the purposes of applying the provisions of this subsection, a political subdivision contained within two or more counties where at least one of such counties has opted out and at least one of such counties has not opted out shall calculate a single tax rate as in effect prior to the enactment of house bill no. 1150 of the ninety-first general assembly, second regular session. A governing body of a city not within a county or a county that has opted out under the provisions of this subsection may choose to implement the provisions of this section and sections 137.073, 138.060, and 138.100, RSMo, as enacted by house bill no. 1150 of the ninety-first general assembly, second regular session, and section 137.073 as modified by house committee substitute for senate substitute for senate committee substitute for senate bill no. 960, ninety-second general assembly, second regular session, for the next year of general reassessment, by an affirmative vote of the governing body prior to December thirty-first of any year.

16. The governing body of any city of the third classification with more than twenty-six thousand three hundred but fewer than twenty-six thousand seven hundred inhabitants located in any county that has exercised its authority to opt out under subsection 15 of this section may levy separate and differing tax rates for real and personal property only if such city bills and collects its own property taxes or satisfies the entire cost of the billing and collection of such separate and differing tax rates. Such separate and differing rates shall not exceed such city's tax rate ceiling.

17. The amendments to subsections 6, 7, and 8 of this section as enacted by house bill no. 2, ninety-fifth general assembly, second regular session, first extraordinary session shall not become effective unless senate committee substitute for senate bill no. 630, ninety-fifth general assembly, second regular session becomes law. Upon such contingency, the amendments to subsections 6, 7, and 8 shall become effective March 1, 2011."; and

Further amend said bill, Page 49, Section 620.1910, Line 173, by inserting after all of said line the following:

"[135.953. 1. For purposes of sections 135.950 to 135.970, an area shall meet the following criteria in order to qualify as an enhanced enterprise zone:

(1) The area shall be a blighted area, have pervasive poverty, unemployment and general distress; and

(2) At least sixty percent of the residents living in the area have incomes below ninety percent of the median income of all residents:

(a) Within the state of Missouri, according to the [last decennial census] **United States Census Bureau's American Community Survey, based on the most recent of five-year period estimate data in which the final year of the estimate ends in either zero or five** or other appropriate source as approved by the director; or

(b) Within the county or city not within a county in which the area is located, according to the last decennial census or other appropriate source as approved by the director; and

(3) The resident population of the area shall be at least five hundred but not more than one hundred thousand at the time of designation as an enhanced enterprise zone if the area lies within a metropolitan statistical area, as established by the United States Census Bureau, or if the area does not lie within a metropolitan statistical area, the resident population of the area at the time of designation shall be at least five hundred but not more than forty thousand inhabitants. If the population of the jurisdiction of the governing authority does not meet the minimum population requirements set forth in this subdivision, the population of the area must be at least fifty percent of the population of the jurisdiction. However, no enhanced enterprise zone shall be created which consists of the total area within the political boundaries of a county; and

(4) The level of unemployment of persons, according to the most recent data available from the United States Bureau of Census and approved by the director, within the area is equal to or exceeds the average rate of unemployment for:

- (a) The state of Missouri over the previous twelve months; or
- (b) The county or city not within a county over the previous twelve months.

2. Notwithstanding the requirements of subsection 1 of this section to the contrary, an enhanced enterprise zone may be established in an area located within a county for which public and individual assistance has been requested by the governor pursuant to Section 401 of the Robert T. Stafford Disaster Relief and Emergency Assistance Act, 42 U.S.C. 5121 et seq., for an emergency proclaimed by the governor pursuant to section 44.100, RSMo, due to a natural disaster of major proportions, if the area to be designated is blighted and sustained severe damage as a result of such natural disaster, as determined by the state emergency management agency. An application for designation as an enhanced enterprise zone pursuant to this subsection shall be made before the expiration of one year from the date the governor requested federal relief for the area sought to be designated.

3. Notwithstanding the requirements of subsection 1 of this section to the contrary, an enhanced enterprise zone may be designated in a county of declining population if it meets the requirements of subdivisions (1), (3) and either (2) or (4) of subsection 1 of this section. For the purposes of this subsection, a "county of declining population" is one that has lost one percent or more of its population as demonstrated by comparing the most recent decennial census population to the next most recent decennial census population for the county.

4. In addition to meeting the requirements of subsection 1, 2, or 3 of this section, an area, to qualify as an enhanced enterprise zone, shall be demonstrated by the governing authority to have either:

- (1) The potential to create sustainable jobs in a targeted industry; or
- (2) A demonstrated impact on local industry cluster development.]

[137.115. 1. All other laws to the contrary notwithstanding, the assessor or the assessor's deputies in all counties of this state including the city of St. Louis shall annually make a list of all real and tangible personal property taxable in the assessor's city, county, town or district. Except as otherwise provided in subsection 3 of this section and section 137.078, the assessor shall annually assess all personal property at thirty-three and one-third percent of its true value in money as of January first of each calendar year. The assessor shall annually assess all real property, including any new construction and improvements to real property, and possessory interests in real property at the percent of its true value in money set in subsection 5 of this section. The true value in money of any possessory interest in real property in subclass (3), where such real property is on or lies within the ultimate airport boundary as shown by a federal airport layout plan, as defined by 14 CFR 151.5, of a commercial airport having a FAR Part 139 certification and owned by a political subdivision, shall be the otherwise applicable true value in money of any such possessory interest in real property, less the total dollar amount of costs paid by a party, other than the political subdivision, towards any new construction or improvements on such real property completed after January 1, 2008, and which are included in the above-mentioned possessory interest, regardless of the year in which such costs were incurred or whether such costs were considered in any prior year. The assessor shall annually assess all real property in the following manner: new assessed values shall be determined as of January first of each odd-numbered year and shall be entered in the assessor's books; those same assessed values shall apply in the following even-numbered year, except for new construction and property improvements which shall be valued as though they had been completed as of January first of the

preceding odd-numbered year. The assessor may call at the office, place of doing business, or residence of each person required by this chapter to list property, and require the person to make a correct statement of all taxable tangible personal property owned by the person or under his or her care, charge or management, taxable in the county. On or before January first of each even-numbered year, the assessor shall prepare and submit a two-year assessment maintenance plan to the county governing body and the state tax commission for their respective approval or modification. The county governing body shall approve and forward such plan or its alternative to the plan to the state tax commission by February first. If the county governing body fails to forward the plan or its alternative to the plan to the state tax commission by February first, the assessor's plan shall be considered approved by the county governing body. If the state tax commission fails to approve a plan and if the state tax commission and the assessor and the governing body of the county involved are unable to resolve the differences, in order to receive state cost-share funds outlined in section 137.750, the county or the assessor shall petition the administrative hearing commission, by May first, to decide all matters in dispute regarding the assessment maintenance plan. Upon agreement of the parties, the matter may be stayed while the parties proceed with mediation or arbitration upon terms agreed to by the parties. The final decision of the administrative hearing commission shall be subject to judicial review in the circuit court of the county involved. In the event a valuation of subclass (1) real property within any county with a charter form of government, or within a city not within a county, is made by a computer, computer-assisted method or a computer program, the burden of proof, supported by clear, convincing and cogent evidence to sustain such valuation, shall be on the assessor at any hearing or appeal. In any such county, unless the assessor proves otherwise, there shall be a presumption that the assessment was made by a computer, computer-assisted method or a computer program. Such evidence shall include, but shall not be limited to, the following:

(1) The findings of the assessor based on an appraisal of the property by generally accepted appraisal techniques; and

(2) The purchase prices from sales of at least three comparable properties and the address or location thereof. As used in this subdivision, the word "comparable" means that:

(a) Such sale was closed at a date relevant to the property valuation; and

(b) Such properties are not more than one mile from the site of the disputed property, except where no similar properties exist within one mile of the disputed property, the nearest comparable property shall be used. Such property shall be within five hundred square feet in size of the disputed property, and resemble the disputed property in age, floor plan, number of rooms, and other relevant characteristics.

2. Assessors in each county of this state and the city of St. Louis may send personal property assessment forms through the mail.

3. The following items of personal property shall each constitute separate subclasses of tangible personal property and shall be assessed and valued for the purposes of taxation at the following percentages of their true value in money:

(1) Grain and other agricultural crops in an unmanufactured condition, one-half of one percent;

(2) Livestock, twelve percent;

(3) Farm machinery, twelve percent;

(4) Motor vehicles which are eligible for registration as and are registered as historic motor vehicles pursuant to section 301.131, RSMo, and aircraft which are at least twenty-five years old and which are used solely for noncommercial purposes and are operated less than fifty hours per year or aircraft that are home built from a kit, five percent;

(5) Poultry, twelve percent; and

(6) Tools and equipment used for pollution control and tools and equipment used in retooling for the purpose of introducing new product lines or used for making improvements to existing products by any company which is located in a state enterprise zone and which is identified by any standard industrial classification number cited in subdivision (6) of section 135.200, RSMo, twenty-five percent.

4. The person listing the property shall enter a true and correct statement of the property, in a printed blank prepared for that purpose. The statement, after being filled out, shall be signed and either affirmed or sworn to as provided in section 137.155. The list shall then be delivered to the assessor.

5. All subclasses of real property, as such subclasses are established in section 4(b) of article X of the Missouri Constitution and defined in section 137.016, shall be assessed at the following percentages of true value:

- (1) For real property in subclass (1), nineteen percent;
- (2) For real property in subclass (2), twelve percent; and
- (3) For real property in subclass (3), thirty-two percent.

6. Manufactured homes, as defined in section 700.010, RSMo, which are actually used as dwelling units shall be assessed at the same percentage of true value as residential real property for the purpose of taxation. The percentage of assessment of true value for such manufactured homes shall be the same as for residential real property. If the county collector cannot identify or find the manufactured home when attempting to attach the manufactured home for payment of taxes owed by the manufactured home owner, the county collector may request the county commission to have the manufactured home removed from the tax books, and such request shall be granted within thirty days after the request is made; however, the removal from the tax books does not remove the tax lien on the manufactured home if it is later identified or found. **For purposes of this section,** a manufactured home located in a manufactured home rental park, rental community or on real estate not owned by the manufactured home owner shall be considered personal property. **For purposes of this section,** a manufactured home located on real estate owned by the manufactured home owner may be considered real property.

7. Each manufactured home assessed shall be considered a parcel for the purpose of reimbursement pursuant to section 137.750, unless the manufactured home [has been converted to] is real [property in compliance with section 700.111, RSMo] **estate as defined in subsection 7 of section 442.015** and assessed as a realty improvement to the existing real estate parcel.

8. Any amount of tax due and owing based on the assessment of a manufactured home shall be included on the personal property tax statement of the manufactured home owner unless the manufactured home [has been converted to] **is real [property in compliance with section 700.111, RSMo] estate as defined in subsection 7 of section 442.015**, in which case the amount of tax due and owing on the assessment of the manufactured home as a realty improvement to the existing real estate parcel shall be included on the real property tax statement of the real estate owner.

9. The assessor of each county and each city not within a county shall use the trade-in value published in the October issue of the National Automobile Dealers' Association Official Used Car Guide, or its successor publication, as the recommended guide of information for determining the true value of motor vehicles described in such publication. In the absence of a listing for a particular motor vehicle in such publication, the assessor shall use such information or publications which in the assessor's judgment will fairly estimate the true value in money of the motor vehicle.

10. Before the assessor may increase the assessed valuation of any parcel of subclass (1) real property by more than fifteen percent since the last assessment, excluding increases due to new construction or improvements, the assessor shall conduct a physical inspection of such property.

11. If a physical inspection is required, pursuant to subsection 10 of this section, the assessor shall notify the property owner of that fact in writing and shall provide the owner clear written notice of the owner's rights relating to the physical inspection. If a physical inspection is required, the property owner may request that an interior inspection be performed during the physical inspection. The owner shall have no less than thirty days to notify the assessor of a request for an interior physical inspection.

12. A physical inspection, as required by subsection 10 of this section, shall include, but not be limited to, an on-site personal observation and review of all exterior portions of the land and any buildings and improvements to which the inspector has or may reasonably and lawfully gain external access, and shall include an observation and review of the interior of any buildings or improvements on the property upon the timely request of the owner pursuant to subsection 11 of this section. Mere observation of the property via a drive-by inspection or the like shall not be considered sufficient to constitute a physical inspection as required by this section.

13. The provisions of subsections 11 and 12 of this section shall only apply in any county with a charter form of government with more than one million inhabitants.

14. A county or city collector may accept credit cards as proper form of payment of outstanding property tax or license due. No county or city collector may charge surcharge for payment by credit card which exceeds the fee or surcharge charged by the credit card bank, processor, or issuer

for its service. A county or city collector may accept payment by electronic transfers of funds in payment of any tax or license and charge the person making such payment a fee equal to the fee charged the county by the bank, processor, or issuer of such electronic payment.

15. Any county or city not within a county in this state may, by an affirmative vote of the governing body of such county, opt out of the provisions of this section and sections 137.073, 138.060, and 138.100, RSMo, as enacted by house bill no. 1150 of the ninety-first general assembly, second regular session and section 137.073 as modified by house committee substitute for senate substitute for senate committee substitute for senate bill no. 960, ninety-second general assembly, second regular session, for the next year of the general reassessment, prior to January first of any year. No county or city not within a county shall exercise this opt-out provision after implementing the provisions of this section and sections 137.073, 138.060, and 138.100, RSMo, as enacted by house bill no. 1150 of the ninety-first general assembly, second regular session and section 137.073 as modified by house committee substitute for senate substitute for senate committee substitute for senate bill no. 960, ninety-second general assembly, second regular session, in a year of general reassessment. For the purposes of applying the provisions of this subsection, a political subdivision contained within two or more counties where at least one of such counties has opted out and at least one of such counties has not opted out shall calculate a single tax rate as in effect prior to the enactment of house bill no. 1150 of the ninety-first general assembly, second regular session. A governing body of a city not within a county or a county that has opted out under the provisions of this subsection may choose to implement the provisions of this section and sections 137.073, 138.060, and 138.100, RSMo, as enacted by house bill no. 1150 of the ninety-first general assembly, second regular session, and section 137.073 as modified by house committee substitute for senate substitute for senate committee substitute for senate bill no. 960, ninety-second general assembly, second regular session, for the next year of general reassessment, by an affirmative vote of the governing body prior to December thirty-first of any year.

16. Such separate and differing rates shall not exceed such city's tax rate ceiling.]; and

On motion of Representative Nolte, **House Amendment No. 1** was adopted.

Representative Stream offered **House Amendment No. 2**.

House Amendment No. 2

AMEND House Committee Substitute for House Bill No. 2, Section 135.969, Page 25, Line 137, by inserting the following after all of said line:

"137.106. 1. This section [may] **shall** be known and may be cited as "The Missouri Homestead Preservation Act".

2. As used in this section, the following terms shall mean:

(1) "Department", the department of revenue;

(2) "Director", the director of revenue;

(3) "Disabled", as such term is defined in section 135.010, RSMo;

(4) "Eligible owner", any individual owner of property who is sixty-five years old or older as of January first of the tax year in which the individual is claiming the credit or who is disabled, and who had an income of equal to or less than the maximum upper limit in the year prior to completing an application pursuant to this section; or

(a) In the case of a married couple owning property either jointly or as tenants by the entirety, or where only one spouse owns the property, such couple shall be considered an eligible taxpayer if both spouses have reached the age of sixty-five or if one spouse is disabled, or if one spouse is at least sixty-five years old and the other spouse is at least

sixty years old, and the combined income of the couple in the year prior to completing an application pursuant to this section did not exceed the maximum upper limit; or

(b) In the case of joint ownership by unmarried persons or ownership by tenancy in common by two or more unmarried persons, such owners shall be considered an eligible owner if each person with an ownership interest individually satisfies the eligibility requirements for an individual eligible owner under this section and the combined income of all individuals with an interest in the property is equal to or less than the maximum upper limit in the year prior to completing an application under this section. If any individual with an ownership interest in the property fails to satisfy the eligibility requirements of an individual eligible owner or if the combined income of all individuals with interest in the property exceeds the maximum upper limit, then all individuals with an ownership interest in such property shall be deemed ineligible owners regardless of such other individual's ability to individually meet the eligibility requirements; or

(c) In the case of property held in trust, the eligible owner and recipient of the tax credit shall be the trust itself provided the previous owner of the homestead or the previous owner's spouse: is the settlor of the trust with respect to the homestead; currently resides in such homestead; and but for the transfer of such property would have satisfied the age, ownership, and maximum upper limit requirements for income as defined in subdivisions (7) and (8) of this subsection;

No individual shall be an eligible owner if the individual has not paid [their] **the individual's** property tax liability, if any, in full by the payment due date in any of the three prior tax years, except that a late payment of a property tax liability in any prior year shall not disqualify a potential eligible owner if such owner paid in full the tax liability and any and all penalties, additions and interest that arose as a result of such late payment; no individual shall be an eligible owner if such person filed a valid claim for the senior citizens property tax relief credit pursuant to sections 135.010 to 135.035, RSMo;

(5) "Homestead", as such term is defined pursuant to section 135.010, RSMo, except as limited by provisions of this section to the contrary. No property shall be considered a homestead if such property was improved since the most recent annual assessment by more than five percent of the prior year appraised value, except where an eligible owner of the property has made such improvements to accommodate a disabled person;

(6) "Homestead exemption limit", a percentage increase, rounded to the nearest hundredth of a percent, which shall be equal to the percentage increase to tax liability, not including improvements, of a homestead from one tax year to the next that exceeds a certain percentage set pursuant to subsection 10 of this section. For applications filed in 2005 or 2006, the homestead exemption limit shall be based on the increase to tax liability from 2004 to 2005. For applications filed between April 1, 2005, and September 30, 2006, an eligible owner, who otherwise satisfied the requirements of this section, shall not apply for the homestead exemption credit more than once during such period. For applications filed after 2006, the homestead exemption limit shall be based on the increase to tax liability from two years prior to application to the year immediately prior to application. For applications filed between December 31, 2008, and December 31, 2011, the homestead exemption limit shall be based on the increase in tax liability from the base year to the year prior to the application year. For applications filed on or after January 1, 2012, the homestead exemption limit shall be based on the increase to tax liability from two years prior to application to the year immediately prior to application. For purposes of this subdivision, the term "base year" means the year prior to the first year in which the eligible owner's application was approved, or 2006, whichever is later;

(7) "Income", federal adjusted gross income, and in the case of ownership of the homestead by trust, the income of the settlor applicant shall be imputed to the income of the trust for purposes of determining eligibility with regards to the maximum upper limit;

(8) "Maximum upper limit", in the calendar year 2005, the income sum of seventy thousand dollars; in each successive calendar year this amount shall be raised by the incremental increase in the general price level, as defined pursuant to article X, section 17 of the Missouri Constitution.

3. Pursuant to article X, section 6(a) of the Constitution of Missouri, if in the prior tax year, the property tax liability on any parcel of subclass (1) real property increased by more than the homestead exemption limit, without regard for any prior credit received due to the provisions of this section, then any eligible owner of the property shall receive a homestead exemption credit to be applied in the current tax year property tax liability to offset the prior year increase to tax liability that exceeds the homestead exemption limit, except as eligibility for the credit is limited by the provisions of this section. The amount of the credit shall be listed separately on each taxpayer's tax bill for the current tax year, or on a document enclosed with the taxpayer's bill. The homestead exemption credit shall not affect the process of setting the tax rate as required pursuant to article X, section 22 of the Constitution of Missouri and section 137.073 in any prior, current, or subsequent tax year.

4. If application is made in 2005, any potential eligible owner may apply for the homestead exemption credit by completing an application through their local assessor's office. Applications may be completed between April first and September thirtieth of any tax year in order for the taxpayer to be eligible for the homestead exemption credit in the tax year next following the calendar year in which the homestead exemption credit application was completed. The application shall be on forms provided to the assessor's office by the department. Forms also shall be made available on the department's Internet site and at all permanent branch offices and all full-time, temporary, or fee offices maintained by the department of revenue. The applicant shall attest under penalty of perjury:

- (1) To the applicant's age;
- (2) That the applicant's prior year income was less than the maximum upper limit;
- (3) To the address of the homestead property; and
- (4) That any improvements made to the homestead, not made to accommodate a disabled person, did not total more than five percent of the prior year appraised value. The applicant shall also include with the application copies of receipts indicating payment of property tax by the applicant for the homestead property for the two prior tax years.

5. If application is made in 2005, the assessor, upon request for an application, shall:

- (1) Certify the parcel number and owner of record as of January first of the homestead, including verification of the acreage classified as residential on the assessor's property record card;
- (2) Obtain appropriate prior tax year levy codes for each homestead from the county clerks for inclusion on the form;
- (3) Record on the application the assessed valuation of the homestead for the current tax year, and any new construction or improvements for the current tax year; and
- (4) Sign the application, certifying the accuracy of the assessor's entries.

6. If application is made after 2005, any potential eligible owner may apply for the homestead exemption credit by completing an application. Applications may be completed between April first and October fifteenth of any tax year in order for the taxpayer to be eligible for the homestead exemption credit in the tax year next following the calendar year in which the homestead exemption credit application was completed. The application shall be on forms provided by the department. Forms also shall be made available on the department's Internet site and at all permanent branch offices and all full-time, temporary, or fee offices maintained by the department of revenue. The applicant shall attest under penalty of perjury:

- (1) To the applicant's age;
- (2) That the applicant's prior year income was less than the maximum upper limit;
- (3) To the address of the homestead property;
- (4) That any improvements made to the homestead, not made to accommodate a disabled person, did not total more than five percent of the prior year appraised value[; and].

[(5)]

The applicant shall also include with the application copies of receipts indicating payment of property tax by the applicant for the homestead property for the three prior tax years.

7. Each applicant shall send the application to the department by October fifteenth of each year for the taxpayer to be eligible for the homestead exemption credit in the tax year next following the calendar year in which the application was completed.

8. If application is made in 2005, upon receipt of the applications, the department shall calculate the tax liability, adjusted to exclude new construction or improvements, verify compliance with the maximum income limit, verify the age of the applicants, and make adjustments to these numbers as necessary on the applications. The department also shall disallow any application where the applicant has also filed a valid application for the senior citizens property tax credit, pursuant to sections 135.010 to 135.035, RSMo. Once adjusted tax liability, age, and income are verified, the director shall determine eligibility for the credit, and provide a list of all verified eligible owners to the county collectors or county clerks in counties with a township form of government by December fifteenth of each year. By January fifteenth, the county collectors or county clerks in counties with a township form of government shall provide a list to the department of any verified eligible owners who failed to pay the property tax due for the tax year that ended immediately prior. Such eligible owners shall be disqualified from receiving the credit in the current tax year.

9. If application is made after 2005, upon receipt of the applications, the department shall calculate the tax liability, verify compliance with the maximum income limit, verify the age of the applicants, and make adjustments to these numbers as necessary on the applications. The department also shall disallow any application where the applicant also has filed a valid application for the senior citizens property tax credit under sections 135.010 to 135.035, RSMo. Once adjusted tax liability, age, and income are verified, the director shall determine eligibility for the credit and provide a list of all verified eligible owners to the county assessors or county clerks in counties with a township form of

government by December fifteenth of each year. By January fifteenth, the county assessors shall provide a list to the department of any verified eligible owners who made improvements not for accommodation of a disability to the homestead and the dollar amount of the assessed value of such improvements. If the dollar amount of the assessed value of such improvements totaled more than five percent of the prior year appraised value, such eligible owners shall be disqualified from receiving the credit in the current tax year.

10. The director shall calculate the level of appropriation necessary to set the homestead exemption limit at five percent when based on a year of general reassessment or at two and one-half percent when based on a year without general reassessment for the homesteads of all verified eligible owners, and provide such calculation to the speaker of the house of representatives, the president pro tempore of the senate, and the director of the office of budget and planning in the office of administration by January thirty-first of each year.

11. For applications made in 2005, the general assembly shall make an appropriation for the funding of the homestead exemption credit that is signed by the governor, then the director shall, by July thirty-first of such year, set the homestead exemption limit. The limit shall be a single, statewide percentage increase to tax liability, rounded to the nearest hundredth of a percent, which, if applied to all homesteads of verified eligible owners who applied for the homestead exemption credit in the immediately prior tax year, would cause all but one-quarter of one percent of the amount of the appropriation, minus any withholding by the governor, to be distributed during that fiscal year. The remaining one-quarter of one percent shall be distributed to the county assessment funds of each county on a proportional basis, based on the number of eligible owners in each county; such one-quarter percent distribution shall be delineated in any such appropriation as a separate line item in the total appropriation. If no appropriation is made by the general assembly during any tax year or no funds are actually distributed pursuant to any appropriation therefor, then no homestead preservation credit shall apply in such year.

12. After setting the homestead exemption limit for applications made in 2005, the director shall apply the limit to the homestead of each verified eligible owner and calculate the credit to be associated with each verified eligible owner's homestead, if any. The director shall send a list of those eligible owners who are to receive the homestead exemption credit, including the amount of each credit, the certified parcel number of the homestead, and the address of the homestead property, to the county collectors or county clerks in counties with a township form of government by August thirty-first. Pursuant to such calculation, the director shall instruct the state treasurer as to how to distribute the appropriation and assessment fund allocation to the county collector's funds of each county or the treasurer ex officio collector's fund in counties with a township form of government where recipients of the homestead exemption credit are located, so as to exactly offset each homestead exemption credit being issued, plus the one-quarter of one percent distribution for the county assessment funds. As a result of the appropriation, in no case shall a political subdivision receive more money than it would have received absent the provisions of this section plus the one-quarter of one percent distribution for the county assessment funds. Funds, at the direction of the county collector or the treasurer ex officio collector in counties with a township form of government, shall be deposited in the county collector's fund of a county or the treasurer ex officio collector's fund or may be sent by mail to the collector of a county, or the treasurer ex officio collector in counties with a township form of government, not later than October first in any year a homestead exemption credit is appropriated as a result of this section and shall be distributed as moneys in such funds are commonly distributed from other property tax revenues by the collector of the county or the treasurer ex officio collector of the county in counties with a township form of government, so as to exactly offset each homestead exemption credit being issued. In counties with a township form of government, the county clerk shall provide the treasurer ex officio collector a summary of the homestead exemption credit for each township for the purpose of distributing the total homestead exemption credit to each township collector in a particular county.

13. If, in any given year after 2005, the general assembly shall make an appropriation for the funding of the homestead exemption credit that is signed by the governor, then the director shall determine the apportionment percentage by equally apportioning the appropriation among all eligible applicants on a percentage basis. If no appropriation is made by the general assembly during any tax year or no funds are actually distributed pursuant to any appropriation therefor, then no homestead preservation credit shall apply in such year.

14. After determining the apportionment percentage, the director shall calculate the credit to be associated with each verified eligible owner's homestead, if any. The director shall send a list of those eligible owners who are to receive the homestead exemption credit, including the amount of each credit, the certified parcel number of the homestead, and the address of the homestead property, to the county collectors or county clerks in counties with a township form of government by August thirty-first. Pursuant to such calculation, the director shall instruct the state treasurer as to how to distribute the appropriation to the county collector's fund of each county where recipients of the homestead exemption credit are located, so as to exactly offset each homestead exemption credit being issued. As a result of the appropriation, in no case shall a political subdivision receive more money than it would have received absent the provisions of this section. Funds, at the direction of the collector of the county or treasurer ex officio collector in counties with a township

form of government, shall be deposited in the county collector's fund of a county or may be sent by mail to the collector of a county, or treasurer ex officio collector in counties with a township form of government, not later than October first in any year a homestead exemption credit is appropriated as a result of this section and shall be distributed as moneys in such funds are commonly distributed from other property tax revenues by the collector of the county or the treasurer ex officio collector of the county in counties with a township form of government, so as to exactly offset each homestead exemption credit being issued.

15. The department shall promulgate rules for implementation of this section. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2004, shall be invalid and void. Any rule promulgated by the department shall in no way impact, affect, interrupt, or interfere with the performance of the required statutory duties of any county elected official, more particularly including the county collector when performing such duties as deemed necessary for the distribution of any homestead appropriation and the distribution of all other real and personal property taxes.

16. In the event that an eligible owner dies or transfers ownership of the property after the homestead exemption limit has been set in any given year, but prior to January first of the year in which the credit would otherwise be applied, the credit shall be void and any corresponding moneys, pursuant to subsection 12 of this section, shall lapse to the state to be credited to the general revenue fund. In the event the collector of the county or the treasurer ex officio collector of the county in counties with a township form of government determines prior to issuing the credit that the individual is not an eligible owner because the individual did not pay the prior three years' property tax liability in full, the credit shall be void and any corresponding moneys, under subsection 11 of this section, shall lapse to the state to be credited to the general revenue fund.

17. This section shall apply to all tax years beginning on or after January 1, 2005. This subsection shall become effective June 28, 2004.

18. [In accordance with the provisions of sections 23.250 to 23.298, RSMo, and unless otherwise authorized pursuant to section 23.253, RSMo:

(1) Any new program authorized under the provisions of this section shall automatically sunset six years after the effective date of this section; and

(2) This section shall terminate on September first of the year following the year in which any new program authorized under this section is sunset, and the revisor of statutes shall designate such sections and this section in a revision bill for repeal.] **Under section 23.253 of the Missouri sunset act:**

(1) **The provisions of the new program authorized under this section shall automatically sunset on December 31, 2016, unless reauthorized by an act of the general assembly; and**

(2) **If such program is reauthorized, the program authorized under this section shall automatically sunset on December 31, 2022; and**

(3) **This section shall terminate on September first of the calendar year immediately following the calendar year in which the program authorized under this section is sunset.”; and**

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

MESSAGE FROM THE SENATE

Mr. Speaker: I am instructed by the Senate to inform the House of Representatives that the Senate has taken up and adopted **SR 1**.

SENATE RESOLUTION NO. 1

BE IT RESOLVED by the Senate that the Secretary of Senate inform the House of Representatives that the Senate is duly convened and is now in session as provided by Article III, Section 32 of the Constitution and is ready for the consideration of its business.

MESSAGES FROM THE GOVERNOR

July 14, 2010

TO THE SECRETARY OF STATE OF THE STATE OF MISSOURI

Herewith I return to you **House Bill No. 1741** entitled:

"AN ACT"

To repeal section 351.340, RSMo, and to enact in lieu thereof one new section relating to board meetings of corporations.

I disapprove of **House Bill No. 1741**. My reasons for disapproval are as follows:

Under current law, a corporate board of directors may take action without a meeting if all members of the board consent in writing. Importantly, the written consent must set forth the action to be taken. **House Bill No. 1741** expands the means of communicating such consent to include electronic transmission. However, **House Bill No. 1741** also deletes the existing requirement that the directors' consent specifically set "forth the action so taken." The Model Business Corporations Act and the laws of other states require that the specific action be included in the consent. Indeed, the inclusion of such specificity is necessary to avoid ambiguity and confusion as to the scope and detail of the consent. Current law requires such specificity and its repeal cannot receive my approval.

In accordance with the above stated reasons for disapproval, I am returning **House Bill No. 1741** without my approval.

Respectfully submitted,

/s/ Jeremiah W. (Jay) Nixon
Governor

July 14, 2010

TO THE SECRETARY OF STATE OF THE STATE OF MISSOURI

Herewith I return to you **Senate Committee Substitute for House Committee Substitute for House Bill No. 1831** entitled:

"AN ACT"

To amend chapter 177, RSMo, by adding thereto one new section relating to real property donated to school districts.

I disapprove of **Senate Committee Substitute for House Committee Substitute for House Bill No. 1831**. My reasons for disapproval are as follows:

School districts are recipients of real property donated by individuals, businesses and community organizations. These parcels are used for a variety of purposes including infrastructure expansion, athletic fields, or future district needs. While the donation of real property constitutes a generous gesture by the donor and an opportunity for a school district to advance needed improvements, subsequent circumstances may dictate a school district transfer the property out of its holdings. Under existing law, a school district desiring to convey real property – be it acquired by purchase or donation – must do so through a process designed to provide the school district fair market value for the property. And, relevant to this legislation, a school district is not permitted under current law to simply return donated property to the previous owner.

Senate Committee Substitute for House Committee Substitute for House Bill No. 1831 would create an exception for land acquired through donation by allowing a school district to transfer such property back to the previous owner under certain circumstances. This provision was drafted to address a specific parcel of land held by a particular school district. While the legislation would apparently satisfy the needs of that particular school district, the language is not limited to that school district or that parcel of land and could inflict unintended future hardship to other school districts in possession of donated real property.

Senate Committee Substitute for House Committee Substitute for House Bill No. 1831 is problematic in several respects:

The legislation precludes a school district from conveying donated real property until ten years have elapsed from the date of donation;

The legislation requires that a school district, prior to selling property acquired through donation, must first offer to return the property to the previous owner. However, the legislation does not account for improvements made to the real property by the school district or allow the school district to be compensated if the previous owner accepts the property back; and

The legislation requires the previous owner refuse to accept return of the property prior to the school board being authorized to sell the donated parcel. The bill contains no procedural mechanism for when the original donor cannot be found, is deceased, or is a defunct entity or organization. Moreover, the legislation fails to impose a time period during which the donor must decide to accept or decline the return of the real property. These oversights erect a potential bar to the school district's ability to sell unneeded property.

The purpose underlying this legislation to assist a specific school district transfer a particular parcel of property may be worthy. However, I cannot permit it to be accomplished at the risk of imposing future impediments to the other school districts of this state.

In accordance with the above stated reasons for disapproval, I am returning **Senate Committee Substitute for House Committee Substitute for House Bill No. 1831** without my approval.

Respectfully submitted,

/s/ Jeremiah W. (Jay) Nixon
Governor

July 14, 2010

TO THE SECRETARY OF STATE OF THE STATE OF MISSOURI

Herewith I return to you **Senate Committee Substitute for House Committee Substitute for House Bill No. 1903** entitled:

"AN ACT"

To repeal section 160.254, RSMo, and to enact in lieu thereof three new sections relating to funds established in the state treasury to receive federal funds, with an emergency clause.

I disapprove of **Senate Committee Substitute for House Committee Substitute for House Bill No. 1903**. My reasons for disapproval are as follows:

Senate Committee Substitute for House Committee Substitute for House Bill No. 1903 creates two new accounts in the state treasury to receive federal funds under the American Recovery and Reinvestment Act of 2009. These new accounts would receive extension of the temporary increase in the Medicaid Federal Medical Assistance Percentage (FMAP) and moneys awarded to the state under the Race to the Top program. This expansion of funds in the state treasury is unnecessary and duplicative of legislation passed during the 2009 session. House Committee Substitute for Senate Committee Substitute for Senate Bill No. 313 passed during the First Regular Session of the 95th General Assembly created the Federal Budget Stabilization Fund and the Federal Stimulus Fund. These existing funds are the appropriate accounts to receive FMAP extension and Race to the Top funds.

In addition to **Senate Committee Substitute for House Committee Substitute for House Bill No. 1903** needlessly creating duplicative funds in the state treasury, the legislation also presents mechanical challenges. Under the bill, the Joint Committee on Education must approve the distribution of Race to the Top funds. This intrusion by the legislative branch into the duties of the executive branch is inconsistent with Article IV, Section 28 of the Missouri Constitution. Moreover, it is anticipated that the United States Department of Education will announce the next round of Race to the Top awards in September, 2010. If Missouri is successful, adherence to the violative approval process contained in **Senate Committee Substitute for House Committee Substitute for House Bill No. 1903** would unnecessarily delay the distribution of funds to the school districts of this state.

Finally, **Senate Committee Substitute for House Committee Substitute for House Bill No. 1903** provides that moneys remaining in the Race to the Top Fund at the end of the biennium shall revert to the credit of the general revenue fund. Such a transfer would violate federal law and subject the State of Missouri to possible sanctions by the federal government.

In accordance with the above stated reasons for disapproval, I am returning **Senate Committee Substitute for House Committee Substitute for House Bill No. 1903** without my approval.

Respectfully submitted,

/s/ Jeremiah W. (Jay) Nixon
Governor

June 17, 2010

TO THE SECRETARY OF STATE OF THE STATE OF MISSOURI

Herewith I return to you **Conference Committee Substitute for Senate Committee Substitute for House Committee Substitute for House Bill No. 2007** entitled:

"AN ACT"

To appropriate money for the expenses, grants, refunds, and distributions of the Department of Economic Development, Department of Insurance, Financial Institutions and Professional Registration, Department of Labor and Industrial Relations, and the several divisions and programs thereof to be expended only as provided in Article IV, Section 28 of the Constitution of Missouri, and to transfer money among certain funds for the period beginning July 1, 2010 and ending June 30, 2011.

Section 7.840

I hereby veto \$295,287 Workers' Compensation Fund for three administrative law judges. The Division of Workers' Compensation is statutorily authorized a maximum of forty administrative law judges. Pursuant to Section 287.610.1, RSMo, the actual number of administrative law judges is determined through the appropriations process and "shall be based upon necessity..." Between 2005 and 2009, the division realized a 25% reduction in first reports of injury and a 28% decrease in the number of claims filed. As a result, the fiscal year 2010 budget eliminated five administrative law judge positions. My budget recommendations for fiscal year 2011 did not add any administrative law judge positions and, given the reduction in claims, a veto will not impact the department's ability to adjudicate workers' compensation cases.

Personal Services and/or Expense and Equipment by \$295,287 from \$9,321,650 to \$9,026,363 Workers' Compensation Fund.

From \$9,371,650 to \$9,076,363 Workers' Compensation Fund.

From \$9,376,650 to \$9,081,363 in total for the section.

On June 17, 2010 I approved said **Conference Committee Substitute for Senate Committee Substitute for House Committee Substitute for House Bill No. 2007** except for those items specifically vetoed and not approved.

Respectfully submitted,

/s/ Jeremiah W. (Jay) Nixon
Governor

July 14, 2010

TO THE SECRETARY OF STATE OF THE STATE OF MISSOURI

Herewith I return to you **Senate Substitute for Senate Committee Substitute for House Bill No. 2317** entitled:

"AN ACT"

To amend chapter 8, RSMo, by adding thereto twelve new sections relating to state properties and the conveyance thereof.

I disapprove **Senate Substitute for Senate Committee Substitute for House Bill No. 2317**. My reasons for disapproval are as follows:

Senate Substitute for Senate Committee Substitute for House Bill No. 2317 authorizes several land conveyances. In addition, it requires the Commissioner of the Office of Administration provide each member of the General Assembly

with a key to the dome area of the state capitol. The well-founded concerns held by the Office of Administration, Missouri Department of Public Safety and Capitol Police over this provision have been repeated for years by multiple administrations. They range from inaccessibility to the dome area in the event of a medical emergency to the potential for security threats.

The land conveyances authorized in **Senate Substitute for Senate Committee Substitute for House Bill No. 2317** are also contained in Senate Committee Substitute for House Bill No. 2285. Both bills also include provisions relating to access to the dome area of the state capitol. However, only Senate Committee Substitute for House Bill No. 2285 includes a requirement for training on issues pertaining to secured areas of the capitol building. Broad access to the dome area is profoundly concerning and such access absent training and other safeguards is unacceptable on public safety grounds.

I disapprove **Senate Substitute for Senate Committee Substitute for House Bill No. 2317** with the knowledge that the land conveyances in that legislation were authorized on July 9, 2010, with my approval of Senate Committee Substitute for House Bill No. 2285.

In accordance with the above stated reasons for disapproval, I am returning **Senate Substitute for Senate Committee Substitute for House Bill No. 2317** without my approval.

Respectfully submitted,

/s/ Jeremiah W. (Jay) Nixon
Governor
